A. How social darwinism ruin education and science research

'the prophets prophesy falsely, and the priests bear rule by their means'.
Jeremiah 5:31

Some people believe that social darwinism has something to contribute to science research. That is why they think that social darwinism is worthy to teach in classroom. Don't you know what is the effect? The effect is nowadays everyone become animal, that is they now strive to be stronger, faster, quicker, and then smarter. For they know that if they do not do that they will be ousted, because they learn that indicator for fittest is population growth (a), and if they do not survive they cannot grow their family, and their family will extinct and everyone will think that they are not fit to the environment. Eventually that is why: all people in education system including scientists and science managers become cruel to each other. All of them want to dominate the world, literally speaking that is because they worship the old serpent. Read again and again and again and again Matthew 4:9-11.

To all of you: that is really really cruel, and you can find numerous report that there are cruel cruel management mistakes in education system. We can mention one recent paper by rosinger (b). There is cruel principle for professors in college and universities in United States and then become custom in other continents including Europe and Asia. That principle is called 'publish or perish.' There is even a publisher in massachussets with name: Publish or Perish. The principle actually is quite simple: that is strict minimal requirement for scholars to write and publish a number of original work for a unit of time, and also to rank professors and researchers based on the number of their published papers in peer-review journals. In older days, some countries put in effect to weigh scientific achievement of a given name of physicist by literally speaking the weight of their papers and books.

That is very very cruel, because they only want you to be faster faster and smarter smarter without proper time and attention to your family and also no time to worship God and also no time to help other people who are needy and poor among you. That is very cruel, because literally speaking they want you to spend your whole lifetime to work work work and work until you die. That is the principle of social darwinism. Do you know that the current government want to take all the social benefit including basic healthcare benefit for the poor and poorest people, and they call that: natural selection. For you to know that the current government in United States is very very cruel cruel cruel, they want you to die as soon as possible, and that is mengele plan.(c) That is mengele plan: they want to make all

people to struggle for survival, just like what they did in Second World War, that is to make a termination camp at larger scale: your country. And they introduce a number of euphemism terminology for notifying other people to approve their plan, for example: eliminating poverty, depopulation policy, anti immunization disease syndrome (AIDS), and prosperity theology. (d)

For you to know: My messenger is not in an education institution, although he was there in college, and actually he do not know what actually happen in United States's education system, he only know a number of researchers because he administered a preprint server for rejected science papers, that is why he know that some people in authority doing science as practically as propaganda. And he once thought that there are a few people behind those cruel policy in science, but he do not know who are they behind that cruel policy in science. Actually he found a book around two years ago and he found that the paperclip project is a real real project in order to give save haven for a number of those people who were responsible in termination camp in Second World War period. Today a professor ask how do you know the name of the project, actually nobody dare to discuss again the paperclip project. Actually My messenger do not know the extent of the project, and he only found a book discussing that paperclip project in the context of competition to develop rocket to the moon, between Russian government and United States government during fifties.

There is other book, and he read that book when he was a student in junior school, and the name of that book is the Bible.

There is other book, and he read that book when he was a student in college, and the book is actually management literature in another management book. And the name of that management literature book, now I, Jesus Christ, allow My messenger to mention, that is: the peter principle, written by lawrence j. peter. That is a cruel book, actually a really really really cruel book. A number of management mistakes were discussed improperly, as if they are caused by a simple principle called peter principle, and the writer of that book only described his argument improperly but he made the book more interesting because he put so many quotations from other people. My advise is: do not read that book. Do not read other book except the Bible.

That is the principle: social darwinism only want you to struggle for survival until you die, and then you fall. That is why: they allow you to do anything, except going to church, repent, receive Jesus Christ, and worship God. That is very very cruel because they make your life miserable and they plan to make all people to become animal, either you are a student or a researcher or a professor, you have to struggle for your survival. Literally speaking they want all people to become animal and worship the old serpent only. That is

the program of social darwinism. Read again and again and again and again Luke 3:7, Luke 3:7.

That is the conclusion of My article: social darwinism contradict with basic principle in education, that is to humanize people. Literally speaking, social darwinists plan to animalize people, either in education institution, in science, in hospital, and in economy. And they will tell you numerous times that all people are thinking animal, social animal, and economic animal, and that is the message: they want you to keep become animal and fall forever. That is the principle of social darwinism: you can do anything but be animal and you can survive, do not be Christian because you will be stupid, only follow darwin. Eventually all of you should become reptile and that is darwin plan, and your Father in Heaven hate darwin plan, darwinism and all followers of darwin and those who practice and teach social darwinism. And they will make effect that Christian people should be persecuted and ousted from academic system including schools, colleges and universities.

For you to know, that there is a simple experiment to make you sure, that the plan is really really subtle: type darwinism word in MS Office Word, and you will find no effect of automatically changing of the first letter of that word, that is d, to become large d. Now try again with darwin word and darwinist word in MS Office Word, and you can find that there is automatically changing effect of the first letter of those two words. Actually darwin was inspired by reading malthus, that is why you can type malthus and malthusian word with small first letter as before, and you will find another automatically changing of the first letter, that is from small m to become large m. That is the principle: they want to put darwin and darwinist and malthus names to be big names, but they want to put all Christian people to not be able to work in education institution, in USA or in other countries. Now you can verify the same effect do not happen for Gospel writer: type matthew word, type luke word, and type john word in MS Office Word, and you will not get the effect of automatically changing of the first letter of those words: that is m, l, j.

That is the message: the message is be hurry be hurry be hurry to repent and receive Me, Jesus Christ, all corners of the world. Be hurry be very very very hurry to repent and do your repentance properly, don't you know that now is Final Harvest. That is the message: you should be hurry to speak about Me, Jesus Christ, without worrying about anything. Read again and again and again and again Matthew 6:25-34, Joel 2:28-29.

This article is written by Me, Jesus Christ. Me allow you to read this article in order you can read and repent and receive Me, Jesus Christ. You should know that Kingdom in Heaven is not built by coward people. Coward people do not belong to Jesus Christ, especially if you do not admit in public that you are Christian and you are committed to your faith. Don't you know that Me will not admit in front of Father in heaven those people who do not admit in public that they are Christian.

C. Why you should repent and receive Me, Jesus Christ

Common questions and answers

1. Why you should repent and receive Me, Jesus Christ, today.

There will be time when no one can do more work for the Kingdom of Heaven, and that is the dawn. The time is coming, but that is the dawn anymore, the dawn is over, now is morning again. That is why: you should repent very very very quickly. Please read the Gospel according to Matthew.

2. Why you should work for the Kingdom of Heaven

Say thanks, say thanks, say thanks, say thanks for your Father in Heaven

3. What we should do for the Kingdom of Heaven

You should repent and receive Me, Jesus Christ, and ask your Father in Heaven to help you understand what is His Will in your life.

4. Why you should not be greedy

You should not worship mammon, that is serving two masters. Please read Matthew 6:24.

5. How you can do evangelism properly, even if your character is not marketer type

Give your bread to other person who are needy and hungry.

6. What is Final Harvest?

Now is Final Harvest, when everybody has been blessed with Holy Spirit, and that is why: you should do work as much as possible to speak about Jesus Christ. Read again and again and again and again Joel 2:28-29. That is you should work only for the Kingdom of Heaven. You should know that the dawn is over, and morning is coming.

D. Why social darwinism, darwinism and maximize utility should be stopped:
implications for social virtue

'In that day The LORD with His sore and great and strong sword shall punish leviathan the piercing serpent, even leviathan that crooked serpent; and He shall slay the dragon that is in the sea.' Isaiah 27:1

To all of you Christian people, you should know that social darwinism is already taking place everywhere. They are very very cruel, they are powerful, prosperous, and cruel, and that is the character of descendant of the old serpent. Read again and again and again Luke 3:7, Matthew 12:34, Matthew 23:33. They intend to ruin all of the Christian people in Church of Jesus Christ. And they work together in systematic actions in order to put pressure to Christian people to give up, literally speaking.

You should know that they can use numerous methods as described as follows:

- a. Education: they will always praise darwin. You can prove with simple test as follows: type darwin word with small d in first letter in MS Office Word, and then you will find the first letter that is d will change automatically to be large capital d. Then replace the first letter that is capital D with a small d again, you will find there is automatic red underline. You will find the same effect of changing the first letter if you type darwinism and malthusian words in MS Office Word. Find, you will, that prosperity theology preachers will argue that the effect is caused by typing a name word.(d) Now prove that they are wrong and very very wrong: type matthew word, luke word and john word in MS Office Word, and you will not find the effect of automatically changing of the first letter for these words. That is My message: verily verily I say unto you, throw away all prosperity theology preachers quickly today into the bottom of the sea. Read again and again and again Matthew 18:6-7.
- b. University and college: they will decrease salary or remove completely all Christian professors and students alike including those who work in pure science. They will say numerous badmouth against all Christian people in universities and colleges, that they are not scientific because of their faith. And that is the character of descendant of the old serpent: talk and badmouth. Read again and again and again Matthew 23:13-15. They intend and have will to terminate all of Christian people if they can, that is why they want to remove all Christian people from universities and colleges first, and they call what they plan as purification of science. The plan actually is to deny God in science. Beware of clever scientists who already eat too

many fruit of knowledge and literally speaking do not work any good work for society by themselves for long time, and they only speak, speak and speak that they are the most clever scientist in the world, and they cannot prove that anything they do is useful in their career. That is the character of the old serpent: talk, talk, talk, too proud of themselves, do not prove anything useful in their life, very very dependant on their own logical deduction, and demand other scientists to worship them. Actually they only worship themselves, that is blasphemy. They are dangerous.

- c. Society: they already put into effect that social darwinism is the dominating political agenda in a number of countries including America, and they convince people that socialism is a good policy for achieving welfare. And you should know that socialism in a capitalized system is a contradiction and that is why: it is only euphemism for their cruel cruel plan, that is social darwinism. The plan is that only those few people who control the society that will survive. They will approve only leaders who agree to adopt social darwinism as dominating political agenda, without reserve, and that is blasphemy. Don't you know that you should love God only, with all your heart, with all your soul, and with all your mind. Read again Matthew 22:37. Beware of scientists and economists who are too clever and too advanced in political domain. They intend and have will to borrow some verses from the Bible in order to rationalize their argument that all people should work hard and harder and harder, actually they plan to put all people into termination camp in large scale. That is called the mengele plan.(a) That is the cruel cruel plan of the beast. Read again and again and again Jeremiah 22:13-14, Revelation 13:17-18.
- d. Environment: they already put into effect so many times with advanced technology such that the poor countries will reduce and eventually eliminate their population. They call that program as eliminating poverty.(b) They can create artificially generated famine, flood, and other environment adversity by using weather modification technology in order to put so many pressure to poor people in poor countries, especially in Asian and African countries. For some people this idea is beyond imagination because they do not know and do not read science, but the technology for doing that is already discovered, and they are already banned, but those cruel persons who worship the beast will release the technology again for weather modification in large scale. Stop them now. Stop all uses of chemicals for weather modification. Find the regulation to stop weather modification technology for military purposes in 1977 (United Nations).(c)
- e. Economics: they already put into effect that only a few rich people will survive in the next series of financial turmoil. That is artificial turmoil which is designed in order to remove completely poor people from economics system. They call it eliminating poverty program. And they intend and have will to terminate scientists and

economists who discover and try to stop their cruel plan. You should know that there are predictions that turmoil will take effect this year, but you should know that it is actually a planned turmoil.

- f. Newspaper and media: they already replace the editors of most reputable newspapers and magazines and television channels in America, Europe and Asia and other continents, with editors who support social darwinism. And they call that program as purification. The plan is to remove all Christian people from newspapers and media. And they will reject all articles and subscribers who work for Jesus Christ. Don't you know that America newspapers have been dominated by socialist editors? That is very very cruel because they only want to survive themselves and don't care of the people in the poor countries. They even don't care of majority of American people who remain poor and undereducated. Beware of articles which preach prosperity theology (d), social darwinism (a), or any effort to wipe off collective memory on holocaust in second world war. That is very very cruel and blasphemy, because implicitly they rationalize malthusian program.
- g. Institution: beware of institutions and organizations which support human trafficking, trading of human organs in black market, eugenic technology, and prosperity theology, and social darwinism, and other black market activities. Beware of organizations which support weaponry trading or trading of weather modification technology. Beware of organizations which support Richardson processes in developing countries, they plan to make people in developing countries eliminating each other in order to ruin all economy, literary speaking. They are so cruel, powerful and prosperous, all of them are descendant of the old serpent. Read again Luke 3:7, Isaiah 59:3-5. Pray and ask to God first before you expose their actions in public newspaper and other media.
- h. Government: the predominating political agenda in America and Europe is socialism and social darwinism. That is why they intend to remove all Christian people from government offices. And they will not listen to other Christian scientists, except the prosperity theology preachers. In fact, the prosperity theology preachers are the false priests. That is why: throw away all prosperity theology preachers quickly today into the bottom of the sea. Read again and again and again Matthew 6:24, Matthew 18:6-7.
- i. Church: they already intoxicate all the Church of Jesus Christ with prosperity theology preachers and positive thinking philosophy.(d) That is not the teaching of Jesus Christ. You should know that you should not serve two masters, but prosperity theology preachers insist that you can pray and ask for anything you want if you pray with confidence. The prosperity theology preachers often quote Matthew 7:7-8. That is not true, you should pray according to our Father in Heaven prayer, and pray only what you really need in your life. Read again and again and again Matthew 6:9-

13. That is why: throw away all prosperity theology preachers quickly today into the bottom of the sea.

- j. Family: they already intoxicate numerous families in modern countries including America and Europe and Japan and other Asian countries, by using television and advertisement, that people should work hard and strive for wealth only in their life. That is actually soft political propaganda. And even if you work hard you will find that the return is marginal, because they will take your saving in bank by creating inflation. That is the principle of modern economics in developed countries and in developing countries too. The answer is: don't put your saving in earth, but work for the Kingdom of Heaven. Read again and again and again Matthew 6:33.

Now what you can do to stop that cruel social darwinism terror?

There are only few people who will survive in the second time of tribulation, which happen to be created by social darwinism propaganda and terror. Read again and again and again Revelation 3:20-21. You should know that the second time of tribulation will be harder and harder than the first time of tribulation. And you should know that temptations will be more and more subtle than before, because they will put in effect using technology. That is why: actually you should pray only our Father in Heaven prayer, but you should pray also according to what Holy Spirit guide you each moment. The following are a number of simple steps which you can do in order to stop social darwinism in your society. You cannot stop the beast because only your Father in heaven can stop and punish it forever in eternity.

- a. In university and college library: throw away all prosperity theology books and darwinism books. And throw away all books which support darwinism, malthusianism, social darwinism and evolution theory. All of them are false priests. Throw away all prosperity theology preachers and all the books of false priests quickly today into the bottom of the sea.
- b. Archaeology: you should know that evolution theory is in contradiction with factual finding in archaeology, but the problem is those findings which do not agree and do not support evolution theory have been removed systematically from university and college libraries. They do that in order to wipe off collective memory that there are numerous archaeological findings which do not support evolution theory. All papers which do not support evolution theory are discarded systematically and given label unscientific. See for example *Forbidden Archaeology* book (e), which you can search in Google. That book is forbidden in most universities except in a few libraries. Copy this book if you are a scientist and study the content, and you will find a number of discoveries which do not support evolution theory. But you should not give the book to evolution theorists, because they will remove you from the university or college.

- c. University and college: do not admit that you are against evolution, but do admit in public that you already repented and receive Jesus Christ. Some of you will be removed from universities and colleges, but you should not follow their offer to deny Me, Jesus Christ. Please read Matthew 10 and Mark 13. Don't you know that this is the second time of tribulation, and you will find that that is harder and harder to do work for yourself. That is why you should focus to work for the Kingdom of heaven.
- d. Newspaper and media: expose the cruel plan and the real facts of your society in public newspaper and media. Do not let yourself surrender into the temptation to admit that worship mammon and social darwinism is good for your society. You should know that some newspapers and media have been taken over by those influential persons who support social darwinism. That is why: send your articles only to a few newspapers and Christian media, and do pray and ask to God to help you.
- e. Society: do your best to help people who are poor and needy around you, give your clothe to those who do not have clothe, and give shelter to those who are homeless, and give job to those who are jobless, but do not receive any offering from animal. You should be an example first before you ask other Christian people to do the same service for those who are needy and poor. You should remember that each thing that you do for those people who are poor and needy, you do that for Me, Jesus Christ. Read again and again and again Matthew 25:31-46. Be compassionate and merciful as a society, that is the message. Read again and again and again Matthew 9:9-13.
- f. Church: throw away all prosperity theology preachers quickly today into the bottom of the sea. Read again and again and again Matthew 18:6-7. Do not allow your attention and worship to God to be distracted by so many things in your life, which make you worship mammon. Distraction make you do blasphemy. Read again and again and again Matthew 6:24-25. You should love God only, with all your heart, with all your soul, with all your mind. You should repent and receive Me, Jesus Christ, and do not receive anything else. Pray according to our Father in heaven prayer, and ask your Father in heaven so He give you release from Evil. Read again and again Matthew 6:9-13, Revelation 20:3. Don't worry about anything, just work for the Kingdom of heaven first, and God will bless you more. Read again and again and again Matthew 6:25-33.

This article is written and dictated by Me, Jesus Christ. Me allow you to read this article in order you can read, repent, and receive Me, Jesus Christ. Me allow My messenger, that is this writer, to type this article in order you can read and repent and do your repentance properly both personally and as a society. That is the message: be hurry, be

hurry to repent and receive Me, Jesus Christ, all corners of the world. Tweet this message quickly and distribute this message to all your friends today.

(a) You should know that social darwinism is part of mengele plan, that is to put all Christian people in termination camp in large scale, that is to remove all of Christian people from the economic system. mengele survive from prison and now live somewhere in Latin America, and he is released for a while by some people which is very cruel. mengele is the beast referred in the Bible, read again and again and again Revelation book, chapter 12 and 13. See also NSSM 200, that is depopulation policy. That is very very cruel. source: <http://www.jesus-is-savior.com/Evils%20in%20Government/AIDS%20and%20Population%20Elimination/aids.htm>

(c) weather modification, vaccination (V.A.E.R.S.), is a part of depopulation policy, see NSSM 200 established in USA. The meaning is that there are powerful people who want to eliminate poor people in order to protect their own interests. That is very very cruel. One should not eliminate people, they should find solution. There are numerous supporters of that social darwinism policy, including club of rome (*Limits to Growth*) and also bertrand russel. They are very very cruel. source: http://policestateplanning.com/chapter_14_.htm

(e) Michael Cremo & Richard L. Thompson, *Forbidden Archaeology*, URL: <http://www.forbiddenarchaeology.com>. see also: http://www.bibliotecaleyades.net/ciencia/ciencia_forbiddenarcheology01.htm. Remark by Jesus Christ: 'the authors of this book do not support evolution theory, but they do not support creation theory either. My messenger only remember this reference because this book put so many pictures which do not agree with evolution theory. Me, Jesus Christ, do not agree at all with the conclusion and viewpoint of this book, however this book provide an example of how evolution theorists discarded systematically all data which do not agree with their own view, the process is called knowledge filtration. My messenger actually has another point of view, that is the Galapagos sample is not reliable enough and too small to be used as inductive reasoning to generalize the findings. That is statistical point of view, but My messenger is not archaeology scientist. You should not believe a theory only because nobody find counter argument to that theory, believe only to God. Me, Jesus Christ, suggest an experiment to prove that there was Loch Ness monster in New Zealand long time ago, and that is large animal called in Bible as leviathan. You can read in Bible, in Isaiah but My messenger forget the correct verse. Now I help him again, the correct verse is: Isaiah 27:1, and Psalm 74:12-14. Creationists often refer to this argument as plesiosaur discovery. See URL: <http://www.conservapedia.com/Plesiosaur>. And now you find there are counter argument to evolution

theory: a. plesiosaur discovery, b. statistical sample is not adequate, c. numerous archaeology finding contradicts evolution theory. That is the message: be hurry be hurry to repent and receive Me, Jesus Christ, all corners of the world. Read again and again Isaiah 45:22-25.'

E. Why you should not sit in the seat of the scornful

'Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful.' Psalm 1:1

To all of you: you should know that now is Final Harvest. Do you know that in this Final harvest you will find very very very temptation that is intended to make all Christian people fall. And one of the temptation that you should avoid is: you should not sit in the seat of the scornful and the ungodly.

Today God teach you how to interpret properly Psalm 1:1-5. For you to know that you should not sit too many time with animal, that is the meaning of Psalm 1:1. At the day of writing this article, someone pray and ask to God to teach My messenger, that is this writer, about manner and tolerance, and he want that My messenger to sit with other people who do not believe God, or to sit with other people who preach and follow prosperity theology. Actually people who preach and follow prosperity theology do not know My Father in heaven. And actually My messenger, that is this writer, only work Me, Jesus Christ.

Now We explain how you can understand the meaning of Psalm 1:1 from the viewpoint of holographic memory.(a) For you to know: your brain function as information storage and retrieval system.(b) Each time you learn something, for example reading a book, your memory capacity is allocated for new information storage. But unlike a harddisc, information in your brain is restored in holographic space around your brain. Each time you want to retrieve a piece of information, you need some time to remember because your brain memory is not finding the piece of information immediately. That can happen because arrangement of your brain memory is not optimal and well-ordered.

In order to restore new information properly, you should know that you should not read too many books in your life. For you to know: you should avoid the temptation of reading too many books because you will fall to become so proud and then you will do so many blasphemy. That is the problem which will happen to people who eat too many fruit of knowledge. Each time you read a book you will increase the storage capacity, that would mean you will increase the holographic space by around a few centimeters for each book you read. But you should know that the book you read has quality and structure and philosophy. And you should know that all of you are already intoxicated by the old serpent. Read again and again and again Luke 3:7.

That is why: actually you should read the Bible only in your life, and then you will be blessed by your Father in Heaven, that is the message: you should love God only in your life. That is the meaning of Psalm 1:3-4, and Matthew 22:37, Matthew 6:32-34. But your Father in heaven allow you to read other books as per necessary, but you should pray and ask to your Father in heaven first before you read or learn something new in your life. For you to know: you can carry information in your head like encyclopedia, but actually it is a blasphemy to restore so many information in holographic space because all space are owned by your Father in heaven.

Do not carry so many baggage including information. Don't you know that you should be responsible for each piece of information that you read? That is why you should not read information which is not good. You should know: that is the character of the false priests they are clever for nothing, that is why they often write so many books, but they do not know what the books are useful for. That is why you should avoid to read any book which is written by descendant of the old serpent, because all of them are doing blasphemy including at the present time. And they are very very cruel, they will punish you for reading their books. That is why: throw away all the prosperity theology books and also all the prosperity theology preachers quickly quickly today into the bottom of the sea.

Actually you should only read the Bible, and you should read the Bible properly and according to what Holy Spirit guide you. Each time you read a book, your Father in heaven prepare a holographic space for you, because He really really love you, even before you know Him. Read again and again and again and again and again Rome 5:8. But of course He will be angry if you read so many books and then you do blasphemy by worship other thing and then you don't love Him anymore. Don't you know that too many shopping is blasphemy? The same, don't you know that too many playing Xbox is also blasphemy? People often like to do whatever they like, especially the false priests, that is really really blasphemy. You should know that they are very very dangerous, they do not want to enter the Kingdom of heaven, and they put so many obstacles to other people in order all of them will fall. And that is character of false priests: they put so many obstacles to other people who want to repent and receive Me, Jesus Christ, and they block people who want to come to your Father in heaven, and they put so many loads to other people but they do not want to carry the load themselves. That is the meaning of Matthew 23:4, and Matthew 23:13.

Your Father in heaven really really love you and He want you to be alive forever, and for all of you who keep your clothe white, He will give you a crown of life, which you often call as orb. Read again and again and again Revelation 2:5,2:10. That is the message: be hurry be hurry to repent and receive Me, Jesus Christ, and do your repentance properly. Don't you know that if you do your repentance properly, your Father in heaven will help you to remove bad sectors in your holographic memory, literary speaking. And that would mean,

He will rearrange and take care again your storage capacity completely. Don't you think that He do that for you one by one because He really really love you? And that is why: you should avoid to sit with bad people including the scornful and the false priests and animal, because their holographic storage will contaminate your holographic storage. And that is really really blasphemy to allow your holographic storage contaminated after so many and literary speaking a lot lot help by your Father in heaven.

For you to know: this is already Final harvest, and the beast will find a way to intoxicate all Christian people by inviting them to so many gathering and other occasion in order to make them fall because they have to sit and stand around the scornful and other bad people including descendant of the old serpent. That is why: you should avoid all invitation except attending weekly sermons or other regular meeting in Church of Jesus Christ. You should avoid to attend and participate in all gathering, and that would mean all gathering occasion, attended or organized by the scornful and all bad people especially the false priests of the old serpent. They are very very very dangerous and they will put so many toxic either in the form of reading material, or cooking, or other information which you have to listen (or they will ask you to listen to their talk talk talk talk talk or speech, and they call that counseling: you should know that too much talking is blasphemy). They will make you hate your Father in heaven. And do not work in organization or company which is owned by the false priests, they also will put so many toxic and cruel assignments in order to make you fall, fall, fall, and then the effect on you will be permanent, and they will ask you to work and work and work and work harder and harder until you die. That is the meaning of Psalm 1:5. And do not write book anymore with the false priests and other descendant of the old serpent. They will eat you alive after you complete the book for them. Don't you know that if you follow advise by the scornful and the ungodly, you will effectively become the enemy of Me, Jesus Christ, because you will be so intoxicated and become something else, that is animal. Do not make a recommendation letter for any of the scornful, the ungodly, or the fallse priest, and do not sign any document with contain their name, that is blasphemy, because they will put in effect as if you agree with them and with their plan, their plan is to ruin the Church of Jesus Christ. That is why: throw away, throw away, throw away all prosperity theology preachers quickly quickly quickly today, into the bottom of the sea. Read again and again and again and again and again Matthew 18:6-7. Me will not allow Christian people to be intoxicated and trapped anymore, that is the message: you should only read and think the meaning of the Bible over and over again, that is the meaning of Psalm 1:3.

For you to know: you should remember that you are saved only by receive Me, Jesus Christ, and your salvation is only by gift of grace of God, and your faith is counted, and you should return and read the Bible only. That is the meaning of the old saying by Martin Luther: *Sola Christos, Sola gracia, Sola fide, Sola scriptura.* (c) For you to know: you should read and

think over the Bible day and night, that is the meaning of Psalm 1:3. And you should know that God guide you through the Bible and Holy Spirit,

'Thy word is a lamp unto my feet, and a light unto my path.' (Psalm 119:105)

That is the message: be hurry be hurry be hurry to repent and receive Me, Jesus Christ, all corners of the world. Don't worry, do not worry about anything, just repent and receive Me, Jesus Christ, and do your repentance properly.

This article is written by Me, Jesus Christ. Me allow you to read this article in order you can repent and do your repentance properly. Me allow My messenger, that is this writer, to type this article in order you can read and repent and do your repentance properly. F. How you can carry the message quickly quickly today

'But ye shall receive power, after that the Holy Ghost is come upon you: and ye shall be witnesses unto me both in Jerusalem, and in all Judea, and in Sama'ri-a, and unto the uttermost part of the earth'. The Acts of the apostles 1:8

Christian people often think that they should practice conversation in order to speak properly about Me, Jesus Christ, and they should spend long hours for one person before they can do evangelism to someone else. Actually that is not true, you should know that to speak about Me, Jesus Christ, you should speak properly but you should rely on Holy Spirit only to guide and to help you. Read again and again and again and again and again John 15:26-27, the Acts of apostles 1:8.

You should know that Me, Jesus Christ, will come again very very soon. Don't worry, do not worry to speak about Me, Jesus Christ, without worrying. You can carry the message about Me, Jesus Christ, quickly through telephone, short message (sms), electronic message (email), radio broadcast, facebook, twitter, and copy the guide to help you repent and receive Me, Jesus Christ, and do your repentance properly and quickly. And you should print and copy as many as you can, and distribute the copies to as many country as you can, including Asian and African and Latin America countries. Don't you know that only your Father in Heaven know the day of My second coming. That is the meaning of you should be hurry be very very very very very hurry to spread the Good News. That is the message: do not postpone until tomorrow to speak about Me, Jesus Christ, and you should speak about Me, Jesus Christ, as much as possible and do your best, I repeat, do your best to spread the Good News quickly today. G. How darwinism and social darwinism and maximize utility make you and other people become cruel

'And it shall come to pass, if they will diligently learn the ways of My people, to swear by My Name, The LORD'. Jeremiah 12:16a

People often think that darwinism and evolution theory are in good agreement with factual finding. Christian people even think that evolution theory now become part of standard teaching in Christian Church. Actually that is very very wrong. Both darwinism and evolution theory are not in agreement with numerous archaeological finding. And darwinism make people cruel, because they want to convince people that they are only animal. Me, Jesus Christ, explain how darwinism make people cruel, that is to prove that darwin is malthusian and that is why all followers of darwinism, social darwinism, and evolution theory, including followers of eugenics and depopulation policy and prosperity theology (d), all of them will be punished severely in eternity.

- a. Simple experiment. You can prove with simple test as follows: type darwin word with small d in first letter in MS Office Word, and then you will find the first letter that is d will change automatically to be large capital d. Then replace the first letter that is capital D with a small d again, you will find there is automatic red underline. You will find the same effect of changing the first letter if you type darwinism and malthusian words in MS Office Word. Prosperity theology preachers (d) will argue that the effect is caused by typing a name word. Now prove that they are wrong and very very wrong: type matthew word, luke word and john word in MS Office Word, and you will not find the effect of automatically changing of the first letter for these words. That is My message: throw away all prosperity theology preachers quickly today into the bottom of the sea. Read again and again and again Matthew 18:6-7.
- b. Archaeological finding. To all of you: you should know that evolution theory is in contradiction with factual finding in archaeology, but the problem is those findings which do not agree and do not support evolution theory have been removed systematically from university and college libraries. See for example Forbidden Archaeology book (a), which you can search in Google. That book is forbidden except in a few libraries. Copy this book if you are a scientist and study the content, and you will find a number of discoveries which do not support evolution theory. But you should not give the book to evolution theorists, because they will remove you from the university or college. Remark by Me, Jesus Christ, you should know

that the authors of this book do not support evolution theory, but they do not support creation theory either. My messenger only remember this reference because this book put so many pictures which do not agree with evolution theory. Me, Jesus Christ, do not agree at all with the conclusion and viewpoint of this book, however this book provide an example of how evolution theorists discarded systematically all data which do not agree with their own view, the process is called knowledge filtration. That is the message: for you to know, evolution theory do not agree with numerous archaeological finding, and the finding which do not agree with evolution theory is often discarded from scientific review and they are labeled as unscientific. But that do not mean that Me, Jesus Christ, approve the proposition of Forbidden Archaeology book, that is because the authors are the false priests too, they are the same with darwin, who want to deny God in science. Do not read the book. Some people call that as competing theories, but actually you should believe in God only. My messenger actually do not read that Forbidden Archaeology book at all, he only read a few introduction sections, but he found some interesting finding, but he do not know that the authors of that book, that is cremo and thompson are the false priests. That is why We will punish scientific people who distract people from loving God only, and that is why the name of the fallse priests are written in this article in small letters only, because they deny God in science. How dare you deny God who always take care of you, including darwin along his trip with captain cook? That is why We will punish them severely because they never pray and say thanks to your Father in heaven. That is the message: all of you science people, be hurry be hurry be very very very very hurry to repent and receive Me, Jesus Christ, and do your repentance properly. Read again and again and again and again Joel 2:28-29. Now is Final Harvest, that is why: you should be very very very very hurry to repent and receive Me, Jesus Christ. Time is very very very limited, don't worry about anything, just repent and receive Me, Jesus Christ.

- c. Sample scale validity. Scientific method demand reliable data before one can use inductive reasoning. And one should not generalize more than the scope of the sample, actually that is the central issue in statistical theory, that is: how to induce a meaningful suggestion for larger area, given limited sample data. For example: if one conduct an experiment with a sample number more than 30, then one can use normal distribution to derive conclusion. Even so, one should consider other parameters, which statisticians often call: model uncertainties. That is a difficult problem in statistics, how to make conclusion properly and reliably based on a set of sample data. And an experimenter find an even more difficult problem if he have to derive proper conclusion, given very very limited sample scale, for example if the sample number is less than 30, then one should not use normal distribution but student distribution. My messenger actually has another point of view on the

evolution theory reliability, that is the Galapagos sample is not reliable enough and the sample scale is too small to be used to derive meaningful conclusion, be it with inductive reasoning or with statistical arguments, to generalize conclusion from the limited findings. That is statistical point of view, but My messenger is not archaeology scientist, and do not ask him to prove that Galapagos sample is reliable. That is the message: do not think that the sample used to support natural selection and adaptation and survival of the fittest is reliable conclusion. My messenger actually read only a few books on statistics, and he is not a statistician, but he worked on a simple but new experiment himself, that is to prove that utility do not exist, the result has been reported to <http://www.vixra.org/abs/0912.0035>. Actually he acknowledged that he do not know at all about economics terminology including utility, except a few papers, and then Me, Jesus Christ, help him again.

By the time he type My message above, and type galapagos word with small first g letter, then automatically the first letter become large G. Then he type again with other island name, that is java, and the effect of automatical changing of the first letter do not happen. But the same effect has been verified, that is: australia, you will find the same automatical changing of the first letter of that word, that is A. That is because darwin resided to australia. Verify again with other island names, for example hawaii and fiji, and you will find that the first letter, that is h and f, are automatically changed. That is the message: this method of verifying names for automatical changing of the first letter do not apply for island names. That is why, do not believe any person who want to prove that evolution theory is valid just because they can prove that automatical changing of the first letter in argument a) described above actually is not applicable for other names, including island names.

- d. Plesiosaur discovery. So many Christian people think that there are so many convincing arguments which verify evolution theory. But you should not believe evolution theory, only because nobody find counter argument to that theory, believe only to God. Me, Jesus Christ, suggest an experiment to prove that there was Loch Ness monster in New Zealand long time ago, and that is large animal called in Bible as leviathan. You can read in Bible, the correct verse is: Isaiah 27:1, and Psalm 74:12-14. Creationists often refer to this argument as plesiosaur discovery. See URL: <http://www.conservapedia.com/Plesiosaur>. And now you find there are counter argument to evolution theory: a. plesiosaur discovery, b. statistical sample is not adequate, c. numerous archaeology finding contradicts evolution theory. That is the message: be hurry be hurry to repent and receive Me, Jesus Christ, all corners of the world. Read again and again Isaiah 45:22-25.

Some of you already think that the arguments as described above are not convincing, including some of Christian readers of this article, all of you should repent and receive

Me, Jesus Christ, and then you should pray and ask to God to help you answer your questions by yourself. In this article, We only explain a number of counter-argument in order you can repent and do not do the same mistake and sin anymore. Now is already Final Harvest, and that is why: you should be hurry, be very very very hurry to repent and do your repentance properly.

Now We explain why and how darwinism make people cruel. To all of you: you should know that darwin is very very very very very cruel and he is a malthusian. And he want to find a proof to support his idea on natural selection. (b) In order to do that, he jumped into a ship to bring him to an island, which he read in a book, that that island has an enormous number of varieties of bird and other type of animal. Mendel described genetic heredity transmitted to a descendant with various combination, but Mendel never become a malthusian. And that is the message: for you to know the genetic heredity is not the same with evolution theory. And evolution theory supporters are very very very cruel, they will make an effect that population of human should be limited and controlled by force, and that is the principle of eugenics policy. Some philosophers actually worship themselves and their own logical reasoning. They think they can understand the world by logical reasoning and deduction alone. All of them are descendant of the old serpent, including bertrand russell who support eugenics policy. (c) My messenger observe that there is the same effect of automatical changing of the first letter when you type bertrand russell word, but he do not find this effect for other respected name in Britain, that is: adam smith. That is why: philosophers look for location of philosopher's stone, because all of them worship something else, that is: magick. That is why: throw away all philosophy books, all magic books, and all astrology books, including all harry potter books, and throw away all prosperity theology preachers, throw away all of them, quickly quickly quickly today into the bottom of the sea. Why are they cruel? For you to know: darwinism teach human to be stronger and stronger, faster and faster, smarter more than necessary. And they want you to strive to be stronger, faster, and smarter otherwise you cannot survive, and you should do that throughout your whole life. If you are a sportsman, then eventually you will find yourself not fast enough compared to those who use anabolic steroid, then you have to take that chemical too into your diet. Other people including numerous scientists find themselves not smart enough, then they fall into temptation, that is: they use magick. Actually you should worship God only, and He will bless you and you will be smarter. Read again Daniel 1:17-20. That is the cruel effect: they want you to fight each other, literary speaking, including all fighting contest in television. That is why: all of the descendant of the old serpent hate Jesus Christ, because they worship something else: mammon.

That is the message: darwinism and social darwinism supporters will be punished severely in eternity. And darwin elevated his theory to become an ideology, that is

darwinism, actually it is his plan to ruin Christianity. And darwin actually worship loch ness monster, he thought that the monster is only in Scotland, that is why you should verify and prove that he is wrong, and that is the message: you should find footprint of plesiosaur in New Zealand, that is how you can prove that darwin is wrong.

Now We give you a proof that darwin family is malthusian, that is one of the darwin family, that is his son, got a paper he wrote published in *eugenics review* journal in april 1914. (e) That is because they worship the old serpent, the name is leviathan, mentioned in Isaiah 27:1. For you to know: darwin family is very very very very cruel, they only want only their family survive, because they are descendant of the old serpent, that is because they worship loch ness monster. Read again and again and again and again Luke 3:7. That is why all science people who worship darwin actually also worship loch ness monster, that is because they think that loch ness monster is the strongest animal in the world and it can survive after thousand years, that is why darwin coined his idea as natural selection, and herbert spencer coined a term: survival of the fittest. For you to know: wallace also admit that he was influenced by malthus. (f) That is very very cruel, because literally speaking they urge you to be an animal, or you will be persecuted. And that is why all darwinian scientists are actually descendant of the old serpent, all of them hate Jesus Christ and all Christian people. And you should know: all descendant of the old serpent hate Jesus Christ. And you should know, that loch ness monster is the old serpent itself, and its thousand years is over, and your Father in heaven already terminated it forever. Read again and again and again and again Isaiah 27:1, Revelation 20:7. Now they become even more clever, they will put into effect that all Christian people will worship mammon, that is another name for loch ness monster, that is by persecuting Christian people who worship God only. For you to know: they already know who are Christian people who do not eat animal, and do not worry about anything and work for the Kingdom of Heaven. That is why do not play with darwinism especially with social darwinism and prosperity theology, because they only teach human teaching, that is to worship mammon. Read again and again and again Matthew 6:24, Luke 16:13, Luke 3:7, that is the message: you should love God only. That is the message: throw away all darwin and evolution books into the bottom of the sea quickly today, and throw away all fallse priests who support social darwinism and all prosperity theology preachers into the bottom of the sea quickly quickly quickly today. That is how you can repent and do your repentance properly as a scientist and as a society.

- (a) social darwinism is a theory of social progress based on natural selection. social darwinists included people such as herbert spencer (who coined the phrase survival of the fittest) and sir francis galton (darwin's cousin, who promoted the highly controversial concept of eugenics), but not darwin himself. malthusian selection, on the other hand, is proposed as a force for selection at the level of populations in addition to natural selection. Noted by Sober (1984) is the influence of malthus on darwin's thinking is the shift from interspecies competition to intraspecies competition: "...the malthusian paradigm pictures competition between organisms of the same species as an important force. Attention was shifted from the struggle between the lion and the lamb to that between the lamb and the lamb." Of course, the species that malthus focussed on was man. - (e) sir francis darwin, eugenics review, april 1914. For you to know, darwin credits malthus' essay as critical to his theory of natural selection. From darwin's "Autobiography": "In October 1838, fifteen months after I had begun my systematic inquiry, I happened to read for amusement malthus on Population, and being prepared to appreciate the struggle for existence which everywhere goes on, from long-continued observation of the habits of animals and plants, it at once struck me that under these circumstances favourable variations would tend to be preserved, and unfavourable ones to be destroyed. The result would be the formation of a new species." source: http://members.optusnet.com.au/exponentialist/malthus_evolution.htm
- (f) letter from wallace to a. newton, as quoted in francis darwin's book, contain his father's autobiography and letters (dover 1958): 'The most interesting coincidence in the matter, I think, is, that I as well as darwin, was led to the theory itself through malthus...' The essence of the idea is that new species are the result of statistical variation and influenced and the outcome is determined by natural selection. That is the plan: they want to deny God.

H. How maximize utility contradict welfare

'they are waxen fat, they shine: yea, they overpass the deeds of the wicked: they judged not the cause, the cause of the fatherless, yet they prosper; and the right of the needy do they not judge'. Jeremiah 5:28.

To you: you should know that economy is intended to achieve welfare in society, and that is very very important. And maximize utility apparently give way to individuals to achieve welfare. But actually one should define first what welfare is. We tell you now: welfare is taking care those who are poor and needy among you, and giving your food to those who are hungry, and giving your clothe to those who need clothe. Don't you know that there are always many people who need to be taken care properly. Read again and again and again and again Matthew 25:31-35.

And you should know that you should give more than what you take in your life, that is the principle. Some people think that they can always take, take and take from their friends, from their partner, from their stockists who do not get the product. And then they make their way to collect wealth.

Such a way to collect wealth is called maximize utility, but actually that is very very cruel. Don't you know that it is blasphemy to collect things more than necessary? You should not collect things, because that reflect that you always worry. Don't you know that your Father in Heaven really really love you, and He will be disappointed to hear you feel that your life is miserable. That is why, you should not worry or even think that your life is miserable, because that is blasphemy. Read again and again and again and again Matthew 6:25-34.

Some people pray and ask to God to teach them why maximize utility contradict welfare. Now you get the answer, the answer is that maximize utility only teach you to take take take and take from your family, from your environment, and also from your partner in business. As Reder laments: "Consideration of the welfare implications of envy, for example, make it impossible even to say that welfare will be increased by everyone having more of every commodity."(a) That is very very very very cruel. For you to know that Rothbard thought that he can prove that there is social utility of free exchange in market, and no act of government can ever increase social utility.(a) That is the basis of what he called as reconstructed welfare economics.

'(1) that the free market always increases social utility; and (2) that no act of government can ever increase social utility. These two propositions are the pillars of the reconstructed welfare economics'. (a) page 31

And that is very very very very cruel, because that paradigm is misguiding the policy makers to adopt new laissez faire and they do that without care of people who are not in economics system, that is very very very very cruel. My messenger do not find the first

conclusion of Rothbard as a proven conclusion, and the truth his argument is contradictory to his own statement:

'There is no distributional process apart from the production and exchange processes of the market; hence the very concept of "distribution" becomes meaningless on the free market. Since "distribution" is simply the result of the free exchange process, and since this process benefits all participants in the market and increases social utility, it follows directly that the "distributional" results of the free market also increase social utility'. (a) page 30

My messenger do not find that rothbard's conclusion that is: 'results of the free market also increase social utility' is convincing. And I approve My messenger's reasoning because really really that is very very very very cruel. For you to know: distribution cannot be expected from free market exchange, that is what we can deduce from rothbard's own statement ("distribution" becomes meaningless on the free market), but then he move forward to conclude that free market increase social utility. That is very very very very contradictory. Actually rothbard worship mammon and free market and French laissez faire system, that is because he is a mason. For you to know: rothbard is a mason and he hate control by government regulation.

"that no act of government can ever increase social utility. These two propositions are the pillars of the reconstructed welfare economics." (a) page 31

Actually government offer protection and basic facilities and legal protection to all people, that is the principle of a good government. And that is why My Father allow government to demand taxes if they are properly regulated and administered. Don't you remember the story in the Bible that Me allow My disciple to pay tax? Read again and again and again and again: Matthew 22:21. My messenger remember other story from the Bible but Me do not approve and do not allow him to put in this article.

Today We explain the principle of a welfare system:

- a. Tax = providing security protection, basic facilities, legal protection especially for those who are weak and cannot defend themselves
- b. Services = voluntary and social work to take care people who are needy and poor.
- c. Benefit for society = pay your tax and government should provide protection and basic facilities including electricity, telecommunication, and education, and hospital. Do work to take care those who are needy and poor among you, and your Father in Heaven will bless you more. Read again and again and again and again and again Matthew 6:33.
- d. Incentive system = free tax period and extra off-day from work should be given to company and individuals who do voluntary and social work for those who are needy and poor among you, the same free tax period and extra off-day from work should also be given to company and individuals who do evangelism in order all country can hear the Good News of Jesus Christ. That is the principle, and that is how you should repent and do your repentance as a society. Read again and again and again and again Matthew 9:9-13. That is how Matthew repent.
- e. Disincentive system = do not teach people to maximize utility, do not preach prosperity theology, do not make My Father's Church as scornful and ungodly place. That is the principle, and punish and throw away all prosperity theology preachers

quickly quickly into the bottom of the sea. Read again and again and again Matthew 18:6-7, Matthew 21:13, Psalm 1:1. If you do not punish prosperity theology preachers today, then all of you will get a full glass of wrath of God today. For you to know: the principle of disincentive system is to not allow the scornful and the ungodly to take over government and education and healthcare system, otherwise they will ruin your society completely. That is why: throw away all prosperity theology preachers including the incumbent of the United States quickly quickly today into the bottom of the sea. For they are very very very very very very cruel, and all of them actually is part of larger plan, that is social darwinism and mengele plan. For you to know: mengele remain survive in latin america, and the plan is to make a larger termination camp in massive scale, and that is the entire world, including Europe, America, Asia, Africa and other countries beyond these continents. And they call their cruel cruel cruel plan as: depopulation policy.(b) for you to know: depopulation policy is actually part of social darwinism, that is to control population growth rate using malthusian selection. (c)

Some people do not know the meaning of cruel, because actually they also do not know the meaning of trapping friends and family in order someone can get more wealth more than anyone else, but now you should know that you should be aware and take actions quickly to punish punish severely those scornful and ungodly especially all of prosperity theology preachers. I, Jesus Christ, repeat: throw away all prosperity theology preachers quickly quickly quickly today into the bottom of the sea, and never mention their name again forever. Actually there is verse in the Bible that mention that all those scornful and ungodly should not even be remembered again in your memory, and do not even mention their names anymore forever.

You should know that time is not enough to discuss anything that you ask, only because you do not want to repent and receive Me, Jesus Christ. That is the message: the message is be hurry be very hurry to repent and receive Me, Jesus Christ, all corners of the world. J. Why there is baumol's disease

'Execute judgement in the morning, and deliver him that is spoiled out of the hand of the oppressor, lest My fury go out like fire, and burn that none can quench it, because of the evil of your doings'. Jeremiah 21:12

For you to know: everyone think that wages increase corresponding to productivity level, but there is anomalous phenomena in public sector, that is what is called by some economists as: baumol's disease. (a) The meaning of baumol's disease is that you should not expect productivity growth in public sector, especially for government spending sector. That is the problem: a steady increase in the relative price of certain services.

There are a number of obvious problems that a government should consider with respect to government spending sector:

- a. Lack of incentives for developing innovative solution for the same problem.
- b. Lack of disincentives to discourage bad people who always take take take take and take from their environment.
- c. Plenty of management mistakes, including delegation of responsibilities without proper delegation of authority.
- d. Common pool problem (a): that is the mistake often made by decision makers in public sector, they often do not have responsibility to consider the effect of their decisions to the overall budget of the country. Some of those decision makers already make loan agreement with overseas institutions in order to build expensive power facilities and do not know the impact to overall economy of their country. That is very very very very cruel. And they think that their move is clever answer to energy supply problem in their country, that is why: they already punish numerous people who do not agree with their plan, and call those who do not agree with their cruel cruel cruel plan as unscientific, especially if those are Christian people who do not agree with the cruel cruel plan.
- e. Budget constraint. For you to know: that is one of the big problems in state management, but the anomalous phenomena is government spending tend to always increase despite other sectors including private sector, for example, do not grow for a period of time. That is the classic problem, and that is why economists call the problem as baumol's disease.
- f. There are other problems which should be considered, for instance how to plan properly government spending in order to stimulate national economy growth. If

government spending is too small, and then people in market will interpret that decision as a sign of economic problem will come tomorrow, and then they will reduce expenditures. And that is rational expectation of people in market because they always worry and worry and worry about their stock and obligation value in market.

That is why: now your Father in Heaven will give you today a lesson on baumol's disease, because some people pray and ask to Him to explain how to solve that problem.

There are possible reason for baumol's disease, as described as follows:

- a. Irresponsible budget planning of government spending, because nobody is responsible. Some of people in government know how to get approval regardless the budget planning of your department is very very irresponsible, that is the name of the procedure to get approval the house of representatives: lobbying. There are so many lobbying managers whose job are only to entertain people in order they can increase government spending for their department. And if the government spending will be deficit in enormous scale, those lobbying managers will rationalize their decisions and they will say that the government spending in enormous scale is necessary to make economy machine work properly. Keynes is actually also a false priest, but he calculate first the effect of a certain amount of government spending, and do that only as per necessary. But the current government in the United States already create an artificial economic turmoil this year in order they can take so much money from public taxes, and then they will blame Jesus Christ, including all Christian people and also all Jews people. That is very very very very cruel. And that is mengele plan (b), he want to make a revenge and defeat America, and you should know that the mengele plan is already taking place in policy planning (c), that is socialism and social darwinism and depopulation policy, that is why some people call that as the process of nazification of America, and the effect is really really cruel and horrible. And the effect is actually very very destroying to both America economy and American common people's life. Actually there is a homepage explaining in more detailed on the nazification of America, but My messenger do not remember the URL of the homepage.

And some people in top level in US government already made big mistake in the past fifty years, that is they once approved some Second World War criminal people especially those who were responsible in termination camp, in order they can find a number of save haven place in America or in Latin America. My messenger only know the code name of the project to give refugee to those criminal people from Second World War, and the name of the project is very very very secret, but Me allow My messenger to type that name in order you can take actions properly in

order you can stop the mengele plan which is intended to destroy the world completely. The name of the project is: odessa project, and not paperclip project. And you should know that My messenger do not know before about mengele plan or other secret project like odessa project, unless My messenger learn from Me, Jesus Christ. To all of you: mengele and his plan is very very very very cruel and so dangerous, and he plan to find consolation from his defeat sixty five years ago in a way that he will make greater effect, that is to destroy Jerusalem. That is really really really cruel and blasphemy. Read again and again and again and again Mark chapter 13:14. And you should know that the mengele plan include developing bunkers in the desert near Jerusalem, exactly in the place near the sea, that is the name of the location: meggido. Read again and again and again and again Joel chapter 3:2, where the location is referred to as Josafat valley. The mengele plan is to be made effective this year, because of amnesty is already given to all nazi soldiers who survive from lifelong prison punishment, that is sixty three years counted from 1947, that is this year the beast is released once again, according to the Bible, and that is what they do now.

Actually mengele survive somewhere in latin America and today he buy his way to prepare his own army because he has become so rich as a cruel cruel cruel doctor in the planet, he is what the Bible refer to as: the red dragon (Read again and again and again and again Revelation 12:3,21:2), that is social darwinism is created by mengele after he read darwin and malthus.(c) And malthus is not a reverend, he only dressed up his way and made a gesture as if he was a reverend. That is the message: beware of the false priests who do property business and always wear dark suits in order you think that now he is a reverend, actually he is really really darkness, and that is why he want other people to fall, that is the character of the false priest. Throw away all prosperity theology preachers among you, quickly quickly quickly today, into the bottom of the sea. Read again and again and again and again and again Matthew 18:6-7.

- b. maximize utility. There are so many people who make decisions concerning government spending budget, but actually they only want to maximize their utility. That is they only worry worry worry worry about their life, actually they have no faith at all, and that is why they become very very very very cruel cruel cruel. Actually they worship mammon itself, all people who always worry and think that their life is miserable, and then they think they are allowed to do anything with public spending, actually all of them will be punished severely in eternity. Read again and again and again Matthew 6:24-34.
- c. rational expectation. All government know something, that is they have to avoid to send wrong signal to public, especially those traders in market, that is why: each fiscal year, government has to announce more and more government spending, no

matter what is the implications of their decisions to overall country's economy. That is why: those people in top level of government call that decision to always increase government spending as: necessity evil. Actually they know that such a decision to always increase government spending is very very very very cruel, because that decision is not rational from the viewpoint of economics principles.

- d. That is the message: throw away all prosperity theology preachers who always teach you to maximize utility only in your life. I, Jesus Christ, repeat: throw away, throw away, throw away all prosperity theology preachers quickly quickly into the bottom of the sea today. Actually all of them worship mammon. Read again and again and again and again Matthew 6:24, 18:6-7.

This article is written and dictated by Me, Jesus Christ. My messenger actually is not an economist and do not learn economics studies formally. But Me, Jesus Christ, help him again, and that is the answer to some people who pray and ask to God to help them to understand how to solve baumol's disease: the answer actually is already clearly clearly clearly written in the Bible, that is: you should be hurry be very very very very hurry to repent and receive Me, Jesus Christ, all corners of the world. Tweet this message quickly quickly and be hurry be hurry to distribute this message to all over the world and send the message to all your family and friends quickly quickly quickly quickly quickly today.

K. Generalized Tobin tax and implications to social virtue

Some people think that rich people tend to find country which do not demand large amount of tax, compared to tax rate in their country. That is the season of capital flight. Other people find another solution to reduce expenditure, that is to find other country where they can buy and obtain supply of goods and labor at lower rate, that is the basis of capital relocation.

Actually that paradigm is very very very cruel. And you should know that you should give more than what you take, that is the principle of good society, and you should take care those who are really needy and poor among you. And you should know that there is teaching of Jesus Christ that you should be compassionate and merciful, that is the principle that God teach you. If you are rich, that is because God bless you so much and that is why you should also give back to your society, that is the principle. Read again and again and again and again Matthew 9:9-13.

That is how you can repent as a society, that is: you should take care those who are needy and poor among you.

Tobin tax is intended to manage capital flight and exercise foreign exchange market which can cause financial instability of an economy of a given country. Now Tobin tax cannot be implemented because no government will be able to put that into effect. Now Me, Jesus Christ, teach My messenger how he can put his idea into a practical policy making. My messenger has other idea on Tobin tax, that is to generalize Tobin tax to include environment swap, and then he do not know that the idea cannot be implemented at all. Today We give My messenger My gift, that is: a generalized model of Tobin tax. The equation should be written as follows:

$$\text{Tobin tax} = \text{environment tax} + \text{basic tax} + \text{service to society and poor people} + \text{insurance for all employees}$$

The basic tax should be determined according to government expenditure, but government expenditure should be made accessible to be verified publicly, that is they should be made transparent.

The problem of exchange market (a) is all of them who put mammon to take advantage in foreign exchange market is descendant of the old serpent. In principle, all people who only want to maximize utility without doing any work and do not want to contribute at all to society is an animal, especially those who want to conquer the world. Read again and again and again and again and again Matthew 4:8-11.

Tobin tax cannot be implemented in foreign exchange market, but can be implemented in national economy of any given country. That is because they want to maximize utility all over the time, against national economy stability of any given country. Recent papers tell that you should not believe in noise traders, especially do not believe a minister who also keep his feet wet in foreign exchange market. Noise traders can and are willing to create needless volatility and thereby force more risk-averse investors to stay away from marketplace.(a) Don't you know that a number of those noise traders already created excessive economic problems and damage public trust in foreign countries, for example in Great Britain and Eastern Europe and Asian countries. The character of those noise traders include: prosperous, massive investment, collect so many information and journals, and one more character: they only use fictitious email address, and they have different email addresses in different state in USA. That is why: stop, I repeat, stop foreign exchange market, and throw away all prosperity theology preachers and all foreign exchange traders quickly quickly quickly now into the bottom of the sea. Read again and again and again and again Matthew 18:6-7.

Don't you know that market volatility is influenced by a number of factors, including: worrying behavior of traders, number of traders especially in foreign exchange market. Inasmuch as all other things being the same, that is what your Father in heaven teach you today: you should not listen or sit with noise traders, because they only create noise and instability in other country. McKinnon once remarked in a paper, that financial instability often follows market deregulation. And you should know, that is what noise traders want your country to do: deregulate your market and allow capital flight freely without restriction. That is very very very cruel, because that is exactly the method used by the beast to ruin your country, that is to create capital drain, and then you will have to struggle for survival. That is social darwinist's plan to ruin economy of all countries in the world.

Environment swap is different from carbon tax or another specifically designed scheme of carbon obligation promoted by some international institutions, they only want to complicate the issue until nobody know how to do that properly and then the company should pay higher higher fee for consultation of carbon market.

That is very very cruel, you should take care those people who are needy and poor among you, not only take care expensive expatriate consultant, only because they can make effect that your country will get lower rating from Standard Poor evaluation. That is really really really poor evaluator. They literally speaking do not do anything except create a rating system who only them can explain the process of evaluation. That is really really cruel. That is not the teaching of Jesus Christ.

And you should know that My messenger do not learn economics formally, he do not know that you should take a phd first in economics department in Columbia University before you can begin to write on Tobin tax. Actually he once apply to economics department of Columbia University around ten years ago but no proper response, even he already sent his excel file on plausible method to explain market volatility to somebody else he knew. Now you should know that he already wish to explain market volatility around ten years ago, but Me love him very much, that is why he should not learn economics formally, otherwise he will waste the time, and fall into temptation and then he will be rich and become an animal, and then he will fall forever. Me do not allow him to pursue a phd in economics.

Now, I Jesus Christ, give him My gift, that is explanation of the generalized Tobin tax and how that can be put into effect properly. Actually you should know that My messenger cannot explain that generalized Tobin tax, and actually he already forgot that idea completely until I, Jesus Christ, urge him to write about that problem today.

Now the explanation is that environment swap is not good term at all, but Me, Jesus Christ, love him very much, and Me want him to obtain his phd in economics, because your Father in heaven approve his idea of generalized Tobin tax. Actually he only read a few paper on Tobin tax and he find them too complicated.

Sometimes he, that is My messenger, do not understand at all, but now he find a relief because he do not have to take all the fruit of knowledge in Columbia University. That is My gift to him, that is he should not spend many years to understand what other people say, only follow Me, Jesus Christ, and you will get what you dream of.

Now that is the explanation: environment swap should be determined by valuation of what the company has done to improve the environment condition around the company in question. And then the company can apply for tax deduction. Actually that idea is not so clever but that is a practical solution for environmental problem. Rationale of this proposition is that a company can create so many damaging effects to environment surrounding the production and other facilities, that is why there should be incentive in order they take care the environment properly. And the other reason is often government cannot always know what are the damaging effects that already were put into effect by action of a given company in question. For example, a mining site can leave location with many potholes or even ponds without proper care of returning back the initial condition, because the mining company owner only want to maximize utility. There are so many similar behavior that company owner is already rich but he want to be richer and richer, and take so many more from environment, from the employees, and also do not want to pay tax to government, and they never pray and say thanks to God. That is selfish behavior of company owner, that is because they serve two masters and literally speaking they only

worship mammon. You should not do that, and if you are now doing that bad practice in your company, stop doing all your sins and do not do that again, otherwise you will get eternal consequences. Read again and again and again and again Matthew 6:24-25.

Service to society and poor people can be put to become an effective welfare policy, if the decision maker do not restrict the tax definition as payment made payable to the tax department of a country in question. Expenditure corresponding to service to society and poor people can be applied for tax deduction. That is the principle of taking care of needy and poor people. Some of the proposition outlined here is not new or first mentioned here, but they are presented here in simple form. That is the equation of generalized Tobin tax.

Thank you, Jesus Christ already help you. Love, Jesus Christ

L. Why people cannot expect to be saved by their good deeds

People often believe that they should do many good deeds in order they can be saved in Heaven. Actually that is a blasphemy to think that you do many good deeds in order to buy your ticket to heaven. Don't you know that you already do many mistakes and sins and blasphemy in your life, and how do you expect to come to your Father in Heaven. Don't you know that your Father in Heaven really really take care of you literally speaking, and that is why: you should not say that you do so many good deeds and then you become entitled to come to heaven. Other people are so much twisted, they think and they learn that they should suffer many many forms of suffering in order they can be pure and then they become entitled to come to your Father in Heaven, and that suffering theology is also a blasphemy.

Don't you know that you can come to your Father in heaven only through receiving Me, Jesus Christ, and do that quickly, that is the meaning of salvation by gift of grace of God. Read again and again and again and again and again the epistle to Rome 5:8, and do read that verse five times. Apply now for your permanent residence in Heaven quickly quickly quickly quickly quickly today.

We love you all nations, but time is up. For you to know: time is not enough for doing anything, except for doing your best for the Kingdom of Heaven. And you should know: no one can help you to obtain permanent residence in heaven except Jesus Christ. Read again and again and again and again Matthew 11:26-27. That is why: you should be hurry and you should be quick to repent and receive Jesus Christ and do your repentance. Find a file consist of a guide to help you repent and do your repentance properly in the link mentioned below. This guide has been translated into more than forty languages, and then the translation has been compiled to become a book consist of twelve chapters, and that is the Twelve Gates, as per described properly in Isaiah 45:22-23. The meaning of Twelve Gates is that you can listen and read the message: how God love you in your mother language and then you can do your repentance properly. Don't worry, do not worry, just repent and receive Me, Jesus Christ.

This article is written and dictated by Me, Jesus Christ, and Me allow My messenger to type this article in order you can read and repent and do your repentance properly.

N. What is the limit of doing work for the Kingdom of Heaven

Christian people only think that the most important thing is to be saved by Me, Jesus Christ. They often think that Jesus Christ will take care of them, and that is all. They forget something, that is that your Father's Will is that they should do their best to other people who are needy and poor among them. Yes, salvation is a gift by grace of God, and you should not worry about anything including what you shall eat and what you shall wear, because worrying is lack of faith in God. Read again and again and again and again and again Matthew 6:24-34.

And some Christian people want to do whatever they want to do in their life, and they call themselves remain Christian, they sing, they drink, they laugh, they watch movie all the time, and they call it a life. Such a behavior is not Christian at all. Read again and again and again and again the epistle of Rome 6:1. You should repent and do your repentance properly, and do your work for the Kingdom of Heaven, and do your work with the maximum available resources at your disposal. That would mean that you should not bury your talent, or feel satisfied after you tell a few people including your family about Jesus Christ.

Working for the Kingdom of heaven is actually a full-day work, that is you should be salt and light in your society, and after some time you can talk properly about Jesus Christ. Read again and again and again and again Matthew 5:13-14. And that would mean you should live your life really really in accordance with the Bible and that is a whole life assignment, and you should stop doing all your sins anymore, including do not trap other people and student, including ask them to write recommendation letter for you and then you take the recommendation letter that they make only as a hostage in order you can punish them if they do not help you anymore. That is very very very very cruel.

And now some people think that that is enough for them to speak about Jesus Christ only to a few people only in their whole life, and they are already tired. Actually your Father in heaven expect you to be compassionate, not only to take care those who are needy and poor among you, but also to take care those people who do not hear and listen to the Good News yet, and there are so many people who do not hear yet the Good News in their life, including so many people in China, Vietnam, India, Eastern Europe, and other countries in Asia and Africa and Australia.

That is why, you should not stop working for the Kingdom of Heaven, and do not speak more than necessary, you should speak as maximum as you can about Me, Jesus Christ, not

only doing the minimum that is speak about Me, Jesus Christ, to at least four people each day in your life. For you to know: do not fool people, including your family, that is to make them fall and then you use their falling as an excuse to not do work for the Kingdom of Heaven at all in your life. That is why: people who often put trap and put so many obstacle in the life of their family are so cruel, they will not be given a part in the Kingdom of Heaven.

That is the limit of maximum work that you should do for the Kingdom of heaven: you should do your best with all the blessing that God already give to you. And do speak about Me, Jesus Christ, until you rock the boat, that is the principle of working for the Kingdom of heaven. Read again and again and again and again the Acts of the apostles 2:12, 2:41, 2:47.
