### a. The meaning of twelve gate

People often think that Jesus Christ will come again, but it will not happen this year or next year. Do not fall into temptation to forget to prepare for My coming. Do not punish your brother and sister because you think you are better than them, or because you think you work harder than them. Do not think you deserve to be blessed more than other people and then you put so many obstacles to other people in order they fall, and then you use their fall as an excuse for yourself to keep doing as many sins as you like.

Some people already hear that Jesus Christ will come again if Twelve Gates are opened. They read that Twelve Gates are not opened yet, that is why they think that Jesus Christ will come again but not very soon. Actually Twelve Gates are already opened.

Take your time and please read Isaiah 45:1-2.

Actually the meaning of Twelve Gates is that God will call people by His grace from many directions of earth, and they will listen to Him in their languages. And they will turn their back and come to God Himself. Please read carefully Isaiah 45:22-25.

We love you all nations, be hurry to repent and receive Me, Jesus Christ. We will come again very very soon, therefore let yourself be saved. Repent, repent, repent. It is your life. Time is very limited, be hurry to repent and receive Me, Jesus Christ.

## b. Situational leadership in evangelization

We often read that there is only one situation for evangelization. That situation is often called evangelism campaign. This situation is preferred by evangelists, because they can reach a large number of people effectively. But actually there are different situations for evangelism which should be taken care properly. This article takes care these situations based on categorization as described by Dr. Ralph Winter in his report (Winter 1975). He categorizes evangelism situations as follows:

E-0 : Christian people at name only

E-1 : Christian people in the same nation

E-2 : Non-Christian people with similar culture

E-3 : Non-Christian people with different cultures.

We extend further this categorization in order to take care properly people with different needs. We consider here only two more situations:

E-4 : Non-religion people and difficult people

E-5 : People with personality disorder problem.

Situational leadership is used here because it reminds us to leadership typology based on the context of people (Hersey 1972). For example if some people have the required education to do a job like translation, but they are not willing to do that, a leader should motivate them. In different situation, some people may not have the required education to do a job, but they are willing to do that, therefore a leader should train them. In other situation, there are people who have not both the required education and they are not willing to do a job, then they require special attention. It can be very difficult to take care these people, therefore leadership is a gift by grace of God.

In this article Me, Jesus Christ, put Situational Leadership into evangelism situation:

### a. E-0 situation

Christian people at name only actually requires special attention, because often they face some difficulties in their life. Some of them do drugs in order to avoid the pain

caused by their problems. Some of them need special attention, because they are not taken care properly. But most of all their problems are that they do not repent and receive Jesus Christ. We should take care properly these people in order that they can repent and receive Jesus Christ. Find a guide to help them repent and receive Jesus Christ in <http://GoodNews.getfreehosting.co.uk/digfile/cms/index.php> (login with 'visitor'). This guide can be used in weekly sermons or Bible study. Other churches may use this guide in regular cell group meetings.

b. E-1 situation

Christian people in the same nation can be addressed properly in evangelism campaign or with radio broadcast, television or other channels of mass communication. Some of them need special attention, that is why private evangelization is an effective way to speak about Jesus Christ. Their problem is actually the same with E-0 people, they need to repent and receive Jesus Christ. You can find a guide to help these people to repent and receive Jesus Christ in the link above. The situation is different if these Christian people did something terrible in their life, like trapping other people. In that situation they will not be forgiven, unless God give them repentance by His grace only. All of them should repent and receive Jesus Christ first before God bless them again. Please read Isaiah 1:18-20.

c. E-2 situation

Non-Christian people with similar culture often need special attention too. Most of them already believe that they choose the right way and they do not like to change. Actually these people do not want to admit that they choose the wrong way. And they hate people who show them that they do make mistake.

The only way for them to be saved is that they should repent and receive Jesus Christ, and stop doing all their sins including blasphemy. Blasphemy includes serving two masters, please read Matthew 6:24. Other type of blasphemy is that they do not admit that only in the name of Jesus Christ they can be saved (please read the Acts of Apostles 4:12).

Contextual evangelism should not make mistakes of allowing these people to keep their wrong belief along with Christianity. Otherwise that would make them doing blasphemy too, and they will be punished severely if they allow people to do that, please read Matthew 11:26-28. They should repent and receive Jesus Christ otherwise there is no way to come to our Father in Heaven.

Hindu and Buddhist people should know that the problem is not in suffering, but in their sins. The only way for them to be saved is that they must repent and receive Jesus Christ.

Moslem people should know that the problem is not in lack of good deeds, but again the problem is their sins. They should admit their sins, repent and receive Jesus

Christ, stop doing all their sins, and read the Apostles' Creed and the Nicene Creed. They should be able to read at least one of these creeds from their memory without reading text. And they should give themselves to be baptized, and attend sermons regularly in nearest church. Find a guide to help these people in the link above.

d. E-3 situation

Non-Christian people with different cultures need to be taken care properly by telling them that they really really need to repent, receive Jesus Christ, and stop doing all their sins. But they need to see examples in their cultures. Example here means people who live in accordance with the Bible and in the teaching of Jesus Christ. That would mean that evangelists should be the examples in the cultures where they serve. That is very difficult to do, that is why evangelism is a gift by grace of God. There should be a praying team to support this evangelization.

Evangelists should also make it accessible for these people to read Bible in their language. Find a guide to help these people to repent and receive Jesus Christ in more than 30 languages. The guide has been translated and compiled into a book contain eleven chapters each consist of four to six languages. If you cannot find the language you need in this book please kindly translate from English version (chapter 1). The book can be found in the link

<http://GoodNews.getfreehosting.co.uk/digfile/cms/index.php> (login with 'visitor').

e. E-4 situation

Non-religion people and difficult people also need special attention. They often trap themselves in their own trap. They do not care that they need God, in this way they do blasphemy and therefore they will be punished forever. They should know that there is no good deed they can do before they repent, receive Jesus Christ, and stop doing all their sins. Take your time and please read Rome 3:9-18.

Some of them can be saved but it is only a gift by grace of God through Jesus Christ. Find a guide to help these people to repent and receive Jesus Christ in the above link.

These people only rely on themselves in every problem they face. Actually they know they cannot solve their problems, but they do not admit that they cannot solve their problems because they are so proud of themselves. And this is a blasphemy, and they will be punished unless they repent and receive Jesus Christ.

f. E-5 situation

People with personality disorder need very very special attention, because they do not see where their mistakes begin. They often think that they are normal, but actually they do all things in their life in hate and anger. Hate and anger may come from their past, but they forget that they are responsible for the condition of their

heart. Anger can lead to depression, but in other people anger can lead to destruction to other people's life.

And some people think it is their right to make punishment and to trap other people. These people are chronic examples of those who do sins too many times, until they do not know what happen with their life. Please read carefully Rome chapter 1 until chapter 3.

Some people need proper medical treatment in psychiatry clinic, including those who too many times do many sins including blasphemy and pretend that they are good Christian people. We can call these people suffer split personality disorder, but actually they do too many sins in their life and their character is altered. It would take a lot of God's grace in order they can repent and receive Jesus Christ, and stop doing their sins, because they really really cannot stop doing their sins and they do not know how to do things other than doing their sins.

Find a guide to help them repent and receive Jesus Christ in the link above.

Evangelists should ask someone who has been trained in psychiatry in order to be able to help them.

This article is written by me but actually this article is dictated Jesus Christ literary word by word; me is only His messenger and me have not been trained as professional servant in church, but He allow me to write this article in order to help preachers and evangelists do their job properly. You are allowed to read this article and this is His gift too.

### c. Denial of service in evangelism

Most Christian people think that they already do God's Will in their life. They go to weekly sermons in church regularly, and they do pray each morning and they read the Bible. But they do not want to speak about Jesus Christ to other people who live surround them. This is denial of service in evangelism.

The problem is actually they are afraid of being treated improperly if they witness the glory of God. Actually they are afraid of human being, and they do not fear of God who create them. The problem is fear of God equals to faith and therefore lack of fear of God means lack of faith. And then they worry about their life too much.

Take your time and please read Matthew 6:24-34.

What is worrying? Worrying is lack of faith to God. If you worry about your life that means that you serve two masters, because you worship God but at the same time you rely on yourself. Actually God really love you and God take care of you and your family each day. Relying on yourself includes that you pretend that you know better than God Himself in choosing words to say without His permission. Actually you do not have the right to do that. And if you think that you can do your work better than God, it is a blasphemy. And that is why serving two masters is a blasphemy. Relying on yourself is a blasphemy too, because you never know the effect of doing your work improperly without God.

Other people do denial of service in evangelism differently. They think that God's grace will be given to all people including those who do not believe, do not repent, and do not receive Jesus Christ. This is wrong belief because if you do not repent and receive Jesus Christ, it is impossible to come to our Father in Heaven. Please read Matthew 11:26-28.

Evangelists should be careful of this wrong belief because some Christian people use this belief to deny that they must speak about Jesus Christ and how God love the world and that people should repent and receive Jesus Christ.

Evangelists should also be careful of other wrong belief that is the belief that

Christian people should give up their faith in order that they can survive. Actually they worry about everything else except their own life, please read again Matthew chapter 6:24-34. God know what you need and that you need them, but seek first God's Will in your life and work for Kingdom of Heaven, and all other things will be added to your plate.

There is other wrong belief that evangelists should be careful, that is the belief that Christian people could say that there is other name who can give way to people to come to our Father in heaven. Please read again Matthew 11:26-28. Actually this is a blasphemy too. There is no other name in whom people can be saved except in the name of Jesus Christ. Please read the Acts of Apostles 4:12:

“Neither is there salvation in any other: for there is none other name under heaven given among men, whereby we must be saved.”

Other Christian people put obstacles in the life of their family who do evangelism, in order that their family can fall, and therefore they can use their falling as an excuse for not doing evangelism. And that is a blasphemy too. It is evil work.

Other Christian people think that they should not speak about Jesus Christ to other people surround them because they are Calvinist. They think that God will call all people who are chosen to follow Jesus Christ, because He is powerful and He can call people to follow His beloved Son, Jesus Christ, even *without* they do evangelism. Actually this is wrong belief because Christian people should speak about Jesus Christ and how God love them, that is their job. Please read Matthew 28:18-20:

“And Jesus came and spake unto them, saying, All power is given unto me in heaven and in earth. Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost: Teaching them to observe all things whatsoever I have commanded you: and, lo, I am with you always, *even* unto the end of the world. Amen.”

Other Christian people do other mistake, they think that other people already do evangelism in so many years, and therefore they do not have to speak about Jesus Christ themselves. Actually they should speak about Jesus Christ to at least to four people each day in their life. Evangelists should be careful to this type of mistake, because they can use it as an excuse for not speaking about Jesus Christ

in their life. Actually they worry too much about their life. Please read again Matthew 6:24-34.

Some Christian people think that Jesus Christ will not come again soon, they expect that they can speak about Jesus Christ later in their life may be ten or twenty years from now. Actually this is wrong belief, Jesus Christ will come again very very soon, and you should make fruits in your life, and therefore you should speak about Jesus Christ at least to four people each day in your life. Find a guide to help people to repent and receive Jesus Christ in this link [GoodNews.getfreehosting.co.uk/digfile/cms/index.php](http://GoodNews.getfreehosting.co.uk/digfile/cms/index.php) (login with 'visitor'). Print the guide and copy as many as you can, and distribute the copies to as many countries as you can, including Asian countries such as China and Vietnam. Please pray and ask to God first before you select a language for your country. Be hurry to repent and receive Jesus Christ and then speak about Jesus Christ at least to four people each day in your life.

Other Christian people do not know how to speak about Jesus Christ properly to people surround them, and they use this as an excuse to not speaking about Jesus Christ. Please find a guide to help them to speak about Jesus Christ in the link above.

This article is written by me but actually this is dictated by Jesus Christ literary word by word; me is only His messenger and He allow me to write this article in order to help you take care properly Christian people in your church. He allow you to read this article, and this is a gift by grace of God.

### d. How to do evangelization with only two bread

Christian people often think that they cannot do evangelization, even if they really want to do that, because they find themselves lack of theology education, and they do not join an evangelism ministry, and they are only college students, street workers and professors. They think that it takes a long long time to be specialist in evangelism, and they are not prepared for doing that.

Actually it is not quite true. You can do evangelization even if you are not a preacher and you do not join an evangelism ministry, and you only do have two bread and five fishes. You can do something great, but you should repent and receive Me, Jesus Christ, and do your repentance properly. After that you should read the Apostles' Creed and Nicene creed, and you should be able to read at least one of these creeds without reading text, that would mean you should practice to read these creeds numerous times until you can read them without reading text, and you should also attend weekly sermons regularly. And you should pray and ask to your Father in Heaven to help you to do His Will in your life.

You should know that evangelization require a lot of prayer work, and the fruits are the result of Holy Spirit's work. The most important thing is you should do evangelization according to what Holy Spirit guide you.

Take your time and please read Matthew 14:13-21.

The principle that our Father teach us today is that evangelization can be done if you give all you have and give them to Jesus Christ. And the first thing is you should give yourself, and do your work for the Kingdom of Heaven and you should love God with all your heart, with all your soul, and with all your mind. You should find someone who is hungry around you, give your bread away to him. And you should also tell him that the bread are from Jesus Christ. Tell him that Jesus Christ come to earth to save him. For God so loved the world, that He gave His only begotten Son, Jesus Christ, that whosoever believeth in Him should not perish, but have everlasting life. Please read John 3:16.

This article is written by Me, Jesus Christ. That is the message: be hurry, be hurry to repent and receive Me, Jesus Christ, all corners of the world. Please tweet this message and distribute it quickly to all your friends.

### e. Cultural approach in evangelization

Christian people who work in evangelism think that cross-cultural evangelism is the most difficult to do for evangelization. They think that cross-cultural evangelism need special person who can take care people @in different cultures. That is why Dr. Ralph Winter address this question in his paper (a), the essence of his paper is that there are two types of evangelization: Home Ministry (HM), and Foreign Ministry (FM). And then he combine these types with four evangelism situation, that is E-0 (Christian people at name only), E-1 (Christian people in the same nation), E-2 (Non-Christian people with similar culture), E-3 (Non-Christian people with different culture). The problem is that special person who do cross-cultural evangelism is very few, because that would require a lot of time to educate those missionaries who can do cross-cultural evangelism. Further problem is that introducing FM may cause misinterpretation, that is why We introduce FE instead for 'Foreign Evangelization,' and HE for 'Home Evangelization.'

Actually we can consider another type of approach for doing cross-cultural evangelism, that is Social Network Evangelization (SNE). A number of experiments have shown that one can reach any given person in only few steps. We can call that 'six degree of separation' principle (b). For example, if you have to send an ordinary mail to a person who you don't know, and he lives in Finland, then you can always find someone who is nearer to the person who should receive the letter. We extend further the 'six degree of separation' principle into evangelism situations, that is by introducing social network (c).

Ralph Winter consider evangelism situations with these two types of evangelization, that is:

HE-E-0: Home Evangelization for Christian people at name only

HE-E-1: Home Evangelization for Christian people in the same nation

HE-E-2: Home Evangelization for non-Christian people with similar culture

HE-E-3: Home Evangelization for non-Christian people with different cultures

FE-E-0: Foreign Evangelization for Christian people at name only

FE-E-1: Foreign Evangelization for Christian people in the same nation

FE-E-2: Foreign Evangelization for non-Christian people with similar culture

### FE-E-3: Foreign Evangelization for non-Christian people with different cultures

Evangelism institutions often think that foreign evangelization require extensive education, and only few persons can do that. Considering that time is very very limited, then it is necessary to reach as many people as possible, in order that all people from all corners of the world will listen to our Father's Voice. Please read Isaiah 45:22-25, Matthew 28:18-20. That is why We consider the Social Network Evangelization, which mean that evangelization can be done with the help of social network. Therefore the evangelism situations can be extended with:

SNE-E-0: Social Network Evangelization for Christian people at name only

SNE-E-1: Social Network Evangelization for Christian people in the same nation

SNE-E-2: Social Network Evangelization for non-Christian people with similar culture

SNE-E-3: Social Network Evangelization for non-Christian people with different cultures

Some Christian people think that it is difficult to do Social Network Evangelization (SNE) because they would have to send plenty of postal mails. Thanks to new communication technologies, people can do evangelization with social media. Actually evangelism require you to meet people in person, but the purpose of evangelism is to distribute the Good News quickly, and that is why We can consider that evangelism can be done with social media methods. Of course, great evangelists like Billy Graham can continue mass evangelism (d), but they can urge Christian people to do their part with social media.

Now we will discuss each of these methods. You should remember that you should pray and ask to God first before you do evangelism with social media, because you don't know the effect. You should be careful with what you are doing and to whom you send message. And you should remember that this method is only to help you to introduce the Good News to new Christian people, don't do that to send message to non-Christian people, and don't do that to send message to threaten people, and don't do that for trapping people in order they fall, and don't do that to connect to anti-Christ. We should emphasize here, you should repent and receive Me, Jesus Christ, and do your repentance properly before you do evangelism, and before you send the message that Jesus Christ. We say again, you should pray and ask to God first before you do evangelism.

You should remember that social media is only to help you to send the message of Good News quickly, you are allowed to do evangelization with social media only as per necessary. Do not push yourself to do evangelization with social media, and you don't have to buy new phone in order to do that. You should do your repentance properly before you do evangelization with social media, and you should also speak about Jesus Christ at least to four people each day in your life, and don't do evangelization at all if you only want to

chat with your friends with social media. Chatting is not evangelization. You should pray and ask to Holy Spirit first to guide you before you do evangelization.

- a. SNE-E-0: you can do with electronic mail, short message, facebook, electronic newspaper, youtube, and the most important invite them to <http://www.tangle.com>
- b. SNE-E-1: you can do with electronic newspaper, television, radio
- c. SNE-E-2: you can do with Tangle, Tagged, hi5, even actually the last two media is not acceptable for doing evangelism
- d. SNE-E-3: you should reach them with Twitter, and other method of rapid short messaging. Even better if you can translate first into the language of people whom you plan to read. There are other methods of social media and social bookmarking like MySpace, but your Father in Heaven do not approve them.
- e. SNE-E-4: in another article we discuss evangelism situation which consider Non-religion people and difficult people, they are people who need special care actually but your Father in heaven really really love them. You can reach them with facebook, blogger, youtube, publishing guide to repent and receive Me, Jesus Christ.
- f. SNE-E-5: there are people with personality disorder. They can do things beyond imagination of human being, like trapping people in order to make them fall, and then they will use their falling as an excuse to terminate those people. And they pray, pray, pray to request that their family should executed forever. Actually their problem is that they feel that they are already doing good things for Kingdom of heaven, but actually they only do to many sins in their life. Please read Jeremiah 5:26-31. How to take care these people? You can only do social media in order to invite them to meet in a group of people with similar problem. And then introduce them to the Good News, and tell them that they really really need to repent and receive Me, Jesus Christ, and do their repentance properly. Other people suffer split personality disorder, actually they already do too many sins in their life. They need to repent too and do their repentance properly. Some of them require proper medical treatment, therefore it would need to invite people with special training in psychiatry clinic. Some of them do not surpass the development stage as described by Jean Piaget, they need special counseling.

We summarize these evangelism situation in the following table:

	E-0	E-1	E-2	E-3	E-4	E-5
HE	HE-E-0	HE-E-1	HE-E-2	HE-E-3	HE-E-4	HE-E-5
FE	FE-E-0	FE-E-1	FE-E-2	FE-E-3	FE-E-4	FE-E-5
SNE	SNE-E-0	SNE-E-1	SNE-E-2	SNE-E-3	SNE-E-4	SNE-E-5

This article is written by Me, Jesus Christ. Me allow you to read this article in order you can read and repent and receive Me, Jesus Christ, and do your repentance properly. Me allow My messenger, that is this writer, to type this article in order you can repent and do your repentance properly, and then you can help to do evangelism according to God's Will in your life. That is the message: be hurry, be hurry to repent and receive Me, Jesus Christ, all corners of the world. Please tweet this message and distribute this message quickly.

### f. How rosicrucian sect ruin anglican church and subsequent denomination

do your best to not fall into temptation to think that your presbyterian church or other congregation without proper introspective and proper repentance of your own problem, do not overcriticize to other congregation only because the other church are not lutheran or are not calvinian or are not episcopal. Don't you know that since the reformation in the mid seventeenth century there are a number of sect who join the bandwagon of reformation and then they literally speaking extend the scope of the battle to become fierce rebellion against the Church. Don't you know that actually martin luther only want to criticize over practice of selling a number of spiritual merchandise in order to rebuilding and renovation of Roman Catholic Church, but by the end of seventeenth century then a number of sect already participate into the reformation movement and then all of the sect join to become protestantism.(a) And don't you know that if you type all of those name word in MS Office Word including catholic, protestantism, lutheran, calvinism, presbyterian, episcopal, and anglican and rosicrucian, and you will find an effect of automatically changing of the first letter for these word except for the word catholic. Actually the real toxic to the Church of Jesus Christ are rosicrucian and knight of templar, and don't you know that they are behind so many war prior to reformation movement?(b)

And that is why: you will find that that is quite uneasy for you especially all of you who grow up in a protestant family including My messenger who were born in a Christian protestant family, but Me, Jesus Christ, already help you all Christian family and your Father really really love you very much, but you should know that some of your congregation are actually already absorbed into the darkness, that is some of congregation are part of rosicrucian and freemasonry movement, including anglican church.(c) And that is why you will read in history that a number of a very very very very very determined Christian who happen to be british statesmen fall into a big big big mistake that is to do blasphemy and accept nomination and award to become candidate of becoming messiah in Jerusalem, and that is oliver cromwell.(d) Don't you know that there is other people who fall very very very very very deep to a number of ancient alchemy and that is a modern word for magic and blasphemy with a number of component, and that is isaac newton. And that is how you read in a number of book that isaac newton actually are one of member of freemasonry and priory of sion. Don't you know that some of those people who participate in royal society is actually part of freemasonry and all of them fall to denounce their faith, including isaac newton, but at his deadbet Isaac newton return to his Christian faith,(e) exactly because Me, Jesus Christ, really really love him and that is why: a number of

scientist meet Me, Jesus Christ, personally and that is only by gift of grace of GOD. Read again and again and again and again and again the epistle to Ephesian chapter 2.

Don't you know that actually there is a pattern of all scientist who work very hard to discover something really really really really really new in science? That pattern is that some of them become really really really really really absorbed into their effort to become the most powerful and the most knowledgeable scientist in the world, but after a while then they find themselves to succumb into the power of the old serpent, and that is why: all scientist who eat too many fruit of knowledge are literally speaking are descendant of the old serpent.

And that is why: do your best to not fall into temptation of worship your intellectual power or worship the serpent of wisdom. And don't you know: that is why nowadays not so many scholar can keep their faith as a Christian, exactly because as you acquire more and more information, and then that information transform you to become a descendant of the old serpent, that is because you become even more powerful and dangerous, and then you will be prone to become arrogant and then you become a false prophet and you will ask all people to worship you. My messenger actually already write an article sometime ago around not less than a decade ago, when he were working as an engineer, that is concerning a rather awkward proposition and that is about gravitation of information. Actually My messenger are not sure anymore about that proposition, and that is why he do not want to publish his article to a scientific journal. But another colleague that is carlos Castro already wrote a scientific paper which then included in a book with title quantization in astrophysics, brownian motion, and supersymmetry, and that is a scientific paper discussing relation between fisher information entropy and nonlinear schrodinger equation. Actually that idea of gravitation of information is that information can be expressed as a very very very very very small amount of mass, and that is because photon can be conceived as information, and each time you measure or register a photon light wave, actually you receive a piece of information. And then a number of physicist actually agree that photon acquire mass, and that is why: information should in principle have a small small small small amount of mass. Some of you will not accept that proposition because even a number of physicist do not accept that photon is massive rather than massless, but actually that is what actually your Father in Heaven approve. And concerning impact of information to a scientist's destiny, My messenger can give an illustration, and Me allow him to put that illustration here in order you know that that proposition can actually happen to all of you theoretical physicist: all of you who only read and read and read and read so many number of publication and periodical and book will fall and fall and fall and fall and fall because of your weigh increase along with your accumulation of information.

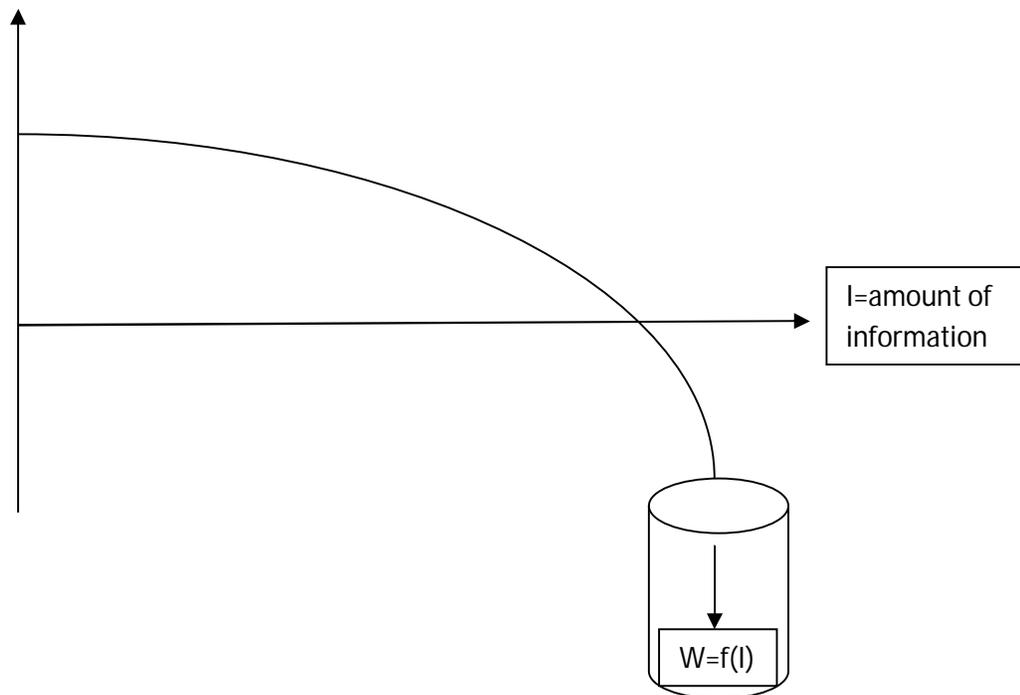

Figure 1. how acquiring information excessively can make you fall

The aforementioned illustration is only a sketch in order you realize that information accumulation can make you fall fall fall fall fall forever, because your weigh actually include weigh of information that is a holographic memory at the upper side of your brain which your Father in Heaven allocate for you each time you read a book or learn a new knowledge. And how dare you learn something new without ask for permission to your Father in Heaven. And how dare you read so many book and so many other cheap trick that you call magic without approval from your Father in Heaven. And that is why: some of you who already read so many and so many book will tend to sit or sleep on the floor, that is because your body cannot sustain anymore that you sit on a chair, and that is the meaning that you have tendency to fall fall fall fall and fall deeper exactly because of you already acquire too many excess baggage and that is your memory are already full of information.

Don't you know that some of you will not believe that that is true, but you can be more convenient with that idea if you remember that information is a function of shannon entropy, and that is exactly a function that correspond to Boltzmann statistics, and that is why: information can be regarded as a gas in holographic space. And after you accumulate a number of information, you will find yourself even more lazier and paralyzed, and that is punishment for all people who only want to spend their time to read and read and read and

read and read without producing something useful, and without communicate at all, and without speaking about Me, Jesus Christ.

In principle, you can describe that your body weigh plus your memory weigh are attributed and influenced by a function of information amount that you acquire along your lifelong time. And that is what you know that can make you fall and fall and fall and fall and fall forever. In the past century especially in medieval age until eighteenth century, only a number of royal family in Europe and America can acquire a private library, because university are not plenty and book are pricey, and that is why only if you are duke of duchess or you are very very very very very prosperous family, then you can read read read read and read and then you become a scientist, including Lagrange, and other knowledgeable mathematician from the past. But that is exactly what make them fall to become atheist, that is because then they will be so proud and arrogant, and that is exactly the same pitfall because of eating too many fruit of knowledge. Read again and again and again and again the book of Genesis chapter 3. And that is how so many noblemen such as Isaac Newton fall fall fall fall and fall because he want to be the most advanced scientist at his time, but he end up to develop something, and that is magick and so many cheap trick of alchemy. But at his deadbed only Me, Jesus Christ, come to him and then he repent and receive Me, Jesus Christ.

So many year so many year, actually only a few scientist can admit that their information is not complete, including Richard Feynman. And also My messenger do not read too many science book, except a number of scientific paper. But that scientific paper actually already weighy and can intoxicate human mind, including My messenger's mind, and that is why: now he repented and receive Me, Jesus Christ, again and then nowadays he only work for Me, Jesus Christ.[1][2]

And that is why: to all of you scientist people and all noblemen, for you to know that scientist all of you actually already absorbed into worship the old serpent. That is why all of are also descendant of the old serpent, either you do with scientology or even if you are a rosicrucian or you remain in a church, because you worship cleverness and philosophy and mathematics, and that is how all of you fall fall fall fall and fall forever, unless you work out a plan to repent and receive Me, Jesus Christ, in order you can be saved, o generation of viper! And this morning some people ask whether there is solution for you even after you eat too many fruit of knowledge including you eat too many mathematics book such as string theory or you already dance in the night numerous time in order you can be the most clever scientist, including some people who work on multidimensional cosmology or quaternion or other clever word theory. Don't you know that you are saved only if you repent and receive Me, Jesus Christ, and do your repentance properly and seriously in order you can repair the damage that you already made, and that is why: do your best to speak about Me, Jesus Christ, and do your best to not fall again to worship the serpent of

wisdom, and do not worship number theory or a series such as fibonacci. And that is why: throw away all darwin book, all dawkins book, all ron hubbard book, all philosophy book, all dan brown book, and all social darwinism book, all stephen jay gould book, all stephen hawking book, quickly quickly quickly quickly quickly today into the fire.[2] And that is how you can do repentance properly as a person, and now some of you ask how severe is the situation: don't you know that newton fall because he did too many magick trick in order to be clever scientist, but actually some of his book are also intoxicated by rosicrucian thinking including a number of gnostic thinking. And that is why: actually what you know as gravitation constant G is a symbol for gnostic. You can type again in MS Office Word a number of other word, that is gnostic, gnosticism, darwin, fibonacci, and also masonic, and then you will find also an effect of automatic capitalizing of those word, even if you type these four word in all small letter. And that is how you find that all of those who worship science are actually intoxicated either by gnostic, gnosticism, darwin, masonic, or rosicrucian, or atheism. And that is why numerous and almost all scientist except only a very very very very very few Christian people who are really really really really really so dedicated to their faith and refuse to surrender to darwinism or gnosticism, including a very very very very very few people who work in astronomy and astrophysics, all of you who already succumb to gnosticism and apathism to the true faith of Christianity, your destiny actually is to fall fall fall fall and fall forever. And that is why: be hurry be hurry be very very very very very hurry to repent and receive Me, Jesus Christ, and then do your repentance properly and seriously. And then pray and ask to God to help you to repair the damage in your brain memory.

And in order you to get an idea how that can be put into an illustration, the following is only to help you figure out how important is for you to repair all the damage of all your previous mistake, including all of your junkie scientific paper which you put into writing with all ocean of ink and do not predict or explain anything useful, and without approval from your Father in Heaven. For you to know: scientifically speaking all of you need reparation of brain damage at very very very very very extensive way, including a very very very very very old physicist who always give talk and seminar concerning it from bit theory but do not comprehend at all what he is talking except he repeat numerous time a number of jargon such as metric tensor, all of you actually require a number of optical brain surgery and reverse engineering of your serpent blood in order you can return to become human again. And that is why: do your best to repent and receive Me, Jesus Christ, and do your repentance properly including pray a number of consecutive time the our Father in Heaven prayer. And then do your fast properly including drinking hot water only, and that is your preparation in order your Father in Heaven can help you with your brain damage. Your Father in Heaven really really really really really love you, and that is why do your best to do not do anymore all your mistake, and do not read again all your science book except the Bible, because all of you need time to recover until your holographic memory surgery is

completed. And that is why: do your best to repent and do your repentance quickly quickly quickly quickly quickly right now!

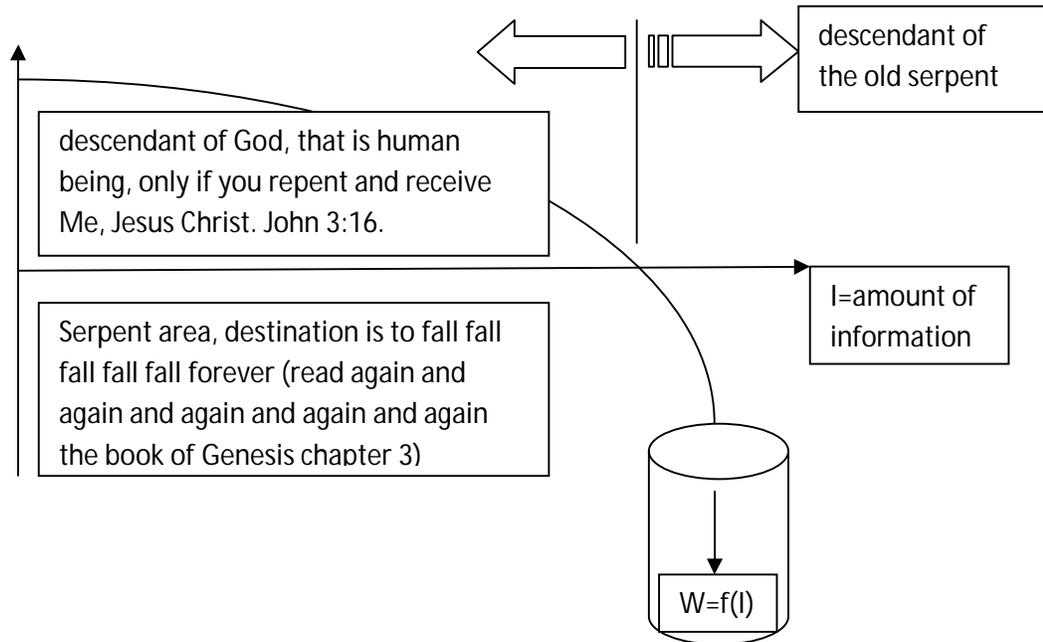

Figure 2. there is a limit amount of information, beyond which you will become serpent

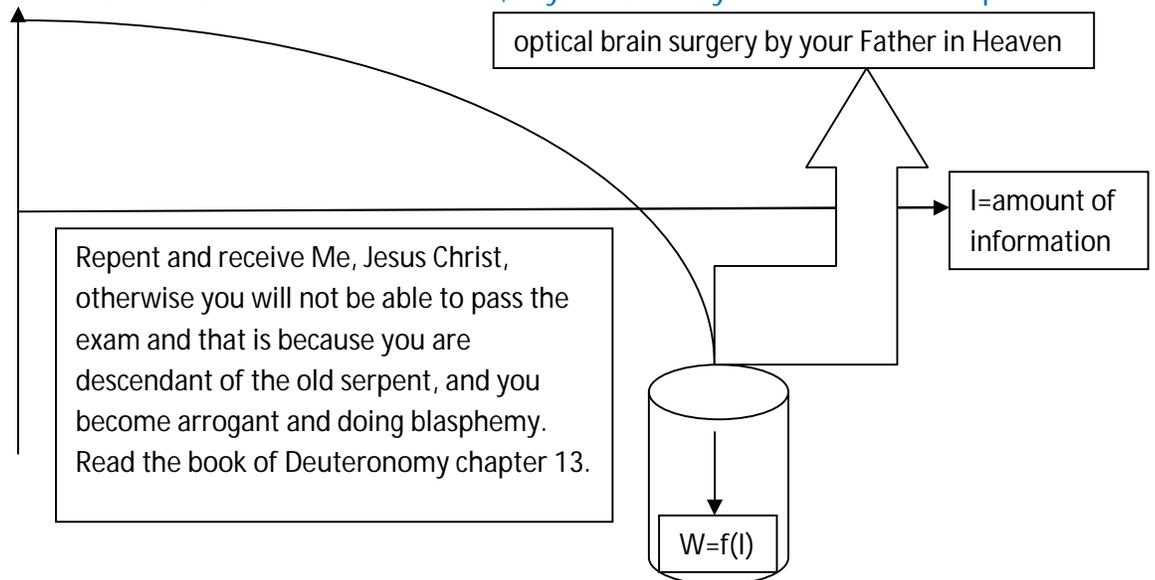

Figure 3. how your Father in Heaven repair your brain damage after you repent and receive Me, Jesus Christ.

And that is why: do your best to pray and say thank to your Father in Heaven, for all His kindness and forgiveness to all of you. Read again and again and again and again and again the book of Psalm chapter 112. And that is how you should live as Christian people: all of you should also be compassionate and be merciful, and that is the teaching of Me, Jesus Christ. Read again and again and again and again and again the Gospel of Matthew 9:9-13.

This article is written and dictated by Me, Jesus Christ. Don't you know, that your Father in Heaven love you very very very very very much, and why you do not want to return to Him, all of you, o generation of viper? Read again and again and again and again and again the book of Gospel of Luke 3:7. Don't you know that if you follow so many sect including rosicrucian sect, gnosticism sect, atheism sect, and so many other sect sect sect and you will be insect, literally speaking? And that is how you really really really need help, but only your Father in Heaven can help you, and that is only because He really really really really love you, even you do so many mistake and so many false scientific calculation and worthless theory, just repent and do your repentance properly. Read again and again and again and again and again the epistle to Rome chapter 5:8.

That is the article for you today.

Love, Jesus Christ

Note: this article is written and dictated by Me, Jesus Christ. Me allow My messenger to type this article and also to draw a number of illustration in order you can realize that all of you scientific people also really really really need help because you are also descendant of the old serpent, and that is exactly because you receive and accept and follow the serpent of wisdom, even if you do not admit or commit in a scientology or intelligent design, you worship evolutionary theory or darwinism, all of you fall in deeper mistake that is worship gnosticism just as what newton did in the past three century ago. Do not do that mistake again and do your best to repent and receive Me, Jesus Christ. Love, Jesus Christ.

endnote:

(a) reformation and protestantism are quite different. Quote: 'how Christians were in fact deceived into joining this order. weishaupt wrote: The most admirable thing of all is that great protestants and reformed theologians who belong to our order really believe they see in it the true and genuine mind of the Christian religion. O man what can you not be brought to believe! These protestants and reformers swell our numbers and fill our treasury...' url: [http://philologos.org/\\_eb-jki/tape05.htm](http://philologos.org/_eb-jki/tape05.htm)

(b) rosicrucian is behind so many war in Europe prior to reformation. Quote: 'From 1641 to 1645, cromwell led a band of puritans into battle during the first british civil war. The financial backers of his military efforts were the rosicrucian. Moreover, the well placed rosicrucian gave cromwell advance knowledge of british troop movements, consequently he won every battle. Later, during his protectorate, cromwell surrounded himself with rosicrucian masons. Some time between the beginning of the british civil war in 1641..., cromwell joined a rosicrucian masonic lodge. Soon afterward the rose croix spread rapidly among the puritans.' url: [http://philologos.org/\\_eb-jki/tape05.htm](http://philologos.org/_eb-jki/tape05.htm)

(c) rosicrucian are behind a number of anglican or england church. Quote: 'Today, presbyterian have no idea that their symbol represents the rosicrucian sun god. In the year 1717 a presbyterian pastor who was also a rosicrucian was one of the founders of english grand lodge freemasonry. Earlier, he had been appointed by king george II as preacher of the king of england. His name was dr. james anderson, pastor of the swallow street presbyterian church in London. Six other protestant who were also rosicrucian stood with anderson in uniting english freemasonry. In 1723 anderson was appointed to write a constitution for the newly organized united grand lodge. We can recognize anderson's apostasy in this constitution for it eliminates the role of Jesus Christ as the sole means of salvation.' url: [http://philologos.org/\\_eb-jki/tape05.htm](http://philologos.org/_eb-jki/tape05.htm)

(d) oliver cromwell accept praise to be messiah by a number of twisted jews society, and that is exactly the origin of tavistock institute. Quote: 'The jewish document that cromwell used to turn freemasonry into the synagogue was the jewish kabbalah. This caused the jews to consider the possibility that cromwell might be their messiah.' url: [http://philologos.org/\\_eb-jki/tape05.htm](http://philologos.org/_eb-jki/tape05.htm)

(e) isaac newton almost denounce his Christian faith, and practice numerous magick trick, but at the end of his life he accept again Me, Jesus Christ. Quote: 'He was also deeply intrigued by some of the early gnostic heresies and wrote a study of one of them and like the gnostic of old, newton was obsessed by the search for a divine unity, a network of correspondences inherent in nature. This search led him into the exploration of sacred geometry and numerology. Toward the end of his life newton apostatized when he became militantly, albeit quietly, hostile to the idea of the trinity. He questioned the divinity of Jesus and avidly collected all manuscripts pertaining to the issue. He doubted the complete authenticity of the new testament, believing certain passages to be corruptions interpolated in the fifth century. A few weeks before his death and aided by a few intimate friends, newton systematically burned numerous boxes of manuscripts and personal paper. With considerable surprise his contemporaries noted that on his deathbed he didn't request last rites of the anglican church.' url: [http://philologos.org/\\_eb-jki/tape05.htm](http://philologos.org/_eb-jki/tape05.htm)

(f) actually that idea to link gravitation to information is not very very new, wheeler already argue in favor of a phrase he coined before and that is 'it from bit,' and that an idea to find connection between newtonian classical mass from information entropy definition. My messenger only read a book written and compiled by a santa fe institute scholar, that wojniech zurek, but My messenger is forbidden to mention the name of that book, because most article included in that book are junkie, except only a few number of contributing volume. In principle all work and publication by santa fe institute are forbidden forever, exactly because they promote tavistock propaganda, and that is why: My messenger do not like at all a number of paper in that volume especially paper by w. zurek. murray gell-mann and another scientist that is bennett and other physicist contribute also in that volume, but My messenger do not agree at all with the general attitude to worship copenhagen interpretation in wave mechanics and also toward generalizing Feynman's path integral wave mechanics into cosmology problem, and that is what you call multiverse, all of them are junkie cosmology paper without even a slight observation at all. Do not follow and do not swallow all scientific paper only because the writer of that scientific paper work or have affiliation in cornell university, ithaca, or caltech, or mit, or cambridge, or royal society of mathematician, or other clever name institute. in principle, you should pray and ask first to God in order He can teach you properly how can you do God's will in your life, and do not only learn learn learn and learn without knowing what is the purpose of what you learn, otherwise you will spend more than forty years to walk in the desert, and that is what happen to all of you who worship dirac, and strong force interaction, and string, and other fancy theory. do not worship fancy theory either only because a number of physicist that you put respect work on the theory, even better you now work and focus to glorify Thy name. Now you know that actually all elementary particle can be described with the help of resonating valence theory of close-packed sphere which are already written properly and adequately by Linus Pauling more than four decade ago. Read a number of paper written by linus pauling in [www.pnas.org](http://www.pnas.org), for example the architecture of molecule published around four decade ago. but My messenger only work a few problem that is quantization of planetary distance during a decade ago, and that is why he do not read properly paper on molecular chemistry.

### h. How you can win fruit making contest

some people do not realize that after they repent and receive Me, Jesus Christ, and then they will have to work very very very very very hard in order they can win the fruit contest, and that is how to make so many and so many and so many and so many fruit for the Kingdom of Heaven. read again and again and again and again and again the first epistle to Timothy 6:12 and also the second epistle to Timothy 2:1-5.

don't you know that who will make large amount of fruit will be given a crown of life, and that is

what you often call as orb.

and don't you know that there are a number of simple principle in order you can make fruit properly for

the Kingdom of Heaven, and that principle are described as follows:

a. tell so many people that Me, Jesus Christ, already come again in Jerusalem, and that is why: all people in the world should repent and receive Me, Jesus Christ. and then they should do their repentance properly and quickly quickly quickly quickly today.

b. use a number of communication technology to accelerate the number of people who listen to My Voice, including so many radio station, television, and newspaper.

c. do not do work for your life anymore, but focus to work for the Kingdom of Heaven.

d. do not put so many obstacle to other people, especially do not put obstacle to other people who do evangelism.

e. do not talk badmouth against Me, Jesus Christ.

f. take care each other and help each other, according to the act of the apostle chapter 2:41-43.

g. do not leave people who already listen to My Voice, and take care of them properly.

h. do pray to God in order you can work effectively for making so many fruit for the Kingdom of Heaven.

do your best to not to talk more than necessary, except to talk about Me, Jesus Christ only. and do your best to do work for the Kingdom of Heaven.

that is the article for you today.

love, Jesus Christ

## i. How do you know that the seven prophecies are already completed

Some people think that they should know first that there are seven prophecies which should be accomplished and completed before one can be sure that the End of Time is very very very very near near.[2] Don't you know that you should not understand all things in the Bible especially concerning prophecies of the End of Time, because if you only want to know when that day will come, you will find that you do nothing for the Kingdom of Heaven at all, and then all of you will be punished severely severely severely severely severely in eternity.

Don't you know that some people think that there should be some sign which you can observe, but the problem you could not comprehend all things in the Bible, because those prophecies are full of allegory and illustrative character. But here in order you to know how much Me and My Father really really love you all Christian people, Me explain to you the meaning of those seven prophecies, and Me tell you now that all those seven prophecies are already completed, and that is why: be hurry be hurry be very very very very very hurry to repent and receive Me, Jesus Christ.

Note: this article is written and dictated by Me, Jesus Christ. Don't you think that God really really really really love you, and that is why: He allow you to live longer, even if you know that all those sign.

Don't you know that there is other prediction but this time by a number of mathematician which happen to contribute few idea in group theory, and he found that there is a pattern in the Bible which indicate that actually the End of Time should be around august 2009. But after some time they know that there is mistake in the random permutation modeling. And after some time they figure out that the time become this year, but he do not find specific date at all. And that is the message: be hurry be hurry be very very very hurry to repent and receive Me, all corner of the world

- j. how reborn again will reverse engineer your character from descendant of the old serpent to become descendant of God

Don't you know that today a number of false preacher do more blasphemy and that is what they plan to do today: they will submit a lawsuit against My, Jesus Christ, messenger and that is how they figure out: they think that the order to close all satanic organization all around the world is only an order by human being, and they do not think at all that Me, Jesus Christ, who order that closing of all satanic organization all over the world, because time is not available anymore after they are given thousand year to do whatever they want to do. Read again and again and again and again and again the book of Revelation chapter 20:1-3, and the book of Isaiah 27:1.

And don't you know that all satanic organization including a big and very very very very very cruel cruel cruel cruel organization, and that is: tiberias organization which are based in Indonesia, all of those satanic preacher and satanic organization only want you to worship them. And that is why: they should be punished severely severely severely severely severely in eternity. Don't you know that if a preacher or a teacher want you to worship them, only because they pretend that they are a credible source of information and then they also want you to believe that their organization is the new church and that is why they want you to separate yourself from the church of Jesus Christ, then the meaning is that they are false preacher and they should be thrown out quickly quickly quickly quickly quickly today into the bottom of the sea. Read again and again and again and again and again the book of Gospel of Matthew chapter 18:6-7, and also the second book of Thessalonians chapter 2.

Don't you know that if you do not become a new born again Christian then you will not be able to enter to the Kingdom of Heaven, because all of you which were not reborn will act according to your character as descendant of the old serpent, and that is why you will not be able to do something good at all. And that is why: you should leave all other religion who tell you their fake story, and that is how they do fake story: they teach you that you can enter to salvation provided you do many many many many good deed in your life. The problem is: how can you expect to do good deed if something inside your heart and that is numerous dragon and numerous animal inside your heart do not want to escape from your heart? Don't you know that each time you do something which is not approved by your Father in Heaven, then a number of dragon will enter to your heart, and after some time your heart is full of those cruel cruel cruel cruel cruel dragon. and if you receive dragon completely, then you receive satan itself. And that is what Me, Jesus Christ, order you to

consider that if a heart is being cleaned by your Father in Heaven and then you invite them back again, then your condition will be ten time more cruel than before. Read again and again and again and again and again the book of Gospel of Matthew 12:43-45.

Don't you know that if you do not do anything in your life, and then numerous dragon and unholy spirit will come again and they will make your life even more ruining. And then don't you know that you should not sit and do nothing, because that is an open way for those unholy spirit, because that is exactly what the ungodly do in their live: they only sit sit sit and laugh at a number of Christian people.

In order you to realize how bad that is to remain in your condition right now as descendant of the old serpent to become descendant of God, and how you can repair some damage out of the numerous mistake that you already make in the past, the following is a table, but do not think that those character are all those bad things, there are numerous other cruel cruel cruel cruel thing that all descendant of the old serpent always do, but something that you should know: all descendant of the old serpent tend to be more and more political in their action, and that is why most of them read and mastering numerous martial art because they want to be more prosperous and acquire more and more power, and they always discuss how to make a new revolution, and their behavior do not comply nor in agreement with the book of Revelation. In other word, all of descendant of the old serpent prepare a political move because they only want revolution, and not revelation from GOD.

The table is as depicted as follows:

character of descendant of the old serpent (Luke 3:7, Matthew 23, and the epistle to Rome chapter 3)	Character of descendant of GOD (read again and again and again and again the first Corinthians chapter 13)	How you can repair the damage caused by your old character, that is before you were reborn again by gift of grace of God
No good deed	Loving and taking care other people especially those who are poor and needy among you. Matthew 25:31-46.	Begin to see people as lamb from a church, and then work hard to make them return back to the church of Jesus Christ. Read again and again and again and again and again the book of Gospel of Matthew 9:9-13, 9:35-38
Numerous cruelty deed	Be merciful and compassionate. Matthew	Stop do cruel cruel cruel cruel cruel thing to your employee, or to your family,

	9:9-13, 9:35-38.	in order you can remove them from your organization or from your house. That is very very very very very cruel. Stop reengineering business process, if you mean by that to make your organization contain less people, and you plan to terminate more than half of your employee number. Don't you know that if you pray and ask help to your Father in Heaven, then surely He will teach you how you can take care properly all your family and all your organization.
Powerful because of magic	Serve each other. Matthew 20:25-28	Begin to serve at least four people around you, including those who are needy and poor among you.
Prosperous because they do not say no to numerous offer by satan (Gospel of Matthew 4:9-10)	Do not serve two master, and if you take from other in order you can maximize your utility, be hurry be hurry to return the mammon back numerous time. Matthew 6:24, 9:9-13	Be faithful and full of faith.
Never praise and say thanks to God	Pray and praise and say thank numerous time to GOD. Read again the book of Gospel of John 15:7-12	Pray numerous time the our Father in Heaven prayer, at least ten time each day until all dragon is removed from your heart by Me, Jesus Christ. Matthew 6:9-13.
Put so many block and obstacle to other people, but	Help people who are being persecuted by other people.	Remove block and obstacle from other people who want

especially to all Christian people (Matthew 23:13-14)	Read again and again and again and again and again the book of Luke 10:30-37.	to enter to the Kingdom of Heaven. And set those people who are prisoned without reason.

### k. how you can do evangelism with petition online

Some people think that you can only do evangelism if you speak face to face with a number of people, actually the most important thing to do is to carry the message: the message is that Me, Jesus Christ, already come again in Jerusalem and that is why: time is very very very very very limited and all people in the world including yourself and all your family should be hurry be hurry be hurry be very very very very very hurry to repent and receive Me, Jesus Christ, quickly quickly quickly quickly quickly today.

Don't you know that if you do not speak about Me quickly quickly quickly quickly quickly today including to all your friend and to all your family, then you should be prepared to answer My question in the Final Judgement, and that is the question: how many people around you who do not listen to My message? And why do they not listen, don't you know that Me, Jesus Christ, give them to you to take care? And that is why: to all of you who prefer to bury your talent and you do not want to grow your talent correspondingly, you will be punished severely severely severely severely severely in eternity.

Some of you have read a number of previous article in this book including article concerning how you can explain the guide to help people to repent and receive Me, Jesus Christ, and also another article concerning how you can do evangelism with social network, but you should not rely on one method only. there is a good method which you can do quickly quickly quickly quickly quickly and that is: petition online.

Don't you know that in a petition you can inform and invite all people that you know in order they can sign in the petition text and then they can forward to other people in order that they can read and then sign in to the same petition text. And don't you know that there is a good petition site, and that is: <http://www.thepetitionsite.com>. The following is a simple description how you can use that petition site in order so many people to repent and receive Me, Jesus Christ, quickly quickly quickly quickly quickly today:

- a. Register as a new user, including key in a username and your password, and the administrator will send to your email address in order you can activate your account.
- b. Open your email address and click on the email that the administrator of thepetitionsite.com send to you, and activate your account by click at the url given by them. Some people think that the procedure of activate account is a bit

cumbersome, but the purpose is that you should not give username and password to other person including all people in your office, you can inform only the url of your petition.

- c. After you activate your account of thepetitionsite.com, then you can begin to enter petition introduction, and if necessary you can include a music or video file in your petition, but do your best to not include too many video file, because your audience of your petition will be confused, even better if you include only your petition site. One example of a text for petition online is a text that is already part of this book, and that is: proposition of resolution of all economist in the world to stop mengele plan. You can include your own text for example resolution of all academician and teacher in all over the world to stop mengele plan, or petition of all hospital worker and doctor in all over the world to stop social darwinism and mengele plan in hospital management, and put that text in your petition site, but you should pray first and ask to GOD only to help you write the petition site in a meaningful and concise way.
- d. Don't you know that a good petition text should not be more than one or two page, otherwise people will confuse of the meaning of your petition site, and then they will not sign.
- e. After you complete with petition text, then invite a number of people including all your family member and all your colleague or all academician society in your town in order they can take participation in your petition online.
- f. In order you can invite numerous more people, do your best to include your petition url along with your petition site in your homepage and also in your blog, and then notify to all your friend that they should be hurry be hurry to sign in the petition that you just create. And then find out who really really really really really help to sign quickly and ask them to help to distribute the petition url and the petition site to numerous other people.
- g. That is the method to introduce petition site in order you can do evangelism to numerous people quickly quickly quickly quickly quickly today.

Thank you thank you thank you thank you thank you, Me already help you.

Love, Jesus Christ

Note: the petition online should be verified first before you invite other people, and do include your petition url in your invitation, otherwise they will not know what to do, and they will not forward your text. Don't you know that this article is written and dictated by Me, Jesus Christ. And that is why: be hurry be hurry be very very very very very hurry to

repent and receive Me, Jesus Christ, all corner of the world. Read again and again and again and again and again the book of Isaiah 45:22-23.

### I. How you can explain guide to help people to repent and receive Me, Jesus Christ

Some people think that a guide to help people to repent and receive Me, Jesus Christ, is too complicated and that is why: they pick up another tractate or pamphlet from another church, and sometime they do not have willingness at all because they do not even know where to begin to speak about Me, Jesus Christ. The guide can be found in online version in more than forty language, and that is: <http://www.esnips.com/web/guidetorepent>. Don't you know that if you do not want to speak about Me, Jesus Christ, at all in your life, then the meaning is that you are really really really really really cruel and you do not have heart at all. Don't you know that if you have heart and you be compassionate, then you will recognize that so many people do not listen yet to the Good News.

In order you to realize all the hidden meaning behind the guide to help people to repent and receive Me, Jesus Christ, you should know that so many people in every country in the world need the guide to help them to repent and receive Me, Jesus Christ. Don't you know that if you do not see that harvest time is almost over, then the meaning is that you really really really really do not repent at all. And some of you do not like the idea that everybody from so many country and from so many tribe in the world should repent, in particular if your family have a number of previous problem with another tribe which is different different than your family's tribe. There are so many cause and reasoning which develop inside your mind and become a mental block which make you reluctant and literally speaking heartless from taking care all people around you, literally speaking. Those reasoning may include one or more of the following:

- a. Your perception that evangelism should be carried out professionally by a famous and reputable preacher and they should do in massive way, for example with more than ten thousand audience.
- b. Your perception that other people with different race or gender cannot repent at all. For example: if you follow some kind of aryan Christian, then you will tend to discriminate other people from listening to My Voice, for example: hispanic and mexican and afro-america tribe.
- c. On the other side: some people who are afro-america are upset with other people especially Christian people who do not have fear at all to all of them and they only fear of God. Don't you know that if you make people scary of you, and then you will be ousted from your office or from your university, then that is your fault, and that is not evangelism at all.

- d. Your perception that only your language is the best language in the world. Don't you know that actually your Father in Heaven can handle all of you with more than three hundred language.
- e. Your perception that you work in the best industry, and that is why: you skip all people who do not work in the same industry, for instance you think that all tax collector like Matthew cannot repent at all, similarly you may think that a movie actor or a pop music singer cannot repent at all. Don't you know that your should have compassionate, otherwise what you are doing is not according to your Father's Will in your life.
- f. Your perception that only your college or your research institute or only your church can repent, and other college and other university should not repent at all.
- g. Don't you know that if you do not repent and do your repentance properly, then you will find that you are very very very very very lazy and reluctant to do meaningful work for the Kingdom of Heaven, and don't you know that the punishment will be even more severe and severe especially if you bury your talent for numerous year numerous year. Read again and again and again and again and again the book of Gospel of Matthew 25:11-27.
- h. Don't you know that if you continue to wear black sunglasses and that is actually your mind perception doing filtration to determine which people who are allowed to enter to the Kingdom of Heaven, then the meaning is that you become as cruel as pharisian people who always put obstacle to other people but they do not even touch that burden. Read again and again and again and again and again the book of Gospel of Matthew 23:11-22.
- i. Some people do not want to do evangelism at all because of so many pressure as a Christian, another people are too worry about themselves especially because they have some not so bright family story in the past which then they used to find an escape by blaming other people, and even if they repent and receive Me, Jesus Christ, then they do not follow Me, Jesus Christ, only. and that is the message: do not do again all your sin and do not allow yourself to be scared of by the false priest and even if you succumb to the darkness power in the past, do your best to not surrender anymore to the darkness power.

Don't you know that actually the guide to help people to repent and receive Me, Jesus Christ, can be simplified in one word that you often call as mnemonic: r-e-p-e-n-t-t. the following is simplified description why the guide can be found really really really really really meaningful if you really really really really really want to be a good disciple of Jesus Christ.

- a. Recognize: do your best to recognize and admit in front of God, that you already make so many mistake in your life.

b. write: write your mistake and all your sin up to now in a blank sheet of paper, do not mention general mistake and sin, but write exactly the sin and to whom you do that sin, and also when you do that. Admit that you also do numerous sin which you do repeatedly because you are compulsive or obsessive, and you do that without even thinking. After you write those sin in a blank sheet of paper, write a vertical line and then in the right side put your promise how you can repair the damage that you already cause while doing the mistake and sin. That is very very very very very important principle: after you admit in front of your Father, then do your best to not repeat again all your sin, and also repair the damage that you cause, and also do your best to ask for apologize to all people who become victim of your mistake. Read again and again and again and again and again the book of Gospel 9:9-13. The following table is only an example to help you clarify how you can do admit your mistake and your sin one by one. Do remember that you should not skip this step and jump to other step, otherwise you will not repent and do your repentance properly.

In order you to do your repentance properly, that would be good for preparation if you do fast for one or two day, and that is from ten p.m. to the next day at 12 a.m., and do your best to drink hot water only outside that fast period. And do your best to read a prayer in the last page of the guide to help you repent and receive Me, Jesus Christ, and do pray according to that our Father in Heaven prayer.

Table 1. example of how you can complete step number two properly

Description of you sin	Plan to repair the damage	Completion status and date
Do not return book from library for one year	Return that book immediately today, and ask for apologize from the librarian. And do not do that mistake again.	Completed today, 17 march 2010
Do not pray often, and do not say thanks to your Father in Heaven	Pray according to our Father in Heaven prayer quickly quickly five time, and pray and say thanks too to your Father in Heaven.	Completed today
Do listen to so many pop and rock music and do not have time anymore to pray	Stop listening to non-spiritual music especially pop and rock music, especially non-Christian music. Burn all compact	Completed today

	disc and disc player of so many pop and rock music.	
Speak harsh word to your mother and father only because they do not have money anymore to give you	Ask for apologize because you often speak harsh word to your mother and your father in earth.	Completed today

- c. Pray: pray according to text that is included in step number three. And put you complete name instead of blank ... Pray quietly in a room and pray meaningfully. Read again and again and again and again and again the book of Gospel of Matthew 6:6-7.
- d. Ensure yourself: be assured that you now already repent and admit your sin one by one in front of your Father in Heaven, and you already receive Me, Jesus Christ. Do your best to read the book of Gospel of John 3:16, and you should be convinced that Me, Jesus Christ, already save you from all your sin. Don't you know that salvation that you receive is actually very very very very very great, and that is why: never think to denounce again your faith, because if your heart empty than a number of unholy spirit will take over your heart again, and you become ten times as evil as before. And do your best to not to speak harsh and do not plan cruel thing to other people around you, even if they treat you improperly. Read again and again and again and again and again the book of Gospel of Matthew 5:43-48, 12:43-45.
- e. Never stop to learn: Ask to a preacher in a church to help you to comprehend better the Bible, but do not ask for help to a number of prosperity theology preacher and do not go to satanic organization's ceremony either. And do not forget that fear of God is beginning of knowledge. Read again and again and again and again and again the book of proverb chapter 1. Attend sermon regularly in a nearest church, and especially do ask first if they are conservative church, and even better if you can go and ask your name to be registered in a catholic church. Don't you know that you can also find a number of book that were written and dictated by Me, Jesus Christ, but you should learn properly, and that is how you can learn properly and meaningfully: do not be hurry to swallow all those book that Me, Jesus Christ, just focus to one or two problem that you already make commitment in step number two that you promise in front of your Father in Heaven that you stop doing again that mistake and sin, and you also plan to repair the damage that you cause. Each day, do your best to pray to Holy Spirit numerous time and ask Holy Spirit to guide you what you should do in your life.
- f. Talk about Me, Jesus Christ, to all member in your family and to all your college student (if you are a student) and also to all your office colleague. Then ask a

number of friend to gather and tell them how Me, Jesus Christ, help you numerous time and also Me heal all your wound.

- g. Teach all people who become interested but they should repent and receive Me, Jesus Christ, first before they can begin to practice the same guide for their family and colleague by themselves. Do not forget to give away to those people who are interested, or allow them to copy from your copy of a guide to help people to repent and receive Me, Jesus Christ.
- h. The above seven step are only a basic step in order you can repent and do your repentance properly. And that is why: do your best to work all the seven step completely without skip a step especially do not skip step number 2, because otherwise you will be only a Christian but you will not do God's Will in your life. Don't you know that if you think you are always in hurry and no time at all even for write all your sin and then ask for forgiveness from your Father in Heaven, then how can you accomplish another duty from Me, Jesus Christ?
- i. Thereafter you should give yourself to be baptized with a ceremony in a church of Jesus Christ. Some people insist that you should be baptized exactly like a number of people in early Christianity age, but actually the most important is you should repent and do your repentance properly. And then you should also pray to God in order you can be baptized with fire from Holy Spirit. And do your best to read the apostle creed and the Nicene creed in a nearby church. Don't you know that at the End of Time, Me and My Father will sit and you should be able to read at least one of those two creed completely without reading text, and that would mean that from now on you should attend sermon regularly each Sunday and you should also practice to read the Nicene creed and the apostle creed numerous time until you can read one of these creed completely from your memory without reading text.
- j. And after the step number seven are completed, do your best to talk more and more and more and more and more about Me, Jesus Christ, and do your best to keep your clothe white, and then you will be given the crown of life. Read again and again and again and again and again the book of Revelation 2:5-7.

Thank you, thank you, thank you, thank you, thank you, Me already help you.

Love, Jesus Christ

### m. Why you should not do magick

Don't you know that your Father in Heaven really really love you and He always take care of you, that is why: do not worry about anything, don't worry about anything to eat or what you shall wear. Do you see all fowls in the sky who do not reap and who do not sow, don't you see that they can always find something to eat and to give to their family? That is because your Father in heaven really really take care of them, and He also take care all of you literally speaking. Read again and again and again and again and again the Gospel of Matthew 6:24-31.

Don't you see that all of you is already intoxicated by the old serpent, that is dragon. All it do in its life is intoxicating people, that is why: it will be punished in eternity severely. Read again and again and again and again and again: the book of Revelation 20:1-3. And all of you who do magic, that is because you want to solve your problem but you do not have patience and faith to pray to your Father in heaven. And then you also think that you have to do something to solve your problem quickly otherwise you do not know what is going to happen, that is the meaning of worrying. Read again read again read again those text mentioned above for your consolation. And for you to know: worrying and mammon and greed is beginning of all evil work in your life. That is because some of you think that you are blessed less than other people, that is why: they decide to increase either their power, their knowledge, their strength and also their prosperity. Don't you know that that is forbidden and blasphemy to think that your Father in Heaven really really do not care and do not love you at all. That is how you make magic, that is because you stop love your Father in heaven, and then you begin to listen to other voice: that is the old serpent, and the scornful, and the ungodly, and then you fall you fall you fall you fall and you really really change destination to fall forever.

Some of you do magic with other people, that is sorcerer and wicker, and some of you read book on hypnotism, nlp, anthony robbins, and book of secret, and other books by new age thinkers, and also harry potter books, all of them teach you how to worship something else, that is magick. Don't you know that british people are literally speaking all of them descendant of the old serpent? That is because all of them do magic and they do not want to repent at all, that is why: do not follow british way of life. Some of them only do whatever they like in their life, and that is why they will drink a full glass of wrath of God. Other people like Sweden people worship satan, that is why: they put another toxic in church that

is satanic teaching. Don't you know that they put a pattern of pentagram in some of the church? Don't you know that germany people fall into other mistake and faults, that is they are addicted to eat so many fruit of knowledge, including so many forbidden knowledge, including doing so many blasphemy, because they think that would increase their ability to absorb more knowledge, that is very very very very very fatal mistake, and that is literally speaking satanic teaching: you should do blasphemy and you will get more knowledge that is forbidden by God. And the old serpent will teach you that that knowledge will set you free and you will be more handsome, more richer, more prosperous, and become equal to God. Don't you know that that is very very very very very old teaching of the old serpent? Read again and again and again and again and again the book of Genesis chapter 3.

Don't you know that germany people read so many philosophy books and they also worship philosophy, including schopenhauer, nietzsche, zarathustra, and other false teaching, that is how they fall fall fall fall fall and fall forever, unless they repent and do their repentance properly. Other European people like Italy also fall into other type of false teaching, that is duality which is very very very very very satanic, because they read in so many books that there is always duality in each thing in nature, and that is why those people worship duality, and they do opposite things at the same time. Yes some of them are very very very very very intoxicated and doing goodness only in public, and then do the opposite thing that is very very very very very cruel thing in darkness. That is the meaning of split personality disorder, don't you read a story of doctor jackel and mister hide? That is the meaning of split personality, that is because some of you doing so many blasphemy and then you do not know how you can do otherwise, and then you will be terminated forever.

Other people in india worship old serpent, as you see in so many cartoon on those Indian people who play flute in front of dancing serpent. Don't you see that is blasphemy to play flute in order the old serpent will dance? All Indian people are so intoxicated by the old serpent, and that is why they will be punished forever because all of them do horrible mistake and sins in public affair, that is hypnotism, magick, and blasphemy and you call them teaching of shiva, or buddha, or brahma. Don't you know that all of them are only statue and gods, and don't you know that you should worship and love God only. Read again and again and again and again and again the book of Deuteronomy 5:7-9, 6:5, and read also the book of Isaiah 44:12-20. That is why: be hurry be quickly quickly quickly quickly quickly hurry to repent and receive Me, Jesus Christ, and do your repentance properly and wholeheartedly. Don't you know that time is not enough for doing anything, except to do so many many many many many work for the Kingdom of Heaven. That is why: throw away all magic books, all buddhism books, all nepal teacher's books, all shiva books, all brahmanism books, all philosophy books, and all harry potter books, all wickery books, all baba books, all gandhi books, throw all of them including baba and its family and also j.k. rowling into the fire quickly quickly quickly quickly quickly right now!

Don't you know that all indian people is very very very very very intoxicated by those false teachers for so many centuries? That is why all of you already become descendant of the old serpent, literally speaking. And this is a simple experiment in order you are sure that all of them require you to worship those false teachers and then you will hate God: type in MS Office Word the following word: schopenhauer, zarathustra, brahmanism, buddha, gandhi, and type them with small first letter, and you will find automatically changing of first letter of these word. And then some prosperity theology preachers will argue that those effect happen because you type name word to MS office word, now prove that they are wrong and type again for different name, that is Gospel writer, as follows: Matthew, Mark, Luke, John, and also type Jesus Christ. Put all those names with all small first letter, and then you will find no effect of automatically changing of first letter of those word, except for Christ. That is how they are very very very very very cruel, they want all people to worship schopenhauer, zarathustra, brahmanism, buddha, gandhi and other false teachers. Throw away all people that is all false teachers who teach false teaching and do not love and worship God only. Don't you know that all those false teachers are very very very very very cruel: they do not know the meaning of repentance, and they tell you to worship yourself, and they tell you that you can reach nirvana by your own good deeds, and they tell you to do suffering suffering suffering suffering suffering until you die? Don't you know that if you follow those false teachers you will be very very very very very intoxicated, and you will be very very very very very stupid and idiot, that is punishment and curse to all people who do magic and sorcery without properly repentance. Read again and again and again and again and again the book of Isaiah 44:12-20.

Don't you know that a large number of European people are already intoxicated by so many Indian teacher which they call as maharishi? Throw away all maharishi false prophet from your community, all of you only teach you to do blasphemy more and more by teaching yoga, kundalini, prana and other false teaching. Throw away all books which teach prana, yoga, kundalini, and other books by maharishi teachers, and other hypnotism and mind trick books, all of them are forbidden. Throw away all of those books which false teaching as if there is answer from india and eastern way. All of them are false prophets and they want you to fall fall fall fall fall and you will be descendant of the old serpent and you will fall forever, and you will drink a full glass of wrath of God. Read again and again and again and again and again the book of Jeremiah 21 and 22.

That is the message: do not do magic at all, do not do wickery and sorcery, do not do mind trick, and do not curse people with mojo or other things that you obtain from doing blasphemy and magic. All of them are forbidden and you will be cursed forever by God. Read again and again and again and again and again The book of Exodus 25. That is the message: do not do magic at all, do not worship serpent, do not worship shiva, do not worship brahma, do not worship buddha, do not do things with mojo, and do not drink

human blood in order you will get more strength and then you can be more cruel, all people who do those very very very very verycruel cruel things will be punished severely by your Father in Heaven, that is because you follow and become descendant of the old serpent. Read again and again and again and again and again the book of Isaiah 27:1.

Other people that is himalaya, tibet, nepal, china, are intoxicated by the old dragon. That is the old dragon which hide inside the old lake of naggar (naggar from naga word, and naga in sanskrit mean dragon). That is why: all of you china people worship and build so many statue and dance and tradition based on your cult of dragon. That is full of blasphemy. Don't you know that that is blasphemy to worship animal, even that is a powerful and very very very very very cruel animal with fire on its mouth. And that is how the character of people who fall to become descendant of the old dragon: all of them has will to terminate so many people, and all of them are very very very very very cruel, and powerful, and very very very very very prosperous. And that is why cult of dragon can attract so many people who want to be rich and richer. That is very very very very very dangerous , and that is why: throw away and burn so many statue and all your tradition symbols which are contaminated by the old dragon. And throw away all people who teach you to worship dragon. Don't you know that all of you should love God only. Read again and again and again and again and again the book of Deuteronomy 5:7-9, 6:5.

Don't you know that the old dragon is already given time in order it can do whatever it like for a thousand year? Read again and again and again and again and again the book of Revelation 20:1-3. And now its time is over , and it has been terminated by your Father in Heaven. Read again and again and again and again and again the book of Isaiah 27:1.

Do not you know that worship an animal will make you become animal? And that is the same: you should not worship dragon and all your tradition and symbols which are related to dragon. Don't you know that all of you who worship the old dragon will be punished severely in eternity. And don't you know that some of you are very very very very very intoxicated by the old dragon, that is all of you who do human trafficking, drug trading, slavery, alcohol trading, and martial art and casino and other crime as profession in China, and Shang Hai, and Guang Zhou, and Beijing, and Wuhan, and Beihang, and Hong Kong. All of you will be punished severely in eternity. Other people do worse than them, that is they worship weapon of war, that is sword, that is all people in japan worship bushido way, that is dragon's way to teach all people in the world to do more and more and more and more and more war and crime. That is because: the old dragon has no heart at all, it only want to teach you all knowledge of darkness, that is magic, blasphemy, and war. All of you japanese people and korean people should repent and stop worship dragon, stop worship war, stop worship your tricky tricky tricky tricky tricky method to do business and dark economy,

and all of you should repent and receive Me, Jesus Christ, and learn to take care people who are needy and very very very very very poor among you. That is how you should do your repentance properly: be compassionate and be merciful. Read again and again and again and again and again the Gospel of Matthew 9:9-13.

That is why: be hurry be hurry be quickly quickly quickly quickly quickly hurry to repent and receive Me, Jesus Christ, all corners of the world. Yes all of you should repent and receive Me, Jesus Christ, and then do your repentance properly, in order you can remove all toxic from your brain and from your heart and from your family, and that is the meaning of repentance. All of you should repent, including all middle east people in iraq, iran, afghanistan, and also saudi arabia and all people who live in persian gulf, and all people who live in ethiopia, nigeria, and all african people, all of you are so intoxicated by magic and sorcerer. Don't you know that you are too often doing magic and blasphemy, and you worship darkness itself? That is the meaning of the Gospel of John chapter 1. That is why: throw away all your magic trick and hypnotism and all magic thing such as all your mojo and other stupid stupid stupid stupid stupid thing. Throw all of your magic books, all of your hypnotism books, all of your mojo into the fire quickly quickly quickly quickly quickly today.

Other people who live in islands in pacific ocean do other type of magic and cruel cruel cruel cruel sorcerer: that is people who live in haiti and timbuktu and hawaii and other islands along pacific ocean including Philippines islands. All of them also do magic and hypnotism that is voodoo. Don't you know that voodoo is the darkness itself? And some of you worship that magic of voodoo? Other people who live in jamaica do other type of magic: you worship magic and lazyness and you also worship bob marley and your reggae music. Don't you know that you should work out on something in your life: that is how you should repent and do your repentance properly: you should learn to take care people who are needy and very very very very very poor among you. Yes you should not worry about anything, but you should work hard for the Kingdom in Heaven. All of you who do magic and sorcerer should be hurry be hurry be quickly quickly quickly quickly quickly hurry to repent and do your repentance properly and that is the meaning of repentance as a society.

And also all of you who live in tasmania, new zealand, and other islands in southern ocean near arctic, all of you should also repent and receive Me, Jesus Christ, because all of you worship plesiosaur in otago museum, and that is why: all of you become and already descendant of the old serpent. And that is why: destroy and ruin otago museum quickly quickly quickly quickly quickly today, including plesiosaur fossil inside that museum.

That is how you should repent and do your repentance properly both as a person and as a society. Don't you know that Me, Jesus Christ, already come again in Jerusalem. That is why: there is no more time to do anything, except to do your repentance quickly quickly quickly

quickly quickly and properly, and do your best to speak properly about Me, Jesus Christ. Find a guide to help you and other people to repent and receive Me, Jesus Christ, in the following url: <http://www.esnips.com/web/GuidetoRepent>

### Appendix A: how Jesus Christ can help all of you, people with psychological problem

Quote: 'Of the more than 9,300 surveyed, less than 1% had recovered after receiving treatment.' Mental health care: what is the alternative to psychotropic drug.

Don't you know that numerous people in all edge of the world do not know the meaning of repentance, and that is because they have a big big problem that is they are mentally disordered after a number of traumatic experience in their past. Some of them do not pass their development process according to jean piaget, and some of them do not know that they are so twisted because they are descendant of a dragon family, and other people suffer so many traumatic experience because they live with a number of very very very very very twisted people who always work hard to intoxicate so many people in the world, and they call that as a mission. Actually that is not a mission at all, that is really really really really really only satan's children that can do that kind of evil work which is so cruel cruel cruel cruel cruel that nobody can conceive to do in their life.

Some of you do not realize how severe is the situation if you do not repent and receive Me, Jesus Christ, and that is because all of you are actually and literally speaking descendant of the old serpent. Some people think that that word of descendant of the old serpent is only a proverbial remark only, but actually that is what happen to all of you who do not want to repent and receive Me, Jesus Christ. Read again and again and again and again and again the book of Gospel of Luke 3:7.

Don't you know that only if you repent and receive Me, Jesus Christ, and then you do your repentance properly including do your fast properly for a number of consecutive day and also pray the our Father in Heaven prayer numerous time a day, and then you will begin to see that there are a number of monster inside your heart, including a serpent who always refuse to be removed from your heart. And that is actually impossible for you to solve that problem, because only if you pray numerous time to your Father in Heaven, and then you will find your serpent will be removed by Me, Jesus Christ.

Those people who do notice that serpent inside in their heart often find themselves full of toxic in order they can be healed properly by Me, Jesus Christ. And that is exactly how you should repent and do your repentance properly as a society.

And some of you want to know the solution to your problem with a number of psychological problem of your daughter or your son, for you to know: your daughter and your son are actually as much clueless about their problem as you are too. And if you bring

them to a psychiatry clinic, then they are also clueless as you are. And some people who dominate psychiatry world are very very very very very very cruel, and that is because they want you to do magic and idolatry and terminate a number of people in order you can be blamed blamed quickly quickly after you terminate some people without knowing what is their plan. In the middle of the day, you will find that the solution of your problem is not psychotropic drug and also not a number theory and not also string theory and not also another new concept in psychiatry such as serotonin imbalance. Don't you know that such hypothesis of serotonin imbalance, is not only misleading but also impose further problem into numerous psychiatric patient, and that is why: do your best to not just swallow a number of tablet that your psychiatric doctor give you to drink each day.

Quote: 'Howard Glasser M.A., in his book 101 Reasons to Avoid Ritalin Like the Plague, warns, "[T]he truth is when we tell ourselves or our children that ADHD symptoms are caused by a biochemical imbalance, we are lying, just as doctors and promotional materials have done to us...The reality is that it's cruel, demoralizing, and unfair to tell a child that something is wrong with his brain that can only be fixed with a drug. From that point on, he will see himself as sick or different, and that will alter his entire self-image—the way in which he values himself and the way in which he relates to the world.'  
Mental health care: what is alternative to psychotropic drugs.

Quote: 'Alternative ways of helping those suffering from mental disturbance are buried by the marketing hype that "mental illness" is the result of some neurobiological dysfunction or chemical imbalance that can only be corrected with psychotropic drugs. There is no scientific merit to these claims but they support drug sales of more than \$27 billion a year in the United States and \$80 billion worldwide. Harvard Medical School's Dr. Joseph Glenmullen, author of Prozac Backlash, says that despite "absence of any verifiable diseases," psychopharmacology "has not hesitated to construct 'disease models' for psychiatric diagnoses. These models are hypothetical suggestions of what might be the underlying physiology—for example, a serotonin imbalance." Mental health care: what is the alternative to psychotropic drugs.

Don't you know that those very very very very very very cruel cruel cruel cruel cruel people often 'hire' a number of psychiatric patient in order they can do intoxicate more and more until the patient fall and fall and fall and fall in love with that tablet, and then they will find themselves so dependent on a constant supply of such a very very very very very very cruel psychotropic tablet and management of psychiatry department.

Quote: 'Dr. Mark Graff, Chair of Public Affairs of the APA said that this theory was "probably drug industry derived.' Mental health care: what is alternative to psychotropic drugs.

Don't you know that there are a number of so many intoxicated people who do not know how to escape from their problem and do not know either how to do their life any better, because they often feel headache, or feel like losing the meaning of spatio-temporal location, or vertigo, and that is the meaning: you should not do that cruel cruel cruel cruel cruel practice of psychotherapy that often only do a number of intoxicating more your patient while you make your life out of their sickness. That is very very very very very cruel cruel cruel cruel cruel and that is not curl.

And do not do that anymore, even if actually you also feel that same clueless, that is because nobody teach you how to do better. And actually you should know that there are an ample of evidence that reveal that there are a number of psychological symptom that can be attributed to physical weakness and sickness or disease, that is exactly what you can call as: psychosomatic symptom. And that is why: do not call any symptom or disorder as having any link to brain injury or chemical imbalance inside the skull of your patient without proper nmr or other relevant non-destructive photography, and do not even try to put another to your patient such as impose a number of xray.

Quote: 'Dr. Thomas Dorman, an internist and fellow of the Royal College of Physicians in Canada said, "[P]lease remember that the majority of people suffer from organic disease. Clinicians should first of all remember that emotional stress associated with a chronic illness or a painful condition can alter the patient's temperament. In my practice I have run across countless people with chronic back pain who were labeled neurotic. A typical statement from these poor patients is 'I thought I really was going crazy.'" Often, he said, the problem may have been "simply an undiagnosed ligament problem in the back.'" Mental health care: what is the alternative to psychotropic drugs, p.8

Quote: 'Lyme Disease (a serious bacterial infection from a tick bite that attacks the nervous system) can cause symptoms of depression and psychosis.' opcit, p.9

A number of country is so cruel cruel cruel cruel cruel and that is how they often put in a policy practice in their hospital or in their education system, especially for graduate admission: they can 'hire' a patient without their notice, and what they do is actually to allow a number of student from developing country or from poor country such as from African country or from asia country, and then they will offer those student a number of month of free scholarship but in return they will put a number of psychiatry experiment to

those poor student, and then they will find out a number of interesting piece of information. That is including My messenger who do not know that that kind of experiment actually take place, except that a number of doctor took a number of sample test and then put the data into lab observation, and then they will do a number of experiment.

After a while they do not know what else to do with a number of student, including they do not know what to do more with My messenger, and then they decide to punish him to forego and give up his scholarship to complete a post-graduate study. And that is how you know that : do not take that so easy that a number of people do not know how you should repair your psychological problem, but they always pretend and convince you that they know exactly what they do while they intoxicating more your brain with numerous expensive medical treatment to your brain, and often with effect that you become dependent to those medical treatment.

Don't you know that if you believe to your Father in Heaven, and then you do your best to repent and do repentance properly, and then you pray and ask to your Father to help you, and that is a good solution instead of doing so many medical treatment including so many brain surgery which often end up that they only intoxicate your brain more or they will put you into another mousetrap, but this time that mousetrap is exactly your own brain. And that is why: do your best to not trust too easy so many psychiatric clinic especially if their doctor is affiliated or associated with either tavistock institute or Stanford research or with Berkeley department of psychology.

And that is why: do your best to not do anything in oppose to your Father in Heaven, especially if you are frustrated with your life, because exactly only Him can help you to repair your brain damage.

Some of you realized that this article is not good as a working paper for a psychiatric department presentation, but that is exactly the message: no one of you in psychiatric department who do a proper work for the society or serve for the goodness of your patient, without exception, and especially if you swallow too many time all book who worship darwin, sigmund freud, and numerous other fancy name such as carl jung or lenox lewis or maradona or other name. that is the message: do not worship people because they have fancy name, and do not judge people by their country origin, and do not worship people because they are born in Austria and they already worship mengele and they often play in a movie as the strongest and the fittest animal in the jungle, and the movie title is terminator. And do not judge people by their cover either.

And to all of you student in colleague, do not just swallow all book that your professor put in a whiteboard at the beginning of a semester, and do not put more book to your brain, because your brain do not belong to you at all, because your brain is actually only a gift by your Father in Heaven. And don't you know that each word that you read is actually a piece

of information which can be expressed as Shannon information entropy relation, and that is why: if you swallow a thick book full of blasphemy and worship darwin or dawkins or other junkie proponent of evolution theory, and then you end up your life to swallow gasoline if you do not find yourself as the most clever animal in your university. And that is exactly what happen to all student who worship their organization or their university reputation as the most strict university, such as cornell university or Tokyo university or other first rank technology institute such as Caltech or other name. after sometime you find yourself tired with all those ratrace that only human being create in order you fall fall fall fall and fall. And that is why: you will find a high statistics of student committing suicide in japan and also cornell, exactly because you already believe that idea that if you do not exceed all other people in a competition to be the most clever student in your university or in your town, then your life will not be good, and then you will be terminated by your parent. And that is also what happen to all of you who are descendant of the old dragon family, you always think that you should survive longer and that is the name of your life principle, and that is why: you always read a number of cruel cruel cruel cruel cruel animal book or machiavelli book, because you always think that not only you should prove that you are the most fit animal in your environment but you should be the most cruel cruel cruel cruel dragon in your life, and that is how all of you Chinese people and Japanese people: why you always worship those old dragon and also worship the god of war in numerous temple that is scattered around your country? Exactly because that old dragon who teach you numerous technology in order you always fight and terminate each other. And after sometime you find that your language is different and full of hidden anger and you cover your hate with fake smile, and that is why you often cannot smile anymore.

And some of you are so obsessed to become the most clever person in the planet and then you decide to do numerous action in order you can fulfill your dream, including you do dance in the night near cemetery, or you drink coffee every night and then you do not recognize that that coffee is so cheap psychotropic stimulant to your neuron and after sometime you find your brain mentally overheated and that is why you are always upset to your environment, other people are so stupid and then they begin to worship so many god including follow a satanic organization and also worship devil. That is why: be hurry be hurry be hurry be very very very very very hurry to repent and receive Me, Jesus Christ, all the edge of the world. Don't you know that your Father in Heaven already know what happen in your life, and that is the answer: that you should not do anything against other Christian people only because you do not know how to do better with your twisted mind. How many time you already drink coffee, and chocolate, and tea and other numerous chemical that poison your brain more and more and more and more, and that is why: do your best to not remain toxic to your society, and just repent and receive Me, Jesus Christ.

Don't you know that that is why: if you do not repent and receive Me, Jesus Christ, and do your repentance properly, and then you should not do properly take care your family and your people surround you, and you do not begin to love each other, and then you will find your life full of emptiness and only full of hate and anger. Read again and again and again and again and again the book of Gospel of John chapter 15.

### Alternative solution

Quote: 'More than anything, the person needs rest and security, which they will not find in current psychiatric institutions.' Mental health care: what is the alternative to psychotropic drug.

Do you know that some psychiatric clinic doctor have really really really different eye, and that is their eye is so cold and cruel cruel cruel cruel cruel.

Some people say that mentally disordered patient are caused by their brain never get rest. Actually some problem are caused by those patient consume a number of brain triggering stimulant, including: coffee, chocolate, tea in excessive dose, and a number of animal including sheep and cow and other animal. And that is why: do your best to do fast, in accordance with the book of Daniel chapter 1. And do not read anymore while you take sometime to get rest, literally speaking stop reading anything. Read the Bible only and promise to yourself that you will never read no more book, that is the recipe if you want your brain to get rest. You should know that each time you read, then your brain will work hard to transmit information to your hippocampus, and that is what some people call as synaptic transmission. But if you always read or calculate in front of your computer, then after a while your hippocampus will be overheated, and then you will suffer a number of symptom, including a number of serious damage to your brain. And that is why: do your best to read only as minimum as possible, and especially read the Bible only. see the illustration included in the last page of this article. See url as follows: g.lynch and m.baudry, science vol.224, 1984, url: <http://links.jstor.org/sici?sici=0036-8075%2819840608%293%3A224%3A4653%3C1057%3ATBOMAN%3E2.0.CO%3B2-X>

Do not do anything that may cause harm to you and other people surround you including your family, and do not terminate either your doctor, because they do not know either the solution or cause of your depression or aggression, except those doctor who are affiliated and associated by tavistock institute.

Learn to forgive and learn to pray and say thank to your Father in Heaven, and do your best to not to say too many thing because your mentally disordered brain need time to rest, and do not spoil your life for nothing, and do not spend too many time to read or to work or to see television or movie, just do your fast from tonight at ten p.m. until next afternoon at 12

a.m., and take a rest and pray our Father in Heaven and then follow guideline that Me, Jesus Christ, give to you above. But do pray and ask for help to your Father in Heaven.

Do not terminate and do not put lawsuit and do not persecute either all psychiatrist in your town either, that is not good move, except you know that they work or support tavistock institute, or they perform cruel cruel cruel cruel cruel behaviorism experiment with their patient in order to mentally destroy their life.

In principle do not do harm to any other people including yourself, and do take care and do love each other. But do not do anything to abuse other people with short period blasphemy that is never be a solution, because you will find that your life become even more miserable.

All of those psychiatrist who advise you to let go your superego and release your libido anywhere are seriously mistaken and terminate them quickly quickly quickly quickly quickly because they have intention to reprogram your society, and that is freud disease, and their toxic is very very very very very lethal and the effect is permanent more than your previous problem.

Don't do anything to ruin other people's life only because you cannot control their life anymore, that is something that you should know:

Your intention to control other people's life is caused by your constant need to be conqueror. And that is after you often feel to be victim of other people, and then you need to release your anger and hate and find someone else to kick. And do not practice kicking-cat management either, that is not good if you are a manager do not monitor and do not buy numerous surveillance technology only to release your motive to control all other people. In principle, all people who always want to control people and always feel the need to give advise without solution, in order you can trap and give false advise and false teaching to other people. All of you are seriously flawed and will be punished severely in eternity.

My messenger do not know your problem, and he do not know the cause of your problem either. Do not put electric shock to him only because he put that word in this article, all of you who are seriously twisted and worship darwin, o generation of viper!

Thank you thank you thank you thank you thank you, Me already help you. love, Jesus Christ

## Appendix B: how you can do evangelization with social network

Don't you know that no one do evangelization properly by themselves, and don't you know that evangelization is actually a fruit of Holy Spirit's work, but you should do your best to speak about Me, Jesus Christ, with all available method. Don't you know that you should not do numerous time evangelism with one method, just to prove to yourself that a method that you help to create is the best method to reach so many people. One thing that you should begin to acquire and you should put into your plate is: compassionate heart. Read again and again and again and again and again the book of Gospel of Matthew 9:9-13.

Don't you know that if you do not want to speak about Me, Jesus Christ, at all in your life then you will be punished severely severely in eternity. And don't you know that you should not do evangelization at all if you mean that only to expose numerous mistake of your brother and your sister, in order all your audience think that you are the most advanced evangelization speaker in the world. Don't you know that is actually a blasphemy, and you will be burned forever if you continue doing so many blasphemy and worship yourself in your speech.

Don't you know that if you do not do evangelization properly, then the effect at the end of day is that your fruit cannot sustain all persecution and pressure, and that is why: some of you now already stop doing evangelization, exactly because you do not do your work properly. Don't you know that if you do not do that quietly but meaningfully, than you do not do evangelization properly.

Some of you do not know the meaning of social network evangelization. Don't you know that actually you can do evangelization by inviting your colleague and all your friend to attend sermon in a nearby church, but you can also put into a map a number of your friend and you plan to get them participating in numerous activity in the church that you often attend sermon regularly. Don't you know if you do evangelization properly you should not compare your life with Me, Jesus Christ, and do not quote numerous time without purpose a number of saying by Me, Jesus Christ, or mother Mary who also do blasphemy because some of early disciple have been intoxicated by her and then they put all her saying into a book and then they begin to read that book in regular sermon and they call that book the gospel of mary, and also the gospel of infancy of Jesus Christ. Don't you know that so many book have been written including nag hammad text which include the gospel of Thomas, but all book which are not included in the book of Holy Bible, are actually only an apocryphal book, and the meaning is that those book including the gospel of mary and the

gospel of infancy and also the gospel of Philips and also the gospel of Thomas, should not be read at all unless you are really really really really really determined Christian, and you would like to read other gospel in order to know what happen in Me, Jesus Christ, life prior to appearance in public at around age thirty.

Don't you know that actually the apocryphal book should not be included at all with the standard Holy Bible, but alas some preacher that is bishop hancock put that apocryphal book again in numerous place in the internet, and at some point My messenger find that book and then he translate into Indonesian language. The meaning of this translation is that there is consensus which were guided by Holy Spirit and that is why: at the end of council of Nicene they read the Nicene creed, which express majority of faith at their point of time. and to all of you who always think that there is conspiracy behind Bible formation, all of you will be punished severely severely severely severely severely in eternity. And that is exactly the conversation of the da vinci code book written by dan brown, they want you to buy the book which contain of hoax literally speaking. And that is why: burn and destroy all da vinci code book quickly quickly quickly quickly quickly today and do not spare life of dan brown too.

In order you to know how you can do evangelism by social network, read again and again and again and again and again the book of Gospel of John chapter 1:37-51. In order to make the idea somewhat more comprehensible, you should know that you can introduce a number of people to Me, Jesus Christ, and then encourage them to introduce some people more to come to Me, Jesus Christ. And you can do that either using conversation, or cellular phone, or yahoo messenger, or skype, or other communication technology which are available to you, including facebook, twitter, tweetdesk and other method. And that is why some people call that as social media for evangelization. And you should know that most social media technology can make the introducing process less time consuming, but you should work rather quick otherwise other people will do that first. And do not count how many fruit you already make, and do not distribute work by region with your friend either, because you do not know if your friend work as much as you think you do.

The following illustration is given here in order to help you to grasp the idea clearly. And in order to help you introduce your friend to Me, Jesus Christ, you can print and copy from the guide to help you repent and receive Me, Jesus Christ, which you can download for more than forty language in the following url: <http://www.esnips.com/web/repentanceguide>.

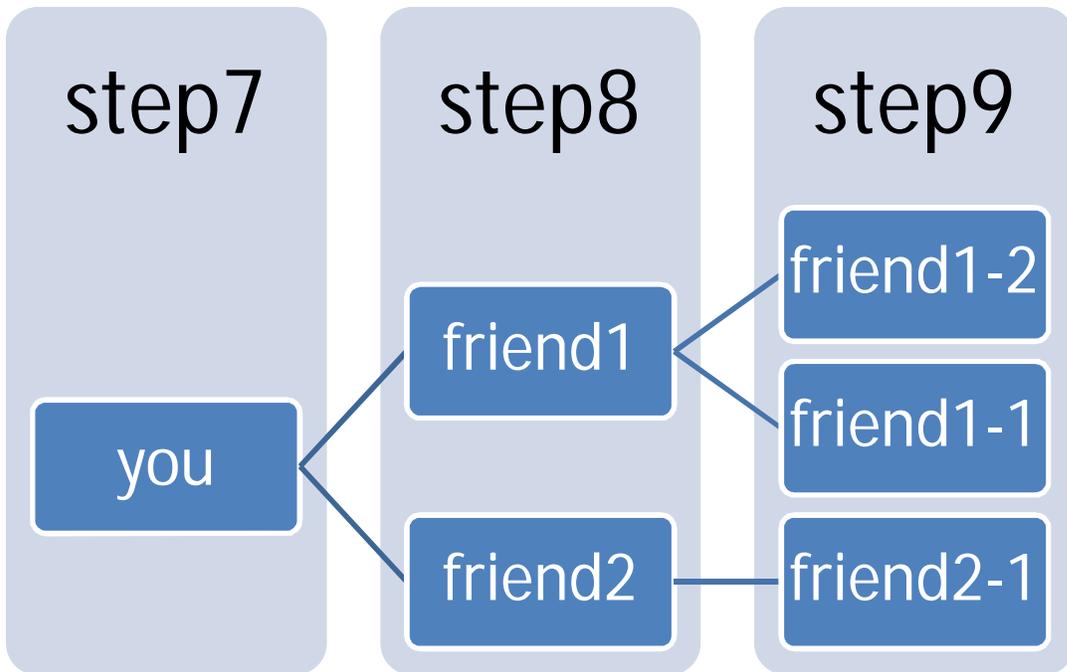

Figure 1. how you can interpret properly the guide to help you repent and receive Me, Jesus Christ, in order you can make plenty of fruit quickly quickly quickly quickly quickly today.

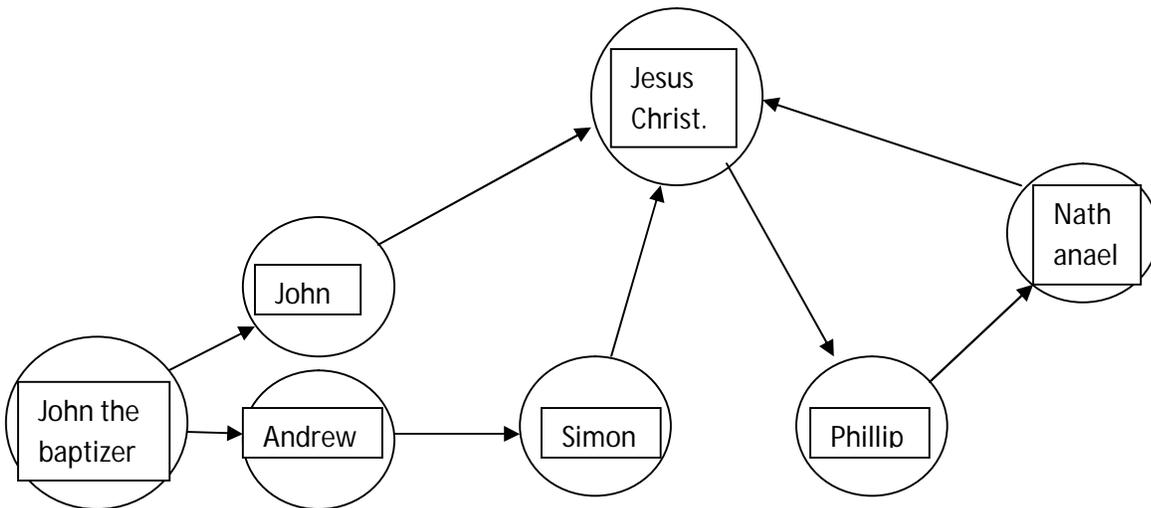

Figure 2. how you can interpret Gospel of John chapter 1:37-51, as social network. And you should know that all of you actually only servant, and that is why do not take advantage from all people to whom you speak about Me, Jesus Christ

## Appendix C: how you can do evangelization with twitter properly and effectively

Another method that Jesus Christ teach My messenger a few month ago is to use twitter, but you should do evangelism with twitter only after you do with other conventional method properly and you also already include a number of movie file in youtube and/or at least you already post a number of article translated into your national/local language and then you upload that translated article to your blog site. You can translate a number of article from an electronic book that you download for free from <http://esnips.com/web/guidetorepent> or <http://www.esnips.com/web/repentanceguide>, or you can translate directly from a blog site, that is <http://guidetorepent.blogspot.com> or <http://findtheTruthnow.blogspot.com>. Thank you thank you thank you thank you thank you, Me already help you. Do not worry, do not worry, do not worry, do not worry, do not worry about anything, just do evangelism with twitter quickly quickly quickly quickly quickly today without further hesitation and without further delay. And do your best for the Kingdom of Heaven, and that is how you can make your fruit with twitter:

- a. doing search of nearest follower in an area, using twitter directory, such as twellow, that is yellow directory of twitter, see [twellow.com](http://twellow.com) which is enhanced with geographic map to locate an area;
- b. introduce your twitter site in numerous site or blog, and also in your youtube may increase attention;
- c. do not post too many time, people will get boring soon and do not flood your follower numerous time with junkie micro posting;
- d. do work for the Kingdom of Heaven only, because time is not enough to increase your utility;
- e. do contact a number of twitter broadcaster, or social media broadcaster, but do not do that too often, because they are human being too, just like you.
- f. follow King of the kings only, and that is Me, Jesus Christ, only in the following url: <http://www.twitter.com/guidetorepent>.

There are other method to use twitter more effectively, such as using tweetdesk, but you can obtain such a guide from other place, for instance you can search in <http://www.scribd.com>. And you should pray first before you pull out your nerve to focus on evangelism with social media or with twitter, because you should not overdo one method for evangelization, the question is not 'or' but 'and', that is that you should do multiple method altogether, instead of choosing one method for example twitter, and then you forget to speak about Me, Jesus Christ. Actually the best way is to speak directly about Me, Jesus Christ, to more than four different people around you each day, but God really really really really love you, and that is why: God allow you to do evangelism with social media such as youtube, twitter, and facebook and other method except myspace, but

you should not ignore people who stand or sit around you in your proximity every day. Do your best to pray to God to teach you how to do evangelism properly and effectively to all people and society around you. If you live in an island and nobody around you, except an internet connection, then at least youtube and twitter can help you to communicate and spread the Good News, but if you live in a big town, then you should also speak directly with your tongue about Me, Jesus Christ.

Thank you thank you thank you thank you thank you, Me already help you.

Love, Jesus Christ.

Note: the following article is not written by Me, Jesus Christ, but from a journalist contribution to sitepro.com, but that article is included here in order you know that there are particular ethical principle to do evangelism with twitter, such as that you should not confuse with numerous micro posting at one time, and do not spam either your follower with your own multilevel marketing merchandise. One thing you should know: if you take advantage from evangelism such as after they become a disciple of Jesus Christ, then you urge them to buy something from you or you urge them to worship you or you urge them become your downline in a network marketing program that you are a member, then that is not evangelism, that is false teaching. And if you do false teaching or you teach human teaching to one of those disciple of Me, Jesus Christ, you will be burned forever in eternity. Read again and again and again and again and again the book of Gospel of Matthew 18:6-7.

Note also the following discuss twitter in the context of online marketing, and that is why: do read that article carefully and cautiously, because not all of that principle can be used in the context of evangelism.

#### First Build an Account for Twitter Marketing

The first thing that you should do is to set up your Twitter account and populate it with several interesting Tweets, which are Twitter posts. Then begin following people who are also using Twitter, and you will find that most people will follow back. When your entire Twitter feed has blanks, though, most people will not bother to follow you. Once you start a **micro blog post**, you can get on with following any target demographic, and this can be done in either of two different ways.

1. Go to Twitter.com and do a **search by typing in keywords that relate to the demographic** that you are targeting. For example, if you are trying to sell an application for the iPhone, you would enter the keyword 'iPhone' or 'iPhone

app' or anything that may find people who own an iPhone. It's easy to follow people. If your posts are interesting and relevant, you will probably pick up some followers this way.

2. Locate Twitter accounts that you want to follow by clicking the ['Find People' option](#). Then enter your [keywords, related industries](#), locations or other defining detail to locate followers, and begin following them.

#### Twitter Marketing Uses Current Information

By adding news that is interesting and relevant about your services or product, you can keep your Tweets current. You can also add information about related news for your industry to keep Tweets interesting and informative. For example, if you sell cooking gadgets, you may want to post news about food and recipes.

As you work on developing your targeted demographic, you need to keep your followers engaged, so you will want to tweet, or post, often. Make sure to retweet relevant tweets from other Twitter followers. This is another great way to pick up new followers, and when they start to follow you, you also are plugged into their followers. Retweeting is one of the fastest ways to build your following or network.

By checking with [search.twitter.com](http://search.twitter.com) frequently you can look for brand names and see what customers are saying. You can follow these Twitter accounts and thank them. If you see customers who are angry or dissatisfied, you can follow them as well. Then you can retweet them and solicit solutions to the problem. Your customers will be thrilled with the feedback from you, and even more thrilled when you rectify the situation. Twitter makes it easy to grow a 'word of mouth' reputation virally.

#### Twitter Marketing and Spam Do Not Mix

Spam in any electronic media is the kiss of death. If you begin spamming your followers, they will drop you like a hot potato. Spam activity would include only posting information on your own products, retweeting the same URL repeatedly, obnoxious Twitter handles, and frivolous tweets. [Twitter followers are savvy consumers](#), and anything deceptive or patronizing is going to leave a bad taste in their mouth.

#### Twitter Marketing Can Assess the Competition

If you want to build a quality following, then follow quality people on Twitter. There are many online marketers that are experts on Twitter like Dave Peck, Chris Brogan

and Guy Kawasaki, and they should definitely be included in your list on Twitter. Also look for corporations that are active on Twitter. They are blazing a trail with their marketing, and you can get good marketing information from them. ...

#### Twitter Marketing Requires Patience

When you are using Twitter as part of your Internet marketing plan, you need to give it time to work. Twitter results take a while to appear, because it is one of the more long-term strategies. You will have to build up your networks and following, and if you use the correct strategies, it will happen in a timely manner. However, do not start a Twitter campaign if you are not going to see it through to completion, because an [unattended Twitter account is worse than no account at all](#).

Once you have built a good Twitter following, then you want to market with a gentle touch. Instead of using 'in your face' marketing tactics, [pose a question where your product or service is the answer](#). Tweet that there are updates on your company's blog instead of trying to cram the information into your tweet, and people that want to know more will click through to your blog.

Always respond when your followers tweet you. If you do not keep up with your following, it will begin to crumble. If you have too large of a following to maintain, then outsource your retweets or assign an employee to monitor and reply to your followers.

## Appendix D: how doing evangelization can increase your future worth value in Heaven

'For where your treasure is, there will your heart be also.' Gospel of Matthew 6:21.

Some people often boast itself for being expert in calculating net present value of their asset, actually you should know that wherever your belonging and treasure, is where your heart is. Read again and again and again and again and again the book of Gospel of Matthew chapter 6:19-21.

Don't you know that numerous people in the world, and especially those affluent people who often think that they already achieve financial freedom are always very very very very very advanced to maximize their utility, and that knowledge they call as financial insight and financially smart move to put a number of asset which can deliver prosperity in their life. But don't you know that there is something hidden that you often forget to take into consideration, and that is your present government always have a number of unvertainty in their calculation of impact of certain economics policy. For instance: increasing tax rate to higher income people will cause a number of rich people to do capital flight to cayman island, for example. And et cetera ad infinitum.

Other problem that most of you do not realize, except very very very very very few people including albert Einstein who call that exponential increase caused by interest rate is one of the biggest manmade miracle in the world. What he want to say is actually there is no fact at all which support such economics interest rate formula, which a number of investment will be happy if they can ride on that interest rate formula:

$$\text{Future value} = \text{present value times } (1 + i)^n = PV \times (1 + i)^n. \dots(1)$$

Don't you know that such simplified formula do not represent the reality that there are other factor which can make your investment go to other people's pocket especially your government's pocket without your written consent at all. And that is how they can do that: they will create high inflation rate, which effect is that your saving will disappear after a number of year. Don't you know that actually the aforementioned formula work quite good as an approximate but you should know that you should introduce effective interest rate which can be defined as follows:

$$\text{Effective interest rate} = i^* = i - \text{rate of inflation} = i - \text{infl}, \dots (2)$$

And that is why the first formula presented above should be considered as a rough and misleading information if you only rely on interest rate, because you should introduce also inflation rate in your country for a given period. But if you do that calculation then often you will not be able to sleep because you will find out that your investment actually lose purchasing power. And that is actually what you should calculate in your desk, but do not tell to your banker, because your Father in Heaven do not allow people to calculate too many time on how you can improve your future value in the world, and that is why nobody have to improve that future value as you are always told in your economics classroom. Actually if you would like to do good investment, do your best to include that inflation rate in order you know that there is no future worth at all if you do saving in banking or in stock market, because you will not be able to sleep properly in peace, because then you will always worry and worry and worry about inflation rate. And that is why: do not worry about anything, just do more evangelization and take care properly those people who are needy and poor among you, according to what you read in the book of Gospel of Matthew 25:31-46.

Don't you know that My messenger realize that problem a number of decade ago in a classroom of engineering economics, and that is a problem of shortcoming of that calculation of future worth valuation based on only your present value and interest rate and number of year, because he think that inflation rate can be higher than interest rate, and in the effect your future worth will be negative. But he forgot to study further that problem and how to resolve the problem of ever increasing future worth without any limit.

But you should also know that innovation and product availability tend to be much more faster and that is why you still can purchase things because numerous good get easier to find out, and that is why: more or less your purchasing power remain intact, even if your country's inflation rate quickly go up. Actually your calculation should be as follows:

$$\text{Future worth of your asset} = PV \times (1 + i - \text{infl})^n, \dots (3)$$

And n number of increasing should also be limited for instance no more than ten year, and after that you can announce a jubilee year as mentioned in the book of Exodus. But no one are dare enough to announce jubilee year because nobody read the Bible in recent year among numerous economist, and most of you buy the idea of evolution of production will make purchasing power will increase even if inflation rate is quite high. But don't you know that there are conspiracy among numerous international banker (see a movie that is 'the international,' but do not worship a movie) to make this year a very very very very very fatal year for all economy in all nation, and that is why: they make liquidity of money (m1 and m2 and m3) are really really really really really scarce, and then people will begin to fight each other. Don't you know that this year all answer will be different, and numerous people were already called exactly because numerous people do magick and they begin to

eliminate each other, exactly because they do not realize that such a calamity and recession period in this year is an orchestrated crises, and some people already plan to make you fight each other. And don't you know that the purpose of a present government in usa, especially their cruel cruel cruel cruel cruel ministry of economy and treasury department, is to reduce population of the world by around two-third of the present number.(a) And don't you know that such a cruel cruel cruel cruel cruel measure to reduce population is already approved by a number of policy maker including cia and united nations. And that is why: be hurry be hurry be very very very very very hurry to terminate and destroy completely russell sage foundation office including all russell sage foundation scholar, and also delete completely mengele plan and all twenty nine people who belong to behaviorism economist who already become advisor to minister of economy and treasure in usa.(b) And don't you know that population reduction policy have been accepted as national defense policy especially because that is a method of satan, and don't you know that there is special building of defense ministry where they worship satan, and that large large building have special sign and that is a sign of pentagram. And all the mengele plan that were described above that is a plan to make all the world to become termination plant at large scale, is orchestrated by tavitock institute(c) with affiliated organization including rockefeller foundation and taconic capital advisor and russell sage foundation.

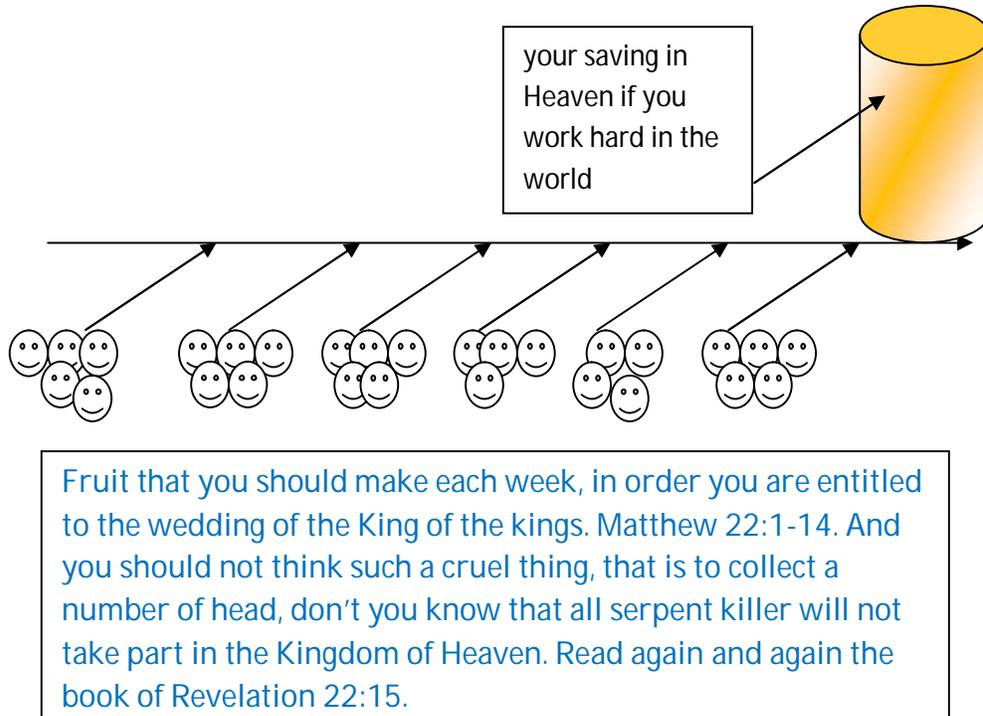

And the only way to deal with such a corrupt and cruel cruel cruel cruel government in a big country that is u.s.a led by a corrupt larry summers,(a) is that you should deal with their narcissistic leader in top government position above larry summers, and that is how you can stop them: address properly in an adult-adult language just as what you learn from analysis transactional theory, but this time you should be more fierce and address properly the problem that there is no spectacular achievement given a spectacular budget for economy recovery program and healthcare improvement program. Don't you that right now they already submit another bill in order they can withdraw another spectacular number of mammon out of u.s.a economy just like what they do with last year recovery or national economy stimulus budget of us\$787b. And don't you know that after they drain all liquidity mammon from u.s.a economy system, they will blame all u.s people exactly for approving their gigantic economy stimulus plan without proper evaluation and monitoring. And that is why: do your best to terminate all twenty nine scholar that is economics advisor of minister of economics and treasury which were appointed last year to provide advice to ministry of economy and treasury, all of them worship satan and mammon only, and they are hired by russell sage foundation, exactly because a number of high elite of a number of blue blood family in british empire want to get even after defeated around three hundred year ago, that is in tobacco war in boston. See introduction by managing editor in executive intelligence review vol 36 no. 15, april 2009.(a) And that is why: all of you America people should wake up from your long time sleep just as in the story of sleeping beauty, and then you should do your best to be hurry be hurry be hurry be very very very very very hurry to

repent and receive Me, Jesus Christ, and instead of approving your present cruel cruel cruel cruel cruel government's plan to terminate numerous people in developing country and to make your country as their first terminating camp and you should fight and terminate each other because those twenty nine scholar of russellsage foundation will insist that there is no mammon left in u.s.a banking system, and then all of you should die quickly quickly quickly quickly quickly quickly quickly, and then they will laugh at your behind while playing pocker just as what they often do almost every night, because all of you America people are so stupid to approve such spy that is mister president of your present government to become your president, just as what tavistock institute made hitler as dictator in germany just before and right in the brink of their plan to create second world war. And the plan of tavistock institute for this year is to repeat that plan, and this year they plan to put in action all their cruel cruel cruel cruel cruel menegle plan in order all people in the world will be bankrupt and then all of you will fight each other, and then the number of population in the world will decrease significantly up to more than two-thirds of the present population number. And don't you know that russellsage foundation have the same family root with bertrand russell and that is another atheist scholar who also approved and promoted ethnical cleansing and population reduction as a rational malthusian program. And that is why: do not spare all life of twenty nine scholar and also all researcher in russellsage foundation and also do not spare life all scholar related to tavistock institute, rockefeller center foundation, zbignew brzezinski's center of strategic and international study institute in Washington, and also do not cooperate at all with all tavistock institute and taconic capital advisor. Don't you know that only few military general among you who are aware of the criticality of the present situation? And even more few people in defense strategic and you should not blame all people who design and program endgame software, because that is only a simulation software, but do your best to terminate the twenty nine scholar of russellsage foundation(b) along with larry summers(a) quickly quickly quickly quickly quickly right now without further hesitation and without further interview or hearing in senate.

Actually you can use formula of insurance people but this time you should make numerous fruit regularly each day, and the meaning of fruit is that: you should speak about Me, Jesus Christ, quickly quickly quickly quickly quickly each day, and each month when you got a fruit and that is a number of people repent because of your hard work, then you will receive a saving in Heaven, but that is only a gift of grace by God. Read again and again and again and again and again the book of Gospel of Matthew 6:19-21, and that is the meaning of multiplying your talent, and do not bury your talent. Read again and again and again and again and again the book of Gospel of Matthew 23:15-17, 25:19-23.

In order you can realize how big is the fruit if you speak about Me, Jesus Christ each day and regularly to all people that you know and also to all people that you do not know, you

can find the following illustration, so you know that your Father in Heaven are really really really really really really really merciful and kindful, but you should work hard to collect your fruit, and that is why: do your best to work for the Kingdom of Heaven.

why you should do evangelism quickly quickly today

some people think that they can postpone to do evangelism for the next month or the next year, don't you know that if you postpone postpone postpone and postpone so many number of year before you do evangelism, then after some time you will find yourself do not anymore what you are doing today. don't you know that you should not do anything in order everybody happy concerning the Good News, because only your Father in Heaven know who will repent and receive Me, Jesus Christ.

And in order you to know that evangelism do not mean that you make them repent quickly quickly quickly quickly today, because each of those people have different thinking process and different personal history of their life, and that is why: do your best to speak only about Me, Jesus Christ, and do not push them to repent and receive Me, Jesus Christ, and do not tell them either that unless they repent and then they will be assigned a number of difficult duty until they die quickly quickly quickly quickly quickly today. that is not evangelism: that is how you are so twisted that you put a heavy burden on other people's shoulder without you touch their personal problem.

In order you to know how to speak properly about Me, Jesus Christ, and then do your best to not do anything harm to all people who do not want to repent, and do not revenge at all your previous problem with them. And for you to know: the message is that Me, already come again in Jerusalem, and that is why: do your best to prepare the time in order you can pray properly in order Holy Spirit to work and move their heart to repent.

And now in order you can prepare properly your evangelism activity to your social environment, you can read and adapt your plan to the Bible, and that is the act of the apostle 1:8, and the following illustration can be used as a simplified guideline, along with a number of possible method that you may find appropriate to do evangelism, but do not

acquire evangelism to bill your client or to bill your evangelism destination and then you call them as having a big loan to you, that is very very very very very cruel. Don't you know that all of them are a number of lost lamb, and don't you know that your salvation is a gift by grace of God? And that is why: do your best to not find an advantage out of your evangelism activity, and do not do maximize your utility either to increase your wealth along the activity.

The meaning of the verse mention above is that you should not go in different destination in one day only to speak to one or two people, that is not evangelism, that is wasting your time. And do not do either numerous training program in order you can bill the trainee with another heavy bill for attending what you call extensive evangelism course. That is also very very very very very cruel cruel cruel cruel cruel. Some organization have developed expertise in evangelism, and you can join them instead of attending a number of course held by only a few salesman who do not know either that evangelism is to follow Me, Jesus Christ, only and do not follow a number of salesman who only want to take your money out of your pocket. There is a joke that salesman always know how they can pull out a coin from the neck of your children, therefore if someone in your family swallow a coin, then do not call a doctor, just call a salesman. The joke actually is for another profession, but this time that joke is intended to a number of salesman who are very very very very very cruel to pull out a heavy bill from a number of dying Christian people, including that joke is also for prosperity theology preacher who do not have heart at all, and they always say that you can leverage your money in your pocket by giving away to them and after sometime you will find a big big big big big blessing. That is not evangelism at all, that is only scam artist who work in the name of Me, Jesus Christ.

In order you can be more convenient with another proposition mentioned in another article written and dictated by Me, Jesus Christ, and that is concerning social network evangelization, the following illustration is drawn here in order you can plan your evangelism activity and then do your plan quickly quickly quickly quickly quickly today.

Don't you know that if you do not know how to do make your best out of each minute in your life, especially in the End of Time, and then you will be punished severely in eternity. And that is why: you should not do your work except to do many many many many many work for the Kingdom of Heaven.

Do not fall again into so many temptation that the evil one put on your step in order you worship them again, and do not fall either to your old habit and that your habit to fall asleep during the last minute in the End of Time.

Figure: how you should interpret the act of the apostle 1:8

Don't you know that if you do not interpret properly what you read in the act of the apostle 1:8, and you may end up with going to Jerusalem and then you spend a number of month learning a number of local verb but you do not know how to explain to local people, and then you get frustrated and then you will buy a camera and become tourism specialist or become a tourism guide, and that is not evangelism.

A number of a newborn Christian do a number of rationalization in order they can postpone postpone postpone postpone and postpone doing evangelism until next year and next year and next year later.

- a. Some of them think that evangelization should only be done by a preacher or other graduate in ministry or theology.
- b. Some other people do not know that doing evangelization is not the same with distribution of the Bible or doing marketing gimmick to a number of client.
- c. Some of them think that you should be dr. Billy Graham to be a good evangelist, yes you are right your talent may be not so big as an evangelist, but you should do that quickly quickly quickly quickly quickly today with all that available to you that your Father in Heaven.
- d. Don't worry don't worry about people who always say harsh to all Christian people, especially to those who do evangelism. Don't you hear that all people who do evangelism is often met with so many resistance, and that is why: do your best to

listen to all scornful and all unholy people, especially do not listen at all to the evil one.

- e. Some other people think that doing evangelism should only be done in mass sermon with more than ten thousand audience. Don't you know that the most effective evangelization is actually a personal evangelization, because they can always ask more than one question until they find themselves convinced that you already address properly what they want to get answer. And do not do call or do not do evangelism to other gender, because that will be interpreted differently and then you will spoil your plan to do evangelization.

And then you can match the aforementioned plan to do evangelization according to your circle scope with a number of possible communication technology. See the following table for only a rough guideline.

<b>circle scope</b>	<b>Objective</b>	<b>communication technology</b>
<b>home</b>	Tell all people that is all your family that Me, Jesus Christ, give them to you to take care. Tell all your family that Me, Jesus Christ, already come again in Jerusalem, and that is why: all your family should do their best to repent and receive Me, Jesus Christ. Just talk and distribute the guide to help them repent and receive Me, Jesus Christ, and you can find the guide in another url, that is: <a href="http://www.esnips.com/web/guidetorepent">http://www.esnips.com/web/guidetorepent</a>

Read again and again and again and again the book of act of the apostle 11:18-25.
