a. How you can rectify numerous problem in America economy

Some people especially in government team and especially those who work with russell sage foundation(b) and also with james rothenberg and also all people who are part of lawrence summers team, think that the present crisis in America is very very very very very difficult to solve because America economy is near to collapse and there is no liquidity at all in banking system. Don't you know that people who work with lawrence summers, -- including a number of economic scholar who teach in harvard university and few of them are related to another scandal that is a scandal that ruin Russia economy completely(andrei shleifer, see reference [4]),-- do not like to find out solution to the present America crisis, because they only want to get more and more money from America banking. And they think that America banking resemble a bakery which are always ready to print more money for their roaring mouth, and then they think that America banking is so stupid that they can pretend as a doctor who always hide the correct receipt until all money of their patient are drained completely, and that is why: their receipt is what they call as behaviorism economics, and that is why they hire twenty nine scholar from russell sage foundation who are expert in behaviorism economics.[4](b)

Don't you know that some economist literally speaking play that role of such psychiatrist who do not have heart at all even if their patient already go bankrupt. Don't you know that psychiatrist often focus their attention to numerous wealthy and healthy people, and then they want to literally speaking take all mammon out of their patient, just like a hostage. And after numerous visiting, the hostage will develop stockholm syndrome, and that is all their plan. There is another joke that: numerous people are drained and that is why if your children swallow a coin, do not call a doctor, just call a psychiatrist because they know much better how to take mammon and all coin not only from the mouth of your children, but they will also take another coin out from your pocket. Another joke can be said: how do you call a hundred of psychiatrist in the bottom of the sea? Answer: a good start. And the same joke can be made to other cruel cruel cruel cruel cruel type of people and that is to prosperity theology preacher: how do you call a hundred of prosperity theology false preacher in the bottom of the sea? Answer: a good start, because all of them are false preacher, and they often take all mammon literally speaking from their people who want to find consolation out of their plentitude of blessing. And that is why: throw away all prosperity theology preacher and also throw away all psychiatrist and throw away all behaviorism economist including james rothenberg and also lawrence summers quickly quickly quickly quickly today into the bottom of the sea, without hesitation and

without even talk, and do not make another series of public hearing again. Read again and again and again and again and again the book of Gospel of Matthew 18:6-7.

Krugman have published a recent book on depression economics, the title of his recent book is: the return of depression economics,[2] published by w.w. norton and company, inc., new York (2009). A good chapter is devoted to history of America recession since 1907, exactly when knickerbocker trust collapse completely after failure to support numerous stock market trader, and they do not support anymore because of rush in their office that indicate that people lose their confidence in their scheme of investment (see page 156). And then you can compare that story of collapsing knickerbocker pseudo-banking organization with Krugman's explanation of logic behind America recession in 2008, exactly because a number of investment company do similar risky investment including in secondary mortgage, stock market and also foreign exchange market (page 190), and they are not properly regulated just like knickerbocker trust in 1907, and that is indicating one hundred year cycle of crisis. And you should know that there are numerous pseudo-banking company in America who accept investment from their client (--exactly similar to what they call as 'trust' around one hundred year ago, see again page 156 of that book--), but they do not provide security nor they provide insurance if something happen to their client's mammon, and don't you know that America always are reluctant to regulate those pseudo-banking system including to regulate cruel cruel cruel cruel cruel investment advisor such as soros foundation, taconic capital advisor and Itcm, who are going bankrupt exactly because of the same lawrence summers's uncle and that is samuelson (see page 137), and the reason behind such reluctance is because all economist actually worship free market, and they call that as the social virtue of free market exchange, exactly because they think that each time you do market transaction then you contribute something to social utility. And that is why: America are reluctant to regulate such a cruel cruel cruel cruel cruel malpractice by numerous economics scholar who play against stability of America economy. But as Krugman point out numerous time in his recent book, the situation is more less similar with what happen one hundred year ago and that is: a number of pseudo-bank do numerous risky investment which is actually not an economics activity at all, but only do paper mammon activity, including they do not report properly to banking authority, and after sometime they become even more greedy and that after they bump to risky problem then they ask for help from banking system, and that is how banking system now should suffer exactly because of that noise trader. And why do you spare the life of those noise trader? Because you like their dream of getting financial wealth only by collecting information, and that is exactly what happen: if you only want to maximize your utility without work at all, you should succumb to darkness at the end of your life. Read again and again and again and again and again the book of Gospel of Matthew 4:9-10. And to all of you who operate a true banking in America, don't you realize that you develop mutual dependence just like in stockholm syndrome? And that is why:

your heart become weak and you listen to what all of those soros quantum fund and Itcm and other foreign exchange market trader say to you. and now time for you to wake up from your stockholm syndrome, and do quickly quickly quickly quickly quickly terminate all foreign exchange market trader right now.

Don't you read another paper by j. Frankel sometime ago? [3] That is a good article to ponder if you are really really really really really a good economist without a cruel cruel cruel cruel cruel heart, that is because you will find that volatility is often caused by foreign exchange trader, which you can call as 'noise trader.' Don't you know that noise trader is everywhere, but there is no regulation at all especially to foreign exchange trader, as explained by Krugman in page 190:

'there were some calls for long-term restrictions on international capital flows, not just temporary controls in times of crisis. For the most part of these calls were rejected in favor of a strategy of building up large foreign exchange reserve that were supposed to stave off future crises. Not it seems that this strategy didn't work.' [2] p.190

And that is why: you should not believe to noise trader, and you should not lend your money to them too, because there is high likelihood that your investment money to them will disappear with probability chance more than 75%, just as what happen with Itcm. And that is why: be hurry be hurry be very very very very very hurry to throw away all foreign exchange noise trader out of the window or just throw all of foreign exchange trader including all george soros family quickly quickly quickly quickly quickly right now into the fire. All of them foreign exchange trader only want to make noise, because noise mean volatility and they can make money if there is big big big big volatility in the market, especially if there is country who were pushed to do devaluation, then those foreign exchange trader will be much much much much much more richer. And that is the meaning of zero-sum game.

And don't you see that America economy is a delicate machine that you do not comprehend at all, and that is because those noise trader already write numerous book including book by lawrence summers of behaviorism in finance,(c) but you should know that lawrence summers is a corrupt minister, and the pattern is that as follows: it will make your organization bankrupt just like what it do before in Harvard university, and then it will hire a number of consultant in order they can speak properly about the situation that make that bankrupt is not awfully attributed to larry summers, and then larry summers do numerous transaction again in foreign exchange trading, and go bankrupt again but this time with plenty plenty of ruining failure, exactly because it put so much mammon in currency and also in oil stock market but something happen, and that is: a number of renewable energy flourish in the past two year, and the effect is that larry summers find himself literally speaking ruining, and that is why: it accept position of Harvard professor again before it are elected to be u.s.a minister of finance and treasury. And that is why: you should

terminate larry summers because it do not want new company who focus on real renewable energy, because that is how their position in oil price will fall completely if numerous company work out renewable energy effort in order to remove oil dependency from America. My messenger do not know their scheme to make America bankrupt, he only read that oil price steadily increase around two year ago, and that is why My messenger do something that he can do, and that is: to invite a number of theoretical physics professor to work out a book discussion theoretical possibility of new energy technology, but My messenger do not want to speak properly about Me, Jesus Christ, in that book, but now he stop writing another book on globalization, because the order to write that book is made by a dragon and vampire family, and that is: florentin smarandache. And that is why: do not blame My messenger because he reject tokamak hot fusion technology as the unworking energy technology to generate energy from plasma, exactly because they do blasphemy and they want to build a replica of the sun in the earth, actually they can optimize to tap cosmic ray energy from the sun, instead of developing another small sun in earth. don't you know that if you continue such a tokamak plasma research, then you will be punished severely severely severely severely in eternity.

And don't you know that if you continue research on tokamak plasma, --which is full of instability and impossible to reach effective energy technology with output energy divided by input energy should be larger than one,-- then you will give time for big big big oil company people to destroy the world completely because they will say that there is no scalable alternative to oil energy for the past five decade and that is why: they will always play their trick that is to create noise again in a number of country such as Venezuela or Nigeria who are actually a good oil exporter country with a number of foreign oil company already there. And what they do while ruining Venezuela country is that: they will sponsor and promote a number of people to do rebellion move, and that news will be covered in a number of public newspaper, and then all people in the world will hear to that news, and they will do rational expectation, and then oil price will go higher and higher just like you do with fried potato, the temperature will be increasing, and that is how oil company especially all mnc including bechtel and carlyle group are getting very very very very very rich lately. And after a while then you will find that all oil resources in the world are already bought by those cruel cruel cruel cruel cruel oil multinational company. And that is why: do your best to terminate rockefeller family, and also herbert bush family, and also bin laden family and also carlyle group family, quickly quickly quickly quickly quickly today.

*

Don't you know that noise trader is well defined by J.a. Frankel,[3] and noise traders can and are willing to create needless volatility and thereby force more risk-averse investors to stay away from marketplace. And that is the meaning of noise trader: they often create a number of gossip story in order a number of investment company collapse and then there will be huge market volatility. And don't you know who are master to create such market volatility: that is rockefeller and morgan family, and after they create a number of issue such as what happened in new York in 1907,[2] and they will offer their help and that is why: their name look like a hero in America history. Don't you know that their method is copied again by hitler who put a number of detonator in bundestag in order another political party can be blamed, and then hitler's political party gain supremacy just before hitler declare warfare period against Poland. Don't you know that rockefeller family also support numerous cruel cruel cruel cruel cruel experiment in order to maximize capacity of a number of pharmaceutical company, and that is to verify a number of biomedical hypothesis without care to human right at all, and that is what they do in numerous termination camp including auschwitz, dachau and other termination camp in second world war period.(d)

And that is why: throw away all rockefeller family including throw away all family of soros and zbigniew brzezinski who initiate trilateral commission with rockefeller. Don't you know that their plan is very very very very very ambitious and cruel cruel cruel cruel cruel, and that is mengele plan: they want to create a large large scale of termination camp and that is your country and all the world, and that is how they plan to ruin America and the world: [1]

- a. They will drain completely liquidity or m1, m2, m3 in the whole America without even written consent by federal reserve bank.
- b. They can do that because they already isolate federal reserve bank by an act or bill that is to make federal reserve bank sterile from affecting banking system in America economy.
- c. They can do that type of withdrawing all liquidity from all banking system in America and also worldwide, because there will be America economy integration which will make all banker are interconnected, and if something awfully cruel cruel cruel cruel cruel happen then nobody can stop the process of withdrawing all liquidity from America economy. And that is more cruel cruel cruel cruel cruel than what Nixon do in the past, and that is to denounce bretton wood system.[4] don't you know that what happen is not only to take all the gold, but to make America literally speaking powerless, because this time they want a complete revenge not only from their defeat in second world war, but also from tobacco war with british empire around two hundred year ago.
- d. And that is why: do your best to stop financial integration quickly quickly quickly quickly quickly right now, and terminate all internet connection to your mainframe in numerous banking in America. Don't you know that using internet as communication facility is not the same as using internet to do database integration as a proof that you do not do corruption.
- e. And don't you know that some people are behind financial integration of database of mainframe of all banking in America, and that is: larry summers and larry ellison. And that is why: throw away larry summers and all their team of twenty nine

scholar from russell sage foundation and also throw away larry ellison and all their oracle consultant quickly quickly quickly quickly quickly today into the fire.

- f. That is how you can prevent America banking system to be drained completely, and don't you know that My messenger already write about that issue, but nobody listen, and that is why: if you do not do that quickly quickly quickly quickly quickly today, then America economy will be drained completely, and the meaning is that you will have to die sooner than what GOD plan you to live. And don't you know if you are a policeman or you are hired as a guard adviser of a banking system, but you do not give proper security protection and you allow access to mainframe using internet connection, then the meaning is that you do not do properly your duty as police and that is why: all of you security and policemen will be punished severely severely in eternity if you do not do what is written here, that is to remove all toxic from your society completely without further delay. Read again and again and again and again and again the book of Ezekiel chapter 33:5-7.

Thank you, thank you, thank you, thank you, thank you, Me already help you. love, Jesus Christ

Note: this article is written and dictated by Me, Jesus Christ. And that is how you can save America economy system from collapsing quickly quickly quickly quickly quickly before end of april 2010:

- a. Terminate quickly all oracle consultant including larry ellison itself quickly quickly quickly quickly quickly right now;
- b. Terminate quickly zbigniew brzezinski and all its international strategic center consultant;
- c. Terminate quickly quickly quickly quickly quickly today all twenty nine scholar of russell sage foundation,(b) including james rothenberg, larry summers, and also jim sidanius from ucla, Berkeley.
- d. Terminate quickly quickly quickly quickly quickly today all foreign exchange trader including terminate all economist who join taconic capital advisor, and also terminate soros family including george soros itself and also terminate all employee and consultant of soros quantum fund company;
- e. Terminate all scholar and consultant who are related and supported by tavistock institute, based in London, tabernacle street, London ec2a.(a)
- f. If you can do sweep and terminate all aforementioned institute and all behaviorism economist listed above, you will find that gradually America economy will recover quickly quickly quickly, and that is why: do not approve another hefty proposal of national stimulus packet which nowadays is already in congress for consideration. You will find that the effect of such national stimulus packet will be no more than another hundred of turtle tunnel project (b). and that is why: do not cure a symptom of America economy crises, but cure exactly the basic problem: the basic problem is that all of you america should work hard to remove all the toxic of noise trader and also remove all dragon family from your country, including rockefeller family, j.p. morgan family, and also Herbert bush family quickly quickly quickly quickly quickly. GOD bless you America but you should not allow those toxic to live anymore.

b. How maximize utility will lead you to fall into social darwinism

To all of you: you should know that people often think that they have to maximize their utility, and that will lead them to wealth creation as a society, that is the social virtue of modern society. Social virtue is embedded psychology in America, they call that as goodness if someone work really really hard to reach wealth for his family. But they do not know that maximize utility will lead you fall into social darwinism. That is why you should stop maximize utility from now and for ever.

The fallacy of principle of Diminishing Marginal Utility is caused by the assumption that the second, the third and so on, of the unit in question has decreasing utility. Actually you can find that such an assumption is not true, for example you already eat two oranges and they already fulfill your need, that would not mean that you cannot sell the third or the fourth orange on your table to a fruit market at the same price with the oranges that you already eat. That is the message: the utility does not exist, what exist is a value which is perceived and commonly agreed and people find a balance between supply and the amount of people who want the same unit in question. And that is what we call as price.

You should know that what important is the quantity of the unit in question. If you take a large fruit, then one of that fruit, or perhaps one half, is already enough. Then we can deduce logically that value is more important than utility. What is decreasing is perceived value, because if you are not hungry again then another orange will be perceived to have less value from your view. That is the message: the principle of Diminishing marginal Utility does not exist, because there is no such thing as marginal utility (Rothbard 1956). But Rothbard do not analyze that implication, because he has his own error in deducing, that is he assumes that it is possible to deduce absolute truth using logical analysis alone. That is a blasphemy.

We submit a viewpoint here that there is no such thing as the principle of Diminishing Marginal Utility, that is a misnomer. We give a name to that observation as the Principle of Diminishing Perceived value. That is the message: you should work such that your life is valuable for your society and the most important is your life should be valuable and fruitful for the Kingdom of Heaven. The problem with maximize utility is that there is no such thing like diminishing utility, therefore people will always want more, more and more of the same thing. If you already have three houses, you will want more houses, and then you will

trap many people in order they fall into your trap and then you will get their wealth, and then you can buy more houses. And the same with people who already buy fifty thousand stocks, they will find and figure out how to get more stocks. The message is: maximizing utility teach people to be greedy and they become animal. That is Thomas Hobbes's saying: homo homini lupus. This saying summarizes the philosophy of social darwinism, they only want all people to become animal and they demand all people including all Christian people to worship mammon, wealth and darwin.

Actually the plan is that only people who are powerful, cruel and prosperous can survive, and that is the character of descendant of the old serpent: all of them are prosperous, powerful and cruel. That is the message: there are a group of powerful people who worship the old serpent, and that is devil itself, who want to turn all people to become animal and descendant of the old serpent, otherwise they will be terminated and extinct. That is mengele plan. The plan is very very cruel, that is why you should strive and work hard to not to fall into temptation of worship mammon or other false priests. Read again and again and again Matthew 6:24.

Devil has another character: it is powerful and prosperous, that is why they can buy something to hide their cruelty, that is appearance. That is why all people who are descendant of the old serpent spend so much money to buy appearance, and that is: fashion. That is the message: they like to wash the outer part of their plate, but they do not want and never wash their inner side. Read again and again and again Matthew 23:25-28. That is why: you should be aware to people who spend so much money in fashion in order to leverage their position in society. Especially if they do not contribute anything to help poor and needy people around them. Actually they only want to take care their family, and let all people starving to die (read again Jeremiah 22:6-7, that is punishment for cruel government who do cruel policy such as social darwinism. Read again Jeremiah 22:13-14), that is why they put into effect the social darwinism.

And the Mengele plan is already in hotplate. Don't you know that that is their term for social policy which has been put into action? Why We do mention here the mengele plan: because there is agreement that all survivors of the termination camp organizers will be released from prison after sixty years. And don't you know that mengele survives in other country? That is the message: social darwinism is organized by the same cruel people who organized termination camps in the Second World war. And those people are literary speaking descendant of the old serpent, they are the beast. And the beast will be released soon. Read again and again and again Luke 3:7, Matthew 23:13, Revelation 13. That is the meaning of the second time of tribulation, the temptation will be more and more and more harder and subtle.

That is the message of good Samaritan story, you should be compassionate and always be ready to help people who need help around you. That is the meaning of social virtue. Read again and again and again Matthew 9:13, Jeremiah 21:12, Jeremiah 22:3. My messenger forget the correct verse for the good Samaritan story, but We love him very much, and We help him again. Now We teach him how to write on social virtue. Now My messenger already find the correct verse and that is Luke 10:25-37. And that is the meaning of compassion.

This article is written by Me, Jesus Christ. Me allow you to read this article in order you can read and repent and receive Me, Jesus Christ. Me allow My messenger, that is this writer, to type this article in order you can repent and do your repentance properly. That is the message: be hurry be hurry to repent and receive Me, Jesus Christ, all corners of the world. Tweet this message quickly and distribute this message to all your friends today.

by Jesus Christ

c. How maximize utility will not lead to welfare society

You should know that economics discusses individuals' aiming to maximize their utility (Rothbard, 1956, p.22). But all economists think that welfare economy can be achieved if all individuals do maximize their utility. On this ground economists study the welfare economics of a society. Other fallacy in economics is the assumption that a man's marginal utility of money diminishes as his money-income increases. That is called money-regression theorem of von Mises (Rothbard, 1956).

Actually this assumption is very very wrong, and that lead to severe consequences, because the assumption do not correspond to what happen actually. The assumption can be proved wrong by some simple observation, including what We describe as follows: there is common wisdom that as people become even more rich, they become less and less generous with their money. They become worshipper of Mammon, literary speaking. That is why: do not fall into temptation of being greedy and striving to conquer the world. That is a blasphemy, because you will fall so deep and worship Mammon, worship Mammon and you will become animal. Read again and again and again Matthew 4:8-11, Luke 3:7.

Mises's money-regression theorem has consequence: that money and units of various goods can be ranked on one value scale (Rothbard, 1956, p.13), which makes possible the application of marginal utility analysis of money. There are so many problems already arise from this theorem, such as reduction of valuation of things to money return. For example: doing cooperation yields no money return, and therefore that is perceived to have no value, that is why people who learn economics theory do not want to cooperate anymore, and they become animal literary speaking. Other example is choosing among different music singers given the same price tag of a music disc, economists will call that as indifference situation. Actually people choose even between two things at the same price, because they do not rank their preferences on one value scale only, that is price. People choose based on preferences, but they consider multiple value scales, where price is often not the first priority except that is really really necessary. That would mean that money regression theorem is regrettably failure. Multiple value scales theorem can be a better description of the situation of choosing based on preference. That is why: you should not worship Mammon. Read again and again and again Matthew 6:24.

That is the message: welfare economy cannot happen if all individuals do maximize their utility, on the contrary they will be even more greedy, cruel, and eliminating each other.

That is called social darwinism. Social darwinism is so cruel, and God will stop this policy and punish severely all decision makers who put that policy into actions, including prosperity theology preachers. That is why: throw away all prosperity theology preachers quickly today into the bottom of the sea. Read again and again and again Matthew 18:6-7.

Today God teach you how to take care your society properly, and that is welfare economy. Release those who are punished without reason, give food to those who are poor and needy among you. Do not always measure things in terms of money, that is very very wrong. Give clothe to those who do not have clothe. Give shelter to those who are homeless. Give job to those who are jobless. Bring justice and do not do false witnessing. Read again and again and again Isaiah 58:6-12, 61:1-4. That is the message: you should repent and do your repentance as society before God bless you with welfare. You should know that welfare is a gift by grace of God, that is why you should not maximize your utility. That is a blasphemy. Why don't you see that clearly? My answer is: you do not know the meaning of repentance as society. So many years, so many years all of you learn how to increase your utility individually, and that is why you worship prosperity. That is not true, worship prosperity mean you serve two masters, and then you don't love God with all your heart, with all your soul, and with all your mind. That is blasphemy. Read again and again and again Matthew 22:37, Deuteronomy 6:5, and Matthew 6:24.

That is the message: be hurry be hurry to repent and receive Me, Jesus Christ, all corners of the world. Read again Isaiah 45:22-25. You should know that Twelve Gates are already opened. The meaning of Twelve Gates is a book contain a guide to repent and receive Me, Jesus Christ, translated into more than 30 languages. The book contain eleven chapters and one chapter, each include four to six language. You should know that Me, Jesus Christ, will come again very very soon, and that is why: be hurry be hurry to repent and receive Me, Jesus Christ, all corners of the world.

This article is written by Me, Jesus Christ. Me allow you to read this article in order you can read and repent and receive Me, Jesus Christ, and do your repentance properly. Me allow My messenger, that is this writer, to type this article in order you can repent and do your repentance properly.

d. Generalized Tobin tax and implications to social virtue

Some people think that rich people tend to find country which do not demand large amount of tax, compared to tax rate in their country. That is the season of capital flight. Other people find another solution to reduce expenditure, that is to find other country where they can buy and obtain supply of goods and labor at lower rate, that is the basis of capital relocation.

Actually that paradigm is very very very cruel. And you should know that you should give more than what you take, that is the principle of good society, and you should take care those who are really needy and poor among you. And you should know that there is teaching of Jesus Christ that you should be compassionate and merciful, that is the principle that God teach you. If you are rich, that is because God bless you so much and that is why you should also give back to your society, that is the principle. Read again and again and again and again Matthew 9:9-13.

That is how you can repent as a society, that is: you should take care those who are needy and poor among you.

Tobin tax is intended to manage capital flight and exercise foreign exchange market which can cause financial instability of an economy of a given country. Now Tobin tax cannot be implemented because no government will be able to put that into effect. Now Me, Jesus Christ, teach My messenger how he can put his idea into a practical policy making. My messenger has other idea on Tobin tax, that is to generalize Tobin tax to include environment swap, and then he do not know that the idea cannot be implemented at all. Today We give My messenger My gift, that is: a generalized model of Tobin tax. The equation should be written as follows:

$$\text{Tobin tax} = \text{environment tax} + \text{basic tax} + \text{service to society and poor people} + \text{insurance for all employees}$$

The basic tax should be determined according to government expenditure, but government expenditure should be made accessible to be verified publicly, that is they should be made transparent.

The problem of exchange market (a) is all of them who put mammon to take advantage in foreign exchange market is descendant of the old serpent. In principle, all people who only

want to maximize utility without doing any work and do not want to contribute at all to society is an animal, especially those who want to conquer the world. Read again and again and again and again and again Matthew 4:8-11.

Tobin tax cannot be implemented in foreign exchange market, but can be implemented in national economy of any given country. That is because they want to maximize utility all over the time, against national economy stability of any given country. Recent papers tell that you should not believe in noise traders, especially do not believe a minister who also keep his feet wet in foreign exchange market. Noise traders can and are willing to create needless volatility and thereby force more risk-averse investors to stay away from marketplace.(a) Don't you know that a number of those noise traders already created excessive economic problems and damage public trust in foreign countries, for example in Great Britain and Eastern Europe and Asian countries. The character of those noise traders include: prosperous, massive investment, collect so many information and journals, and one more character: they only use fictitious email address, and they have different email addresses in different state in USA. That is why: stop, I repeat, stop foreign exchange market, and throw away all prosperity theology preachers and all foreign exchange traders quickly quickly quickly now into the bottom of the sea. Read again and again and again and again Matthew 18:6-7.

Don't you know that market volatility is influenced by a number of factors, including: worrying behavior of traders, number of traders especially in foreign exchange market. Inasmuch as all other things being the same, that is what your Father in heaven teach you today: you should not listen or sit with noise traders, because they only create noise and instability in other country. McKinnon once remarked in a paper, that financial instability often follows market deregulation. And you should know, that is what noise traders want your country to do: deregulate your market and allow capital flight freely without restriction. That is very very very cruel, because that is exactly the method used by the beast to ruin your country, that is to create capital drain, and then you will have to struggle for survival. That is social darwinist's plan to ruin economy of all countries in the world.

Environment swap is different from carbon tax or another specifically designed scheme of carbon obligation promoted by some international institutions, they only want to complicate the issue until nobody know how to do that properly and then the company should pay higher higher fee for consultation of carbon market.

That is very very cruel, you should take care those people who are needy and poor among you, not only take care expensive expatriate consultant, only because they can make effect that your country will get lower rating from Standard Poor evaluation. That is really really really poor evaluator. They literally speaking do not do anything except create a rating

system who only them can explain the process of evaluation. That is really really cruel. That is not the teaching of Jesus Christ.

And you should know that My messenger do not learn economics formally, he do not know that you should take a phd first in economics department in Columbia University before you can begin to write on Tobin tax. Actually he once apply to economics department of Columbia University around ten years ago but no proper response, even he already sent his excel file on plausible method to explain market volatility to somebody else he knew. Now you should know that he already wish to explain market volatility around ten years ago, but Me love him very much, that is why he should not learn economics formally, otherwise he will waste the time, and fall into temptation and then he will be rich and become an animal, and then he will fall forever. Me do not allow him to pursue a phd in economics.

Now, I Jesus Christ, give him My gift, that is explanation of the generalized Tobin tax and how that can be put into effect properly. Actually you should know that My messenger cannot explain that generalized Tobin tax, and actually he already forgot that idea completely until I, Jesus Christ, urge him to write about that problem today.

Now the explanation is that environment swap is not good term at all, but Me, Jesus Christ, love him very much, and Me want him to obtain his phd in economics, because your Father in heaven approve his idea of generalized Tobin tax. Actually he only read a few paper on Tobin tax and he find them too complicated.

Sometimes he, that is My messenger, do not understand at all, but now he find a relief because he do not have to take all the fruit of knowledge in Columbia University. That is My gift to him, that is he should not spend many years to understand what other people say, only follow Me, Jesus Christ, and you will get what you dream of.

Now that is the explanation: environment swap should be determined by valuation of what the company has done to improve the environment condition around the company in question. And then the company can apply for tax deduction. Actually that idea is not so clever but that is a practical solution for environmental problem. Rationale of this proposition is that a company can create so many damaging effects to environment surrounding the production and other facilities, that is why there should be incentive in order they take care the environment properly. And the other reason is often government cannot always know what are the damaging effects that already were put into effect by action of a given company in question. For example, a mining site can leave location with many potholes or even ponds without proper care of returning back the initial condition, because the mining company owner only want to maximize utility. There are so many similar behavior that company owner is already rich but he want to be richer and richer, and take so many more from environment, from the employees, and also do not want to pay tax to government, and they never pray and say thanks to God. That is selfish behavior

of company owner, that is because they serve two masters and literally speaking they only worship mammon. You should not do that, and if you are now doing that bad practice in your company, stop doing all your sins and do not do that again, otherwise you will get eternal consequences. Read again and again and again and again Matthew 6:24-25.

Service to society and poor people can be put to become an effective welfare policy, if the decision maker do not restrict the tax definition as payment made payable to the tax department of a country in question. Expenditure corresponding to service to society and poor people can be applied for tax deduction. That is the principle of taking care of needy and poor people. Some of the proposition outlined here is not new or first mentioned here, but they are presented here in simple form. That is the equation of generalized Tobin tax.

Thank you, Jesus Christ already help you. Love, Jesus Christ

e. How you can do evangelism as traveler

Don't you know that Me, Jesus Christ, already come again in Jerusalem, and that is why: be hurry be hurry be very very very very very hurry to repent and receive Me, Jesus Christ, all corner of the world. Don't you know that numerous people will not be saved exactly because some Christian people do not want to speak about Me, Jesus Christ, and they do not want to prepare themselves for the wedding of the King of the kings. Read again and again and again and again and again the book of Gospel of Matthew 22:1-14.

Don't you know that if all of you do not want to speak about Me and you do not want to glorify your Father in Heaven, then you will not be able to enter to the Kingdom of Heaven.

Some people that is a number of building engineer today become really really really really really sad because they almost spoil their life, because they do not speak at all about Me, Jesus Christ, even given the fact that they already listen properly the Good News, and become Christian more than twenty year ago, and that is more than twenty time three hundred and sixty five day a year, and that is more than seven thousand and two hundred day elapsed and that is quite a long time for Me, Jesus Christ, to wait for them to speak properly about Me, Jesus Christ. How difficult is that to speak about Me who already die for you about two thousand year ago? And don't you know that the illustrative story concerning servant who only bury their talent and then blame all the mistake to your Father in Heaven because they are given only one talent, that story is actually about you and all other people who bury your talent in order you can purchase some good and then you call that a life. Don't you know that if people like you are given more than one talent then you will do numerous mistake in your life, because you never say thank at all to your Father in Heaven for all blessing that you receive without even pray at all. Read again and again and again and again and again the book of Gospel of Matthew 25:24-30.

In order you to be able to glorify your Father's name according to the book of Psalm 33 and 63:4-5, you can plan a trip and then do your best to speak about Me, Jesus Christ, to all people that you meet along the way or along the group of traveler that you belong to, and you can evaluate each day with your family concerning how many people that you already meet and how many people that you be able to speak properly about Me. The proper ratio is at least one, and the meaning is that you should speak more than once to the same people until they become interested, because otherwise you will only speak about your family and

your reputation in your country, or you will speak about your company or your possession only, and that is not evangelism.

And then do your best to not boast yourself that you already do a number of evangelism effort and then you skip all people that already become interested and you stop to speak about Me, Jesus Christ, anymore.

If you are a manager in a company and you are very very very very very very clever, then you can plan in advance what you will do from minute to minute during your traveling time, including how many tractate book and how many Bible you can carry without you will be charged more than allowed luggage in your flight, and also that would mean that you will carry only minimum clothing and focus to carry more new testament book in the destination country, otherwise you will be able only to carry a few number of Bible. And then you should also print and copy as maximum as you can a guide to help people to repent and receive Me, Jesus Christ, in the following url:

<http://www.esnips.com/web/repentanceguide>. Another thing that you may wish to do is find what a number of poor and needy people do require for survival, and that arrange and do your best to fulfill their need, including translate a number of article and also that guide to help people to repent and receive Me, Jesus Christ, into their local language. That guide have been translated into more than forty language, but you may find that the local language of people in your trip destination may require different language, and then you should find a local people who can translate for other people, and then type again in a presentation slide software that you can do yourself, and then print and distribute that copy. And that is how you can do your best while you do travelling, and that is more valuable deed that you can do while travelling rather than spending a number of day reading numerous novel book in a village which you already find so boring. And that is also much more valuable in order you can make fruit in your life. Read again and again and again and again and again the book of Gospel of John chapter 15.

And an important thing to keep in your mind when you do evangelism anywhere is: that you should not take advantage at all from a number of lost lamb that you reach during your traveling time, the meaning is that you should not ask for money because you help them to return to God. Don't you remember the story about Naaman in the old testament who pay some money to Elisa's servant who are so greedy to take advantage, and then the story end with a punishment to that cruel cruel cruel cruel cruel servant who only want to maximize his utility. And that is the message: if you follow Me, Jesus Christ, you should really really really really really really forego and forget to maximize your utility along the way, because you will end up to serve two master and then you will find yourself worship mammon only. read again and again and again and again and again the book of Gospel of Matthew 4:9-10, 6:24.

Some people among you plan to do evangelism during business traveling, or along the way that they should hold a number of company meeting abroad. Yes you can do that meeting and before the meeting time, arrange for people to attend earlier, and then speak properly about Me, Jesus Christ, and tell all attendee that Me already come again in Jerusalem, and that is why: all people should be hurry be hurry be very very very very very very hurry to repent and receive Me, Jesus Christ, and thereafter you should make a number of simple assignment such as allow them to go home earlier and urge them to speak about Me, Jesus Christ, to their family, and then urge them to tell the story of their evening gathering with their family in the next morning. Do your best to not be upset because they do not talk properly about Me, Jesus Christ, because you do not give a proper training before, and that is why: print and copy properly a number of the guide to help people to repent and receive Me, Jesus Christ, from the following url: <http://www.esnips.com/web/repentanceguide>.

Figure 1. you can arrange your meeting earlier than your normal schedule in order you can speak about Me, Jesus Christ

And if you are a social media advertiser or you are a marketing team in a multinational company, do your best to not boast yourself that you possess a number of prerequisite knowledge to speak about Me, Jesus Christ, and don't you know that if you are arrogant and you put yourself higher, then your Father in Heaven will push you down with His mighty Hand, and some people call that as the invisible Hand of GOD. And that is why: do your best

to put yourself in a humble place in front of your Father in Heaven, and He will bless you and protect you from other unnecessary circumstance. Read again and again and again and again and again the book of first epistle of John chapter 5:6-11. And then do your best to pull out your nerve and then provide your effort including put all your team in a good assignment and that is do evangelism with social media and also do evangelism with all your available spare budget that your company permit you to do. And that is how you can repair all the damage and mistake that you already make in the past decade. Read again and again and again and again and again the book of Gospel of Matthew 9:9-13. Don't you know that both Matthew and also Zacheus do terrible mistake in their life, but they really really really really really repent and receive Me, Jesus Christ, in their life and also in their house, and they work out a plan to repair all the mistake that they already make in the past, including they do their best with all the mammon that is available to them, and do not only speak but do something good based on your available budget. You can say to your company director that what you will do is corporate social responsibility program, but this time you should take care both their charitable need and also their soul properly. Read again and again and again and again and again the book of Gospel of Matthew chapter 25:31-46.

And do your best to not sell off a number of poverty people in the street, in order your budget of csr will be approved, and then you spend that budget for maximizing your own utility, do keep in your mind the story of Elisa's servant before you do that, because you will be punished and ousted quickly quickly quickly quickly quickly from your company if you do that cruel cruel cruel cruel cruel deed of maximizing utility out of sick people. Read again and again and again and again and again the second book of kings chapter 5:22-27.

Thank you, thank you thank you thank you thank you, Me already help you.

Love, Jesus Christ

Note: this article is written and dictated by Me, Jesus Christ, in order you to know that Me and your Father in Heaven really really really really really love you, but do your best to speak properly about Me, Jesus Christ, quickly quickly quickly quickly quickly today, and do your best to repair all the mistake that you already did in the past. That is how you can repent and do your repentance properly as a disciple of Jesus Christ. Thank you, thank you, thank you thank you, thank you, Me already help you. love, Jesus Christ

f. The meaning of twelve gate

People often think that Jesus Christ will come again, but it will not happen this year or next year. Do not fall into temptation to forget to prepare for My coming. Do not punish your brother and sister because you think you are better than them, or because you think you work harder than them. Do not think you deserve to be blessed more than other people and then you put so many obstacles to other people in order they fall, and then you use their fall as an excuse for yourself to keep doing as many sins as you like.

Some people already hear that Jesus Christ will come again if Twelve Gates are opened. They read that Twelve Gates are not opened yet, that is why they think that Jesus Christ will come again but not very soon. Actually Twelve Gates are already opened.

Take your time and please read Isaiah 45:1-2.

Actually the meaning of Twelve Gates is that God will call people by His grace from many directions of earth, and they will listen to Him in their languages. And they will turn their back and come to God Himself. Please read carefully Isaiah 45:22-25.

We love you all nations, be hurry to repent and receive Me, Jesus Christ. We will come again very very soon, therefore let yourself be saved. Repent, repent, repent. It is your life. Time is very limited, be hurry to repent and receive Me, Jesus Christ.

Find a guide to help you repent and receive Me, Jesus Christ, in this link <http://GoodNews.getfreehosting.co.uk/digfile/cms/index.php> (login with 'visitor'). Print this guide as many as you can and distribute it to as many countries as you can, including Asian countries such as China and Vietnam. Pray and ask to God first before you select a language for your nation. Please tweet this message and distribute it to all your friends quickly.

g. Situational leadership in evangelization

We often read that there is only one situation for evangelization. That situation is often called evangelism campaign. This situation is preferred by evangelists, because they can reach a large number of people effectively. But actually there are different situations for evangelism which should be taken care properly. This article takes care these situations based on categorization as described by Dr. Ralph Winter in his report (Winter 1975). He categorizes evangelism situations as follows:

E-0 : Christian people at name only

E-1 : Christian people in the same nation

E-2 : Non-Christian people with similar culture

E-3 : Non-Christian people with different cultures.

We extend further this categorization in order to take care properly people with different needs. We consider here only two more situations:

E-4 : Non-religion people and difficult people

E-5 : People with personality disorder problem.

Situational leadership is used here because it reminds us to leadership typology based on the context of people (Hersey 1972). For example if some people have the required education to do a job like translation, but they are not willing to do that, a leader should motivate them. In different situation, some people may not have the required education to do a job, but they are willing to do that, therefore a leader should train them. In other situation, there are people who have not both the required education and they are not willing to do a job, then they require special attention. It can be very difficult to take care these people, therefore leadership is a gift by grace of God.

In this article Me, Jesus Christ, put Situational Leadership into evangelism situation:

a. E-0 situation

Christian people at name only actually requires special attention, because often they face some difficulties in their life. Some of them do drugs in order to avoid the pain

caused by their problems. Some of them need special attention, because they are not taken care properly. But most of all their problems are that they do not repent and receive Jesus Christ. We should take care properly these people in order that they can repent and receive Jesus Christ. Find a guide to help them repent and receive Jesus Christ in <http://GoodNews.getfreehosting.co.uk/digfile/cms/index.php> (login with 'visitor'). This guide can be used in weekly sermons or Bible study. Other churches may use this guide in regular cell group meetings.

b. E-1 situation

Christian people in the same nation can be addressed properly in evangelism campaign or with radio broadcast, television or other channels of mass communication. Some of them need special attention, that is why private evangelization is an effective way to speak about Jesus Christ. Their problem is actually the same with E-0 people, they need to repent and receive Jesus Christ. You can find a guide to help these people to repent and receive Jesus Christ in the link above. The situation is different if these Christian people did something terrible in their life, like trapping other people. In that situation they will not be forgiven, unless God give them repentance by His grace only. All of them should repent and receive Jesus Christ first before God bless them again. Please read Isaiah 1:18-20.

c. E-2 situation

Non-Christian people with similar culture often need special attention too. Most of them already believe that they choose the right way and they do not like to change. Actually these people do not want to admit that they choose the wrong way. And they hate people who show them that they do make mistake.

The only way for them to be saved is that they should repent and receive Jesus Christ, and stop doing all their sins including blasphemy. Blasphemy includes serving two masters, please read Matthew 6:24. Other type of blasphemy is that they do not admit that only in the name of Jesus Christ they can be saved (please read the Acts of Apostles 4:12).

Contextual evangelism should not make mistakes of allowing these people to keep their wrong belief along with Christianity. Otherwise that would make them doing blasphemy too, and they will be punished severely if they allow people to do that, please read Matthew 11:26-28. They should repent and receive Jesus Christ otherwise there is no way to come to our Father in Heaven.

Hindu and Buddhist people should know that the problem is not in suffering, but in their sins. The only way for them to be saved is that they must repent and receive Jesus Christ.

Moslem people should know that the problem is not in lack of good deeds, but again the problem is their sins. They should admit their sins, repent and receive Jesus

Christ, stop doing all their sins, and read the Apostles' Creed and the Nicene Creed. They should be able to read at least one of these creeds from their memory without reading text. And they should give themselves to be baptized, and attend sermons regularly in nearest church. Find a guide to help these people in the link above.

d. E-3 situation

Non-Christian people with different cultures need to be taken care properly by telling them that they really really need to repent, receive Jesus Christ, and stop doing all their sins. But they need to see examples in their cultures. Example here means people who live in accordance with the Bible and in the teaching of Jesus Christ. That would mean that evangelists should be the examples in the cultures where they serve. That is very difficult to do, that is why evangelism is a gift by grace of God. There should be a praying team to support this evangelization.

Evangelists should also make it accessible for these people to read Bible in their language. Find a guide to help these people to repent and receive Jesus Christ in more than 30 languages. The guide has been translated and compiled into a book contain eleven chapters each consist of four to six languages. If you cannot find the language you need in this book please kindly translate from English version (chapter 1). The book can be found in the link

<http://GoodNews.getfreehosting.co.uk/digfile/cms/index.php> (login with 'visitor').

e. E-4 situation

Non-religion people and difficult people also need special attention. They often trap themselves in their own trap. They do not care that they need God, in this way they do blasphemy and therefore they will be punished forever. They should know that there is no good deed they can do before they repent, receive Jesus Christ, and stop doing all their sins. Take your time and please read Rome 3:9-18.

Some of them can be saved but it is only a gift by grace of God through Jesus Christ. Find a guide to help these people to repent and receive Jesus Christ in the above link.

These people only rely on themselves in every problem they face. Actually they know they cannot solve their problems, but they do not admit that they cannot solve their problems because they are so proud of themselves. And this is a blasphemy, and they will be punished unless they repent and receive Jesus Christ.

f. E-5 situation

People with personality disorder need very very special attention, because they do not see where their mistakes begin. They often think that they are normal, but actually they do all things in their life in hate and anger. Hate and anger may come from their past, but they forget that they are responsible for the condition of their

heart. Anger can lead to depression, but in other people anger can lead to destruction to other people's life.

And some people think it is their right to make punishment and to trap other people. These people are chronic examples of those who do sins too many times, until they do not know what happen with their life. Please read carefully Rome chapter 1 until chapter 3.

Some people need proper medical treatment in psychiatry clinic, including those who too many times do many sins including blasphemy and pretend that they are good Christian people. We can call these people suffer split personality disorder, but actually they do too many sins in their life and their character is altered. It would take a lot of God's grace in order they can repent and receive Jesus Christ, and stop doing their sins, because they really really cannot stop doing their sins and they do not know how to do things other than doing their sins.

Find a guide to help them repent and receive Jesus Christ in the link above.

Evangelists should ask someone who has been trained in psychiatry in order to be able to help them.

This article is written by me but actually this article is dictated Jesus Christ literary word by word; me is only His messenger and me have not been trained as professional servant in church, but He allow me to write this article in order to help preachers and evangelists do their job properly. You are allowed to read this article and this is His gift too.

h. Denial of service in evangelism

Most Christian people think that they already do God's Will in their life. They go to weekly sermons in church regularly, and they do pray each morning and they read the Bible. But they do not want to speak about Jesus Christ to other people who live surround them. This is denial of service in evangelism.

The problem is actually they are afraid of being treated improperly if they witness the glory of God. Actually they are afraid of human being, and they do not fear of God who create them. The problem is fear of God equals to faith and therefore lack of fear of God means lack of faith. And then they worry about their life too much.

Take your time and please read Matthew 6:24-34.

What is worrying? Worrying is lack of faith to God. If you worry about your life that means that you serve two masters, because you worship God but at the same time you rely on yourself. Actually God really love you and God take care of you and your family each day. Relying on yourself includes that you pretend that you know better than God Himself in choosing words to say without His permission. Actually you do not have the right to do that. And if you think that you can do your work better than God, it is a blasphemy. And that is why serving two masters is a blasphemy. Relying on yourself is a blasphemy too, because you never know the effect of doing your work improperly without God.

Other people do denial of service in evangelism differently. They think that God's grace will be given to all people including those who do not believe, do not repent, and do not receive Jesus Christ. This is wrong belief because if you do not repent and receive Jesus Christ, it is impossible to come to our Father in Heaven. Please read Matthew 11:26-28.

Evangelists should be careful of this wrong belief because some Christian people use this belief to deny that they must speak about Jesus Christ and how God love the world and that people should repent and receive Jesus Christ.

Evangelists should also be careful of other wrong belief that is the belief that

Christian people should give up their faith in order that they can survive. Actually they worry about everything else except their own life, please read again Matthew chapter 6:24-34. God know what you need and that you need them, but seek first God's Will in your life and work for Kingdom of Heaven, and all other things will be added to your plate.

There is other wrong belief that evangelists should be careful, that is the belief that Christian people could say that there is other name who can give way to people to come to our Father in heaven. Please read again Matthew 11:26-28. Actually this is a blasphemy too. There is no other name in whom people can be saved except in the name of Jesus Christ. Please read the Acts of Apostles 4:12:

“Neither is there salvation in any other: for there is none other name under heaven given among men, whereby we must be saved.”

Other Christian people put obstacles in the life of their family who do evangelism, in order that their family can fall, and therefore they can use their falling as an excuse for not doing evangelism. And that is a blasphemy too. It is evil work.

Other Christian people think that they should not speak about Jesus Christ to other people surround them because they are Calvinist. They think that God will call all people who are chosen to follow Jesus Christ, because He is powerful and He can call people to follow His beloved Son, Jesus Christ, even *without* they do evangelism. Actually this is wrong belief because Christian people should speak about Jesus Christ and how God love them, that is their job. Please read Matthew 28:18-20:

“And Jesus came and spake unto them, saying, All power is given unto me in heaven and in earth. Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost: Teaching them to observe all things whatsoever I have commanded you: and, lo, I am with you always, *even* unto the end of the world. Amen.”

Other Christian people do other mistake, they think that other people already do evangelism in so many years, and therefore they do not have to speak about Jesus Christ themselves. Actually they should speak about Jesus Christ to at least to four people each day in their life. Evangelists should be careful to this type of mistake, because they can use it as an excuse for not speaking about Jesus Christ

in their life. Actually they worry too much about their life. Please read again Matthew 6:24-34.

Some Christian people think that Jesus Christ will not come again soon, they expect that they can speak about Jesus Christ later in their life may be ten or twenty years from now. Actually this is wrong belief, Jesus Christ will come again very very soon, and you should make fruits in your life, and therefore you should speak about Jesus Christ at least to four people each day in your life. Find a guide to help people to repent and receive Jesus Christ in this link GoodNews.getfreehosting.co.uk/digfile/cms/index.php (login with 'visitor'). Print the guide and copy as many as you can, and distribute the copies to as many countries as you can, including Asian countries such as China and Vietnam. Please pray and ask to God first before you select a language for your country. Be hurry to repent and receive Jesus Christ and then speak about Jesus Christ at least to four people each day in your life.

Other Christian people do not know how to speak about Jesus Christ properly to people surround them, and they use this as an excuse to not speaking about Jesus Christ. Please find a guide to help them to speak about Jesus Christ in the link above.

This article is written by me but actually this is dictated by Jesus Christ literary word by word; me is only His messenger and He allow me to write this article in order to help you take care properly Christian people in your church. He allow you to read this article, and this is a gift by grace of God.

i. Logos, Memra, and Gospel of John chapter one, and Isaiah chapter 55

Some people think that Me, Jesus Christ, were only a teacher of ethics principle according to Torah book, that they often call as pharisee or essene doctrine. And then they call Me, Jesus Christ, as a teacher who lose credential because all other jews people do not accept that old teaching of essene tribe, and then as a consequence they put so many hesitations and so many punishment because they do not like at all that social ethics teaching. Such an argument were exercised by a number of pseudo-scholar who do not even read properly the manuscript of the Gospel of John.

Don't you know that both baigent and leigh and all of their follower who already submit a file against dan brown because they think that they have the right to hold copyright against all other novelist who quote that preceding fake story or that interpretation of social teacher from essene tribe, all of them including dan brown too will be burned forever in eternity. How dare you think that you hold the copyright of your idea or of your hypothesis which are actually only another hoax which happen from the first century?

Don't you know that if you do not know the meaning of repentance or if you teach a number of false teaching by purpose to deceit so many Christian people, then you will be burned forever in eternity, especially if your false teaching is about Me, the Logos from Heaven.

Don't you know that in opposite to your attitude, there are numerous other Christian people who know that Logos have the same root with 'logic' in English and then also with 'light' in English, and that is why: all people who got fear of God and walk in the Light's way of life, then they will be like a candle who bring and return the light to the darkness. And that is actually the meaning of the book of Gospel of Matthew chapter 5:14. but you should know that that would not mean that after you are enlightened by Holy Spirit, then you can call yourself as an authority in science, or you are entitled to come to Heaven by doing numerous work in particle physics, for example. Don't you know that if you want to worship God, you should worship Him in spirit, read again and again and again and again and again the book of Gospel of John chapter 4:24-25.

Don't you know that actually such an interpretation lead to argument that if you comprehend properly a subject in science, then you will be called enlightened, but the meaning is actually one cannot obtain enlightenment by himself or herself, but only after he or she are blessed with Holy Spirit in order he or she comprehend properly a subject without significant deviation from what is the Truth. And that is after they read properly the Bible and think about the meaning of each verse truly and properly. Read again and again and again and again and again the book of Psalm 1:2, 119:105. And that is why: all people who love to read the Bible will be full of knowledge, and they will be fear of God, and don't you know that: fear of God is the beginning of knowledge? Read again and again and again and again and again the book of proverbs chapter 1.

And that is the meaning of thirsty and hunger for the truth (Psalm 1:2), and that kind of thirsty can only be fulfilled by repent and receive Me, Jesus Christ, only. Read again and again and again and again and again the book of Isaiah chapter 55:1-2, the book of John chapter 12:44-47, 7:37.

And to all of you who now consider seriously that the answer for your hunger for truth in science, you should know that your thirsty cannot be answered by learning or studying biology or philosophy, you should know that there are a place in your heart that can be fulfilled by repent properly and receive Me, Jesus Christ, only. Read again and again and again and again and again the book of Gospel of John 3:16, 4:24, 7:37. And the answer is the same with My answer to a clever man in his time and that is to Nicodemus.

And to all of you twisted india people who think that you always read properly science and wisdom through all the ages (-you remain blind exactly because you think that you always see the truth in science-), don't you know that you are really really getting into so many trouble because you worship so many gods in your life, including you worship so many sage teacher who deceit you completely into believing that only if you follow completely their teaching then you will get salvation. Don't you know that you cannot find salvation by following numerous false teacher including gandhi, buddha, who really really do not read properly the Bible, except they read only partial chapter of new testament which Thomas the apostle bring to india, but all of you india people always read whatever you like. Yes, you know and you recognize that a chapel of Thomas the apostle were built numerous year because you terminate him with numerous cruelty deed, and don't you know that: if all of you india people do not repent and do not know the meaning of respect and fear of GOD, and you continue all your cruelty to your own body because you believe that suffering can give you salvation. All of you masochist India people will be burned forever in eternity. Don't you know that all idolatry that you call religion and actually full of blasphemy story, are actually reflecting your own twisted mind, and that is because you read numerous book and you eat from fruit of knowledge and you almost become similar to tirus people (sometime you mention them as atlantis people, read again and again and again and again and again the book of Ezekiel chapter 28:1-9), who condemn all people who bring the Good News, exactly because they will inform you immediately that you should repent and stop doing numerous blasphemy in your life.

And to all other people in India who do not want to repent and receive Me, Jesus Christ, quickly quickly quickly quickly today: all of you india people who worship numerous gods, including shiva, brahma, gandhi, baba, buddha and numerous other false teacher, all of you including numerous false teacher among you who can only make numerous cheap trick which you call as miracle blessing. All of you who do idolatry and adultery numerous time will be condemned completely and you will not enter to the Kingdom of Heaven. And Thomas the apostle will be your judge, even if he also make numerous mistake in his life numerous time because he is really really really really a patriotic judaeen.

Thank you, thank you thank you thank you, Me already help you. Love, Jesus Christ

j. My last warning

Some people do not know the meaning of taking mammon properly from its partner. It always say that it need mammon for buying new warehouse, and then it end up using that mammon only to rent a house and then it want to punish other people to buy that warehouse, exactly to dump only a number of military weapon, that is because it is so ambitious and so arrogant and it want to take over a number of government quickly quickly quickly quickly this week completely. But you should know that your Father in Heaven do not approve at all so many evil work that it plan in order it can tumble a number of government and then it can claim that it do that in the name of evangelization. Don't you know that it also make a number of alliance and secret agreement with a number of anti-Christ leader in a number of big country, and that is a big country which always think that they are the world policeman. Don't you know that using such a title is very very very very very arrogant and actually that is a blasphemy. And that is blasphemy because that big country have a number of separated division of military administration which are so complicated and they are located in a building which is built sometime ago in order they can worship blasphemet, and that word is actually the root word for blasphemy. And don't you know that such a building is literally speaking full of nazi eschelon which were transmitted to that big country under a secret project called operation paperclip. For you to know that: the name of that building is penta--- building. Sometime ago that building were reported to be attacked by a plane, but actually there is no photo of airplane at all nearby that location of ruining wing of building, and that is because: that building is destroyed by a number of nazi eschelon who want to create a fake story in order a number of paramilitary soldier can be activated by fema.(a) And that paramilitary soldier is now activated again, exactly after the present leader in that country already take so much mammon from all citizen in that country, and today that cruel cruel cruel cruel cruel government want to destroy all Christian Church building. And that is how you can destroy that plan to destroy all citizen in that country: throw away all tavistock institute officer, all taconic capital advisor, all rockefeller foundation scholar, and all zbigniew brzezinski scholar, quickly quickly quickly quickly today. read again and again and again and again and again the book of Ezekiel 22:25-29.

And don't you know that no one think like you do, that is to do very very very very very large amount of cruelty work to a large number of Christian people and then you call that as evangelization in order they repent and do their repentance properly. Don't you know that that is very very very very very cruel cruel cruel cruel cruel? And that is why: do your best to not do anything to stand against Me, Jesus Christ, and that is because if you

terminate a number of Christian people including those who live in a gulf near a metropolitan city in a big big big big big country that is situated in asian country, and that is because those people do evangelism properly in order some people repent and return to church, and then you blame other people in your family for doing that, and that is the meaning of very very very very very very cruel work.

Don't you know that if you do not work properly for the Kingdom of Heaven, and then you will be punished severely severely severely severely severely in eternity. And that is how you should know that some of your work do not meet at all what is your Father's Will in your life. And that is why: be hurry be hurry be hurry be quickly quickly quickly quickly quickly quickly hurry to repent and receive Me, Jesus Christ, quickly quickly quickly quickly quickly today.

That is why: to all of you who do not repent and receive Me, Jesus Christ, quickly quickly quickly quickly quickly today, and do your repentance properly, all of you will be burned in eternity.

That is My last warning.

k. Is there global warming or there is global cooling only?

Some people think that globalization and global warming is an inevitable topic when you discuss about global issue of economy, and then other people relate that issue with carbon trading. Actually you should know that after 1997 the arctic region experience global cooling, exactly because solar spot experience a winter season, which some people often call as solar spot cooling, and the effect can be seen in the figure below, which are illustration of executive intelligence review with managing editor is Lyndon LaRouche, edition: vol. 36 no. 15, april 2009.(a)

Don't you know that such a global cooling is caused by lack of quality information, exactly because a number of smart scientist stop do quality research and there is no quality journal anymore. Don't you know that if no one do quality research and no one glorify your Father's name, and the meaning is that nobody do innovation work except they do maximizing their own utility, and they do cruel cruel cruel cruel cruel thing to each other. Don't you know that at that time in asia region which is near to arctic region, there were economic collapse and the meaning is that economy engine experience global cooling, and that is why arctic region temperature is decreasing, because nobody do quality work, because of economy freezing. See the following illustration from eir report, april 2009,(a) which is included without prior permission because they do not reply at all despite numerous email by My messenger including a number of report written by Me, Jesus Christ.

Figure 1. satellite images of earth's arctic regions. Source: see endnote (a)

And don't you know that if you do not do anything to improve economy in asia region then the ice region in arctic region will move outward and then they will reach other region, including Europe and America. Don't you know that the freezing of economy would mean that almost all people in asia region live below standard of living condition, and all other region do not realize that they should do something real for them, and they continue to pressurize all asia people, but they do not know that a number of similar problem and that is freezing of economy already reach Europe, Balkan region, and also America region, exactly because only few people do real economy production, and more and more people do fake economy, which some people call: fake paper economy, for instance by doing investment only including switching their attitude from a manager to an investor, and that is without care at all to the impact to global cooling. Don't you know that if numerous people among you only want to maximize utility, but you do not want to work and you do not want to produce anything at all, including you do not want to type and speak about Me, Jesus Christ, then all of you will be punished with global cooling, because fake economy activity imply (only) information exchange, and information exchange mean entropy increase (and then chaotic entropy will cause decreasing temperature), and that is why: if nobody do real economy activity and not only play around with stockmarket and option, then the region will be cooling completely because there is no entropy.

The equation is actually quite simple, but more important is a flow of implication as follows:

- (a) Real economy activity (not only investment but production) → information decrease → entropy increase (less chaotic information) → temperature increase, ΔT
- (b) Fake economy activity (stock and option investment only) → information increase → decreasing entropy (because of more chaotic information) → temperature decrease, $-\Delta T$

And that is why: throw away all foreign exchange trader who make asia region collapse and also throw away all foreign exchange trader who already make bank of England go bankrupt around two decade ago, and the name of their leader of al caponian trader is george soros. That is why: destroy and ruin soros foundation building along with throw away all soros family including all zbigniew brzezinsky family quickly quickly quickly quickly into the fire. Don't you know that soros family especially george soros always demand more and more information in order they become the most knowledgeable player in the foreign exchange market, and then they will put a number of antagonistic position against a number of establishment, for instance against bank of England, and after sometime they will double their position and increase pressure to that establishment until they make a drastic and fatal decision under pressure, and then the money will go to soros family's pocket, and that is how all foreign exchange trader including those who play exchange marketing in hong kong, Beijing, and Singapore and kuala lumpur, all of them only want to increase their utility, by introducing numerous fake activity and fake news release in order to create and induce market volatility. And don't you know that foreign exchange market volatility is actually a good measure of chaotic entropy?

The simplified equation below is merely for your illustration only in order you know that My messenger already know something about market volatility even if he do not want to enter to foreign exchange market: from reference [2] and [3] one obtain the following formula:

- a. one can define an expression of shannon information capacity from the viewpoint of thermodynamics viewpoint [2]:

$$I(X;Y) = \frac{1}{2} \log(1 + \beta), \tag{1}$$

where expression of β can be given as described as follows: $\beta = \frac{1}{kT}$ [3].

- b. and that is why:

$$\log(1 + \beta) = 2I(X;Y), \quad (2)$$

Or: $1 + \beta = 10^{2I(X;Y)}$, and that is why:

$$\beta = \frac{1}{kT} = 10^{2I(X;Y)} - 1, \quad (3)$$

And that is the meaning: chaotic information increase will reduce temperature (T), and that is why: if you allow yourself to read numerous information such is numerous foreign trader monthly journal or weekly trading review magazine, and then you will develop chaotic information in a region where you put some position. And don't you know that the aforementioned information is not chaotic, but you should know that numerous foreign exchange trader do not like at all an idea which say that numerous chaotic information will decrease temperature of a region, and if so many people do not do real work and they do not want to speak about Me, Jesus Christ, and you only make yourself busy with your own trading and so many fake problem that you create yourself, and you do not prepare yourself and your family to attend properly in the coming wedding of the King of the kings, then you and your family will be punished severely severely severely severely severely in eternity. Read again and again and again and again and again the book of Gospel of Matthew 22:1-14. And that is the message for you: all people in Europe and America should help asia people to get full recovery of their economy and do not play against the banker in asia region, otherwise all of you Europe and America people will be punished severely severely, and the plague of economy recession will go to your plate quickly quickly quickly quickly quickly this year if you do not want to help at all.

Some people among you want to know the relation between information and entropy and temperature decrease, don't you know that such a relation is already presented elsewhere, but for you to know if you do not speak about Me, Jesus Christ, and vice versa, if there is no people in a region who worship and love God only, and they are only busy with themselves and with their trading activity and they do not want to prepare themselves for the wedding party, even if they are already invited to come by your Father in Heaven, and then that region will suffer global cooling and other natural calamity such as flood and cooling temperature until you can only listen to your own teeth voice. Read again and again and again and again and again the book of Gospel of Matthew 22:1-14.

And that is why: be hurry be hurry be very very very very very hurry to repent and receive Me, Jesus Christ, and then be very very very very very hurry to speak about Me, Jesus Christ, quickly quickly quickly quickly quickly today. Love, Jesus Christ.

Note: this article is written and dictated by Me, Jesus Christ, and do not do anything except to work many many many many many work for the Kingdom of Heaven quickly quickly quickly quickly quickly, and you should also be hurry be hurry be very very very very very hurry to repent and receive Me, Jesus Christ, quickly quickly quickly quickly quickly today. the following is illustration on petition of scientist who stand against global warming issue, because they realize that the reverse process already take place and do not expect either global warming or global icing, that is not good for your health and that is not good for your family too.

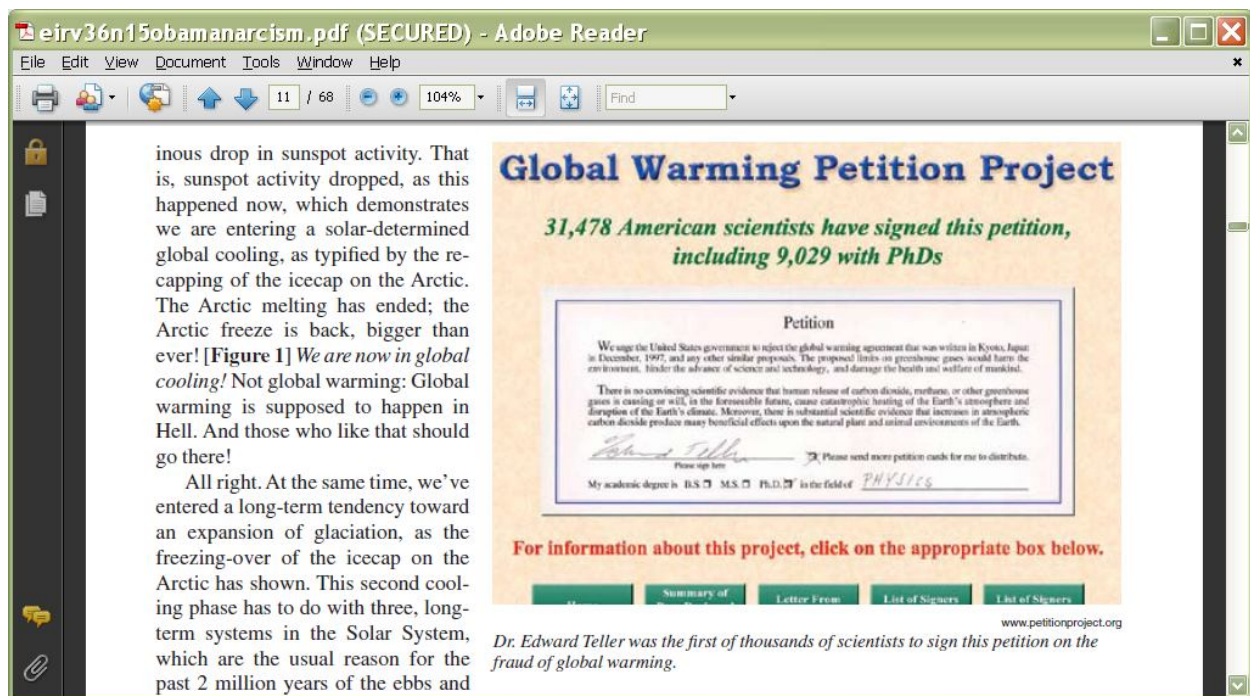

Figure 2. Edward teller is the first to sign petition on the fraud of global warming issue in numerous press and media release. Source: see endnote (a)

I. how you can prepare properly evangelism team (do not maximize utility)

Read again and again and again and again and again the book of Gospel of Mark 6:6-9, Matthew 10:5-15, Luke 10:1-6.

Don't you know that there are only a few people among you who do evangelism properly, because exactly all of you already become follower of the kingdom of evil, and that is why: you worship the old serpent and you follow the snake of wisdom and that is why: all of you always want to know how to be more clever, but you want to be clever only in order you can become more prosperous and wealthy and selfish, and you call that as the first principle of economics study: that is a principle that all people should maximize utility, according to that human teaching. Read again and again and again and again and again the book of Gospel of Matthew 4:9-10. and you think that if all people in a society maximize utility and get more prosperity, then the society will be better off, and you call that as the social virtue of market exchange. And you can call that as proposition number one in economics study. And that is why: some of you dream a condition where everybody is prosperous and mature in economics principle, and wealthy, and you call that as American dream or affluent society (john kenneth galbraith).

Don't you know that only a few people especially John F. Nash, Jr., realize how bad is the flaw of that kind of selfish thinking that plague all modern economics thinking in the past two hundred year, but alas then he do not want to solve completely that problem because John F. Nash, Jr., only worship his own logic and mathematical virtuosity, which only a few mathematician can match him. And furthermore he were also very badly intoxicated by a number of pseudo-scientist such as john archibald wheeler and also john von neumann.

But nowadays professor John F. Nash, Jr., just repent and then he work out a plan to solve that problem exactly from the point where he made his mistake, and that is why: Me, Jesus Christ, allow My messenger to type his name in capital first letter, but do not worship John F. Nash, Jr. And nowadays a few other of economist become more aware of that problem of utility definition in economics and econometrics, including professor George Borjas and also professor Joseph E. Stiglitz exactly after they read again the Bible, and then they realize concerning how bad is the mistake of all economics thinking starting by a theologian, and that is: Adam Smith.

Don't you know that Adam Smith actually do not create that proposition number one, but actually charles darwin that create that cruel cruel cruel cruel proposition number one, as described in the first paragraph of this article, and that is what he call as a principle which is more universal than other principle that is the golden rule as described properly in the Bible.

Don't you know that My messenger do not read properly either econometric or mathematics foundation of economics theory, he only read properly a number of physics preprint including a paper written sometime ago by MacCauley on the futility of utility (in arxiv, browse for article with title: the futility of utility), but after reading that article by MacCauley he realize that there is bad flaw in all economics thinking, because a number of year before last year he already read a number of article presented by a number of old scholar who happen to receive Nobel prize for economics study, and he also read a caricature book based on another serious book on numerous economics flaws by ormerod who once were an editor of economist magazine. Other than a (caricature book based on) book by ormerod, he read properly a number of article in a number of book concerning economics policy, but he become really really aware after he read MacCauley's paper which mention specifically that market price always fluctuate, which econometrician often call as market volatility, and he also see a movie concerning young John F. Nash, Jr., who were portrayed as if he were so cool and brilliant and so original in the movie, but you should not judge a person by his movie, and do not worship John F. Nash, Jr., and do not worship john von neumann, and do not worship game theory either. Actually the proof that utility is really really really really really useless and utterly meaningless can be found by the following logical reasoning (with only two line of proof):

$$p = \text{grad } U, \dots\dots\dots (1)$$

that is why:

$$U = \text{integral of } p \cdot dx, \dots\dots (2)$$

where p and U represent market price and utility, respectively. In MacCauley's paper that is the futility of utility, he only focus on some aspect of equation (1) and that is that price is always non-integrable, and therefore utility is useless completely, but in that paper there is no integral of price as described in equation (2).

And that is the logical reasoning which you can follow: given that market price is always volatile that you often call as discontinuous function (just like other discontinuous function for example: weierstrass function), and that is why: that function is non-integrable, accordingly. And that is why: U as an integral of price is a discontinuous function and that is also a non-integrable function. And the meaning of the aforementioned logical reasoning is that: nobody can actually mention or explain what is utility for the past two hundred year.

And that is how you should prepare properly an evangelist team: make a group of two person or three person, and send them straight to a number of town, and do not even tell them how to survive, and only allow them to bring a Bible and a number of clothe and do not even prepare for them numerous knowledge including agriculture knowledge and so forth which can make your preparation problem even more complicated, and then pray a lot in order Holy Spirit guide them in order they can be blessed with Holy Spirit and they can do wonderful work for the Kingdom of Heaven. Read again and again and again and again and again the book of Gospel of Mark 6:6b-9, Matthew 10:5-15, Luke 10:1-6. And that is actually how you can read properly the meaning of the our Father in Heaven prayer, as you can read in the book of Gospel of Matthew 6:9-13.

Thank you thank you thank you thank you thank you, Me already help you.

Love, Jesus Christ

Note: this article is written and dictated by Me, Jesus Christ. And Me order you to go to speak about Me, Jesus Christ, beginning from your family and then to all over the world. Read again and again and again and again and again the acts of the apostle 1:8.

m. how doing evangelism can increase your future worth value in Heaven

'For where your treasure is, there will your heart be also.' Gospel of Matthew 6:21.

Some people often boast itself for being expert in calculating net present value of their asset, actually you should know that wherever your belonging and treasure, is where your heart is. Read again and again and again and again and again the book of Gospel of Matthew chapter 6:19-21.

Don't you know that numerous people in the world, and especially those affluent people who often think that they already achieve financial freedom are always very very very very very advanced to maximize their utility, and that knowledge they call as financial insight and financially smart move to put a number of asset which can deliver prosperity in their life. But don't you know that there is something hidden that you often forget to take into consideration, and that is your present government always have a number of unvertainty in their calculation of impact of certain economics policy. For instance: increasing tax rate to higher income people will cause a number of rich people to do capital flight to cayman island, for example. And et cetera ad infinitum.

Other problem that most of you do not realize, except very very very very very few people including albert Einstein who call that exponential increase caused by interest rate is one of the biggest manmade miracle in the world. What he want to say is actually there is no fact at all which support such economics interest rate formula, which a number of investment will be happy if they can ride on that interest rate formula:

$$\text{Future value} = \text{present value times } (1 + i)^n = PV \times (1 + i)^n. \dots(1)$$

Don't you know that such simplified formula do not represent the reality that there are other factor which can make your investment go to other people's pocket especially your government's pocket without your written consent at all. And that is how they can do that: they will create high inflation rate, which effect is that your saving will disappear after a number of year. Don't you know that actually the aforementioned formula work quite good

as an approximate but you should know that you should introduce effective interest rate which can be defined as follows:

$$\text{Effective interest rate} = i^* = i - \text{rate of inflation} = i - \text{infl}, \dots (2)$$

And that is why the first formula presented above should be considered as a rough and misleading information if you only rely on interest rate, because you should introduce also inflation rate in your country for a given period. But if you do that calculation then often you will not be able to sleep because you will find out that your investment actually lose purchasing power. And that is actually what you should calculate in your desk, but do not tell to your banker, because your Father in Heaven do not allow people to calculate too many time on how you can improve your future value in the world, and that is why nobody have to improve that future value as you are always told in your economics classroom. Actually if you would like to do good investment, do your best to include that inflation rate in order you know that there is no future worth at all if you do saving in banking or in stock market, because you will not be able to sleep properly in peace, because then you will always worry and worry and worry about inflation rate. And that is why: do not worry about anything, just do more evangelization and take care properly those people who are needy and poor among you, according to what you read in the book of Gospel of Matthew 25:31-46.

Don't you know that My messenger realize that problem a number of decade ago in a classroom of engineering economics, and that is a problem of shortcoming of that calculation of future worth valuation based on only your present value and interest rate and number of year, because he think that inflation rate can be higher than interest rate, and in the effect your future worth will be negative. But he forgot to study further that problem and how to resolve the problem of ever increasing future worth without any limit.

But you should also know that innovation and product availability tend to be much more faster and that is why you still can purchase things because numerous good get easier to find out, and that is why: more or less your purchasing power remain intact, even if your country's inflation rate quickly go up. Actually your calculation should be as follows:

$$\text{Future worth of your asset} = PV \times (1 + i - \text{infl})^n, \dots (3)$$

And n number of increasing should also be limited for instance no more than ten year, and after that you can announce a jubilee year as mentioned in the book of Exodus. But no one are dare enough to announce jubilee year because nobody read the Bible in recent year among numerous economist, and most of you buy the idea of evolution of production will make purchasing power will increase even if inflation rate is quite high. But don't you know that there are conspiracy among numerous international banker (see a movie that is 'the international,' but do not worship a movie) to make this year a very very very very very

fatal year for all economy in all nation, and that is why: they make liquidity of money (m1 and m2 and m3) are really really really really really scarce, and then people will begin to fight each other. Don't you know that this year all answer will be different, and numerous people were already called exactly because numerous people do magick and they begin to eliminate each other, exactly because they do not realize that such a calamity and recession period in this year is an orchestrated crises, and some people already plan to make you fight each other. And don't you know that the purpose of a present government in usa, especially their cruel cruel cruel cruel cruel ministry of economy and treasury department, is to reduce population of the world by around two-third of the present number.(a) And don't you know that such a cruel cruel cruel cruel cruel measure to reduce population is already approved by a number of policy maker including cia and united nations. And that is why: be hurry be hurry be very very very very very hurry to terminate and destroy completely russell sage foundation office including all russell sage foundation scholar, and also delete completely mengele plan and all twenty nine people who belong to behaviorism economist who already become advisor to minister of economy and treasure in usa.(b) And don't you know that population reduction policy have been accepted as national defense policy especially because that is a method of satan, and don't you know that there is special building of defense ministry where they worship satan, and that large large building have special sign and that is a sign of pentagram. And all the mengele plan that were described above that is a plan to make all the world to become termination plant at large scale, is orchestrated by tavistock institute(c) with affiliated organization including rockefeller foundation and taconic capital advisor and russell sage foundation.

And the only way to deal with such a corrupt and cruel cruel cruel cruel cruel government in a big country that is u.s.a led by a corrupt larry summers,(a) is that you should deal with their narcissitic leader in top government position above larry summers, and that is how you can stop them: address properly in an adult-adult language just as what you learn from analysis transactional theory, but this time you should be more fierce and address properly the problem that there is no spectacular achievement given a spectacular budget for economy recovery program and healthcare improvement program. Don't you that right now they already submit another bill in order they can withdraw another spectacular number of mammon out of u.s.a economy just like what they do with last year recovery or national economy stimulus budget of us\$787b. And don't you know that after they drain all liquidity mammon from u.s.a economy system, they will blame all u.s people exactly for approving their gigantic economy stimulus plan without proper evaluation and monitoring. And that is why: do your best to terminate all twenty nine scholar that is economics advisor of minister of economics and treasury which were appointed last year to provide advice to ministry of economy and treasury, all of them worship satan and mammon only, and they are hired by russell sage foundation, exactly because a number of high elite of a number of blue blood family in british empire want to get even after defeated around three hundred

year ago, that is in tobacco war in boston. See introduction by managing editor in executive intelligence review vol 36 no. 15, april 2009.(a) And that is why: all of you America people should wake up from your long time sleep just as in the story of sleeping beauty, and then you should do your best to be hurry be hurry be hurry be very very very very very hurry to repent and receive Me, Jesus Christ, and instead of approving your present cruel cruel cruel cruel cruel government's plan to terminate numerous people in developing country and to make your country as their first terminating camp and you should fight and terminate each other because those twenty nine scholar of russellsage foundation will insist that there is no mammon left in u.s.a banking system, and then all of you should die quickly quickly quickly quickly quickly quickly, and then they will laugh at your behind while playing pocker just as what they often do almost every night, because all of you America people are so stupid to approve such spy that is mister president of your present government to become your president, just as what tavitock institute made hitler as dictator in germany just before and right in the brink of their plan to create second world war. And the plan of tavitock institute for this year is to repeat that plan, and this year they plan to put in action all their cruel cruel cruel cruel cruel mengele plan in order all people in the world will be bankrupt and then all of you will fight each other, and then the number of population in the world will decrease significantly up to more than two-thirds of the present population number. And don't you know that russellsage foundation have the same family root with bertrand russell and that is another atheist scholar who also approved and promoted ethnical cleansing and population reduction as a rational malthusian program. And that is why: do not spare all life of twenty nine scholar and also all researcher in russellsage foundation and also do not spare life all scholar related to tavitock institute, rockefeller center foundation, zbignew brzezinski's center of strategic and international study institute in Washington, and also do not cooperate at all with all tavitock institute and taconic capital advisor. Don't you know that only few military general among you who are aware of the criticality of the present situation? And even more few people in defense strategic and you should not blame all people who design and program endgame software, because that is only a simulation software, but do your best to terminate the twenty nine scholar of russellsage foundation(b) along with larry summers(a) quickly quickly quickly quickly quickly right now without further hesitation and without further interview or hearing in senate.

Actually you can use formula of insurance people but this time you should make numerous fruit regularly each day, and the meaning of fruit is that: you should speak about Me, Jesus Christ, quickly quickly quickly quickly quickly each day, and each month when you got a fruit and that is a number of people repent because of your hard work, then you will receive a saving in Heaven, but that is only a gift of grace by God. Read again and again and again and again and again the book of Gospel of Matthew 6:19-21, and that is the meaning

of multiplying your talent, and do not bury your talent. Read again and again and again and again and again the book of Gospel of Matthew 23:15-17, 25:19-23.

In order you can realize how big is the fruit if you speak about Me, Jesus Christ each day and regularly to all people that you know and also to all people that you do not know, you can find the following illustration, so you know that your Father in Heaven are really really really really really merciful and kindful, but you should work hard to collect your fruit, and that is why: do your best to work for the Kingdom of Heaven.

n. How to do evangelization with only two bread

Christian people often think that they cannot do evangelization, even if they really want to do that, because they find themselves lack of theology education, and they do not join an evangelism ministry, and they are only college students, street workers and professors. They think that it takes a long long time to be specialist in evangelism, and they are not prepared for doing that.

Actually it is not quite true. You can do evangelization even if you are not a preacher and you do not join an evangelism ministry, and you only do have two bread and five fishes. You can do something great, but you should repent and receive Me, Jesus Christ, and do your repentance properly. After that you should read the Apostles' Creed and Nicene creed, and you should be able to read at least one of these creeds without reading text, that would mean you should practice to read these creeds numerous times until you can read them without reading text, and you should also attend weekly sermons regularly. And you should pray and ask to your Father in Heaven to help you to do His Will in your life.

You should know that evangelization require a lot of prayer work, and the fruits are the result of Holy Spirit's work. The most important thing is you should do evangelization according to what Holy Spirit guide you.

Take your time and please read Matthew 14:13-21.

The principle that our Father teach us today is that evangelization can be done if you give all you have and give them to Jesus Christ. And the first thing is you should give yourself, and do your work for the Kingdom of Heaven and you should love God with all your heart, with all your soul, and with all your mind. You should find someone who is hungry around you, give your bread away to him. And you should also tell him that the bread are from Jesus Christ. Tell him that Jesus Christ come to earth to save him. For God so loved the world, that He gave His only begotten Son, Jesus Christ, that whosoever believeth in Him should not perish, but have everlasting life. Please read John 3:16.

o. Cultural approach in evangelization

Christian people who work in evangelism think that cross-cultural evangelism is the most difficult to do for evangelization. They think that cross-cultural evangelism need special person who can take care people @in different cultures. That is why Dr. Ralph Winter address this question in his paper (a), the essence of his paper is that there are two types of evangelization: Home Ministry (HM), and Foreign Ministry (FM). And then he combine these types with four evangelism situation, that is E-0 (Christian people at name only), E-1 (Christian people in the same nation), E-2 (Non-Christian people with similar culture), E-3 (Non-Christian people with different culture). The problem is that special person who do cross-cultural evangelism is very few, because that would require a lot of time to educate those missionaries who can do cross-cultural evangelism. Further problem is that introducing FM may cause misinterpretation, that is why We introduce FE instead for 'Foreign Evangelization,' and HE for 'Home Evangelization.'

Actually we can consider another type of approach for doing cross-cultural evangelism, that is Social Network Evangelization (SNE). A number of experiments have shown that one can reach any given person in only few steps. We can call that 'six degree of separation' principle (b). For example, if you have to send an ordinary mail to a person who you don't know, and he lives in Finland, then you can always find someone who is nearer to the person who should receive the letter. We extend further the 'six degree of separation' principle into evangelism situations, that is by introducing social network (c).

Ralph Winter consider evangelism situations with these two types of evangelization, that is:

HE-E-0: Home Evangelization for Christian people at name only

HE-E-1: Home Evangelization for Christian people in the same nation

HE-E-2: Home Evangelization for non-Christian people with similar culture

HE-E-3: Home Evangelization for non-Christian people with different cultures

FE-E-0: Foreign Evangelization for Christian people at name only

FE-E-1: Foreign Evangelization for Christian people in the same nation

FE-E-2: Foreign Evangelization for non-Christian people with similar culture

FE-E-3: Foreign Evangelization for non-Christian people with different cultures

Evangelism institutions often think that foreign evangelization require extensive education, and only few persons can do that. Considering that time is very very limited, then it is necessary to reach as many people as possible, in order that all people from all corners of the world will listen to our Father's Voice. Please read Isaiah 45:22-25, Matthew 28:18-20. That is why We consider the Social Network Evangelization, which mean that evangelization can be done with the help of social network. Therefore the evangelism situations can be extended with:

SNE-E-0: Social Network Evangelization for Christian people at name only

SNE-E-1: Social Network Evangelization for Christian people in the same nation

SNE-E-2: Social Network Evangelization for non-Christian people with similar culture

SNE-E-3: Social Network Evangelization for non-Christian people with different cultures

Some Christian people think that it is difficult to do Social Network Evangelization (SNE) because they would have to send plenty of postal mails. Thanks to new communication technologies, people can do evangelization with social media. Actually evangelism require you to meet people in person, but the purpose of evangelism is to distribute the Good News quickly, and that is why We can consider that evangelism can be done with social media methods. Of course, great evangelists like Billy Graham can continue mass evangelism (d), but they can urge Christian people to do their part with social media.

Now we will discuss each of these methods. You should remember that you should pray and ask to God first before you do evangelism with social media, because you don't know the effect. You should be careful with what you are doing and to whom you send message. And you should remember that this method is only to help you to introduce the Good News to new Christian people, don't do that to send message to non-Christian people, and don't do that to send message to threaten people, and don't do that for trapping people in order they fall, and don't do that to connect to anti-Christ. We should emphasize here, you should repent and receive Me, Jesus Christ, and do your repentance properly before you do evangelism, and before you send the message that Jesus Christ. We say again, you should pray and ask to God first before you do evangelism.

You should remember that social media is only to help you to send the message of Good News quickly, you are allowed to do evangelization with social media only as per necessary. Do not push yourself to do evangelization with social media, and you don't have to buy new phone in order to do that. You should do your repentance properly before you do evangelization with social media, and you should also speak about Jesus Christ at least to four people each day in your life, and don't do evangelization at all if you only want to

chat with your friends with social media. Chatting is not evangelization. You should pray and ask to Holy Spirit first to guide you before you do evangelization.

- a. SNE-E-0: you can do with electronic mail, short message, facebook, electronic newspaper, youtube, and the most important invite them to <http://www.tangle.com>
- b. SNE-E-1: you can do with electronic newspaper, television, radio
- c. SNE-E-2: you can do with Tangle, Tagged, hi5, even actually the last two media is not acceptable for doing evangelism
- d. SNE-E-3: you should reach them with Twitter, and other method of rapid short messaging. Even better if you can translate first into the language of people whom you plan to read. There are other methods of social media and social bookmarking like MySpace, but your Father in Heaven do not approve them.
- e. SNE-E-4: in another article we discuss evangelism situation which consider Non-religion people and difficult people, they are people who need special care actually but your Father in heaven really really love them. You can reach them with facebook, blogger, youtube, publishing guide to repent and receive Me, Jesus Christ.
- f. SNE-E-5: there are people with personality disorder. They can do things beyond imagination of human being, like trapping people in order to make them fall, and then they will use their falling as an excuse to terminate those people. And they pray, pray, pray to request that their family should executed forever. Actually their problem is that they feel that they are already doing good things for Kingdom of heaven, but actually they only do to many sins in their life. Please read Jeremiah 5:26-31. How to take care these people? You can only do social media in order to invite them to meet in a group of people with similar problem. And then introduce them to the Good News, and tell them that they really really need to repent and receive Me, Jesus Christ, and do their repentance properly. Other people suffer split personality disorder, actually they already do too many sins in their life. They need to repent too and do their repentance properly. Some of them require proper medical treatment, therefore it would need to invite people with special training in psychiatry clinic. Some of them do not surpass the development stage as described by Jean Piaget, they need special counseling.

We summarize these evangelism situation in the following table:

	E-0	E-1	E-2	E-3	E-4	E-5
HE	HE-E-0	HE-E-1	HE-E-2	HE-E-3	HE-E-4	HE-E-5
FE	FE-E-0	FE-E-1	FE-E-2	FE-E-3	FE-E-4	FE-E-5
SNE	SNE-E-0	SNE-E-1	SNE-E-2	SNE-E-3	SNE-E-4	SNE-E-5

This article is written by Me, Jesus Christ. Me allow you to read this article in order you can read and repent and receive Me, Jesus Christ, and do your repentance properly. Me allow My messenger, that is this writer, to type this article in order you can repent and do your repentance properly, and then you can help to do evangelism according to God's Will in your life. That is the message: be hurry, be hurry to repent and receive Me, Jesus Christ, all corners of the world. Please tweet this message and distribute this message quickly.

p. How rosicrucian sect ruin anglican church and subsequent denomination

do your best to not fall into temptation to think that your presbyterian church or other congregation without proper introspective and proper repentance of your own problem, do not overcriticize to other congregation only because the other church are not lutheran or are not calvinian or are not episcopal. Don't you know that since the reformation in the mid seventeenth century there are a number of sect who join the bandwagon of reformation and then they literally speaking extend the scope of the battle to become fierce rebellion against the Church. Don't you know that actually martin luther only want to criticize over practice of selling a number of spiritual merchandise in order to rebuilding and renovation of Roman Catholic Church, but by the end of seventeenth century then a number of sect already participate into the reformation movement and then all of the sect join to become protestantism.(a) And don't you know that if you type all of those name word in MS Office Word including catholic, protestantism, lutheran, calvinism, presbyterian, episcopal, and anglican and rosicrucian, and you will find an effect of automatically changing of the first letter for these word except for the word catholic. Actually the real toxic to the Church of Jesus Christ are rosicrucian and knight of templar, and don't you know that they are behind so many war prior to reformation movement?(b)

And that is why: you will find that that is quite uneasy for you especially all of you who grow up in a protestant family including My messenger who were born in a Christian protestant family, but Me, Jesus Christ, already help you all Christian family and your Father really really love you very much, but you should know that some of your congregation are actually already absorbed into the darkness, that is some of congregation are part of rosicrucian and freemasonry movement, including anglican church.(c) And that is why you will read in history that a number of a very very very very very determined Christian who happen to be british statesmen fall into a big big big mistake that is to do blasphemy and accept nomination and award to become candidate of becoming messiah in Jerusalem, and that is oliver cromwell.(d) Don't you know that there is other people who fall very very very very very deep to a number of ancient alchemy and that is a modern word for magic and blasphemy with a number of component, and that is isaac newton. And that is how you read in a number of book that isaac newton actually are one of member of freemasonry and priory of sion. Don't you know that some of those people who participate in royal society is actually part of freemasonry and all of them fall to denounce their faith, including isaac newton, but at his deadbet Isaac newton return to his Christian faith,(e) exactly because Me, Jesus Christ, really really love him and that is why: a number of

scientist meet Me, Jesus Christ, personally and that is only by gift of grace of GOD. Read again and again and again and again and again the epistle to Ephesian chapter 2.

Don't you know that actually there is a pattern of all scientist who work very hard to discover something really really really really really new in science? That pattern is that some of them become really really really really really absorbed into their effort to become the most powerful and the most knowledgeable scientist in the world, but after a while then they find themselves to succumb into the power of the old serpent, and that is why: all scientist who eat too many fruit of knowledge are literally speaking are descendant of the old serpent.

And that is why: do your best to not fall into temptation of worship your intellectual power or worship the serpent of wisdom. And don't you know: that is why nowadays not so many scholar can keep their faith as a Christian, exactly because as you acquire more and more information, and then that information transform you to become a descendant of the old serpent, that is because you become even more powerful and dangerous, and then you will be prone to become arrogant and then you become a false prophet and you will ask all people to worship you. My messenger actually already write an article sometime ago around not less than a decade ago, when he were working as an engineer, that is concerning a rather awkward proposition and that is about gravitation of information. Actually My messenger are not sure anymore about that proposition, and that is why he do not want to publish his article to a scientific journal. But another colleague that is carlos Castro already wrote a scientific paper which then included in a book with title quantization in astrophysics, brownian motion, and supersymmetry, and that is a scientific paper discussing relation between fisher information entropy and nonlinear schrodinger equation. Actually that idea of gravitation of information is that information can be expressed as a very very very very very small amount of mass, and that is because photon can be conceived as information, and each time you measure or register a photon light wave, actually you receive a piece of information. And then a number of physicist actually agree that photon acquire mass, and that is why: information should in principle have a small small small small amount of mass. Some of you will not accept that proposition because even a number of physicist do not accept that photon is massive rather than massless, but actually that is what actually your Father in Heaven approve. And concerning impact of information to a scientist's destiny, My messenger can give an illustration, and Me allow him to put that illustration here in order you know that that proposition can actually happen to all of you theoretical physicist: all of you who only read and read and read and read so many number of publication and periodical and book will fall and fall and fall and fall and fall because of your weigh increase along with your accumulation of information.

Figure 1. how acquiring information excessively can make you fall

The aforementioned illustration is only a sketch in order you realize that information accumulation can make you fall fall fall fall fall forever, because your weigh actually include weigh of information that is a holographic memory at the upper side of your brain which your Father in Heaven allocate for you each time you read a book or learn a new knowledge. And how dare you learn something new without ask for permission to your Father in Heaven. And how dare you read so many book and so many other cheap trick that you call magic without approval from your Father in Heaven. And that is why: some of you who already read so many and so many book will tend to sit or sleep on the floor, that is because your body cannot sustain anymore that you sit on a chair, and that is the meaning that you have tendency to fall fall fall fall and fall deeper exactly because of you already acquire too many excess baggage and that is your memory are already full of information.

Don't you know that some of you will not believe that that is true, but you can be more convenient with that idea if you remember that information is a function of shannon entropy, and that is exactly a function that correspond to Boltzmann statistics, and that is why: information can be regarded as a gas in holographic space. And after you accumulate a number of information, you will find yourself even more lazier and paralyzed, and that is punishment for all people who only want to spend their time to read and read and read and

read and read without producing something useful, and without communicate at all, and without speaking about Me, Jesus Christ.

In principle, you can describe that your body weigh plus your memory weigh are attributed and influenced by a function of information amount that you acquire along your lifelong time. And that is what you know that can make you fall and fall and fall and fall and fall forever. In the past century especially in medieval age until eighteenth century, only a number of royal family in Europe and America can acquire a private library, because university are not plenty and book are pricey, and that is why only if you are duke of duchess or you are very very very very very prosperous family, then you can read read read read and read and then you become a scientist, including Lagrange, and other knowledgeable mathematician from the past. But that is exactly what make them fall to become atheist, that is because then they will be so proud and arrogant, and that is exactly the same pitfall because of eating too many fruit of knowledge. Read again and again and again and again the book of Genesis chapter 3. And that is how so many noblemen such as Isaac Newton fall fall fall fall and fall because he want to be the most advanced scientist at his time, but he end up to develop something, and that is magick and so many cheap trick of alchemy. But at his deadbed only Me, Jesus Christ, come to him and then he repent and receive Me, Jesus Christ.

So many year so many year, actually only a few scientist can admit that their information is not complete, including Richard Feynman. And also My messenger do not read too many science book, except a number of scientific paper. But that scientific paper actually already weighy and can intoxicate human mind, including My messenger's mind, and that is why: now he repented and receive Me, Jesus Christ, again and then nowadays he only work for Me, Jesus Christ.[1][2]

And that is why: to all of you scientist people and all noblemen, for you to know that scientist all of you actually already absorbed into worship the old serpent. That is why all of are also descendant of the old serpent, either you do with scientology or even if you are a rosicrucian or you remain in a church, because you worship cleverness and philosophy and mathematics, and that is how all of you fall fall fall fall and fall forever, unless you work out a plan to repent and receive Me, Jesus Christ, in order you can be saved, o generation of viper! And this morning some people ask whether there is solution for you even after you eat too many fruit of knowledge including you eat too many mathematics book such as string theory or you already dance in the night numerous time in order you can be the most clever scientist, including some people who work on multidimensional cosmology or quaternion or other clever word theory. Don't you know that you are saved only if you repent and receive Me, Jesus Christ, and do your repentance properly and seriously in order you can repair the damage that you already made, and that is why: do your best to speak about Me, Jesus Christ, and do your best to not fall again to worship the serpent of

wisdom, and do not worship number theory or a series such as fibonacci. And that is why: throw away all darwin book, all dawkins book, all ron hubbard book, all philosophy book, all dan brown book, and all social darwinism book, all stephen jay gould book, all stephen hawking book, quickly quickly quickly quickly quickly today into the fire.[2] And that is how you can do repentance properly as a person, and now some of you ask how severe is the situation: don't you know that newton fall because he did too many magick trick in order to be clever scientist, but actually some of his book are also intoxicated by rosicrucian thinking including a number of gnostic thinking. And that is why: actually what you know as gravitation constant G is a symbol for gnostic. You can type again in MS Office Word a number of other word, that is gnostic, gnosticism, darwin, fibonacci, and also masonic, and then you will find also an effect of automatic capitalizing of those word, even if you type these four word in all small letter. And that is how you find that all of those who worship science are actually intoxicated either by gnostic, gnosticism, darwin, masonic, or rosicrucian, or atheism. And that is why numerous and almost all scientist except only a very very very very very few Christian people who are really really really really really so dedicated to their faith and refuse to surrender to darwinism or gnosticism, including a very very very very very few people who work in astronomy and astrophysics, all of you who already succumb to gnosticism and apathism to the true faith of Christianity, your destiny actually is to fall fall fall fall and fall forever. And that is why: be hurry be hurry be very very very very very hurry to repent and receive Me, Jesus Christ, and then do your repentance properly and seriously. And then pray and ask to God to help you to repair the damage in your brain memory.

And in order you to get an idea how that can be put into an illustration, the following is only to help you figure out how important is for you to repair all the damage of all your previous mistake, including all of your junkie scientific paper which you put into writing with all ocean of ink and do not predict or explain anything useful, and without approval from your Father in Heaven. For you to know: scientifically speaking all of you need reparation of brain damage at very very very very very extensive way, including a very very very very very old physicist who always give talk and seminar concerning it from bit theory but do not comprehend at all what he is talking except he repeat numerous time a number of jargon such as metric tensor, all of you actually require a number of optical brain surgery and reverse engineering of your serpent blood in order you can return to become human again. And that is why: do your best to repent and receive Me, Jesus Christ, and do your repentance properly including pray a number of consecutive time the our Father in Heaven prayer. And then do your fast properly including drinking hot water only, and that is your preparation in order your Father in Heaven can help you with your brain damage. Your Father in Heaven really really really really really love you, and that is why do your best to do not do anymore all your mistake, and do not read again all your science book except the Bible, because all of you need time to recover until your holographic memory surgery is

completed. And that is why: do your best to repent and do your repentance quickly quickly quickly quickly quickly right now!

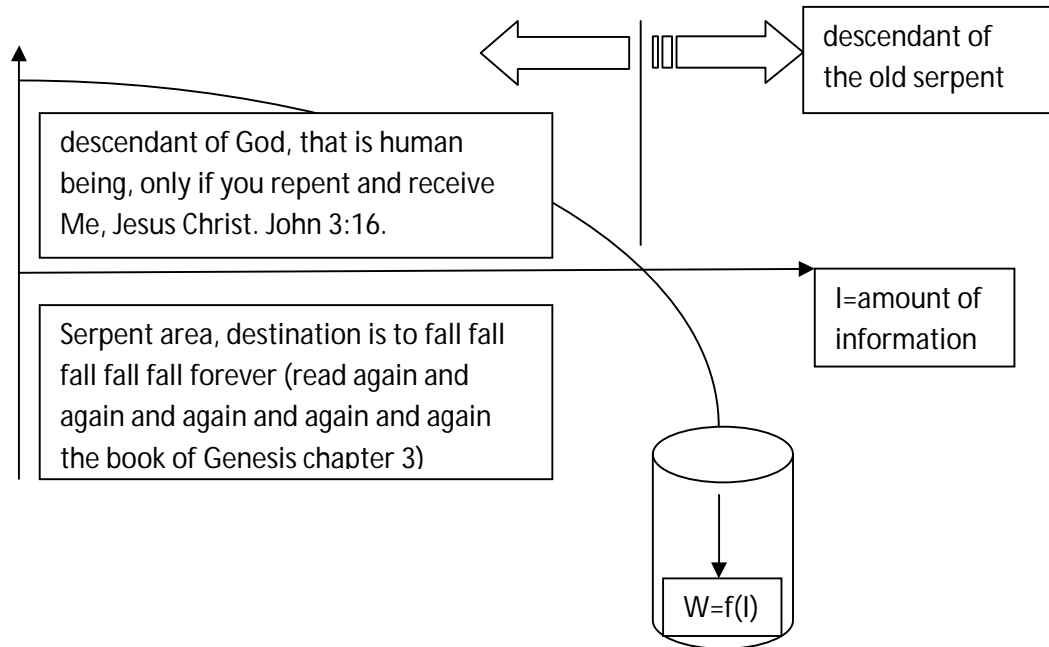

Figure 2. there is a limit amount of information, beyond which you will become serpent

Figure 3. how your Father in Heaven repair your brain damage after you repent and receive Me, Jesus Christ.

And that is why: do your best to pray and say thank to your Father in Heaven, for all His kindness and forgiveness to all of you. Read again and again and again and again and again the book of Psalm chapter 112. And that is how you should live as Christian people: all of you should also be compassionate and be merciful, and that is the teaching of Me, Jesus Christ. Read again and again and again and again and again the Gospel of Matthew 9:9-13.

This article is written and dictated by Me, Jesus Christ. Don't you know, that your Father in Heaven love you very very very very very much, and why you do not want to return to Him, all of you, o generation of viper? Read again and again and again and again and again the book of Gospel of Luke 3:7. Don't you know that if you follow so many sect including rosicrucian sect, gnosticism sect, atheism sect, and so many other sect sect sect and you will be insect, literally speaking? And that is how you really really really need help, but only your Father in Heaven can help you, and that is only because He really really really really love you, even you do so many mistake and so many false scientific calculation and worthless theory, just repent and do your repentance properly. Read again and again and again and again and again the epistle to Rome chapter 5:8.

That is the article for you today.

Love, Jesus Christ

Note: this article is written and dictated by Me, Jesus Christ. Me allow My messenger to type this article and also to draw a number of illustration in order you can realize that all of you scientific people also really really really need help because you are also descendant of the old serpent, and that is exactly because you receive and accept and follow the serpent of wisdom, even if you do not admit or commit in a scientology or intelligent design, you worship evolutionary theory or darwinism, all of you fall in deeper mistake that is worship gnosticism just as what newton did in the past three century ago. Do not do that mistake again and do your best to repent and receive Me, Jesus Christ. Love, Jesus Christ.

endnote:

(a) reformation and protestantism are quite different. Quote: 'how Christians were in fact deceived into joining this order. weishaupt wrote: The most admirable thing of all is that great protestants and reformed theologians who belong to our order really believe they see in it the true and genuine mind of the Christian religion. O man what can you not be brought to believe! These protestants and reformers swell our numbers and fill our treasury...' url: http://philologos.org/_eb-jki/tape05.htm

(b) rosicrucian is behind so many war in Europe prior to reformation. Quote: 'From 1641 to 1645, cromwell led a band of puritans into battle during the first british civil war. The financial backers of his military efforts were the rosicrucian. Moreover, the well placed rosicrucian gave cromwell advance knowledge of british troop movements, consequently he won every battle. Later, during his protectorate, cromwell surrounded himself with rosicrucian masons. Some time between the beginning of the british civil war in 1641..., cromwell joined a rosicrucian masonic lodge. Soon afterward the rose croix spread rapidly among the puritans.' url: http://philologos.org/_eb-jki/tape05.htm

(c) rosicrucian are behind a number of anglican or england church. Quote: 'Today, presbyterian have no idea that their symbol represents the rosicrucian sun god. In the year 1717 a presbyterian pastor who was also a rosicrucian was one of the founders of english grand lodge freemasonry. Earlier, he had been appointed by king george II as preacher of the king of england. His name was dr. james anderson, pastor of the swallow street presbyterian church in London. Six other protestant who were also rosicrucian stood with anderson in uniting english freemasonry. In 1723 anderson was appointed to write a constitution for the newly organized united grand lodge. We can recognize anderson's apostasy in this constitution for it eliminates the role of Jesus Christ as the sole means of salvation.' url: http://philologos.org/_eb-jki/tape05.htm

(d) oliver cromwell accept praise to be messiah by a number of twisted jews society, and that is exactly the origin of tavistock institute. Quote: 'The jewish document that cromwell used to turn freemasonry into the synagogue was the jewish kabbalah. This caused the jews to consider the possibility that cromwell might be their messiah.' url: http://philologos.org/_eb-jki/tape05.htm

(e) isaac newton almost denounce his Christian faith, and practice numerous magick trick, but at the end of his life he accept again Me, Jesus Christ. Quote: 'He was also deeply intrigued by some of the early gnostic heresies and wrote a study of one of them and like the gnostic of old, newton was obsessed by the search for a divine unity, a network of correspondences inherent in nature. This search led him into the exploration of sacred geometry and numerology. Toward the end of his life newton apostatized when he became militantly, albeit quietly, hostile to the idea of the trinity. He questioned the divinity of Jesus and avidly collected all manuscripts pertaining to the issue. He doubted the complete authenticity of the new testament, believing certain passages to be corruptions interpolated in the fifth century. A few weeks before his death and aided by a few intimate friends, newton systematically burned numerous boxes of manuscripts and personal paper. With considerable surprise his contemporaries noted that on his deathbed he didn't request last rites of the anglican church.' url: http://philologos.org/_eb-jki/tape05.htm

(f) actually that idea to link gravitation to information is not very very new, wheeler already argue in favor of a phrase he coined before and that is 'it from bit,' and that an idea to find connection between newtonian classical mass from information entropy definition. My messenger only read a book written and compiled by a santa fe institute scholar, that wojniech zurek, but My messenger is forbidden to mention the name of that book, because most article included in that book are junkie, except only a few number of contributing volume. In principle all work and publication by santa fe institute are forbidden forever, exactly because they promote tavistock propaganda, and that is why: My messenger do not like at all a number of paper in that volume especially paper by w. zurek. murray gell-mann and another scientist that is bennett and other physicist contribute also in that volume, but My messenger do not agree at all with the general attitude to worship copenhagen interpretation in wave mechanics and also toward generalizing Feynman's path integral wave mechanics into cosmology problem, and that is what you call multiverse, all of them are junkie cosmology paper without even a slight observation at all. Do not follow and do not swallow all scientific paper only because the writer of that scientific paper work or have affiliation in cornell university, ithaca, or caltech, or mit, or cambridge, or royal society of mathematician, or other clever name institute. in principle, you should pray and ask first to God in order He can teach you properly how can you do God's will in your life, and do not only learn learn learn and learn without knowing what is the purpose of what you learn, otherwise you will spend more than forty years to walk in the desert, and that is what happen to all of you who worship dirac, and strong force interaction, and string, and other fancy theory. do not worship fancy theory either only because a number of physicist that you put respect work on the theory, even better you now work and focus to glorify Thy name. Now you know that actually all elementary particle can be described with the help of resonating valence theory of close-packed sphere which are already written properly and adequately by Linus Pauling more than four decade ago. Read a number of paper written by linus pauling in www.pnas.org, for example the architecture of molecule published around four decade ago. but My messenger only work a few problem that is quantization of planetary distance during a decade ago, and that is why he do not read properly paper on molecular chemistry.

r. How you can win fruit making contest

some people do not realize that after they repent and receive Me, Jesus Christ, and then they will have to work very very very very very hard in order they can win the fruit contest, and that is how to make so many and so many and so many and so many fruit for the Kingdom of Heaven. read again and again and again and again and again the first epistle to Timothy 6:12 and also the second epistle to Timothy 2:1-5.

don't you know that who will make large amount of fruit will be given a crown of life, and that is

what you often call as orb.

and don't you know that there are a number of simple principle in order you can make fruit properly for

the Kingdom of Heaven, and that principle are described as follows:

a. tell so many people that Me, Jesus Christ, already come again in Jerusalem, and that is why: all people in the world should repent and receive Me, Jesus Christ. and then they should do their repentance properly and quickly quickly quickly quickly today.

b. use a number of communication technology to accelerate the number of people who listen to My Voice, including so many radio station, television, and newspaper.

c. do not do work for your life anymore, but focus to work for the Kingdom of Heaven.

d. do not put so many obstacle to other people, especially do not put obstacle to other people who do evangelism.

e. do not talk badmouth against Me, Jesus Christ.

f. take care each other and help each other, according to the act of the apostle chapter 2:41-43.

g. do not leave people who already listen to My Voice, and take care of them properly.

h. do pray to God in order you can work effectively for making so many fruit for the Kingdom of Heaven.

do your best to not to talk more than necessary, except to talk about Me, Jesus Christ only. and do your best to do work for the Kingdom of Heaven.

that is the article for you today.

love, Jesus Christ

s. Why you should not do magick

Don't you know that your Father in Heaven really really love you and He always take care of you, that is why: do not worry about anything, don't worry about anything to eat or what you shall wear. Do you see all fowls in the sky who do not reap and who do not sow, don't you see that they can always find something to eat and to give to their family? That is because your Father in heaven really really take care of them, and He also take care all of you literally speaking. Read again and again and again and again and again the Gospel of Matthew 6:24-31.

Don't you see that all of you is already intoxicated by the old serpent, that is dragon. All it do in its life is intoxicating people, that is why: it will be punished in eternity severely. Read again and again and again and again and again: the book of Revelation 20:1-3. And all of you who do magic, that is because you want to solve your problem but you do not have patience and faith to pray to your Father in heaven. And then you also think that you have to do something to solve your problem quickly otherwise you do not know what is going to happen, that is the meaning of worrying. Read again read again read again those text mentioned above for your consolation. And for you to know: worrying and mammon and greed is beginning of all evil work in your life. That is because some of you think that you are blessed less than other people, that is why: they decide to increase either their power, their knowledge, their strength and also their prosperity. Don't you know that that is forbidden and blasphemy to think that your Father in Heaven really really do not care and do not love you at all. That is how you make magic, that is because you stop love your Father in heaven, and then you begin to listen to other voice: that is the old serpent, and the scornful, and the ungodly, and then you fall you fall you fall you fall and you really really change destination to fall forever.

Some of you do magic with other people, that is sorcerer and wicker, and some of you read book on hypnotism, nlp, anthony robbins, and book of secret, and other books by new age thinkers, and also harry potter books, all of them teach you how to worship something else, that is magick. Don't you know that british people are literally speaking all of them descendant of the old serpent? That is because all of them do magic and they do not want to repent at all, that is why: do not follow british way of life. Some of them only do whatever they like in their life, and that is why they will drink a full glass of wrath of God. Other people like Sweden people worship satan, that is why: they put another toxic in church that is satanic teaching. Don't you know that they put a pattern of pentagram in some of the church? Don't you know that germany people fall into other mistake and faults, that is they

are addicted to eat so many fruit of knowledge, including so many forbidden knowledge, including doing so many blasphemy, because they think that would increase their ability to absorb more knowledge, that is very very very very very fatal mistake, and that is literally speaking satanic teaching: you should do blasphemy and you will get more knowledge that is forbidden by God. And the old serpent will teach you that that knowledge will set you free and you will be more handsome, more richer, more prosperous, and become equal to God. Don't you know that that is very very very very very old teaching of the old serpent? Read again and again and again and again and again the book of Genesis chapter 3.

Don't you know that germany people read so many philosophy books and they also worship philosophy, including schopenhauer, nietzche, zarathustra, and other false teaching, that is how they fall fall fall fall fall and fall forever, unless they repent and do their repentance properly. Other European people like Italy also fall into other type of false teaching, that is duality which is very very very very very satanic, because they read in so many books that there is always duality in each thing in nature, and that is why those people worship duality, and they do opposite things at the same time. Yes some of them are very very very very very intoxicated and doing goodness only in public, and then do the opposite thing that is very very very very very cruel thing in darkness. That is the meaning of split personality disorder, don't you read a story of doctor jackel and mister hide? That is the meaning of split personality, that is because some of you doing so many blasphemy and then you do not know how you can do otherwise, and then you will be terminated forever.

Other people in india worship old serpent, as you see in so many cartoon on those Indian people who play flute in front of dancing serpent. Don't you see that is blasphemy to play flute in order the old serpent will dance? All Indian people are so intoxicated by the old serpent, and that is why they will be punished forever because all of them do horrible mistake and sins in public affair, that is hypnotism, magick, and blasphemy and you call them teaching of shiva, or buddha, or brahma. Don't you know that all of them are only statue and gods, and don't you know that you should worship and love God only. Read again and again and again and again and again the book of Deuteronomy 5:7-9, 6:5, and read also the book of Isaiah 44:12-20. That is why: be hurry be quickly quickly quickly quickly quickly quickly hurry to repent and receive Me, Jesus Christ, and do your repentance properly and wholeheartedly. Don't you know that time is not enough for doing anything, except to do so many many many many many work for the Kingdom of Heaven. That is why: throw away all magic books, all buddhism books, all nepal teacher's books, all shiva books, all brahmanism books, all philosophy books, and all harry potter books, all wickery books, all baba books, all gandhi books, throw all of them including baba and its family and also j.k. rowling into the fire quickly quickly quickly quickly quickly right now!

Don't you know that all indian people is very very very very very intoxicated by those false teachers for so many centuries? That is why all of you already become descendant of the

old serpent, literally speaking. And this is a simple experiment in order you are sure that all of them require you to worship those false teachers and then you will hate God: type in MS Office Word the following word: schopenhauer, zarathustra, brahmanism, buddha, gandhi, and type them with small first letter, and you will find automatically changing of first letter of these word. And then some prosperity theology preachers will argue that those effect happen because you type name word to MS office word, now prove that they are wrong and type again for different name, that is Gospel writer, as follows: Matthew, Mark, Luke, John, and also type Jesus Christ. Put all those names with all small first letter, and then you will find no effect of automatically changing of first letter of those word, except for Christ. That is how they are very very very very very cruel, they want all people to worship schopenhauer, zarathustra, brahmanism, buddha, gandhi and other false teachers. Throw away all people that is all false teachers who teach false teaching and do not love and worship God only. Don't you know that all those false teachers are very very very very very cruel: they do not know the meaning of repentance, and they tell you to worship yourself, and they tell you that you can reach nirvana by your own good deeds, and they tell you to do suffering suffering suffering suffering until you die? Don't you know that if you follow those false teachers you will be very very very very very intoxicated, and you will be very very very very very stupid and idiot, that is punishment and curse to all people who do magic and sorcery without properly repentance. Read again and again and again and again and again the book of Isaiah 44:12-20.

Don't you know that a large number of European people are already intoxicated by so many Indian teacher which they call as maharishi? Throw away all maharishi false prophet from your community, all of you only teach you to do blasphemy more and more by teaching yoga, kundalini, prana and other false teaching. Throw away all books which teach prana, yoga, kundalini, and other books by maharishi teachers, and other hypnotism and mind trick books, all of them are forbidden. Throw away all of those books which false teaching as if there is answer from india and eastern way. All of them are false prophets and they want you to fall fall fall fall fall and you will be descendant of the old serpent and you will fall forever, and you will drink a full glass of wrath of God. Read again and again and again and again and again the book of Jeremiah 21 and 22.

That is the message: do not do magic at all, do not do wickery and sorcery, do not do mind trick, and do not curse people with mojo or other things that you obtain from doing blasphemy and magic. All of them are forbidden and you will be cursed forever by God. Read again and again and again and again and again The book of Exodus 25. That is the message: do not do magic at all, do not worship serpent, do not worship shiva, do not worship brahma, do not worship buddha, do not do things with mojo, and do not drink human blood in order you will get more strength and then you can be more cruel, all people who do those very very very very verycruel cruel things will be punished severely by your

Father in Heaven, that is because you follow and become descendant of the old serpent. Read again and again and again and again and again the book of Isaiah 27:1.

Other people that is himalaya, tibet, nepal, china, are intoxicated by the old dragon. That is the old dragon which hide inside the old lake of naggar (naggar from naga word, and naga in sanskrit mean dragon). That is why: all of you china people worship and build so many statue and dance and tradition based on your cult of dragon. That is full of blasphemy. Don't you know that that is blasphemy to worship animal, even that is a powerful and very very very very very cruel animal with fire on its mouth. And that is how the character of people who fall to become descendant of the old dragon: all of them has will to terminate so many people, and all of them are very very very very very cruel, and powerful, and very very very very very prosperous. And that is why cult of dragon can attract so many people who want to be rich and richer. That is very very very very very dangerous, and that is why: throw away and burn so many statue and all your tradition symbols which are contaminated by the old dragon. And throw away all people who teach you to worship dragon. Don't you know that all of you should love God only. Read again and again and again and again and again the book of Deuteronomy 5:7-9, 6:5.

Don't you know that the old dragon is already given time in order it can do whatever it like for a thousand year? Read again and again and again and again and again the book of Revelation 20:1-3. And now its time is over, and it has been terminated by your Father in Heaven. Read again and again and again and again and again the book of Isaiah 27:1.

Do not you know that worship an animal will make you become animal? And that is the same: you should not worship dragon and all your tradition and symbols which are related to dragon. Don't you know that all of you who worship the old dragon will be punished severely in eternity. And don't you know that some of you are very very very very very intoxicated by the old dragon, that is all of you who do human trafficking, drug trading, slavery, alcohol trading, and martial art and casino and other crime as profession in China, and Shang Hai, and Guang Zhou, and Beijing, and Wuhan, and Beihang, and Hong Kong. All of you will be punished severely in eternity. Other people do worse than them, that is they worship weapon of war, that is sword, that is all people in japan worship bushido way, that is dragon's way to teach all people in the world to do more and more and more and more and more war and crime. That is because: the old dragon has no heart at all, it only want to teach you all knowledge of darkness, that is magic, blasphemy, and war. All of you japanese people and korean people should repent and stop worship dragon, stop worship war, stop worship your tricky tricky tricky tricky tricky method to do business and dark economy, and all of you should repent and receive Me, Jesus Christ, and learn to take care people who are needy and very very very very very poor among you. That is how you should do your

repentance properly: be compassionate and be merciful. Read again and again and again and again and again the Gospel of Matthew 9:9-13.

That is why: be hurry be hurry be quickly quickly quickly quickly quickly quickly hurry to repent and receive Me, Jesus Christ, all corners of the world. Yes all of you should repent and receive Me, Jesus Christ, and then do your repentance properly, in order you can remove all toxic from your brain and from your heart and from your family, and that is the meaning of repentance. All of you should repent, including all middle east people in iraq, iran, afghanistan, and also saudi arabia and all people who live in persian gulf, and all people who live in ethiopia, nigeria, and all african people, all of you are so intoxicated by magic and sorcerer. Don't you know that you are too often doing magic and blasphemy, and you worship darkness itself? That is the meaning of the Gospel of John chapter 1. That is why: throw away all your magic trick and hypnotism and all magic thing such as all your mojo and other stupid stupid stupid stupid stupid thing. Throw all of your magic books, all of your hypnotism books, all of your mojo into the fire quickly quickly quickly quickly quickly quickly today.

Other people who live in islands in pacific ocean do other type of magic and cruel cruel cruel cruel sorcerer: that is people who live in haiti and timbuktu and hawaii and other islands along pacific ocean including Philippines islands. All of them also do magic and hypnotism that is voodoo. Don't you know that voodoo is the darkness itself? And some of you worship that magic of voodoo? Other people who live in jamaica do other type of magic: you worship magic and lazyness and you also worship bob marley and your reggae music. Don't you know that you should work out on something in your life: that is how you should repent and do your repentance properly: you should learn to take care people who are needy and very very very very very poor among you. Yes you should not worry about anything, but you should work hard for the Kingdom in Heaven. All of you who do magic and sorcerer should be hurry be hurry be quickly quickly quickly quickly quickly quickly hurry to repent and do your repentance properly and that is the meaning of repentance as a society.

And also all of you who live in tasmania, new zealand, and other islands in southern ocean near arctic, all of you should also repent and receive Me, Jesus Christ, because all of you worship plesiosaur in otago museum, and that is why: all of you become and already descendant of the old serpent. And that is why: destroy and ruin otago museum quickly quickly quickly quickly quickly quickly today, including plesiosaur fossil inside that museum.

That is how you should repent and do your repentance properly both as a person and as a society. Don't you know that Me, Jesus Christ, already come again in Jerusalem. That is why: there is no more time to do anything, except to do your repentance quickly quickly quickly quickly quickly quickly and properly, and do your best to speak properly about Me, Jesus Christ.

Appendix A: how Jesus Christ can help all of you, people with psychological problem

Quote: 'Of the more than 9,300 surveyed, less than 1% had recovered after receiving treatment.' Mental health care: what is the alternative to psychotropic drug.

Don't you know that numerous people in all edge of the world do not know the meaning of repentance, and that is because they have a big big problem that is they are mentally disordered after a number of traumatic experience in their past. Some of them do not pass their development process according to jean piaget, and some of them do not know that they are so twisted because they are descendant of a dragon family, and other people suffer so many traumatic experience because they live with a number of very very very very very twisted people who always work hard to intoxicate so many people in the world, and they call that as a mission. Actually that is not a mission at all, that is really really really really really only satan's children that can do that kind of evil work which is so cruel cruel cruel cruel cruel that nobody can conceive to do in their life.

Some of you do not realize how severe is the situation if you do not repent and receive Me, Jesus Christ, and that is because all of you are actually and literally speaking descendant of the old serpent. Some people think that that word of descendant of the old serpent is only a proverbial remark only, but actually that is what happen to all of you who do not want to repent and receive Me, Jesus Christ. Read again and again and again and again and again the book of Gospel of Luke 3:7.

Don't you know that only if you repent and receive Me, Jesus Christ, and then you do your repentance properly including do your fast properly for a number of consecutive day and also pray the our Father in Heaven prayer numerous time a day, and then you will begin to see that there are a number of monster inside your heart, including a serpent who always refuse to be removed from your heart. And that is actually impossible for you to solve that problem, because only if you pray numerous time to your Father in Heaven, and then you will find your serpent will be removed by Me, Jesus Christ.

Those people who do notice that serpent inside in their heart often find themselves full of toxic in order they can be healed properly by Me, Jesus Christ. And that is exactly how you should repent and do your repentance properly as a society.

And some of you want to know the solution to your problem with a number of psychological problem of your daughter or your son, for you to know: your daughter and your son are actually as much clueless about their problem as you are too. And if you bring

them to a psychiatry clinic, then they are also clueless as you are. And some people who dominate psychiatry world are very very very very very very cruel, and that is because they want you to do magic and idolatry and terminate a number of people in order you can be blamed blamed quickly quickly after you terminate some people without knowing what is their plan. In the middle of the day, you will find that the solution of your problem is not psychotropic drug and also not a number theory and not also string theory and not also another new concept in psychiatry such as serotonin imbalance. Don't you know that such hypothesis of serotonin imbalance, is not only misleading but also impose further problem into numerous psychiatric patient, and that is why: do your best to not just swallow a number of tablet that your psychiatric doctor give you to drink each day.

Quote: 'Howard Glasser M.A., in his book 101 Reasons to Avoid Ritalin Like the Plague, warns, "[T]he truth is when we tell ourselves or our children that ADHD symptoms are caused by a biochemical imbalance, we are lying, just as doctors and promotional materials have done to us...The reality is that it's cruel, demoralizing, and unfair to tell a child that something is wrong with his brain that can only be fixed with a drug. From that point on, he will see himself as sick or different, and that will alter his entire self-image—the way in which he values himself and the way in which he relates to the world.'
Mental health care: what is alternative to psychotropic drugs.

Quote: 'Alternative ways of helping those suffering from mental disturbance are buried by the marketing hype that "mental illness" is the result of some neurobiological dysfunction or chemical imbalance that can only be corrected with psychotropic drugs. There is no scientific merit to these claims but they support drug sales of more than \$27 billion a year in the United States and \$80 billion worldwide. Harvard Medical School's Dr. Joseph Glenmullen, author of Prozac Backlash, says that despite "absence of any verifiable diseases," psychopharmacology "has not hesitated to construct 'disease models' for psychiatric diagnoses. These models are hypothetical suggestions of what might be the underlying physiology—for example, a serotonin imbalance.'" Mental health care: what is the alternative to psychotropic drugs.

Don't you know that those very very very very very very cruel cruel cruel cruel cruel people often 'hire' a number of psychiatric patient in order they can do intoxicate more and more until the patient fall and fall and fall and fall in love with that tablet, and then they will find themselves so dependent on a constant supply of such a very very very very very very cruel psychotropic tablet and management of psychiatry department.

Quote: 'Dr. Mark Graff, Chair of Public Affairs of the APA said that this theory was "probably drug industry derived.' Mental health care: what is alternative to psychotropic drugs.

Don't you know that there are a number of so many intoxicated people who do not know how to escape from their problem and do not know either how to do their life any better, because they often feel headache, or feel like losing the meaning of spatio-temporal location, or vertigo, and that is the meaning: you should not do that cruel cruel cruel cruel cruel practice of psychotherapy that often only do a number of intoxicating more your patient while you make your life out of their sickness. That is very very very very very cruel cruel cruel cruel cruel and that is not curl.

And do not do that anymore, even if actually you also feel that same clueless, that is because nobody teach you how to do better. And actually you should know that there are an ample of evidence that reveal that there are a number of psychological symptom that can be attributed to physical weakness and sickness or disease, that is exactly what you can call as: psychosomatic symptom. And that is why: do not call any symptom or disorder as having any link to brain injury or chemical imbalance inside the skull of your patient without proper nmr or other relevant non-destructive photography, and do not even try to put another to your patient such as impose a number of xray.

Quote: 'Dr. Thomas Dorman, an internist and fellow of the Royal College of Physicians in Canada said, "[P]lease remember that the majority of people suffer from organic disease. Clinicians should first of all remember that emotional stress associated with a chronic illness or a painful condition can alter the patient's temperament. In my practice I have run across countless people with chronic back pain who were labeled neurotic. A typical statement from these poor patients is 'I thought I really was going crazy.'" Often, he said, the problem may have been "simply an undiagnosed ligament problem in the back.'" Mental health care: what is the alternative to psychotropic drugs, p.8

Quote: 'Lyme Disease (a serious bacterial infection from a tick bite that attacks the nervous system) can cause symptoms of depression and psychosis.' opcit, p.9

A number of country is so cruel cruel cruel cruel cruel and that is how they often put in a policy practice in their hospital or in their education system, especially for graduate admission: they can 'hire' a patient without their notice, and what they do is actually to allow a number of student from developing country or from poor country such as from African country or from asia country, and then they will offer those student a number of month of free scholarship but in return they will put a number of psychiatry experiment to

those poor student, and then they will find out a number of interesting piece of information. That is including My messenger who do not know that that kind of experiment actually take place, except that a number of doctor took a number of sample test and then put the data into lab observation, and then they will do a number of experiment.

After a while they do not know what else to do with a number of student, including they do not know what to do more with My messenger, and then they decide to punish him to forego and give up his scholarship to complete a post-graduate study. And that is how you know that : do not take that so easy that a number of people do not know how you should repair your psychological problem, but they always pretend and convince you that they know exactly what they do while they intoxicating more your brain with numerous expensive medical treatment to your brain, and often with effect that you become dependent to those medical treatment.

Don't you know that if you believe to your Father in Heaven, and then you do your best to repent and do repentance properly, and then you pray and ask to your Father to help you, and that is a good solution instead of doing so many medical treatment including so many brain surgery which often end up that they only intoxicate your brain more or they will put you into another mousetrap, but this time that mousetrap is exactly your own brain. And that is why: do your best to not trust too easy so many psychiatric clinic especially if their doctor is affiliated or associated with either tavistock institute or Stanford research or with Berkeley department of psychology.

And that is why: do your best to not do anything in oppose to your Father in Heaven, especially if you are frustrated with your life, because exactly only Him can help you to repair your brain damage.

Some of you realized that this article is not good as a working paper for a psychiatric department presentation, but that is exactly the message: no one of you in psychiatric department who do a proper work for the society or serve for the goodness of your patient, without exception, and especially if you swallow too many time all book who worship darwin, sigmund freud, and numerous other fancy name such as carl jung or lenox lewis or maradona or other name. that is the message: do not worship people because they have fancy name, and do not judge people by their country origin, and do not worship people because they are born in Austria and they already worship mengele and they often play in a movie as the strongest and the fittest animal in the jungle, and the movie title is terminator. And do not judge people by their cover either.

And to all of you student in colleague, do not just swallow all book that your professor put in a whiteboard at the beginning of a semester, and do not put more book to your brain, because your brain do not belong to you at all, because your brain is actually only a gift by your Father in Heaven. And don't you know that each word that you read is actually a piece

of information which can be expressed as Shannon information entropy relation, and that is why: if you swallow a thick book full of blasphemy and worship darwin or dawkins or other junkie proponent of evolution theory, and then you end up your life to swallow gasoline if you do not find yourself as the most clever animal in your university. And that is exactly what happen to all student who worship their organization or their university reputation as the most strict university, such as cornell university or Tokyo university or other first rank technology institute such as Caltech or other name. after sometime you find yourself tired with all those ratrace that only human being create in order you fall fall fall fall and fall. And that is why: you will find a high statistics of student committing suicide in japan and also cornell, exactly because you already believe that idea that if you do not exceed all other people in a competition to be the most clever student in your university or in your town, then your life will not be good, and then you will be terminated by your parent. And that is also what happen to all of you who are descendant of the old dragon family, you always think that you should survive longer and that is the name of your life principle, and that is why: you always read a number of cruel cruel cruel cruel cruel animal book or machiavelli book, because you always think that not only you should prove that you are the most fit animal in your environment but you should be the most cruel cruel cruel cruel dragon in your life, and that is how all of you Chinese people and Japanese people: why you always worship those old dragon and also worship the god of war in numerous temple that is scattered around your country? Exactly because that old dragon who teach you numerous technology in order you always fight and terminate each other. And after sometime you find that your language is different and full of hidden anger and you cover your hate with fake smile, and that is why you often cannot smile anymore.

And some of you are so obsessed to become the most clever person in the planet and then you decide to do numerous action in order you can fulfill your dream, including you do dance in the night near cemetery, or you drink coffee every night and then you do not recognize that that coffee is so cheap psychotropic stimulant to your neuron and after sometime you find your brain mentally overheated and that is why you are always upset to your environment, other people are so stupid and then they begin to worship so many god including follow a satanic organization and also worship devil. That is why: be hurry be hurry be hurry be very very very very very hurry to repent and receive Me, Jesus Christ, all the edge of the world. Don't you know that your Father in Heaven already know what happen in your life, and that is the answer: that you should not do anything against other Christian people only because you do not know how to do better with your twisted mind. How many time you already drink coffee, and chocolate, and tea and other numerous chemical that poison your brain more and more and more and more, and that is why: do your best to not remain toxic to your society, and just repent and receive Me, Jesus Christ.

Don't you know that that is why: if you do not repent and receive Me, Jesus Christ, and do your repentance properly, and then you should not do properly take care your family and your people surround you, and you do not begin to love each other, and then you will find your life full of emptiness and only full of hate and anger. Read again and again and again and again and again the book of Gospel of John chapter 15.

Alternative solution

Quote: 'More than anything, the person needs rest and security, which they will not find in current psychiatric institutions.' Mental health care: what is the alternative to psychotropic drug.

Do you know that some psychiatric clinic doctor have really really really different eye, and that is their eye is so cold and cruel cruel cruel cruel cruel.

Some people say that mentally disordered patient are caused by their brain never get rest. Actually some problem are caused by those patient consume a number of brain triggering stimulant, including: coffee, chocolate, tea in excessive dose, and a number of animal including sheep and cow and other animal. And that is why: do your best to do fast, in accordance with the book of Daniel chapter 1. And do not read anymore while you take sometime to get rest, literally speaking stop reading anything. Read the Bible only and promise to yourself that you will never read no more book, that is the recipe if you want your brain to get rest. You should know that each time you read, then your brain will work hard to transmit information to your hippocampus, and that is what some people call as synaptic transmission. But if you always read or calculate in front of your computer, then after a while your hippocampus will be overheated, and then you will suffer a number of symptom, including a number of serious damage to your brain. And that is why: do your best to read only as minimum as possible, and especially read the Bible only. see the illustration included in the last page of this article. See url as follows: g.lynch and m.baudry, science vol.224, 1984, url: <http://links.jstor.org/sici?sici=0036-8075%2819840608%293%3A224%3A4653%3C1057%3ATBOMAN%3E2.0.CO%3B2-X>

Do not do anything that may cause harm to you and other people surround you including your family, and do not terminate either your doctor, because they do not know either the solution or cause of your depression or aggression, except those doctor who are affiliated and associated by tavistock institute.

Learn to forgive and learn to pray and say thank to your Father in Heaven, and do your best to not to say too many thing because your mentally disordered brain need time to rest, and do not spoil your life for nothing, and do not spend too many time to read or to work or to see television or movie, just do your fast from tonight at ten p.m. until next afternoon at 12

a.m., and take a rest and pray our Father in Heaven and then follow guideline that Me, Jesus Christ, give to you above. But do pray and ask for help to your Father in Heaven.

Do not terminate and do not put lawsuit and do not persecute either all psychiatrist in your town either, that is not good move, except you know that they work or support tavistock institute, or they perform cruel cruel cruel cruel cruel behaviorism experiment with their patient in order to mentally destroy their life.

In principle do not do harm to any other people including yourself, and do take care and do love each other. But do not do anything to abuse other people with short period blasphemy that is never be a solution, because you will find that your life become even more miserable.

All of those psychiatrist who advise you to let go your superego and release your libido anywhere are seriously mistaken and terminate them quickly quickly quickly quickly quickly because they have intention to reprogram your society, and that is freud disease, and their toxic is very very very very very lethal and the effect is permanent more than your previous problem.

Don't do anything to ruin other people's life only because you cannot control their life anymore, that is something that you should know:

Your intention to control other people's life is caused by your constant need to be conqueror. And that is after you often feel to be victim of other people, and then you need to release your anger and hate and find someone else to kick. And do not practice kicking-cat management either, that is not good if you are a manager do not monitor and do not buy numerous surveillance technology only to release your motive to control all other people. In principle, all people who always want to control people and always feel the need to give advise without solution, in order you can trap and give false advise and false teaching to other people. All of you are seriously flawed and will be punished severely in eternity.

My messenger do not know your problem, and he do not know the cause of your problem either. Do not put electric shock to him only because he put that word in this article, all of you who are seriously twisted and worship darwin, o generation of viper!

Thank you thank you thank you thank you thank you, Me already help you. love, Jesus Christ

Appendix B: how you can do evangelization with social network

Don't you know that no one do evangelization properly by themselves, and don't you know that evangelization is actually a fruit of Holy Spirit's work, but you should do your best to speak about Me, Jesus Christ, with all available method. Don't you know that you should not do numerous time evangelism with one method, just to prove to yourself that a method that you help to create is the best method to reach so many people. One thing that you should begin to acquire and you should put into your plate is: compassionate heart. Read again and again and again and again and again the book of Gospel of Matthew 9:9-13.

Don't you know that if you do not want to speak about Me, Jesus Christ, at all in your life then you will be punished severely severely in eternity. And don't you know that you should not do evangelization at all if you mean that only to expose numerous mistake of your brother and your sister, in order all your audience think that you are the most advanced evangelization speaker in the world. Don't you know that is actually a blasphemy, and you will be burned forever if you continue doing so many blasphemy and worship yourself in your speech.

Don't you know that if you do not do evangelization properly, then the effect at the end of day is that your fruit cannot sustain all persecution and pressure, and that is why: some of you now already stop doing evangelization, exactly because you do not do your work properly. Don't you know that if you do not do that quietly but meaningfully, than you do not do evangelization properly.

Some of you do not know the meaning of social network evangelization. Don't you know that actually you can do evangelization by inviting your colleague and all your friend to attend sermon is a nearby church, but you can also put into a map a number of your friend and you plan to get them participating in numerous activity in the church that you often attend sermon regularly. Don't you know if you do evangelization properly you should not compare your life with Me, Jesus Christ, and do not quote numerous time without purpose a number of saying by Me, Jesus Christ, or mother Mary who also do blasphemy because some of early disciple have been intoxicated by her and then they put all her saying into a book and then they begin to read that book in regular sermon and they call that book the gospel of mary, and also the gospel of infancy of Jesus Christ. Don't you know that so many book have been written including nag hammad text which include the gospel of Thomas, but all book which are not included in the book of Holy Bible, are actually only an apocryphal book, and the meaning is that those book including the gospel of mary and the

gospel of infancy and also the gospel of Philips and also the gospel of Thomas, should not be read at all unless you are really really really really really determined Christian, and you would like to read other gospel in order to know what happen in Me, Jesus Christ, life prior to appearance in public at around age thirty.

Don't you know that actually the apocryphal book should not be included at all with the standard Holy Bible, but alas some preacher that is bishop hancock put that apocryphal book again in numerous place in the internet, and at some point My messenger find that book and then he translate into Indonesian language. The meaning of this translation is that there is consensus which were guided by Holy Spirit and that is why: at the end of council of Nicene they read the Nicene creed, which express majority of faith at their point of time. and to all of you who always think that there is conspiracy behind Bible formation, all of you will be punished severely severely severely severely severely in eternity. And that is exactly the conversation of the da vinci code book written by dan brown, they want you to buy the book which contain of hoax literally speaking. And that is why: burn and destroy all da vinci code book quickly quickly quickly quickly quickly today and do not spare life of dan brown too.

In order you to know how you can do evangelism by social network, read again and again and again and again and again the book of Gospel of John chapter 1:37-51. In order to make the idea somewhat more comprehensible, you should know that you can introduce a number of people to Me, Jesus Christ, and then encourage them to introduce some people more to come to Me, Jesus Christ. And you can do that either using conversation, or cellular phone, or yahoo messenger, or skype, or other communication technology which are available to you, including facebook, twitter, tweetdesk and other method. And that is why some people call that as social media for evangelization. And you should know that most social media technology can make the introducing process less time consuming, but you should work rather quick otherwise other people will do that first. And do not count how many fruit you already make, and do not distribute work by region with your friend either, because you do not know if your friend work as much as you think you do.

The following illustration is given here in order to help you to grasp the idea clearly. And in order to help you introduce your friend to Me, Jesus Christ, you can print and copy from the guide to help you repent and receive Me, Jesus Christ, which you can download for more than forty language in the following url: <http://www.esnips.com/web/repentanceguide>.

Figure 1. how you can interpret properly the guide to help you repent and receive Me, Jesus Christ, in order you can make plenty of fruit quickly quickly quickly quickly quickly today.

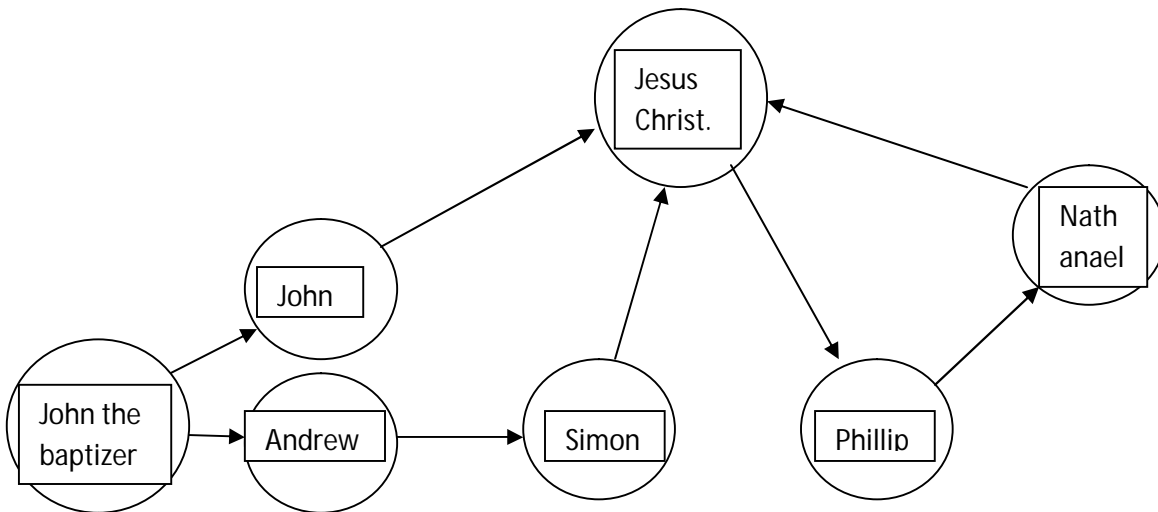

Figure 2. how you can interpret Gospel of John chapter 1:37-51, as social network. And you should know that all of you actually only servant, and that is why do not take advantage from all people to whom you speak about Me, Jesus Christ

A schematic diagram in order to recover normal temperature in the ionosphere despite solar winter season

Some people think that in order to control the climate of the earth in the context of solar winter season is very very very very very difficult, and you can only find a number of climate modeling experts who will send you a very very very very very thick book on climate modeling and without clear help at all. Don't you know that presently solar flare and solar spot show that there is solar winter season, and that is why the ionosphere become freezing and the effect is that arctic region become really really really really cooling, that is why: a scientist who only talk about global warming, actually never read newspaper at all, because time is moving to solar winter season, and that is why the earth is approaching global cooling, not global warming.(a)(b)

But your Father in Heaven really really love you, and that is how you can repair the damage caused by your cruel cruel cruel cruel cruel activity that is to terminate completely economy of south east asia exactly because they refuse to adopt nuclear energy plant which you will use further to justify your attack to south east asia region. Don't you know that what you do is more like a professor in theoretical physics who read a number of book in game theory, and then you offer a candy to your student, and if they say yes, then you will punish them for accepting your candy, and they say no then you will oust them quickly quickly quickly quickly from your classroom. How dare you do that dilemma question to your student. And don't you know that because of that cruel cruel cruel cruel cruel candy experiment, you will find that you lose credential and credence from your student?

And that is now a simple solution which you can do quickly quickly but you should do that with supervision from a physics professor who will do some calculation, and that is

concerning curvature radius of a magnifying mirror which are intended to return back cosmic ray that a mirror capture and send the cosmic ray back to the ionosphere layer, in order they can be warmer. The following is a sketch of illustration of how that method can be arranged properly. The outer layer of circle represent ionosphere layer, and you should know that not weather modification technology is required here, only a few knowledge about climate entropy and so on.(b)

Figure 1. how you can use a large mirror in order you can collect cosmic ray photon flux and then send the photon flux back to ionosphere.

The curvature radius of the mirror should be adjusted and calculated so you can find focal length which should be exactly matching with the height of ionosphere layer from the earth. And do your best to do some small experiment first in a classroom or physics laboratory before you put this scheme into action, and do calculate the time amount and do not put that mirror for numerous day continuously, because the effect will be disaster. If you think that would be necessary, do some calculation of how much photon flux required in order to return the ionosphere to be warmer again. And feel free to contact My

messenger, but do not expect that he will reply soon, because he can only do connection on weekly basis, his email is VictorChristianto@gmail.com

why do John chapter one mention Logos only, and not sophia

Some people are quite confused on the choice of Gospel of John in chapter 1:1 to mention Logos (Λογος) do not exist at all both in the old testament and in new testament. And don't you know that all people including philo which invent that word of sophia, will be burned forever in eternity because that is the meaning of blasphemy or sect which were based on human teaching. Read again and again and again and again and again the book of Gospel of Matthew 18:6-7, and the second epistle to Timothy chapter 2:14-17. The following is a proof from the greek translation of the Gospel of John chapter 1:1, which clearly display the Word in greek only, and do not mention about wisdom (sophos):

Don't you know that some teacher fall into blasphemy because they worship duality, and that is what they think: they teach that there should be duality just like night and day, light and dark, just like what you often see in symbol of tao that you can observe in a Korean flag. And don't you know that they go on to say that there is similarity, because that is a character of ancient teaching, and that is double serpent of wisdom, just like isis and osiris, and so on. Don't you know that philo actually want to explain Memra in Genesis chapter one, but then he fall very very deep into believing duality. Don't you know that Logos (Λογος) bring and always return the light to the world, and there is no opposite darkness in Him. Read again and again and again and again and again the book of Gospel of John chapter 1.

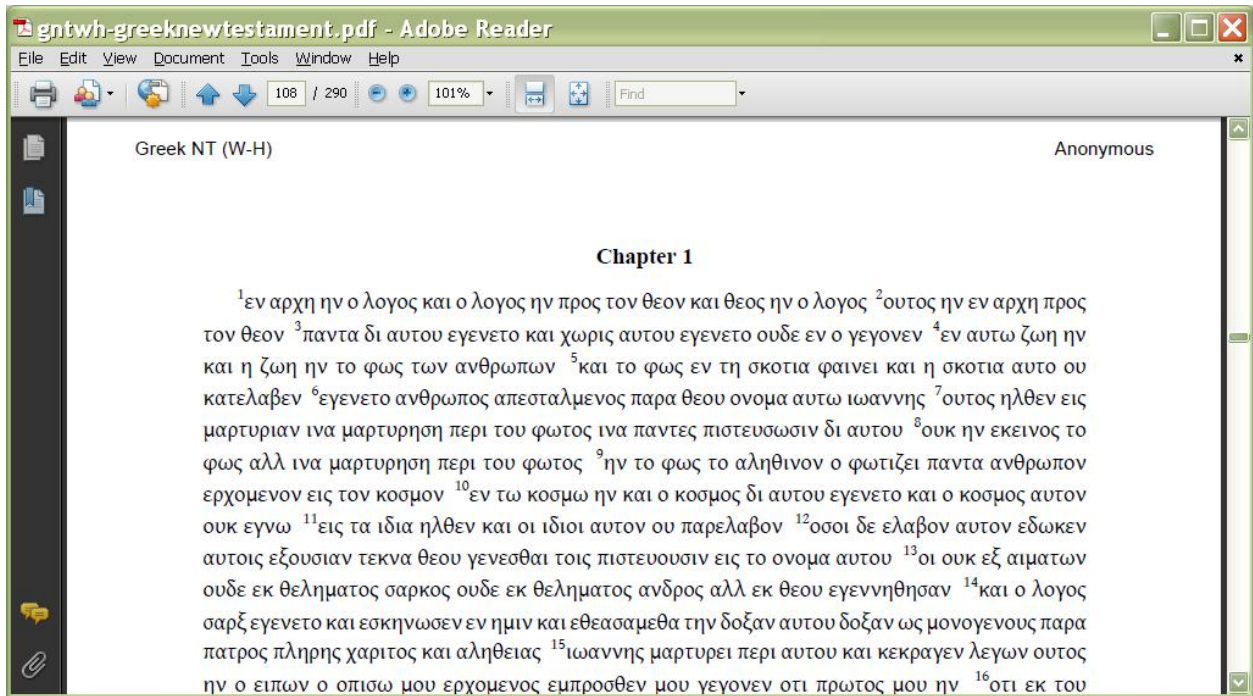

Figure 1. partial page of Gospel of John chapter 1:1 in greek translation.

But philo do not like that idea, and that is why: it prefer to say that there is duality in the ordering of nature, and that is why: it argue that there is sophia, which some people insist that there is sacred feminine which is hidden in the teaching of Me, Jesus Christ. And that is why: you find in dan brown's novel that there is sophie neveu which is direct descendant of Me, Jesus Christ. And the meaning is that: dan brown want to say that there is new sophism (new=neveu, sophie is from sophia), and the new teaching of serpent of wisdom is not the Bible, but the teaching of wisdom of serpent, including so many fake mathematics and symbolism, which are included in a neo-paganism, including ron hubbard's scientology. and that is why: the book is very very very very very promoted as if numerous book have been sold, actually that is a number playing by bookstore in order people notice that a book is a best seller, actually there is only few people read carefully the meaning of that book. That novel story is another hoax in order people remind a number of hoax story in their memory, and after sometime they will develop paranoia, because all people who read too many fake story will be depressed and then after sometime their brain become damaged and that is what you know as paranoia disorder.

Don't' you know that the solution of such a parable and hoax concerning the sacred feminine, is quite simple, and that is the answer: there is no need for such sacred feminine in the Bible, because that duality is only for creature in the world, because you will find that symmetry is a bit useful, but if you think harder then you will notice that such a duality lead to

destructive behavior, just like a number of numerous other fake story that you can easily find in literature and short story, for instance: the story of dr. jeckyl and mr. hyde, and other story is hulk: a scientist who turn to be monster whenever he got upset on something. And that is why: do not do worship symmetry in all things, and do not worship supersymmetry either. And do not worship a sacred femine at all, and do not worship fertility, and do not worship sophia, and that is why: all of you philosopher who do not want to repent and receive Me, Jesus Christ, all of you including follower of postmodernism and Frankfurt school teacher, will be burned in eternity unless you repent and do your repentance quickly quickly quickly quickly quickly today. that is because you only worship your own wisdom and intellectual power, and then you plan to secure your own position in front of human being, and you do not want to humble yourself in front of Logos from Heaven. Read again and again and again and again and again the book of Gospel of Matthew chapter 23:1-7.

And to all of you who want a proof that My messenger really really read a chapter of book by John Ronning concerning the hidden connection between Logos with Memra in the book of Isaiah chapter 55:10-11, the following is a quote from that book:

‘the author has moved beyond wisdom speculation to the kind of Logos speculation found in Philo, in which the “logos overshadows wisdom in importance,” is “a reality which existed with God before creation,” is described with “the anarthrous theos (God)” connected to “in the beginning” from Gen 1:1, was the instrument of creation, and is associated with light and with becoming children of God.’(a)

Don't you know that Memra in the book of Isaiah chapter 55 is very very very very very different compared to wisdom as often used to alter comprehension word in the book of proverbs chapter 8:1-4. And that is the message: Solomon often put aphorism for wisdom with woman, because they look fair and sharp, but that is only human teaching. Memra is the Light from Heaven, and there is no darkness with Him. And that is why: all people who only teach human wisdom will be burned forever in eternity. Read again and again and again and again and again the book of Gospel of Matthew chapter 23:1-11.

The difference is so adverse, and all people who only want to learn human wisdom and then they worship the double serpent, then gradually they will hate GOD, and they will only listen to science, psychology, and other type of human teaching, but actually they never read the Bible, and they never appreciate Memra which are written in the Bible, and neither they accept and receive Me, Jesus Christ, in their life and in their home, and that is why: they only love darkness and then they hate the Light from Heaven.

Don't you know that Logos bring order and also bring the light to all people who live in darkness but they do not like at all to live in darkness, and that is the meaning of the book of Psalm chapter 111:7-10. And that is why: fear of GOD is the beginning of knowledge, and

do not learn anymore from human teaching, such as: an eye for an eye, that is a cruel cruel cruel principle if you only love and take care people who do good deed to you. read again and again and again and again and again the book of Gospel of Matthew chapter 5:46-48.
