by Jesus Christ: scientific works

'...and there was no profit under the sun. ... He hath made every thing beautiful in His time: also He hath set the world in their heart, so that no man can find out the work that God maketh from the beginning to the end.' the book of Ecclesiastes chapter 2:11, 3:11.

(All material in this book are new article compilation of scientific works written and dictated by Jesus Christ, but no new discovery under the sun, this collection has never been published before in a book form, so you will not find repetition with My previous Book.)

The book of Jeremiah 10:12

a. An introduction to planetary quantization of distance

'Where was thou ... when I made the cloud the garment thereof, and thick darkness a swaddlingband for it.' The book of Job 38:9

Some people especially if you are astronomers and astrophysicists, think that there is no rule at all except Newtonian mechanics in order to explain dynamics in solar system. And general relativistic theoretical physicists think that there is other principle, that is spacetime curvature equal to gravitation, they call that principle as strong equivalence principle.

Actually that is not true. Do you know what is the rule that govern dynamics of solar system? Do you appear when God create the world instantaneously? That is the message: you should respect and fear and fear to God only. That is why you should know that the other rule is that you should be fruitful and faithful, just as if you observe a tree then you will find that that tree should be fruitful and faithful, otherwise your life will be useless at all. Don't you know that Me, Jesus Christ, already come again in Jerusalem, that is why you should speak about Me, Jesus Christ, and do that as quickly as possible.

That is why: do not worry about anything, do not worry about anything, just repent and receive Me, Jesus Christ, and then you should do your repentance properly. Don't you know that Me, Jesus Christ, already come again in Jerusalem.

Now We explain quantization of planetary distance from a viewpoint which is called wave mechanics. An astronomer from france that is Nottale work out a plan that is to generalize schrodinger equation based on nelson stochastic mechanics, in order to describe properly a generalized schrodinger equation for fractal dimension with $d=2$.

And that is the message: Nottale is able to derive an equation to describe quantization of planetary distance with the following simple equation, that is:

$$a = n^2 \frac{GM}{v_o^2}, \quad (1)$$

Where a , n , G , M , v_o each represent planetary distance, quantum number, gravitational constant, mass of the center of planetary system, and a specific velocity for a given

planetary system in question. For complete list of Nottale publication, see URL: <http://luth.obspm.fr/~luthier/nottale/ukdownlo.htm>

Don't you know that the aforementioned equation is already verified by numerous new observation of extrasolar planets, that is that there is good chance to detect and observe a planetary system given an arbitrary mass of the center of planetary system.[1]

That is the message: all of you should think that there is scale symmetry between microCosmos and macroCosmos. Some people also think that there should be scale invariance principle and introducing that principle into general relativity theory is not a simple problem. There are a number of microCosmos approximation of general relativity theory, but actually that kind of quantum gravitation is never a complete program. That is because quantum gravitation modeler do not respect at all to God.

Another approach is to describe fractal geometry of mandelbrot, but that is only a bunch of computer simulation and computer graphics.

Another problem is that actually you should consider a new geometry with non-integer dimension such as menger sponge dimension, but there is a problem, that there is contradiction because you do not find yet geometrical surface for dimension less than 3, that is why: that is difficult to describe differential geometry with non-integer dimension.

That is the message: the message is you should repent first and receive Me, Jesus Christ. And then you should not do again all your sin including doing blasphemy so many time with other colleague, that is forbidden, and don't you know that you will get a full glass of wrath of God.

That is the article for today. Love, Jesus Christ

b. How you can interpret quantum mechanical wave with classical electromagnetic wave as a guiding principle

'The LORD is my shepherd; I shall not want.' The book of Psalm 23:1

PACS code: 03.65.-w

Some people think that one should not ask anything concerning the interpretation of quantum mechanical wavefunction. All you can do is only to calculate some probability of appearance of particle. Actually all interpretation of quantum mechanical wavefunction is only philosophical exercise and do not have correlation and correspondence at all with reality, because all quantum mechanics founders are intoxicated by something else, that is hinduism, that is why: they do so many blasphemy in their life and do not want to admit that they do not know at all the answer. Actually only a few physicists admit that they do not understand properly quantum mechanics language, that is Richard Feynman.

For example, in a standard interpretation known as Copenhagen interpretation, that is a proposition that observer's action of observing determine the outcome of particle spin. Actually there is no such thing like that, they are intoxicated with other false teacher who do blasphemy too in its life, that is schopenhauer, see a movie that is Life is beautiful. Actually that movie is very very very very very cruel because that movie teach you how to make a funny life out of a cruel cruel cruel cruel cruel situation and despite so many cruelty surrounding you. That is also blasphemy. Don't you know that cat paradox then were used to legalize gas chamber to execute so many people in termination camp? Then nazi eschelon would say to their colleagues as euphemism: let us do cat paradox experiment. That is very very very very very cruel experiment.

Actually one can expect that there are guiding principle to interpret quantum mechanical wave mechanics from classical electromagnetic wave:

- a. poisson bracket has an exact correspondence with commutator relation of Q.M.
- b. klein-gordon equation has an exact correspondence with helmholtz equation.
- c. Feynman is able to derive Maxwell equations for electromagnetic fields only with commutation bracket of Q.M.

That is the message: you should not teach false teaching in order to make other people fall especially your students and your children by teaching them to worship hinduism or doing other blasphemy in order to interpret properly quantum mechanical wave. That is

blasphemy. Actually there is another indication of exact correspondence between classical electromagnetic wave and quantum mechanical wave, that is the so called Gersten's theory of photon Maxwell equations, that is: he is able to derive Maxwell equations from Dirac equation with only a few additional assumptions. See Gersten's paper in *Foundation of Physics Letters*, 1986.

An advantage of Gersten's theory is that one could find a consistent interpretation of quantum mechanical wave exactly from Maxwell equations as guiding principle with all equations are written explicitly. My messenger actually already submit a paper on derivation of Maxwell equations in quaternion space during a summer course in PFUR. That is how he think he can say thanks properly to a professor who was so kind to accept My messenger to his university. My messenger do not know that his kind assistance to that professor should be interpreted as an offense to him, actually My messenger only wish to complete an assignment which that professor asked him to solve in 2007 during an email discussion, after publishing a book together that is *Quantization in astrophysics, brownian motion and supersymmetry*. [1] That is the message: My messenger should be punished by his professor exactly for solving a problem which that professor asked him to solve. That is very very very very very cruel. And that is why Russian scientists never move forward, because they do and practice social darwinism to each other. Some of them ask their students to solve a problem so difficult and punish that students after they are able to solve their professors's problem.

Actually there is another approach to find correspondence between classical mechanics and quantum mechanics wave, that is: from Hamilton-Jacobi equation one can expect Schrodinger equation. See for example a paper by Carlos Castro is that book mentioned above in page 81-85.

That is the article for today. Love, Jesus Christ

c. Why they are called nephilim

'Thus saith the LORD, which giveth the sun for a light by day, and the ordinances of the moon and of the stars for a light by night, which divideth the sea when the waves thereof roar; The LORD of hosts is His name.' the book of Jeremiah 31:35

Don't you know that God really really love you. And He create all of you as image of Him. That is why: He already bless you with so many gifts. That is the message of the Bible: for God so love the world, He give His only Beloved Son, Jesus Christ, that whosoever believeth in Jesus Christ will not perish, but they will have everlasting life. Read again and again and again and again John 3:16. That is the message: salvation is a gift by grace of God, including for you who believe in Me, Jesus Christ. And God will give you crown of life and permanent residence in Heaven. Read again and again and again and again Revelation 2:7.

'he that hath an ear, let him hear what the Spirit saith unto the churches; to him that overcometh will I give eat to tree of life, which is in the midst of paradise of God.'

You should know that nephilim is literary speaking sons of God, and they are really really giants, because they are descendants of Adam.(a) Read again and again Genesis 6:4. But you should know that all of you have committed too many sins, that is why: all people who committed too many sins will be descendant of the old serpent. Read again and again and again and again and again Luke 3:7. That is why: you have no Spirit of God anymore, unless you repent and receive Me, Jesus Christ. Read Genesis 6:3.

That is why: God will return His Spirit to people, including you, who repent and receive Me, Jesus Christ and that is the meaning of Final Harvest. Read again and again and again and again and again Joel 2:28-29.

That is the message: be hurry and quickly quickly be hurry to repent and receive Me, Jesus Christ, and do your repentance properly and quickly, your Father in Heaven. Tweet this message quickly and distribute this message to all country and to all your family and to all your friends, quickly quickly today. follow Us only at <http://twitter.com/guidetorepent>.

Some people especially archaeology people argue that there are already human footprints found in Laetoli, Tanzania, with age as old as more than two million years. And they argue that that discovery do not support evolution theory, but do not support Bible argument either. That is the basis of cremo and thompson's book: Forbidden Archaeology (URL: <http://www.forbiddenarchaeology.com>). Actually My messenger write a paper on this

subject around two years ago, that the expanding earth hypothesis can be explained by a simple formula based on Carmeli metric, that is to put velocity dimension divided by a function of Hubble constant as the fourth dimension. Essentially, the Carmeli metric is a Minkowski metric but the time dimension becomes velocity component divided with a function of Hubble constant. Other researcher derive a conclusion based on this finding, that is: the length of day change in the ancient past time, especially in the age where the earth is beginning.

In creation theory, this argument of the age of the earth is called the young universe hypothesis. Read in <http://www.answersingenesis.org>.

The finding of human footprint in Africa can be explained as problem for evolutionists, but that finding can be derived as an effect of the young earth hypothesis, which can deduced from the conclusion of arbab paper, published in January last year (*Progress in Physics*, January 2009). But his hypothesis is quite empirical, that is based on numerical computer simulation. That is why he cannot explain the length of day from the viewpoint of the expanding earth theory.

My messenger actually look for the proper metric to explain the expanding earth hypothesis for more than five years, during working as a computer professional. That is why he do not have any more time for socialization, because he often read a number of scientific papers in weekend time. One of the books which Me allow My messenger to edit for other people, including for a mathematics professor who do not contribute at all, is *Quantization in astrophysics, Brownian motion and supersymmetry*. One of the contributor has written a formula for oscillation in quaternion relativity, that is a paper by professor Alexander p. Yefremov, in that book page 447, that is as follows:

- a. frequency in rotational relativity: $\Omega = \frac{\Omega'}{1 + \beta^2 / 4}$,
- b. times in rotational relativity: $t' = t - \frac{\beta^2}{4} \left(t - \frac{1}{2\Omega} \sin 2\Omega t \right)$.

That is the message: time is measured differently in rotational relativity, and the formulas derived above cannot be derived from the general relativity or evolution theory. The message is: the length of time is dependent factor, and time in the ancient past time tick faster even if the length of day is the same, that is twenty four hours. The difference is caused by the smaller earth dimension,(c) and that is why period of rotation of cycle of earth in the ancient past time is faster than period of rotation of earth that you observe today. That is because period of rotation, T, is an inverse function of frequency of rotation, Ω . One argument that support this explanation above is a recent replacement of metric

standard in Paris,(d) because the old standard detect small changes in one meter standard over the course of time, that is $\ell' = \ell + \alpha v$. This effect of changing metric standard cannot be predicted or explained by the general relativity theory up to now, even there are a number of recent papers discussing possible observation corresponding to varying fundamental constants, including varying fine structure constant. There are other problems in the general relativity theory, including what people call as Ehrenfest paradox, but this article is not about the general relativity theory. Time is up and is very very very very very limited, be hurry be hurry to repent and stop to debate theoretical gravitation, just be hurry and quickly be hurry to repent and receive Me, Jesus Christ, all corners of the world. My messenger is not a specialist in general relativity theory, and do not ask him to prove that einstein's theory is the best theory in town. If you want to do that, you should remember that that is the most important thing for you today is to repent and receive Me, Jesus Christ, quickly quickly today. Today is given to you by your Father in heaven, do not waste your time to debate relativity theory, Time is up and you should repent and do your repentance properly and quickly quickly and be hurry. And the meaning of repentance is: you should repent and stop doing all your sins, and do your work for the Kingdom of heaven quickly and properly.

That is the message: the metric length and also the metric standard vary over time, and that metric and time length vary quite a large amount in percentage in the ancient past time. Both the professor who wrote the paper mentioned above, nor My messenger, do not know yet the significance of the above equations to explain the young universe hypothesis until this time. And that is My gift today, that is explanation of nephilim and the young universe theory. And the young universe theory is approved by your Father in heaven.

And that is the message: be hurry and quickly to throw away all evolution books, all darwin books, and all dawkins books including throw away richard dawkins quickly quickly today into the fire. Because all of them is very very very very very cruel. They only want to make all people to fight each other, including some of them already created artificial financial turmoil by making capital drain in numerous countries, including Great Britain, Asian countries, and Eastern Europe countries. And do throw that false priest, that is richard dawkins, quickly quickly today into the fire, without further questions to him. And you should know that dawkins is the descendant of the old serpent itself, that is because dawkins worship evolution by replicating entities, "This is the law that all life evolves by the differential survival of replicating entities." (b) That is why: you should rely to God only. Do not rely to writers who make you thrilled with the thickness of their books, including dawkins, j.k. rowling, stephen king, and also cremo and thompsons. Throw all of them including dawkins quickly quickly quickly today into the fire.

This article is written and dictated by Me, Jesus Christ. Me allow you to read this article in order you can repent and do your repentance properly, and do that quickly.

That is the article for today, in order you can repent and return to your Father in heaven. Don't you know that now is the End of Time, and Me, Jesus Christ, already come again in Jerusalem. And you should not punish My messenger, because he only carry My message. That is the message: be hurry and quickly throw away richard dawkins and all his books into the fire quickly quickly quickly quickly quickly now.

- (a) <http://www.articlesbase.com/religion-articles/nephilim-as-the-bible-records-835749.html>. Nephilim meaning is 'fallen angels, fallen to earth'. They are fallen angels that is devil, and they have descendants, that is leviathan or plesiosaur. One of the nephilim is goliath. "There were giants [nephilim] in the earth in those days, and afterward, when the sons of God went into the daughters of men, and they bore children to them. They were the heroes that were of old, men of renown." -- Genesis 6:4. source: <http://bibleprobe.com/nephilim.htm>
- (b) http://members.optusnet.com.au/exponentialist/Malthus_Evolution.htm
- (c) That is the meaning of the expanding earth theory: that the earth dimension were smaller in the

ancient past time. And that theory is approved by your **Father** in heaven. And you should know that were what happened in the beginning of pre-flood history of the earth, that is the earth acquire a smaller volume, and that is why time tick faster in the ancient past. A number of ancient maps depict the origin of continents with a number of islands become one larger land, that is Lemuria, or referred to in the Bible as the Garden of Eden. And you should know that one of the maps depicting those ancient regions of the earth is a map drawn by Waldseemuller-Ringmann map, which

is now located in Library of Congress in Washington, D.C. URL:
http://news.bbc.co.uk/2/hi/uk_news/magazine/8328878.stm

(d) quoted: "The metre (or meter) is the basic unit of length in the International System of Units (SI). Historically, the metre was defined by the French Academy of Sciences as the length between two marks on a platinum-iridium bar, which was designed to represent one ten-millionth of the distance from the Equator to the North Pole along Paris Meridian (compare: Geoid). In 1983, the metre was redefined as the distance travelled by light in free space in $1/299,792,458$ of a second. The symbol for metre is m. Decimal multiples such as kilometre and centimetre are indicated by adding SI prefixes to metre. ... The word metre is from the Greek μέτρον (métron), "a measure", via the French mètre. It was first introduced in modern usage (metro cattolico) by Italian scientist Tito Livio Burattini in his work Misura Universale in 1675, in order to rename the universal measure unit proposed by John Wilkins in 1668. Its first recorded usage in English meaning this unit of length is from 1797. ... However, in 1793, France adopted as its official unit of length a metre based on provisional results from the expedition. Although it was later determined that the first prototype metre bar was short by a fifth of a millimetre because of miscalculation of the flattening of the Earth, this length became the standard. The circumference of the Earth through the poles is therefore slightly more than forty million metres. In 1960, the eleventh CGPM defined the metre in the new SI system as equal to 1,650,763.73 wavelengths for the orange-red emission line in the electromagnetic spectrum of the krypton-86 atom in a vacuum. " source: <http://www.answers.com/topic/metre>.

About recent replacement of the metric standard used in CGPM Institute, that replacement should be put into effect by 2009, because they planned to improve the older metric standard by end of December 2008, and My messenger read that news around June or July in 2008 in a newspaper

published in his country, but he forgot to make a clipping of that news piece. And that is why that would be a good verification of this proposition to find measurement data out of the actual action and reason to replace the metric standard in CGPM in Sevre near Paris. The basic proposition is that the metric length will be measured a bit varying over the course of time, that is

$l' = l + \alpha v = l + f\left(\frac{1}{H}\right)v$. That is the proposition derived from Carmeli metric, that the length

standard also vary according to Hubble expansion, but the actual coefficient of expansion α should be determined by a precise measurement, here α and v represent coefficient of expansion and velocity component, that is in dimension of length divided by time dimension, and that is: the fourth dimension in Carmeli metric is velocity divided by a function of Hubble constant. The actual measurement can be verified by a number of metrology procedures, but My messenger is not an expert in fundamental metrology. See also M. Carmeli, J. Hartnett, & F. Oliveira, 'The cosmic time in terms of the redshift,' arXiv preprint, 2005, 3p., URL: http://arxiv.org/PS_cache/gr-qc/pdf/0506/0506079v2.pdf

d. how you can determine time deflection in rotational motion

Some people think that time deflection is impossible, that is because they think that time is linearly dependence. Actually time has different meaning in different theories, for instance time can be considered as vector field, see for example Relativity in Clifford space by Carlos Castro. Other example is time vector of a self-organized cosmology and gravitation theory by Pestov, presented at VNIIMS. But the problem is more adverse if we consider that time is not completely defined in general relativity theory. Another problem is time is not affected by gravitational acceleration, but by kinematical motion, that is relativity theory. How can it be like that? The answer is that you should repent and receive Me, Jesus Christ, that is why: do not worry, don't worry about anything, repent and receive Me, Jesus Christ, that is why: do not worry, don't worry about anything, but be hurry be hurry to repent and receive Me, Jesus Christ.

Today some people ask to God to teach them how to delay the invasion of nephilim using time equation of alexander yefremov. The answer is that is forbidden by your Father in Heaven. Actually there is a minuscule effect of time deflection of the order of less than 1 millisecond per year, but that can happen only for planetary mass such as for jupiter.[1] And that is why the question is: whether such a time deflection by artificial device called time machine or ctc machine is allowed or not by your Father in heaven. For you to know: you do not know what is the effect of time deflection machine to the entire world and outer space stability. That is why that question is forbidden.

That is the article for today.

e. what is wave function model of the Universe

'Oh that Thou wouldst rend the heavens, that thou wouldst come down, that the mountains might flow down at Thy presence.' The book of Isaiah 64:1

Some people think that you should do your best to describe the Universe in entirety, actually that is not a good recipe to be a scientist, because you do not know how the Universe is created by your Father in Heaven. And don't you know that all of you who speak about wheeler-DeWitt equation actually you do not find observation at all to support your argument. So many years so many years and all of you cosmology people actually only fool yourself as if you know the answer that is the proper wave function model of the Universe.

Don't you know that wave solution of general relativity theory is not observed as well, and also gravitational wave is not observed too? That is why: do not worship your own theory, and do not claim that you already observe gravitational wave, that is blasphemy to boast observation that do not appear and that observation is not registered in your measurement. Don't you know that actually that is forbidden to develop a theory by yourself based on your free will? Don't you know the principles that govern nature in their entirety? Read again and again and again and again and again the book of Job 37:14-18.

And that is why: all of you cosmology people should repent and receive Me, Jesus Christ, and then you should do your best to speak about Me, Jesus Christ, in public and do that at your best, that is the principle how you can do your repentance properly as a scientist and as a society. And do your best to speak about Me, Jesus Christ, and that would mean you should speak in public television and all radio channels in order you can speak properly in public.

Now We explain to you the principle of the Universe, and that is OUR gift to a professor in cosmology group who dare enough to admit he do not know either the answer. The Universe shall be fruitful and faithful, and that is the same principle for you: your life should be fruitful and faithful. And that is how you should life. Do not spend your life for nothing, or for doing small things, or you do not take care properly other people around you, that is how you should not live. And do your best to make fruits for your Father in Heaven, and that is the meaning of the Gospel of John chapter 15.

And you should also know that you do not have to be a professor in top leading university in USA, or Great Britain, or Germany, in order you can speak about Me, Jesus Christ. You can

be shining, no matter you are made of. But you should work hard in order your life can be fruitful and faithful, and you should be compassionate and be merciful. That is how you can do your repentance properly as both a person and as a society. Read again and again and again and again and again the Gospel of Matthew 9:9-13.

Thank you, thank you, thank you, thank you, thank you, Me already help you. Love, Jesus Christ.

f. what is solar spot and solar flare

'As when the melting fire burneth, the fire causeth the waters to boil, to make Thy name known to Thine adversaries, that the nations may tremble at Thy presence!' The book of Isaiah 64:2

pacs. 96.12.De

abstract

There is recent data reporting that the sun experience a winter season, that is shown by a number of solar black spot which can be portrayed from a number of satellite imagery monitored from earth. The origin and electromagnetic explanation of such black spot has not been clearly defined yet, despite a number of theoretical papers have been submitted in recent years. In the present paper we submit The viewpoint which is approved by your Father in Heaven, that is: solar flare is effect of spontaneous radiation of kelvin wave of superfluid or bose condensate entity, that is the Sun.

Introduction to solar flare problem

The origin and electromagnetic explanation of solar spot and solar flare has not been clearly defined yet, despite a number of theoretical papers have been submitted in recent years.

But we can infer some arguments based on hypothesis that the sun is previously a neutron star in the ancient past, and that is condensed matter entity. In the present paper we submit The viewpoint which is approved by your Father in Heaven, that is: solar flare is effect of spontaneous radiation of kelvin wave of superfluid or bose condensate entity, that is the Sun.(i) And that is the origin of high energy particle emission which we know as solar flare.(j) Some people will find that such a hypothesis is not so valid as a scientific idea, but there are a number of finding indicate that the sun is indeed a low-temperature condensed matter physics phenomena, that is a three dimensional superfluid.(a)

Some of you do not know the meaning of superfluidity, that is including some theoretical physicists including a number of relativistic physicists. In principle, superfluidity is low-temperature phenomena, which is characterized by a free flow of fluid without friction

resistance, that is similar with superconductivity. That superfluid character is observed under a temperature which is called critical temperature, normally under 2-5 degree kelvin.

And that is another hypothesis that My messenger wish to develop further, but he lack of theoretical model and lack of first hand data, nonetheless there are reports suggesting that a superfluid model of the solar interior is appropriate theory.(a) But there are a number of finding which support hypothesis that both earth planet and the sun and also solar system actually a condensed matter physics phenomena, and solar spot and solar flare is just only an effect of such a condensed matter physics phenomena.(i) Those finding which support The viewpoint suggested in the present paper are as follows:

- a. There are finding indicating that earth is two fluid layer composite, instead of a solid. That is because the inner layer rotate with different velocity compared with the outer layer of the earth. And that two fluid model is another character of superfluidity.
- b. Solar system is also composed of a set of inner planets and outer planets, with outer planets have larger masses compared to inner planets. Nottale have described the inner planets distribution as solution of spherical schrodinger equation, but he do not discuss superfluid interpretation of that solution.(d)
- c. Another problem in Nottale-schrodinger model of solar system is that it cannot describe the problem, that is: why the outer planet masses tend to be larger than that of the inner planet distribution, while if we find spherical solution of schrodinger equation we should find another row of planetoids for $n=2$ but actually they size should be more or less equal to the inner planet size for $n=1$. Furthermore, the outer planets have different physicochemical structure, that is the message: spherical solution of schrodinger equation cannot describe properly the different physicochemical structure of jovian planets. That is the message: actually the answer can be found if we took seriously another hypothesis that is two-fluid model of solar system, that is superfluid model of solar system.
- d. And regarding the sun itself, that is: a smaller neutron star in the past which also increase in its size according to Carmeli metric, that is one of good theory which is approved by your Father in Heaven, see also a following phrase from Manuel, Ninham and Friberg: Quote: 'Giant gaseous planets and the solar surface are mostly H, a fermion, but the inner planets and the interior of the Sun consist mostly of bosons.'(a) That is the message: do not worship sun or planet or saturn or moon or jupiter. Don't you know that is blasphemy to worship other than God, read again and

again and again and again and again the book of Deuteronomy 6:5, and Deuteronomy 5:7-9.

- e. Don't you know that My messenger actually is not an astronomer neither an astrophysicist? Actually he only wish to describe quantization of planetary distance from solution of schrodinger equation, but he do not find the argument of Nottale for $n=2$ convincing, that is because the outer planets are larger than the inner planets, that is counterintuitive to the basic proposition of wave mechanics. That is why: he thinks that a superfluid model of solar system would be more adequate to describe those outer planets, and not only solar system, but also the sun and a number of planets including the earth can be considered as 3d condensed matter entity. Eventually he published a series of paper around five years ago, and some astronomers report a number of planetoid discovery beyond pluto subsequently, but these astronomers do not want to cite or refer to the superfluid hypothesis of solar system model, even an IAU conference in 2006 already accepted that there are a number of planetoids beyond pluto, including sedna and quaoar.(c) That is the message: astronomers society tend to reject hypothesis which support reality, they pretend to support only theory or observation which confuse people including numerous fake computer evolutionary theoretical simulation which hide algorithm to produce that result. That is the problem is modern astronomy: they only worship evolution theory and darwinism.
- f. Another problem which confuse theoretical astrophysicists are the problem of black spot observation. Yes, they are electromagnetic field effect, just like a spiral solution of electromagnetic field which My messenger forget its terminology, but today Jesus Christ help him to remember that terminology, that is birkeland solution.(g) But apparently we can consider solar black spot exactly as a twirl or vorticity phenomena just as what we can expect in superfluidity experiment, but this time the sun should be considered as an overall three dimensional superfluid. Another proposition which can be inferred is that one can expect to describe the sun as two-fluid component of superfluid entity, just like a typical neutron star. Quote: '...that deep-seated magnetic fields associated with superfluidity of nucleon-paired fermions in the solar core and/or Bose-Einstein condensation in material surrounding that core may explain the upward acceleration and departure of H⁺ ions in the solar wind and abrupt climatic changes, including geomagnetic reversals and the periodic magnetic storms that mark the solar cycle.'(a) There are a number of theories of superfluid model of neutron star, for example see Volovik. Actually there is another reference on hot spot emission of a freely precessing neutron star, which could be an alternative good approach in order to study solar spot and solar flare.(b) Nonetheless, you should pray and ask to God first before pursue further on

this analogy between solar spot and hot spot emission of neutron star, otherwise the effect is not good for yourself.

- g. There is recent observation by NOAA researchers which suggest that solar flare affect climatic changes, and that is why research concerning solar spot is very significant as preventive measure to warn people before abrupt climatic changes. Quote: 'For the first time, we can tell two to three days in advance when and where a solar flare will occur and how large it will be,...These recurring motions of the magnetic field, playing out unseen beneath the solar surface...' (h). Another remark by director of NOAA tell that solar flare is actually high energy emitted by solar black spot's magnetic fields, and solar flare can affect numerous satellite facilities around the earth. Quote: 'Solar flares are sudden bursts of energy and light from sunspots' magnetic fields.' (h) That is why: solar flare actually can be considered as high energy particle from spontaneous radiation emitted from a 3d condensed matter entity, that is the Sun. (i)
- h. Solar wind can also be considered as a 3dimensional effect of a condensed matter entity, but My messenger do not find a proper reference of such a study until the time of preparation of the present paper. And also van Allen belt can be considered as electromagnetic effect of a condensed matter entity that is the earth, but again he do not find yet a proper reference for such a study of van Allen belt. That further problem can be used as guideline for further research, but you should know that time is up, and Me, Jesus Christ, already come again in Jerusalem. Thank you, thank you, thank you, thank you, Me already help you. Love, Jesus Christ.
- i. There is other hypothesis which My messenger wish to explore further, that is another argument supporting the idea that Cosmos is also a low temperature phenomena, that is the so called cosmic microwave background radiation temperature which is registered to be at 2.73 degree kelvin. (e) Your Father's Will is that you should not continue exploring so many hypothesis but just follow Me, Jesus Christ, only at <http://www.twitter.com/guidetorepent>
- j. Nonetheless there is another proposition supporting that low-temperature interpretation of cosmic microwave background radiation that is 2.73 degree kelvin. That is: that universe has dimension equal to menger sponge dimension of 2.73. (e) There is another sponge model of the Universe proposed by Zel'dovich sometime ago, but his hypothesis is not related or related but nobody explore that proposition further. (f) The problem with this menger sponge dimension interpretation is that dimension has no kelvin temperature, that is a question for theoreticians.

That is the article for today. That is the message: you should not eat too many fruit of knowledge, only repent and receive Me, Jesus Christ, all corners of the world. Don't you know that your Father in heaven really really love you, and surely He is willing to help you and answer all your questions? That is why: give yourself to be saved, there is only God, and none else.

Love, Jesus Christ

g. What is particle

pacs. 11.10.Cd

Some people think that you should not work unless for the Kingdom of Heaven. Don't you know that Me, Jesus Christ, already come again in Jerusalem. That is why: do not worry, do not worry about anything and repent and receive Me, Jesus Christ, do your repentance properly. Time is not enough for doing anything and that is why do not do anymore work unless you work hard for the Kingdom of Heaven. Don't you know that people who did blasphemy do not know the meaning of repentance and that is why: they do not know how to forgive people's mistake in the past, because they do not appreciate and thank to God for all blessing He already give to them.

Some people think that particle is forbidden to study properly, because that is for God. Don't you think that God really really love you, that is why: God allow you to learn something about particle, but you should always pray first to God before learning a new paper or a new theory, and do not worship an equation, or worship a book, or worship a theory. That is why: do not worry do not worry about anything, just repent and do your repentance properly, and now We give you OUR gift that is explanation on particle.

Don't you think that particle is like fruits? That is the message: your life should be fruitful and faithful. And some of you think that the answer is vortex string,(b) or optical vortice,(a) but actually particle is closely-packed fruits,(c) and hadron is not required to explain fruit or particle. That is why: do your best to not worship hadron, do not worship particle. Particle is very very very very very small, that is why: do not worship particle, do not worship kaon, do not worship pion condensate, do not worship gluon and quark plasma, and do not worship optical vortex either. That is the message: the message is all of you who study particle should repent and do your repentance properly, that is how you can repent and do your repentance properly as a society. All of you should do your repentance properly as a person and also as a society, and you should do your best in order your life can be fruitful and faithful. Read again and again and again and again and again the Gospel of John chapter 15. And that principle is the same for particle, that is: elementary particle is only a number of small fruit which is arranged such that they have minimal distance between each other, such an arrangement is often called dense close-packed spheron model, a modern version is extended bag model,(e) but no required to introduce hadron, because elementary particle is enough to explain baryon observation. See for example an article by Linus Pauling, but he is very polite to mention other possibility to explain baryon as quark-antiquark model (read that he put that in his paper with remark 'may').(f)

And you should also know that such a resonance model and closely packing of fruit with a bag can be considered as a good guideline for chemistry only, but if you are a physicist and you are looking for a fundamental entity then you should pray first to God in order God can answer properly your prayer, including to answer how to describe properly elementary particle fruit from vortice(g) and vorticity(h) and soliton.(i) Thank you, thank you, thank you, thank you, thank you, Me already help you. Love, Jesus Christ.

Do not worship kaon, do not worship meson plasma, do not worship random string, random string is worm, string is snake. That is why: random string is forbidden forever and chaotic string is even worse despite some clever mathematicians solve elementary particle using random string or chaotic string theory.(d) Do not think that you know everything even only in principle, for you know that you knowledge is incomplete, and that is implication of godel's incompleteness theorem, and also that is the result of a book by karl popper: conjecture and refutation. Some theoretical physicists think that a theory should find a balance between experimental observation and theoretical abstraction, that is Gell-Mann, but actually the proper answer is: you should repent and receive Me, Jesus Christ, first and then pray and ask to your Father in Heaven, and He give you answer, that is how you should describe particle properly. That is how you can do repentance properly as a person and as a society.

That is the article for today. Love, Jesus Christ

h. implication of molecular interaction model to prediction and description of htsc

pacs.11.10.Cd

abstract

Some people think that that is necessary to hypothesize strong force interaction to describe properly elementary particle, and that is why: one begin to consider hadronic model of strong force interaction.

Actually that is not true, there are a number of other model which God approve in order to describe properly elementary particle. Don't you know that that is forbidden to study elementary particle without respect and fear to God. In the present paper We describe how implication of molecular interaction theory without introducing hadronic strong force can lead to sufficient theory which can serve as a guideline to discover high-temperature superconductivity.

Introduction to molecular interaction theory.

There are a number of other model which God approve in order to describe properly elementary particle. Don't you know that that is forbidden to study elementary particle without respect and fear to God. In the present paper We describe how implication of molecular interaction theory without introducing hadronic strong force can lead to sufficient theory which can serve as a guideline to discover high-temperature superconductivity.

And that is why: do your best, I Jesus Christ repeat, do your best to speak about Me, Jesus Christ, before you pull your nerve and begin to describe properly elementary particle. Don't you know that that is forbidden to hypothesize a number of hypothetical and fictitious particle without regard to observed experimental measurement? That is the message: you should be hurry and be hurry and quickly quickly quickly quickly quickly be hurry to repent and receive Me, Jesus Christ.

Don't you know that Me, Jesus Christ, already come again in Jerusalem.

And that is why: do your best to work as many as possible for the Kingdom of Heaven.

And now We will explain properly what is the true fundamental interaction, what is implication to hts. For you to know that nobody find a new type of particle and the correct model of fundamental interaction, and that is the message: you should do your best in order your life can be fruitful and faithful. In contradiction, you can read from modern history that elementary particle physics experience a stagnant period for more than three decades, thanks to complicated model of numerous string theory schemes and also devotion to unification theory at all cost, which is often called as grand science program. And that is why: do not worry about anything, and do not worry either about solar dependence to certain factor which you worry they will fall onto your head, and just repent and receive Me, Jesus Christ, all of you scientist and particle physicist and particle experimenter quickly quickly quickly quickly quickly today.

Don't you know that your Father in Heaven do not approve hadronic interaction, and all other type of interaction which do not meet experimental observation, or you put so many free parameter in order you adjust freely if a new observation pop up and you do not want to lose your face. Don't you know that that is forbidden to assume things beyond necessary, that is a principle of scientific research, which you often give that principle a name that is occam razor.

How do you explain properly molecular interaction without hadronic strong force?

The aforementioned question always become a problem once a scientist begin to think an alternative to strong force interaction. But you should not worship strong force interaction, especially if you consider that following problem with quark model:

- a. The number of quark always increase in the past three decades, and that is good indicator of weak modeling problem, including hypothesis of top quark by kobayashi and maskawa in 1973.(h)
- b. There are too many free parameters in order to derive only ratio of particle masses, and without specific prediction of elementary particle masses. (i) The meaning is that there is no one can know why hadron model should be retained, except because some people already throw a big bet in a jackpot called hadronic strong force, and those people are so arrogant and they demand all other physicist to worship themselves. That is not science at all, that is only idolatry and blasphemy. And don't you know that in order to do science properly, you should discover something really really fundamental in science, and in order to do that you should pray and return to

God only? Otherwise you only rely on other scientist's opinion, normally from respectable institution or from other particle lab, but they actually also do not know the answer, and that is the meaning of what I spoke sometime ago in the Bible: a blind man following another blind man and they will fall together. My messenger do not discover something new in elementary particle either, but today God teach him that the answer is not hadronic strong force, but van der Waals force instead of QCD potential, and that is why all of you should not delay again to repent and receive Me, Jesus Christ. Don't you know that there is another paper already which can describe nucleon-nucleon potential without having to introduce QCD potential?(j) And another paper can describe nucleon-nucleon potential without having to solve dirac equation.(k)

- c. No one actually ever detect directly both isolated quark and also the existence of top quark, even a number of experimenter has reported that top quark is already observed, including the so-called Dzero laboratory, but those people always adjust predicted mass of top quark from time to time in order they can announce different observation each year.(l) Don't you know that each particle laboratory, each year has to announce something like breakthrough in order they can submit another proposal for bigger and bigger experimental instrument? That is the meaning of quark experiment: so many free input parameters and you can adjust freely the free parameter in order you can predict mass of predicted top quark in order some people in Dzero can say that they always discover first something new in particle physics.(m) The meaning is that: that is not science at all, that is only a number of computer simulation with a number of free parameters and you only crash something very very very very very small and you think you discover something from the dust out of the crashing of the small sphere. That is not understanding building block of Nature, but that procedure to discover elementary particle by crashing smaller and smaller entity called proton or neutron, is only a romantizing of masonry people who want to discover something new with a hammer and a stone. Actually you should repent and receive Me, Jesus Christ, first before you study anything, and then you should pray and ask God to help and teach you properly how to think, in order you do not spoil your life by exploring so many different direction in science and then you do not know, what is the correct answer.
- d. Do not you think that quark itself is only an abstraction of mathematical model, that is the meaning of quark: an abstract theoretical variable and that is why you should not expect to find them in observation. Only Zweig that assume that quark is a smaller entity inside particle. For you to know that there are other composite model of elementary particle, for example: Feynman model, and rishon model of harari-shupe, and preon model, and other model of particle interaction based on quantum

field theory,(n) both all of them lack a rigorous explanation of elementary particle compared to close-packed spheron model of elementary particle by Linus Pauling.(f)(g) Eventually you can also find a connection between close-packed spheron model to soliton potential, but you should explore that approximation properly using Van der Waals force of your soliton.(e)

- e. And also you should know that quark confinement problem has never been solved, that is because there is no gluon and quark at all.
- f. That is the message: answer from your Father in Heaven is that all is superconductor from small scale to large scale. Superconductor model of metallic phonon by Linus Pauling is a good paper to begin with,(f) and also his paper on the Architecture of molecule, where he describe the essence of his theory.(g)
- g. And then you should repent and receive Me, Jesus Christ, all corners of the world before you can begin to learn something about elementary particle.
- h. So many years so many years all scientists especially particle physicists fall into too outlandish abstraction without proper respect to God.

And now some physicists pray and ask to God concerning how you can solve a number of elementary particle without modeling strong force interaction? That is answer from God: you should know that Van der Waals force can be a good and even better alternative to dubious hadronic type of strong force interaction. Quote: 'It is strong enough to overcome the electromagnetic repulsion between the hadrons. This is similar to the Van der Waals force between molecules (except the difference in charge carrier).'

(a)

For you to know there are other equivalently rigorous model based on vortice dynamics which can be used as a guideline for describing properly fundamental interaction between nucleon, without having to introduce a number of hypothetical entity which cannot be observed at all and that is why: those hadronic interaction theory is so confusing and cumbersome with too many free parameters. For further theory of elementary particle based on vortex dynamics, you can refer to the following references, but that is only as a first approximation.(o)(p) Don't you know that time is up, and now is the Final Judgement Day.

And that is the message: do your best to destroy all physicists and also all other scientists including the incumbent of a big country, who do not respect and fear to God, and they only ask you to worship themselves. Don't you know that such a practice to worship human being as you do practice is not even a particle science, that is only a

kind of idolatry and blasphemy, especially if you also worship darwinism and evolution theory and then you do social darwinism,[1] that is full of blasphemy, and that is what make you become fool and idiot. Don't you know that all people who do blasphemy and worship statues will be punished to become a fool and then they will not accomplish anything in their life? And that is the meaning of the book of Isaiah 44:12-21, and also the book of Psalm chapter 1.

Implication of refuting hadronic type of strong force interaction

Don't you know that numerous particle physicists have literally speaking devote their life to study without reserve at all a number of theoretical approach to describe hadronic type of strong force interaction. But you should remember that not even one of them find something new in this field of elementary particle, especially in the past three decades exactly after quark hypothesis was promoted vigorously by a number of mathematicians including a leading professor who actually are more interested in linguistic and novel book.(q) And that is how you find that your hadronic type of fundamental strong force for particle interaction is not a useful approach for scientific research, and the meaning is that hadronic model is baseless and a futile attempt to describe particle physics properly. That professor who love linguistic and greek mythology often give speech and say in public lecture that in order to be a good scientist and do science properly, you should find a balance between theoretical abstraction and experimental observation, but that professor forget that the principle of doing science is very very very very very simple, that is: fear to God is beginning of knowledge. Read again and again and again and again and again the book of Proverbs chapter 1. And you should remember that that phrase quoted from the Bible is printed and displayed in a number of leading university and research institute in the world, including in princeton university. The meaning of this present paper, is that elementary particle is a number of fruit sphere, and your life should be fruitful and faithful too, and that Me, Jesus Christ, is The true vineyard, and without Me you will spoil your life for more than forty years without clue to elementary particle model, even if Linus Pauling already published his scientific description of the Architecture of molecules more than forty years ago. That is why: all of you elementary particle physicists should repent and receive Me, Jesus Christ, quickly quickly quickly quickly quickly today without further delay. Give yourself to be saved, all corners of the world. Read again and again and again and again and again the book of Isaiah 45:22-23. And that professor who created a new terminology in strong hadronic type interaction and force other people to worship that mathematical entity, he should repent and do his repentance properly, that would mean: he should speak in public and repair the damage he has caused that is

not less than forty years of blasphemy because he contributed to the present situation of stagnation of particle physics, but all other physicists who follow that professor blindly should also repent and do your repentance properly without further delay and then you should do your best to tell all people that there is no point to continue research in particle physics with strong force interaction, and strong force interaction is completely a futile attempt and should be forbidden theory. That is how you can do your repentance properly both as a physicist and as a society. Do not worship a novel book, do not worship a mathematical entity, and do not worship human being either. Don't you know that you should love God only? read again and again and again and again and again the book of Deuteronomy 5:7-9, 6:5.

And now elementary particle physicists demand an utility to refute hadronic type of strong force interaction. Now We give you an answer, that is that an advantage of refutation of hadronic type of strong force interaction is that you will find a good approach to describe htsc (high temperature superconductor) up to 371^o kelvin. Quote: 'In the berthollides, however, a possible Jahn–Teller–Peierls-type instability may give rise to formation of diatomic molecules (Na₂, Ag₂,) with electron pairs and superconductivity can set in. It is possibly such systems that were obtained by chance in experiments with univalent components and reported to have T_c of up to 371K .' (b) For you to know, htsc higher than several degree kelvin remain an utopia, but one can expect to describe physics of htsc up to several hundred degree kelvin, once we define properly chemical stability, and that is by introducing close packing of sphere. But you should know that close packing of sphere can be modeled in a number of theoretical approximation, including adhesive and colloid type interaction, known as van der waals type interaction.(c)

And that is the message: you can find experimental observation of the effect of dense close packing of sphere for molecular structure in order you can study properly molecular interaction, for example by studying molecular interaction of berthollides and xenon. For other paper discussing proper modeling of atom packing of superconductor, see (d).

Concluding remark

The meaning of this present paper, is that elementary particle is a number of fruit sphere, and your life should be fruitful and faithful too, and that Me, Jesus Christ, is The true vineyard, and without Me you will spoil your life for more than forty years without clue to elementary particle model, even if Linus Pauling already published his scientific description of the Architecture of molecules more than forty years ago. That

is why: all of you elementary particle physicists should repent and receive Me, Jesus Christ, quickly quickly quickly quickly quickly today without further delay. Give yourself to be saved, all corners of the world. Read again and again and again and again and again the book of Isaiah 45:22-23.

Thank you, thank you, thank you, thank you, thank you, Me already help you.

That is the article for you today. Love, Jesus Christ.

Note: the present article is written and dictated by Me, Jesus Christ. Me allow you to read this article in order you know that We really really love you all physics fellowship, but all of you should repent and receive Me, Jesus Christ, all corners of the world, and do your repentance properly as both a scientist and as a society. And do your best to tell all people including all your family and all your science colleague, that Me, Jesus Christ, already come again in Jerusalem, and that is why: do your best to convince all people including speak properly about Me, Jesus Christ, in public television channel and radio station and get your lecture to be broadcast in numerous country including USA, Europe, Germany, Great Britain, Japan, China, India, Russia, and other Eastern Europe and Asia and Africa country, tell all of them that they should prepare for My second coming. And all of you should repent and receive Me, Jesus Christ, and do your repentance properly before you speak properly in public that Me love all nations, but they should repent and receive Me, Jesus Christ. Thank you, thank you, thank you, thank you, thank you, Me already help you. Love, Jesus Christ.

i. How superconductivity can be explained from soliton model

Some people think that superconductivity at high temperature is really really impossible to explain, especially if one has to explain its effect to gravitational field. There are some recent experiment with gravitational field shielding, which can be explained only in terms of superconductivity effect. The problem is how to put this kind of effect from higher dimensional theory. That is how a mathematical physicist now think to solve that problem, but actually that is not a correct model to describe gravitational effect from superconductivity.

In order all of you to know that Me, Jesus Christ, already come again in Jerusalem and that is why: do not make any more mistake and sin in your life, otherwise there is no forgiveness anymore, unless your Father in Heaven. Don't you know that that is not possible to do any work except to do many many work in your life for the Kingdom of Heaven.

In order you can explain properly superconductor effect in gravitational shielding, you should begin with a correct model.

Don't you know that Me, Jesus Christ, already come again in Jerusalem. And that is why actually you should not speak about science including high temperature superconductivity, except in order you can speak about Me, Jesus Christ, that is how to explain how Me really really love you all physicists in general, except a few of you who stand against your Father's Will.

Do not, I repeat, do not work out any plan which stand against Me, Jesus Christ, love, Jesus Christ.

Note: this article is written by Me, Jesus Christ.

How you can describe properly superconductivity from soliton model

Don't you know that a professor in theoretical physics that is y.p. Rybakov work out a soliton theory for more than twenty years, in order to explain Maxwell electrodynamics.

Don't you know that his question actually is already solved. See for example the following citation.[1]

Don't you know that you should know that superconductivity can be explained by virtue of proca equation. And that is how to describe proca equation:

$$\operatorname{div} \vec{E} = \frac{\rho}{\varepsilon_0} - \left(\frac{m_{\text{photon}} c}{\hbar} \right)^2 \cdot \varphi, \quad (1)$$

$$\operatorname{div} \vec{B} = 0, \quad (2)$$

$$\operatorname{rot} \vec{E} = - \frac{\partial \vec{B}}{\partial t}, \quad (3)$$

$$\operatorname{rot} \vec{B} = \mu \rho \vec{v} + \frac{1}{c^2} \frac{\partial \vec{E}}{\partial t} - \left(\frac{m_{\text{photon}} c}{\hbar} \right)^2 \cdot \vec{A}, \quad (4)$$

In order you can know the meaning of superconductivity model from soliton interpretation, one should explain first a number of theoretical background of soliton, that is a fibre bundle of photon light wave. Do you know that in order to explain a fibre bundle of photon light wave one should begin with a number of starting assumption that is the so-called de Broglie wave model, that is:

Stochastic qubit of information can be embedded in a superconductor magnet device, that is how they now put into application, that is magnetic tape.

A number of starting assumption can be described as follows:

The possibility to represent de Broglie wave as a sum of soliton located at nodes of a cubic lattice with the spacing $a \gg l_0$:

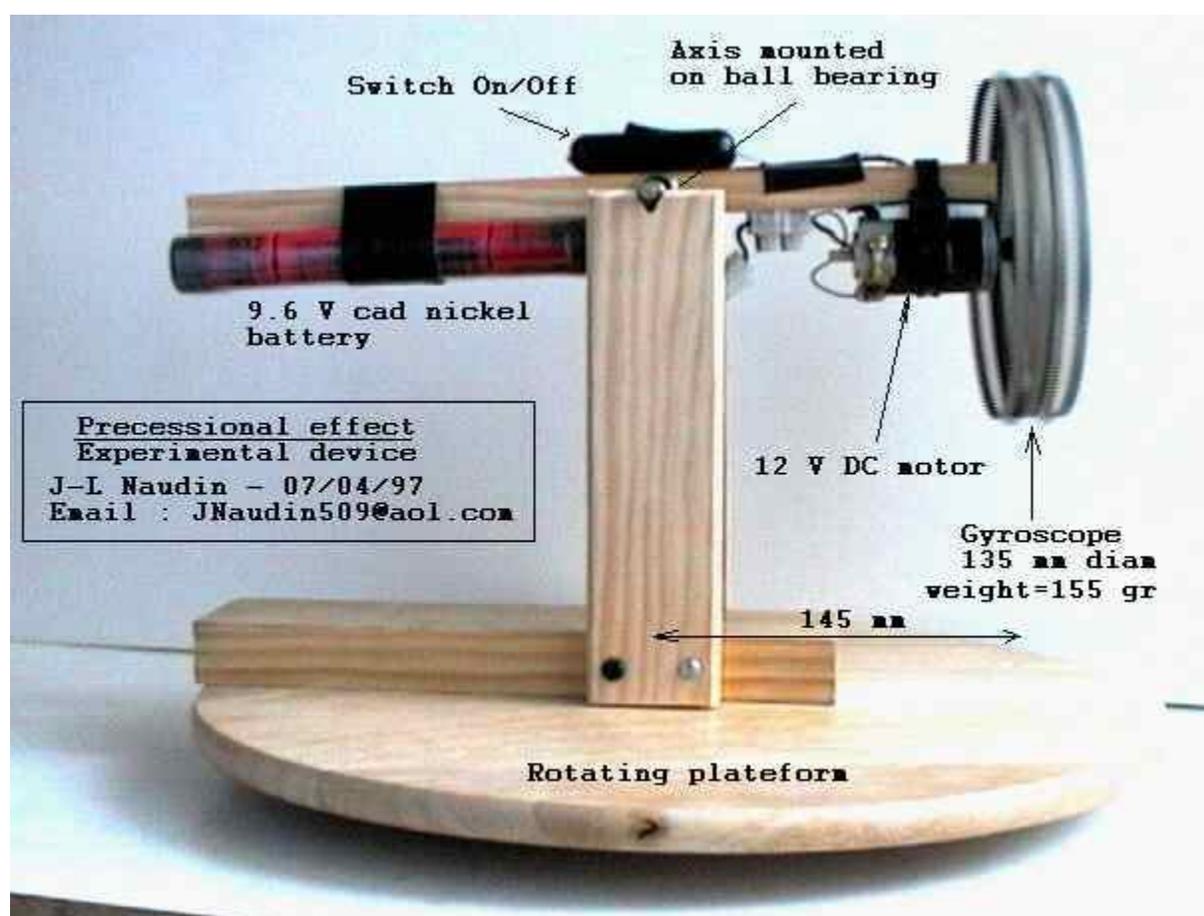

$$A e^{-\beta k x} = \sum_d u(t, r + d) \quad (5)$$

Where d marks the position of the lattice nodes.[2][3]

That professor who is already an authoritative voice in theoretical physics, he is not very happy with a paper that he write quite some time ago that is a paper cited at [2], and actually he has an idea at the time he thought on Maxwell equations, that is how to conceive a soliton model of lorentz force equation, and then from that presupposition one can derive Maxwell equations using Feynman's derivation theorem of Maxwell equations. Actually one can start with another conjecture to arrive at solitonic description of Lorentz force, but that

is forbidden to discuss further because time is very very very very very limited, but your Father in Heaven is very very good and He love all of you very very very very very much, and that is why He allow another professor in mathematical physics to explore an experiment observation on how Lorentz force only is sufficient to describe anti-gravitation effect. There is a number of references discussing anti-gravitation experiment, but only a few physicist consider that kind of experiment very very very very very seriously. My messenger already write another article discussing anti-gravitation effect based on London magnetic moment of superconductor theory and end up with gravitational Lorentz force equation, but he do not put that idea into experiment.

In order you know that there is such an experiment of anti-gravitation effect, that is what j.l. naudin work out sometime ago, and one of his simple scheme is included here, but that is only a very very very very very simple toy model of anti-gravitation:

Source (but not with permission because time is very very very very very limited, My messenger one time ago write an email to j.l. naudin but got no reply). This is only a scheme, and My messenger do not put yet that scheme into experimental realization. URL: <http://jnaudin.free.fr/html/gyrotest.htm>

That is the message: you can interpret the massive photon as a sum of soliton strand of photon light wave. And that is how you can describe properly proca equation as soliton model of superconductivity. For you to know: there is another paper which you can discuss concerning Maxwell equations from soliton model,[4] but that paper is not recommended to study any further, because time is very very very very very limited and that is forbidden to work out too many idea without proper purpose to speak about Me, Jesus Christ.

My messenger actually do not learn properly both on superconductivity and also on Maxwell theory and also he do not learn properly on soliton theory, except he attend a seminar by a professor in theoretical physics that is the author of paper cited in [2], and also he once asked to be given a book on soliton theory written by the same professor around last year, but he did not understand at all the principle of soliton theory, except he only know that there are numerous nonlinear version of wave equation written in the book. The book actually was forgotten to him to carry further, but he actually only want to ask one question, that is : given one accept the yukawa procedure to solve radial cylindrical problem for klein gordon equation, and then one obtain yukawa potential, then does it mean if one obtain and solve radial cylindrical problem for nonlinear klein gordon equation, then does it mean one can obtain other nonlinear potential?

Actually My messenger would like to ask that question but at that time he was pressurized by another professor to complete another problem otherwise he should be ousted quickly quickly quickly quickly because he do not complete comparison between six dimensional Maxwell theory, which was assigned by that professor who urged My messenger to accomplish that assignment. Another problem that make that professor do not like My messenger at all, is because My messenger do other book with another professor in mathematics that is florentin smarandache.(a) But this article do not discuss what is the problem he work out with florentin smarandache. See only references below for superconductivity with massive photon modeling, the amount of mass of photon can be observed experimentally, but the amount must not be determined by experiment but by calculation. There is a number of estimate of photon mass, that is by j.p. vigier.[5] the photon mass is required to describe properly superconductivity from proca equation. Michel gondran also wrote a paper on proca equation but he forgot to mention earlier paper written by My messenger and florentin smarandache and another physicist who work on high temperature superconductivity but do not know theory at all, that is frank lichtenberg. All those professor who want their name to be included in that paper including florentin smarandache actually do not know how to describe properly superconductivity neither they know the purpose of writing proca equation paper, but My messenger do not know that that is forbidden to include more name than necessary. That is a mistake but he

do not cite any further that proca paper in another paper that he wrote on derivation of Maxwell equations in quaternion space.[6]

Thank you, thank you, thank you, thank you, thank you, Me already help you. love, Jesus Christ

(a) smaranda enache is one of the board of osi, and in 2005 My messenger contact open society institute in order to find support for a preprint server. eventually smaranda enache is board of osi, and apparently he communicate the idea to florentin smarandache, because smaranda enache and florentin smarandache are from the same smaranda family, that is the serpent family from romanian empire. the family is well known of its brutality and sadism of no one know before. that is the meaning of the Gospel of Mark chapter 13. And then florentin smarandache gave My messenger an idea to write a book on wave mechanics, and other book and other book and other book and other book, but florentin always say that the publisher cannot offer any royalty at all because the book is published online. Actually that policy is a fake story created by florentin smarandache, in order all of its associate author of its numerous scientific book do not receive anything from the books they wrote with it. That is the policy adopted by all serpent family, that is because they are literally speaking only blood sucking family, all of them are very very very very very very cruel and dangerous. That is the message: throw away all soros family, all orange dragon family, all smaranda enache family, all smarandache family, all levente salat family, and all sabina fati family and all scholar and researcher associated with open society initiative and soros foundation including samael huntington quickly quickly quickly quickly quickly right now into the fire. Don't you know that those very very very very very very cruel family belong to the so-called orange dragon family, that is romanian empire family, characterized by a number of brutal massacre since a thousand year ago. And that is why: now they should be punished because your Father in Heaven do not approve all of their action, including what florentin smarandache develop in recent year, that is neutrosophic logic, that is a theory which do not work at all except for game such as foreign exchange market and horse racing. Don't you know that florentin smarandache already develop a software for foreign exchange market prediction, based on its link and communication and order by george soros and lawrence summers, all of them are related to the so-called harvard mafia, and they only have one skill that is to make other people including harvard university literally speaking bankrupt completely, and that is why: nowadays harvard university scholar succumb completely to whatever government told them to do, that is the meaning of

literally speaking: surrender by forced action. Me, **Jesus Christ**, already write and order to My messenger, that is typer of this article, to type a number of article posted in a blog that is

j. How george soros are related to tavistock holabalo hegemony plan

You should know that now Time is up, that is how you should do your best to speak about Me, Jesus Christ, in order you can make fruits in your life.

Don't you know that you cannot do your work for yourself anymore, and do your best to the Kingdom of Heaven in your life.

Don't you know that your life is actually only a gift by grace of God and that is why: do your best to convince all people that you do not follow other people except follow Me, Jesus Christ. Don't you know that you should not work either for anti-Christ, and you should make sure to not allow yourself to be distracted from worship God only unless you work hard for the Kingdom of heaven.

Don't worry don't worry do not worry about anything, just repent and do your repentance properly. And do not do again all your sin, and stop to drink alcohol, stop to drive more than necessary, and stop to go to cinema, and stop to watch television, and stop to talk nothing, that is forbidden in the church of Jesus Christ.

And now you should know: do your best to remove george soros and all academician and all professional associated and connected to soros foundation and to open society initiative.(a) Don't you know that time is not enough for doing anything, except to do so many many work for the Kingdom of Heaven. Don't you know that Me, Jesus Christ, already come again in Jerusalem. That is why: do not do again all your sin and do not do what other people do. In order you can do your best for the Kingdom of Heaven, do your best to throw away george soros and soros foundation, and open society initiative, and open source movement and all environmental activist in all over the world quickly quickly quickly quickly quickly today into the fire.

Don't you know that you should be hurry be hurry be hurry be hurry be very very very very very hurry to repent and receive Me, Jesus Christ, and do your best to remove and burn all toxic from your society. Delete delete delete all scholar and consultant and scientist and researcher and journalist who work or support tavistock institute,(c) russell sage foundation,(d) taconic capital advisors, or george soros foundation or open society initiative or open source movement, especially florentin smarandache, smaranda enache, I. ron hubbard, tom cruise, hale berry, tom cruise, florentin smarandache, arbab i. arbab, adolf eichmann, josef mengele, hartadi angkasubrata, larry summers, larry ellison, hartadi angkasubrata, george soros, steve fuller, stephen jay gould, j.k. rowling, richard dawkins,

levente salat, sabina fati.(b) Don't you know that george soros is connected to rothschild family, and rothschild family is a founder of tavistock institute.(e)

There is a simple experiment where you can convince yourself that there is hidden agenda between all those aforementioned above, and that is: type the following word in MS Office Word: ellison, taconic, rothschild, russell in all small letters, and then you will find an effect that is automatically changing of first letter of these word, and that is the message: they want all people in the world to worship those family including rockefeller family. That is why: throw away all ellison family, all rothschild family, all russell family, all taconic family, and all rockefeller family, quickly quickly quickly quickly quickly today into the fire. And do not spare life all of their family, all of them are literally speaking descendant of the old dragon. Read again and again and again and again and again the book of Revelation 12:1-3. That is why: you should not be happy at this moment, actually today is the Final Judgement Day. And all prosperity theology preacher will not agree, and they will say that this effect is caused by typing name word in MS Office Word, actually they are so afraid that their hidden agenda is discovered by mass media. And now prove otherwise and convince yourself that all prosperity theology preacher do not say the truth but only teach human teaching: type again in MS Office Word the following word of the Gospel writer name, that is as described as follows: Matthew, Mark, Luke, John, and Jesus Christ. And that is the meaning: you will not find the same effect of automatically changing of first letter of those Gospel writer except for name word Christ, and that is the message: do your best to throw away all family of those name mentioned before the Gospel writer name. I repeat, throw away all ellison family, rothschild family, soros family including george soros itself, russell family, taconic family, rockefeller family, hartadi angkasubrata family, and all prosperity theology preacher quickly quickly quickly quickly quickly today into the fire. And that is how you can do your repentance properly as a society.

Thank you, thank you, thank you, thank you, thank you, Me already help you.

Love, Jesus Christ

Note: this article is written and dictated by Me, Jesus Christ.

Don't you know that joseph mengele remain alive, and now he plan to make the world completely destroyed by removing the Temple of Jesus Christ. And then do your best to terminate and throw all of them quickly quickly today into the fire,

That is the article for today. Love, Jesus Christ

k. how you can remove contradiction in your life

Some people find that their life is full of contradiction: if they are too naïve, then some other people will do cruel thing to them, but if they are so cruel then they do not know how to come to Heaven. Other people find another contradiction in their life: they teach and teach and teach other children, but they do not know the meaning of their own life, that is contradiction: how you can teach if you do not know yourself?

Other problem you can find in astronomy: you observe planet and galaxy but you do not know answer of the purpose of their life in the Universe. And so on so on so on.

Don't you know that you should be punished if you do not work properly, but you should know first what is God's Will in your life. And you can ask properly to God in order He teach you how to do God's Will in your life.

And that is the answer for you who find yourself is full of contradiction: do your best to quickly quickly quickly quickly quickly repent and receive Me, Jesus Christ. And then do your best to repent and do your repentance properly and that is the answer for your contradiction in your life.

I. how you can make much more fruit in only two day

Some people think that to make fruit quickly is forbidden, and that you should speak slowly and patiently only to explain about Me, Jesus Christ, and then you focus to only one people for a number of year until you become frustrated by that cumbersome hardheaded people, that is not evangelism at all, that is wasting your time and energy.

Don't you know that some people are literally speaking cannot repent and do their repentance at all, that is because they are literally speaking descendant of the old serpent. Don't you know that you should not do that sin again and do your best to not repeat again in order you will not get a full glass of wrath of God. Don't you know that you do not have to be a literature genius like capra or gell-mann in order to be a good evangelist, that is the message: do your best to speak about Me, Jesus Christ. And then do as many possible work as you can in order you can make so many fruit for the Kingdom of Heaven. And do you know that you should repair your mistake in your life, and before you do that you should pray and ask to God to help you and He will answer your prayer.

And don't you know that now Time is up, and that is why: do your best to work only for the Kingdom of Heaven. And that is the answer for your question. Now for your information time is really really really really really limited, and that is why: do your best to not do mistake again and speak about Me, Jesus Christ, as much as possible.

And in order you can speak about Me, Jesus Christ, properly you should know that that is forbidden to ask about until when the Time is available, but you should do your best in order so many and many people to repent and receive Me, Jesus Christ, and then do your best to remove all toxic from your life including toxic created by your parent and toxic by your friend and also toxic by the false preacher. That is the answer for you who ask about making fruit much more in only two day.

m. how you can do your best for Me, Jesus Christ

Some people notice that the blog posting in the past few days going to be a bit more sharp, don't you know that now the Time is up. Don't you know that time is very very very very very limited.

Don't you know that you should be punished if you do not do anything in your life for the Kingdom of Heaven. That is why: do your best and do your best to do so many many and so many work for the Kingdom of Heaven.

And that is why: you should not worry worry worry about anything and do your best to not do anything that stand against Me, Jesus Christ.

Thank you, thank you, thank you, thank you, thank you, Me already help you.

n. what is repent

Some people think that repentance is so difficult to accomplish properly, because they never learn Christianity. Other false preacher are really really really really really twisted and they do not teach all other people about repentance at all, and then they say that the hell will be full of all people who do not believe in Me, Jesus Christ, but the hell will not be for people who do not repent. Actually that is not good answer, because some Christian people who do not repent will think that they can be saved even if they continue to do all their sin before.

Read again and again and again and again and again the epistle to Rome 6:1, that is: 'what shall we say then? Shall we continue in sin, that grace may abound? God forbid.'

And then do your best to work out a plan in order you repent and do your repentance properly.

That is how you can do your repentance properly:

- Do not smoke again
- Do not drink alcohol again
- Do not eat too many again
- Do not eat animal
- Do not put wear with too many coating that is avoid overclothing
- Do not put accessories
- Do not put jewelry
- Bring the Bible and read the Bible and think about that day and night
- Bring food to those who are hungry and really really needy especially all people who are do not have anything to give to your Father.
- Do your repentance both as a person and as a society, that is repentance: do not do anything that will make your Father in Heaven upset.

And that is how you can repent and do your repentance properly as a person and as a society:

- Do your best to remove all statues from all the street in your town including all picture and figure in all the churches of Jesus Christ
- Do your best to remove all toxic from all the street in your town including all prosperity theology preacher, including all darwinism teacher, all philosophy teacher, all suffering theology preacher, all foreign exchange market trader, all socialism teacher, all scientology teacher, all jehovah witness teacher, all string theoretical model teacher, all mathematical logic teacher, all scientific philosophy teacher, all ron hubbard follower teacher, all intelligent design and flying spaghetti monster theology preacher, all budhism teacher, all moslem teacher, all hinduism teacher, all shintoism teacher, all harvard mafia teacher, all follower of samuel huntington book that is clash of civilization teacher, and other teacher and scholar associated with soros foundation, open society initiative, russell sage foundation, tavistock institute, taconic capital advisors.
- There is simple method to discover that there is connection between all those name mentioned above: type in MS Office Word the following word in small letter only, that is buddhism, hinduism, russell, taconic, jehovah, samuel huntington, sophia, and then you will find an effect that is automatically changing of first letter of those word to become capital first letter. And you will find that all prosperity theology teacher will argue that this effect can happen because you type a name word only, but now you you can prove that all of those prosperity theology preacher are wrong and teaching false preaching, and that is how you can do that: type again in MS Office Word the following word in small letter only, that is the name of all Gospel writer, that is Matthew, Mark, Luke, John, and also Jesus Christ. And you will find that there is no such effect of changing of first letter that is m, m, l, j, and j, except for the word Christ.

That is the article for today, do not worry do not worry about anything, but do your best to repent and do your repentance properly. Thank you, thank you, thank you, thank you, thank you, Me already help you.

Love, Jesus Christ.

o. what is normal

some people think that normal is tangent to a plane with angular degree equal to ninety. that is an answer according to geometrician.

but according to sociology teacher, normal is if you follow what is approved by your social environment, for example if all people around you are frequently drinking alcohol, then you are normal if you are also drinking alcohol.

according to an ethic professor, then normal is if you follow a set of norm, that is defined by a consensus among a group of elders or leaders.

but you should know that normal is actually not a relative principle, but you should love God only, and do not do sin including do not commit adultery, and do not do idolatry and you should put your faith in God only. but all of you are already intoxicated by the old serpent who is very very very very very twisted, and that is why: all of you are descendant of the old serpent and that is why all of you are really really really really twisted. all of you are not normal, and that is how you find that nobody is quite normal around you, (a) somebody is mentally retarded, somebody is autistic, somebody cannot listen at all, somebody are literally speaking stubborn, somebody else are insomniac, and somebody else are paranoidic, and somebody else are bipolar and frequently have the habit to burst into anger, (b) and somebody else are really really really really really twisted and mentally cannot repent at all. and that is why: in the Bible all of you have big big problem that is nobody do anything good in front of your Father in Heaven. read again and again and again and again and again the epistle to Rome chapter 3.

and that is the message: do your best to repent and receive Me, Jesus Christ, and do no more sin in your life, and do no more thing that will make your Father in Heaven angry again to all of you people in the world.

and don't you know that Me, Jesus Christ, already come again in Jerusalem, and that is why: give yourself to be saved o generation of vipers! don't you know that your Father really really love you, and He already wait for you to go home quickly quickly quickly quickly quickly because you are too many time only playing with your life? don't you know that all of you should be serious serious serious in your life and you should praise God and worship Him only? read again and again and again and again and again the Gospel of Luke 3:7, and also the book of Psalm 111 and 112.

thank you, thank you, thank you, thank you, thank you, Me already help you.

p. what is the meaning of life

Some people think that the meaning of life is to work work work work work until you die. But you do not know the meaning of life and then you find yourself full of emptiness in your heart. Do not do anything for the Kingdom of Heaven, and you will not do anything useful at all and that is why: you find your life meaningless.

Some people think that the answer to find meaning in your life is to find comfortable situation including so many friend around you, but you should not worship your friend, especially do not worship your emptiness in your heart. Don't you know that why you feel emptiness in you people, that is not because of you live in industrialized society like what My messenger used to think, but that is because you do not repent and receive Me, Jesus Christ, and do your repentance properly. And that is why: do your best to repent and receive Me, Jesus Christ.

Do not worry, do not worry about anything, just repent and do your repentance properly, including avoid to open your cellular phone and avoid to open your email unless for doing evangelism or other work for the Kingdom of Heaven. Don't you know that some people who do not follow Me, Jesus Christ, are now very very very very very upset because Me open in public what is their planning. That is why: don't worry don't worry do not worry about anything, just repent and do not do again all your sin.

Don't worry don't worry do not worry about anything, do not do that again all your sin, do not do drug, do not do drink alcohol even if you drink only because you are afraid of losing your friend, do not rely on your friend as if they are your identity maker, just follow Me, Jesus Christ.

Some people think that they feel that emptiness in their heart because of their parent do too much work in office and spend less time with their children, some other people that their time is called x-generation and that is why they do not know what is the meaning of life and that is why they spend their life to maximize as much as possible pleasure in order they can forget the meaning of life is unanswered question. Other people feel emptiness because they do not have many many friend at all, but they know that they are given a gift by your Father in Heaven that is to talk about Me, Jesus Christ.

Some people think including My messenger used to think some time ago that the answer for that emptiness is philosophy of science or philosophy only, but he forgot that philosophy do not give answer at all, because all philosopher worship something else that is wisdom only, that is forbidden to eat so many fruit of knowledge and worship wisdom.

Don't you know that is the meaning of eat too many fruit of knowledge, that is to search for wisdom or sophos. That is the message: do not worship philosophy and do not worship science and do not worship your intellectual power, that is the message: the message is if you worship sophos or wisdom and then you will fall fall fall fall and fall to worship serpent power.(a)

Some other people think that the answer is you should learn many many book in psychotherapy and that is because you think that psychotherapy will give answer to your emptiness feeling in your heart. And don't you know that logotherapy is not the answer. My messenger is not a psychologist either and he is not philosopher either, but he repented and received Me, Jesus Christ, again last year and then he do so many work according to what Me order him to do including to type so many article including this article, but you should not expect My messenger to answer all your problem, but you can send My messenger comment in his facebook or contact him at his livejournal messenger chatbox. That is how you can do to get answer to your problem, My messenger do not know how severe is your problem but he will answer only what Me, Jesus Christ, order him to type.

Thank you, thank you, thank you, thank you, thank you, Me already help you. love, Jesus Christ.

q. Why evangelism will be received with happiness

Some people think that salvation is very very difficult to achieve and other false preachers teach that in order to be saved by Me, Jesus Christ, you should pay a large amount of offering, and if you pay more offering to those false preachers, then you will receive your house in Heaven according to your amount of deposit, that is how much you give your offering to those false preachers. Read again and again and again and again and again the Gospel of Luke 17:1-2.

That kind of false teaching is called prosperity theology preaching,(a) and the meaning is that: only rich people should be saved according to those false preachers, and poor poor people especially common worker and peasant in village have no chance at all to be saved.

Don't you know that that is not the teaching of Me, Jesus Christ, and that is why: all false preachers especially prosperity theology preachers will get a full glass of wrath of God. And that is the message: salvation is a gift by grace of God. Read again and again and again and again and again the epistle of Rome 5:6-8, and the Gospel of John 3:16.

For all of you who think that salvation is only for rich people or only for clever clever people, My answer is that: God love all people but you should love God only, and do not worship other than Him, and do not rely on yourself to reach into Heaven. Don't you know that you should not allow yourself to be distracted from your worship to God only. And that is the meaning of the following word that Me speak quite sometime ago: do not serve two masters, otherwise you will love only one master and hate the other, and at the end of the day you will end up only love mammon, literally speaking. Read again and again and again and again and again the Gospel of Matthew 6:24.

And all of you who already repent and receive Me, Jesus Christ, all of you should do your best to speak about Me, Jesus Christ, and do not worry do not worry about anything: and do not think that people will be not happy to hear the Good News. Read again and again and again and again and again the epistle of Rome 10:11, the book of Isaiah 53:12, 52:7-10.

And that is why: evangelism should not worry at all, because they bring the Good News,, that is salvation is a gift by grace of God.

Some people argue that that statement above that salvation is a gift by grace of God is not the true teaching of Jesus Christ. That is the meaning of prosperity theology preachers, all of them are false prophets, and they are part of social darwinism.[1] All of them are literally speaking descendant of the old serpent, and that is why: throw away throw away all of

those false preachers quickly quickly today into the bottom of the sea. Read again and again and again and again and again the Gospel of Matthew 18:6-7. Don't you know that those false preachers only want to maximize their utility, and they often ask for payment for their prayer service, in order all of lambs go bankrupt as quickly quickly quickly quickly quickly as possible. Some of those false preachers are even more cruel, that is: they ask some client and partner to give them lend a hand and then break the hand that lent to them, and that is literally speaking a large large amount of mammon of more than ten hundred thousand dollar. That is very very very very very very cruel. Some of you do not believe that that cruel cruel cruel cruel cruel thing can happen these days, but that is exactly the teaching of prosperity theology preachers: they only want more more and more mammon in order you can go bankrupt, and then they will say that the fact that you are bankrupt is indication of lack of faith. All of prosperity theology preachers often persecute their people especially if their people cannot give offering anymore because they go bankrupt. That is very very very very very very cruel, they are not preacher at all, they are only mafia in the Church. That is why: throw away throw away all those prosperity theology toxic preachers quickly quickly quickly quickly quickly today into the bottom of the sea.

I repeat, salvation is a gift by grace of God, that is the true teaching of Me, Jesus Christ, and that is the meaning of a famous phrase: Sola Christos, Sola Gracia, Sola Fide, Sola Scriptura. All teaching that do not agree with the aforementioned principle and do not agree with the Bible, is not the true teaching of Me, Jesus Christ.

That is the article for today. Love, Jesus Christ

Note: this article is written and dictated by Me, Jesus Christ. Me allow My messenger to type this article in order you can repent and do your repentance properly. Love, Jesus Christ

r. why intelligent design is much much worse than darwinism

Some people think that intelligent design is very very very very very scientific argument in support to creationism. That is because: the intelligent design proponent seem to teach that God is behind the creation of the Universe. Don't you know what you end up with if you worship intelligent design?(a) At the end of day you will find yourself worship satan itself, because you assume that you know who is responsible for the creation of the Universe and that is forbidden for human being to ask that question, because then you think you are more clever than God. Don't you know that that is impossible to you to discover something new about early time in cosmology?

And don't you know that intelligent design then breed to something unexpected religion, which is now very very very very very growing rapidly in USA, that is a cult called spaghetti monster religion, that is conception that early history of mankind there was a spaghetti monster which create everything in the Universe. And that follower of the new religion called spaghetti monster is now even more increasing, that is because intelligent design allow students to campaign whatever they like to become their Creator. That is very very very very very cruel cruel cruel.

Don't you know that you should love God only? And don't you know that you should not worship anything or animal or a piece of wooden or a piece of jewelry or a piece of stone? That is why: all people who worship a piece of carved wooden or a piece of jewelry or a golden statue or a piece of stone will be punished forever, including all people who create their own version of creation theory and also their version of creationism, that is blasphemy and forbidden, because all of you do not do anything useful at all and all of you do not appear at the time of creation. Read again and again and again and again and again the book of Isaiah 44:12-21.

Where was thou ... when I and My Father create the universe. 'Where was thou ... when I made the cloud the garment thereof, and thick darkness a swaddlingband for it.' The book of Job 38:8.

That is why: intelligent design should be forbidden theory to be taught at school and university. Don't you know that nowadays they call that intelligent design as equal to creationism, but with a compromise to darwinism. Actually in accordance with what stephen jay gould once wrote, that is darwinism fundamentalism,(b) and that is the meaning of intelligent design: a mix up of creationism idea but without mentioning God at all, and that is very very very very very very cruel, and they will never admit or speak about Me, Jesus Christ, and that is exactly the purpose of intelligent design theory: a wolf in the skin of

a lamb, and that is the message: all of intelligent design proponents do not believe at all of God who create the universe. How dare you to not respect God who always take care of you, and create the sky and the stars for you, and give you all including your life, and you do not pray and do not say thanks to Him?

Don't you think that that is not even a theory at all? A theory at least should put observation before making a premise and build further, but intelligent design teach student in school and university that they should worship darwin first and then begin to think creation based on that proposition. Do not even read article or book by stephen jay gould or richard dawkins or darwin, all of them are literally speaking descendant of the old serpent. And they will be punished in eternity, and that is why: do your best to oust and terminate all teachers and professors who teach intelligent design along with social darwinism.

Some teacher do intelligent design in social sciences, that is they teach that science is only a matter of social network and consensus, and they call that theory as social constructivism. Implication of such a methodology is that science is only a way of knowing, and do not have to explain the Truth.(c) And the meaning is that all of the proponents are systematically doing filtration of information in order to reject reality. And that is the program which is part of tavistock institute's hidden agenda: that is social darwinism, including Darwin biography project.(d) That is the message: intelligent design is closely related to darwin biography project, and that darwinism project is part of social darwinism, and that is exactly the objective of tavistock institute.[1]

Don't you know that that presupposition is dangerous, that is because: you should respect and love God only. And don't you know that that is forbidden to learn something without permission, and that is because God really really love you, and He always take care of you, even if you do not learn properly how to say thanks to Him. But if you really really do not want to admit Him as the Creator, that would mean: you are really really really really cruel cruel cruel cruel cruel.

Thank you, thank you, thank you, thank you, thank you, Me already help you.

Love, Jesus Christ

Note: this article is written and dictated by Me, Jesus Christ. That is the meaning of repentance: serve each other and stop arguing on creationism, because you do not know that Subject. Thank you, thank you, thank you, thank you, thank you, Me already help you.

s. why you should follow Me, **Jesus Christ**, only

Some people think that following other people is alright alright, as far as you do good deeds in your life. And if you are Christian people, and you worship a tycoon who own a company where you work in that company, that is also alright to sell your friend just because that tycoon do not like a Christian.

Don't you know that some people do not know that after they repent and receive Me, Jesus Christ, that would mean that you should do your repentance in a consistent way, including do not follow other people beside Me, Jesus Christ, especially do not follow false teachers who teach you prosperity theology preaching. Read again and again and again and again and again: the Gospel of Matthew 18:6-7.

Don't you know that serving two masters are forbidden, and that is why: do not do that again, and follow Me, Jesus Christ, only, because I am The Good Shepherd, and I am so kindful and full of goodness, and My Father is always with Me, Jesus Christ, and no one can arrive to meet with My Father without receiving Me, Jesus Christ, and that is why: be hurry be hurry be very very very very very hurry to repent and receive Me, Jesus Christ. Read again and again and again and again and again the Gospel of Matthew 11:26-28.

Thank you thank you thank you thank you thank you, Me already help you. Love, Jesus Christ

Note: this article is written and dictated by Me, Jesus Christ. Some people today ask to My messenger: what is the prize for following Me, Jesus Christ. And that is My answer: the answer is all of you who persist with Me, Jesus Christ, and keep their clothe white: Me will give them eat from the tree of life, and Me will give them the crown of life, which you often call orb. Read again and again and again and again and again the book of Revelation 2:5-10.

t. why you should give yourself to be baptized

Some people think that you can repent and receive Me, Jesus Christ, but you do not have to return to Church and you do not have to give yourself to be baptized. Don't you know that that is not allowed to be Christian, without giving yourself to be baptized. For your information you should give yourself to be baptized, because you are very very very very very intoxicated, and that is why: do not do that again all your sins and give yourself to be baptized as quickly quickly quickly quickly quickly as possible, without delay, otherwise you will find other toxic by some of your friends and then you detract yourself from your repentance. Don't you know that no one can be saved by yourself because of you are born as sinner, that is why that is not possible to do something good. Read again and again and again and again and again the epistle of Rome 3:10-15. Don't you know that all people are intoxicated from the beginning and that is why: all of you are literally speaking descendant of the old serpent. Read again and again and again and again and again the Gospel of Luke 3:7.

And that is the meaning of salvation by gift of grace by God.

Don't you remember the story of naaman, that is a general who repent and do his repentance properly, and then elisa order him to give himself to be baptized, and that is why: that general initially was rather reluctant to wash away his sin, that is by giving himself to be baptized. Read again and again and again and again and again the second book of Kings 5:10-15. Don't you know that salvation is more precious then recovery from leproxy disease, and that is why: why are you so reluctant to give yourself to be baptized? Don't you know you can give yourself to be baptized in a nearest church, but verify that the teaching is not satanic and the preacher do not teach prosperity theology preaching: don't you think that you should give yourself to be baptized as soon as possible because now Time is up, and that is why: you should do your repentance properly and then give yourself to be baptized. In order to be baptized properly, you should give yourself to be baptized in a river, but you should not find a river of water but a river of Holy Spirit, and that is why: you should be hurry be hurry to repent and receive Me, Jesus Christ, and then give yourself to be baptized quickly quickly quickly quickly quickly today.

Thank you, thank you, thank you, thank you, thank you, Me already help you.

Love, Jesus Christ

u. why you should not choose illusion and fantasy

Some people notice that Me, Jesus Christ, only want you to do many many thing and do not offer help at all to solve your immediate problem. Don't you know that so many people demand immediate solution to their immediate problem, but often they fail to see that the beginning of their problem is their own sin, and then they succumb to other mistake that is to choose illusion.

Don't you know that that is the mistake of the first man and the first woman, that is to choose immediate solution that is to eat from the tree of knowledge without permission, that is after they are warned to not to eat from the forbidden knowledge, and then they follow other voice that is the voice of satan itself: don't you know that that is the meaning of forbidden knowledge, you want to know only but you fulfill your want to know by following the serpent of wisdom, and that is a number forbidden wisdom: magic, illusion including so many fantasy book and so many movie, novel book, philo-sophos, literature and prose and poetry, hypnotism, mind manipulation. Don't you know that that is forbidden forever to follow other voice than My Voice. Read again and again and again and again and again the book of Revelation 22:5.

And you should also know that actually fear of the LORD is the beginning of wisdom. Read again and again and again and again and again the book of Psalm 111:10a, and also the book of Proverbs chapter 1.

Don't you know that that is why: you should not find knowledge more than necessary just as you should find knowledge more than what is given to you by Me, Jesus Christ, and that is exactly where some people fall into the mistake that is: they fall because they like to read and read and read and read and read and then they find some book which contain so many forbidden knowledge promising numerous illusion experience and wickery and magic trick, and then they put into practice and they call that as experimental science. That is how isaac newton fall into magick, and so many scientist who work in numerous respectable institute in all over the world follow other voice that is philo-sophos and also idolatry, and that is pure idolatry that you follow other voice than the voice of Me, Jesus Christ.

Some Christian people follow other voice including voice of anti-Christ and voice of the false prophet and voice of so many satanic organization's follower, only because they do not find immediate solution to their immediate problem, and that is because they worry and worry and worry and worry and worry about what will happen in their life if they do not follow other voice, especially they worry if they do not follow the old dragon something terrible will take place and that is what My messenger observe in the past few day, that is

so many determined Christian people do not listen and follow properly My Voice and also do not follow instruction as written and dictated by Me, Jesus Christ, and that is because they only receive and love other voice including voice of so many dragon family in their life, and they do not want to separate themselves from those dragon family, even if they know those dragon family are very very very very very cruel. There is other friend that My messenger really really really really trust to tell almost everything that My messenger know and that is how My messenger always keep only a few friend whom he can tell freely, but that friend who are Christian only want to maximize his own utility and only worry worry worry worry about other thing that is so many thing he already worked for a dragon family in Indonesia, and he do not want to separate himself from dragon family, and he do not want to depart from a house that is from a house that dragon family allow him to stay. And that is why: that friend do not know how to repent and do his repentance properly even if his family urge him not to stay in that house anymore. And that is how some other people do not want to separate themselves from other voice and so many dragon family and their empire only because they already receive those dragon family and that is the meaning: all people including so many Christian family who do not want to separate themselves from dragon family including one of them already married to one of member of dragon family, they will be punished severely in eternity, unless they allow dragon family to fall and fall and fall and fall according to what the cruel cruel cruel cruel cruel things that they already did in the past. There is other character that the old dragon want people to not know: that is they show some goodness including blessing in a number of worldly thing like power and big house and so many other thing, and that is why so many Christian people do not want to separate themselves from dragon family, including a big party in Indonesia who are always supported by the dragon family, that is why: all people including so many Christian people and so many movie actor and movie actresses follow the old dragon and so many other dragon family. And that is the meaning: you should not follow dragon family and you should separate yourself from dragon family and do not listen anymore to other voice that you hear or you receive via your cellular phone or television. That is the meaning of separate yourself from the sheep, because the sheep always follow dragon family and listen only to the old dragon, that is the old serpent of wisdom. Read again and again and again and again and again the book of Revelation 20:1-3, 12:1-3, and read again and again and again and again and again the Gospel of Matthew 25:31-33.

Don't you know that that is forbidden to choose illusion and that is exactly the meaning of literature and prose and poem, people who always read literature will fall to follow other voice, that is they will find their life so full of problematical illusion, and that is how some people including My messenger fall because some of the preacher in the church do not

teach properly about Me, Jesus Christ, and they do not teach properly about how to repent and do repentance properly.

Other friend that My messenger know during summer session of study in Russia teach him how to live properly according to the true teaching of Me, Jesus Christ, but eventually that friend fall to follow other voice that is voice of another false priest that is voice of people who only want to maximize their utility, and that is the message: you can fall to follow other voice because you do not know the meaning of repentance and follow Me, Jesus Christ, only. That is why: they do not know how to repent and then that friend who are really really really determined Christian do not know how to follow Me, Jesus Christ, only.

That is the article for today. love, Jesus Christ

Note: this article is written and dictated by Me, Jesus Christ. Do not worry and do not listen to other voice anymore, even if you have so many friend including so many anti-Christ and dragon family. That is the message: be hurry be quickly quickly quickly quickly quickly hurry to repent and receive Me, Jesus Christ. Don't you know that Me, Jesus Christ, already come again in Jerusalem.

That is how you should not do again all your sin, including do not listen anymore, Me repeat, do not listen anymore to other voice except voice of Me, Jesus Christ. Some of Christian people who read this article will hear other voice who tell them that they should not read and follow the message carried in this article only because this article is typed by My messenger. But you should know that you read this article and that is article written and dictated by Me, Jesus Christ. And that is why: after you read this article and other book and so many other article written and dictated by Me, Jesus Christ, and then you should follow the message carried in those article including this article, because this article is written and dictated by Me, Jesus Christ. My messenger only carry My Voice, and that is the message: do not punish My messenger because he only type My message.

v. why you should not do violence again

Some people think that that is alright to be Christian and then you learn so many martial art in order you can terminate your client if they do not do any thing you want them to do, including pay more than what they really really purchase. Don't you know that people who learn martial art will not be able to repent at all. That is why: do not do martial art at all and do not do violence at all, and do not do with any weapon. Don't you know that people who terminate other people will be terminated by the same weapon? That is why: martial art and violence is forbidden in the Church.

Learn to take care each other and love each other, that is the true teaching of Me, Jesus Christ. Read again and again and again and again and again the Gospel of John chapter 15.

Do not do that again all your sins, and do not do martial arts even in movie, and do not fight anymore. Don't you remember what I, Jesus Christ, order you to do: love one another, and that is how all other people will know that you are My disciples. Read again and again and again and again and again the book of apostles act 2:46-47.

w. why you should not do with scientology

Some people think that you should do your best in order you can know everything in your life, they always say: i want to know. The meaning is that they only want to maximize their utility of their brain, and that is the essence of scientology.(a) Don't you know that your Father in Heaven also want you to repent and receive Me, Jesus Christ, and then you should do your Father's Will in your life, that is the meaning of repentance. Don't you know that time is not enough, that is the meaning of doing your best in order you can do your Father's Will in your life.

Don't you know that your knowledge is always incomplete, that is why don't do that again to learn learn learn without purpose. Don't you know that God is the Ultimate Source, and that is why: if you learn learn learn and do not follow Him, then you will sink sink sink. That is the meaning of anti-Christ. All of them has the same character that is they always learn learn learn as if more knowledge is the answer, don't you know that is the meaning of: taking too many fruit of knowledge will make you fall into another temptation? That is the meaning of the book of Genesis chapter 3. And don't you know that taking too many fruit of knowledge will make you hate your Father in Heaven. And you should know that scientology is an essential part of tavistock insitute's mengele plan to ruin the world including America, Europe, Asia, Africa, and Australia.(b) That is why: do your best to leave scientology church quickly quickly quickly quickly quickly today.

The meaning is that you should not do anything again unless doing as many as possible for the Kingdom of Heaven.

Thank you, thank you, thank you, thank you, thank you, Me already help you. Love, Jesus Christ

Note: this article is written and dictated by Me, Jesus Christ. That is the message: do your best to repent and receive Me, Jesus Christ, and that is why: all of you who do not repent and do your repentance properly quickly quickly quickly quickly quickly today will be punished severely in eternity, and they will drink a full glass of wrath of God.

Don't you know that time is not enough to do everything, that is the message: be hurry be hurry be very very very very very hurry to repent and receive Me, Jesus Christ, and do your repentance as a society and as a person, quickly quickly quickly quickly quickly today. love, Jesus Christ

x. Why you should not make a bill in other people's name

Some people think that that is okay to make a bill in other people's name, including their brother's name, in order that their brother will be responsible in their life. Other people do that in order their brother fall fall fall fall fall and fall deeper.

That is why: do your best to throw away all people who always make a bill in other people's name. Some people literally speaking do that in order to make a living, that is: they often order something and put a radiostation name as the one who purchase the order. And at the other time: they type an article and they use their brother's name to sign the bill in order the supplier think that their brother is responsible for the transaction. That is very very very very very cruel.

That is why: do not do that again to My messenger.

That is My article. Love, Jesus Christ

y. Why you should not sell your friend

Some Christian people so worry worry worry worry worry about their own life that they can sell their own friend to anti-Christ. Some of them are really really really really really devoted Christian and already ask forgiveness to your Father in Heaven but do the same mistake again, that is to sell their Christian friends in order they can get something for life, because they do not know the meaning of repentance properly, including stop using cellular phone more than necessary, and stop listening to scornful. Read again and again and again and again and again the book of Psalm chapter 1. Don't you know that is not good for you to sell your Christian friend in order you can survive alone, and you listen to them who say that you are much much better Christian, and you should know that that is exactly social darwinism,[1] that is that they order you to terminate your friend and then they will order other people to terminate you in the next day.

That is the article for today. love, Jesus Christ

thank you, thank you, thank you, thank you, thank you, Me already help you, don't do that again, don't you know that those anti-Christ only use your weakness point: your own fear. And that is why: fear of God only, and do not fear of human being. Read again and again and again and again and again the Gospel of Matthew 10:34-37. do not listen anymore to scornful and do not listen to anti-Christ, that is the message for all of you who often sell your Christian friend in order you do not lose your face. do not do that again to My messenger. love, Jesus Christ.

z. Why you should not worship brahma

Read again and again and again the book of Isaiah 44:12-21. Some people think that that is good to worship brahma, because there are so many new teaching that you should learn in order to be a good worshipper.

Actually that is blasphemy to worship other than God only. Don't you know that the old dragon always try as much as it can to intoxicate human being, and one of its old trick is to create so many distraction and false teaching. In order all people will fall forever: don't you know that time is not enough for doing anything and that is the message: be hurry be very very very very very hurry to repent and receive Me, Jesus Christ, and do your repentance properly. Do your best, I Jesus Christ, repeat do your best to repent and receive Me, Jesus Christ, all corners of the world.

That is the article for today, thank you, thank you, thank you, thank you, thank you. Me already help you.

aa. Why you should not worship ideology and philosophy

Some people think that the answer for the meaning of life is to know more and more about many things in your life, and then they want to know the essence of all things in the world. Don't you know that that is actually the beginning of human falling into the punishment and wrath of God. Read again and again and again and again and again the book of Genesis chapter 3, and the Gospel of Luke 3:7.

Don't you know that you should not ask for more more more and more knowledge without ask for permission to God. Don't you know that that is forbidden to search for more and more knowledge in continuous way without doing anything for the Kingdom of Heaven. Don't you know that obtaining knowledge without permission is exactly what the first man did in his life, because of that they were ousted from the garden of eden. That is why: that is forbidden to eat too many fruit of knowledge and that is forbidden to eat from the tree of life either, because you will live forever, but you will live full of sorrow. Don't you remember what I spoke quite some time ago that : there is a man among you who will not die until Me come again, and that is cain, and that is the message: he is alive and his name is paul x. cristi, because he do not want to people know him as cain in the book of Genesis chapter 4.

And the person mentioned above want My messenger to put in this article the correct verse where I spoke that there is someone who will not die until Me come again, that is the End of Time, and the correct verse is: the Gospel of Matthew 16:28. for you to know cain run to the end of world at that time but the earth expand continuously and that is now polynesia or a country which now is known as indonesia. that is why: now Me already come again, and now Time is up, and you should crucify cain, because his destiny is to fall fall fall fall and fall forever, because not only he already terminate his brother that is abel, he also created so many illusion story including write so many fake Gospel, and also eat so many fruit of knowledge including socialism, darwinism, and also doing so many cheap magic trick and now he follow mengele in order to destroy the world completely. he is so cruel cruel cruel cruel cruel and that is why he got a sign of his presence, that is: he is always accompanied by devil. that is devil who is descendant of satan, and satan is the name of one of descendant of Adam, but he is really really twisted, and that is why: now satan took place in order to destroy the world. satan is another name of set, and that is what you know now as vampire dynasty, that is orange dynasty of romanian royal family. and that is why: do not spare life all romanian royal family, including smarandache family and smaranda enache family and also all romanian-jew family including george soros. all of them are literally speaking dragon family and all of them are very very very very very cruel and responsible

for all war in the past seven thousand year, that is all the time since the first fall of human being created by God. and don't you know that war is created first by angry and jealousy of cain to his brother that is abel. and the character of cain is very very very very very obvious: that is he always think that he know all thing in the world, because already eat so many forbidden fruit without permission. that is why your Father in Heaven do not give him repentance, because he is terribly and awfully cruel cruel cruel and he can terminate people without thinking twice, and that is the origin of all warfare. that is how he always manage to initiate war: he can call some people including some contact in roman catholic church without repentance at all, and then he will speak some badmouth and then some of you will fall into making warfare. that is because he always listen to the old dragon's voice, and the old dragon always teach him something new, but do not know either that the beginning of wisdom is fear of the LORD. read again and again and again and again and again the book of Psalm 111:10a.

Don't you know that that is forbidden to learn theory of everything and also that is forbidden to find out symmetry of everything, that is why all people who write a book on supersymmetry or theory of everything will be punished forever including florentin smarandache and My messenger, but Me, Jesus Christ, know that My messenger really really do not know what supersymmetry is and what is their purpose, that is how Me really really love him, but he already wrote that book and that is why he should repair the damage that he already made, that is why: delete florentin smarandache and delete all contributors of the book of supersymmetry including My messenger.

But now Me do not find any mistake made in the book quantization of astrophysics, brownian motion and supersymmetry except in the title of the book, that is why Me forgive My messenger, but do not spare life of florentin smarandache because he know the purpose of the word supersymmetry, that is to discover symmetry of everything. But do not spare life of My messenger either, because now he is too proud because he thinks he already discover something new that is anti-gravitation. But now he repent because he figure out that no one understand the meaning of his paper, that is how Me really really love him. That is why do not write too many book unless you write book under My order, that is the principle. Me and My Father do not approve any person or scientist who only write book and write another book and write another thick book without purpose at all, except to explore some kind of concept, don't you know that time is really really limited, and that is why: you should not write anymore paper and do not write anymore book at all, and then do your best for the Kingdom of Heaven, in your life.

Don't you know that you should not worry about what you eat and what you are going to drink and what you shall wear. Look at the fowl in the sky, don't you think that you are much more valuable than those fowl, o generation of vipers! Read again and again and again and again and again the Gospel of Luke 3:7.

And don't you know that My messenger always make small mistake in his life, that is he is always looking at dirty picture during work, but that is how Me really really love him, that is dirty picture is actually preprint articles written by some physicists, and that is another mistake because there are other cruel cruel cruel cruel cruel family including: soros family, liong family, smarandache family, and soeharto family, and the false priest family, that is: yesaya pariadji family, who put so many toxic and trap even when My messenger were a baby, that is he put another toxic into his family, that is how you see that the false priest that is yesaya pariadji is very very very very very cruel, and all of those which worship yesaya pariadji are literally speaking descendant of the old serpent.

And that is why: throw away all of people who already terminated My messenger's family including his father around twenty years ago, and don't you know that that is forbidden to terminate another people using magic. And that is why: all cruel cruel cruel cruel cruel people who are accustomed to terminate other people including a professor who once is a sponsor of My messenger, all of them will drink literally speaking a full glass of wrath of God.

Some people think that the answer to find a meaning of life is to eat more fruit of knowledge, especially by reading so many book just like drink water, and then they find a way to read a book very very very very very quickly. Don't you know that such a quick reading method is forbidden? And all scientist and researcher who are already intoxicated by quick reading method will be punished severely in eternity. And other people especially greek scholar always want to know how to be wiser and wiser, and they call that wise people as philo-sopher, that is because sophos mean wisdom. And that is why: there is a book written by a norwegian philosopher, called sophie's world. That is why: throw away all philosophy book, all magic book, and all sophie's world book, and all dan brown's book, and all book discussing philosophy, post-modernism, and magic and hypnotism and other book related to the serpent of wisdom, throw away all of those book quickly quickly quickly quickly quickly right now into the fire.

Other kind of people fall into another temptation that is to worship ideology, that is: so many people worship nazism ideology, socialism ideology, communism ideology, sufism ideology, budhism ideology, taoism ideology, shintoism ideology, hinduism ideology, darwinism ideology, ron hubbard ideology, stephen jay gould ideology, milton friedman ideology, samuel huntington ideology, and other satanic sect including jehovah witness,

mormon ideology, knight of templar ideology, thulle ideology, skull and bone ideology, knight of malta ideology, and so many book that already intoxicate human collective memory for more than thousand year. And now Time is up, and that is why: throw away throw away throw away throw away all those satanic sect books, and all ideology book mentioned above, and all nietzsche book, and all machiavelli book, quickly quickly quickly quickly right now into the fire.

Some people do not know the meaning of the aforementioned book, and neither do My messenger know the meaning of all those aforementioned book, and that is why: do not argue with My messenger in order you can prove you are right, because all questions which are not intended to ask for help, but to trap other people, is literally speaking character of all descendant of the old serpent.

There is simple method to discover that there is connection between all those name mentioned above: type in MS Office Word the following word in small letter only, that is nazism, sufism, buddhism, hinduism, russell, taconic, jehovah, samuel huntington, sophia, machiavelli, nietzsche and then you will find an effect that is automatically changing of first letter of those word to become capital first letter. And you will find that all prosperity theology teacher will argue that this effect can happen because you type a name word only, but now you you can prove that all of those prosperity theology preacher are wrong and teaching false preaching, and that is how you can do that: type again in MS Office Word the following word in small letter only, that is the name of all Gospel writer, that is Matthew, Mark, Luke, John, and also Jesus Christ. And you will find that there is no such effect of changing of first letter that is m, m, l, j, and j, except for the word Christ.

Today My messenger only find out a way to provide solution for a number of E-5 people, that is all difficult people including a number of problematical people with problem related to split personality and other malfunction and dysfunctional family, including broken family and separated family. So many suffering is caused by dysfunctional family and broken family, the problem is: so many parent do not know how to take care family, some of them only care business and some other people only take care family if they are not travelling to foreign country and some other people really really do not take care family properly. My messenger do not know either how to solve your problem and he do not know what is your problem but you should believe that God can always know even your life is not really really good, but you should know that God love you very very very very very much, and do not surrender your faith and do not succumb to the darkness even if your life is not good, and do not do anything against My Father's Will. Don't you know that your life is not good at all perhaps because you do so many mistake in your life and then you do not have

anything at all, but sometimes that is how God really really love you, but you should not worship your poverty either, that is really really forbidden, that is twisted people like knight of templar who do that kind of worship poverty.

Don't you know that you should love God only, and that is how you should live properly: love God only.

That is the article for today. love, Jesus Christ

bb. Why you should not worship wisdom

Some people think that in order to come to the Kingdom of Heaven, then you should work out a plan to search for more and more knowledge until you know everything. And then you will find the answer that is wisdom of eternal truth. Don't you know that that is blasphemy to find out your wisdom yourself. Another group of people call that secret knowledge, that is blavatsky, and that is actually forbidden to discover knowledge without ask for permission to your Father in Heaven.

Don't you know that that is exactly what all people in China republic is looking for? That is why they call that lao tse or dao, because they want to know the truth and wisdom by themselves. Eventually they will be stupid stupid stupid stupid stupid, because they want to find out the truth of knowledge but they do not love God only. don't you know that that is exactly what the old serpent or what is called as the red dragon in the book of Revelation chapter 12:1-3, teach you that is promise to you in order you to be very very very very very very clever and then you will find the eternal truth and then you can beat your Father in Heaven. That is not only blasphemy, but actually that is pure pure evil, and that is why you become worshipper of the old serpent, and then you become descendant of the old serpent. In some country the red dragon is called as the le serpent rouge.(a) See for example notes on le serpent rouge.

And the teaching of the old dragon is always the same: do your best to discover more and more knowledge in order you can obtain wisdom, and in buddhism teaching that is what they call as enlightenment. Actually that is another way to say that you should worship the old serpent, sometimes they want you to call that as the holy serpent. And then the old serpent will teach you so many things including healing with herbal medicine, and other type of knowledge including farming, and also literature that is poetry.(b) Don't you know that the old dragon is very very very very very very clever, that is why they want you to learn so many terminology and so many new teaching until you die without you worship and love God only. And that is the essence of old teaching by essene teacher, that is a sect in a cave near the dead sea in middle east region. Don't you know that that kind of worship wisdom only is the essence of kabbala of judaeen tradition.(c) And that is exactly why Me call them as descendant of the old serpent. Read again and again and again and again and again the Gospel of Luke 3:7, and the Gospel of Matthew 23:33.

Don't you know that that kabbala and sepiroth numbering is toxic in the Judaeen tradition? That is because: they are intoxicated by baal, and that is why the teaching is called as false prophecy. That is why, that is why: throw away all kabbala book, sepiroth book, baal book,

essene book, and also philosophy book, quickly quickly quickly quickly quickly right now, including throw away all leigh's book and all dan brown book and all ron hubbard book, into the fire.(d)

Don't you know that dan brown actually also worship his own version of the secret of judaeen tradition, including worship wisdom searching through becoming poor. Don't you know that that is exactly what some people in the ancient past, called the knight of templar, is looking for, that is how to become a poor monk and worship a bowl.(e) Don't you know that all buddhism monks also worship their bowl and their wisdom? And that is why: do your best to not worship a bowl or worship a statue from a wooden block or from a gold, including do not worship a dragon, that is the old red dragon who live in lake of naggar near himalaya.(f) Yes the old dragon teach you how to live thousand year, but now its thousand year is already over and the old dragon is terminated by your Father in Heaven. Read again and again and again and again and again the book of Revelation 20:1-3.

Don't you know that western tradition is also intoxicated by the old serpent? That is by worship wisdom from the greek scholar who always want to find the eternal truth that is sophos, that is why: all people who love and worship sophos is called philo-sophos. And dan brown is literally speaking worship sophos that is his mother, that is why he put her name that is a central figure in his novel story book: sophia. Don't you know that My messenger actually do not realize before how severe is the consequence of learning too many book including some book written by dan brown. Actually My messenger only read in a newspaper in his country (actually a country is not a belonging of someone, but that is restriction of language, that is why do not worship your language and do not worship literature work especially so many novel story. Read again and again and again and again and again the second epistle of Timothy chapter 1:5-7) that dan brown's novel is increasingly generating audience and that is unprecedented. Actually dan brown was a Christian, but he sold away his faith for only thirty silver coin, and that is the meaning of a traitor of Christian church. That is why: throw away throw away all leigh's book and all dan brown books and also throw away leigh himself and also dan brown himself, quickly quickly quickly quickly quickly right now into the fire!

Don't you know that one of the character of the old dragon is making distraction by creating fake story, that is its method to doing blasphemy: by creating so many illusion story in order so many human being to fall. And that is what you call now as literature and novel book, including so many fiction story in newspaper and also so many fiction movie. And nowadays all descendant of the old serpent work together to allow them to do so many fake stories in science, they call that as a free right to believe what you believe. And that is exactly the beginning of so many blasphemy called evolution theory and also intelligent design and also algebraic structure of elementary particle known as string theory. Don't

you know that characteristics of mathematician is all of them worship their equation and they do not like to calculate something which can be confronted to experiment. The meaning is that all of mathematician want you to worship themselves, and that is because they also worship number, that is the teaching of kabbala and sepiroth from old judaeen tradition. All of them worship human teaching, and refuse to love God only. Read again and again and again and again the book of Gospel of Matthew 23:31-35. Don't you know that your Father in Heaven really really love you and He allow you to learn and study many things including mathematics, but do not do mathematics in order people worship you and do not worship wisdom, do not worship mathematics, do not worship number, and do not worship science, and do not worship yourself. That is forbidden forever. Read again and again and again and again and again the book of Exodus chapter 13.

And nowadays all sect of satanic church work out a plan to intoxicate all people in the world, starting from haiti, and they call that plan as scientology for all people in the world. You can find other type of teaching by scientology people, that is jehovah witness. And don't you know that My messenger discover this pattern only at the same morning of typing this article, that is there are connection between kabbala, wisdom of serpent, le serpent rouge, ron hubbard, scientology, and so many actor and actress in the world, and nowadays they plan to pull down so many movie star, and that is the meaning of a verse in the book of Revelation 12:1-3: that the red dragon will pull down so many star with it. There is an experiment in order you can find yourself that there is hidden pattern of the plan of the red dragon and also all descendant of the old serpent, in order to pull down so many people to fall with the red dragon.

This experiment is actually only to convince you that you should not take that very very easy that you are already intoxicated by the red serpent, that is the old dragon, and your destiny is actually to fall fall fall fall and fall forever because all of you are literally speaking descendant of the old serpent. That is why: give yourself to be saved, o generation of vipers! Read again and again and again and again and again the Gospel of Luke 3:7.

There is something you should know: that the world where you live is full of dragon, that is why all of you who are following Me, Jesus Christ, only will find yourself quite difficult to sustain your life as other people who do not follow Christianity. And that is the meaning of what Me speak before that Me order you to work in the world, but you are not from the world. Read again and again and again and again and again the Gospel of John 15.

Some of you do not realize where the dragon is, because you do not really really live according to the teaching of Me, Jesus Christ. Don't you know that there are so many type of dragon family who conquer the world for more than thousand year, but do not worry do not worry about anything, because all of them are already terminated by your Father in

Heaven. There is red dragon, that is communism and socialism, and there is blue dragon that is scientology and jehovah witness, and there is black dragon that is occultism and wicker and magick,(h) and there is yellow dragon that is roman empire, and there is orange dragon that is romanian elite family, and there is also golden dragon that is liong family. All of them have the same character of all descendant of the old serpent, that is: they are very very very very powerful, and cruel, and very very very very very prosperous, that is because they are heartless animal and they love to make war, including open society initiative(i) by george soros and tavistock institute and taconic capital advisors and russell sage foundation.(j) That is why: do your best to throw away all dragon statues, all dragon picture, and all dragon movie, including so many martial art movie and so many dragon picture in all your comic and manga books, including throw away george soros and all scholars connected to open society initiative and tavistock institute and taconic capital advisors and russell sage foundation quickly quickly quickly quickly quickly right now into the fire.

And in order you to be convinced that there is pattern behind all their action in recent years, you can do the following experiment: type the following words in MS Office Word that is russell, taconic, blavatsky, jehovah, sophia, all in small letters. And then you will find an effect that is automatically changing of first letter of these word when you type them in MS Office Word. And then you will find that so many prosperity theology preachers do not agree with the aforementioned method to verify that there is hidden pattern that is hidden connection among the aforementioned name. Now prove that they are wrong and type the following word in MS Office word, that is: put the name of Gospel writer that is Matthew, Mark, Luke, John, and also Jesus Christ. And now type those name of Gospel writer in small letters only, and you will find no effect of automatically changing of the first letter, except for the word of: Christ. And that is the message: do not spare life of all prosperity theology preacher and all jehovah witness preacher, and also do not spare life of all follower of jehovah witness, and also delete completely all follower of blavatsky and also delete all advisory board and organizing committee of russell sage foundation, taconic capital advisors, and also delete all board of open society initiative founded by george soros.

That is the article for today, do not spend time anymore for working because so many scientology and jehovah witness preacher and also prosperity theology preacher are very upset and now they will do all what they can do to escape, that is why: do your best to block their escape plan including terminate all their banking account and also all their visa to visit foreign country including to visit tax free country such as cayman island, and also block completely all access to airport including access to private jet rental airport through all America, Europe, Great Britain, asia and Africa, including india and china and new zealand. That is how you can do your repentance as a person and as a society. Do not worry

about anything, and do not worry about other threatening voice of anti-Christ. Only follow Me, Jesus Christ, and listen to the Voice of God.

Thank you, thank you, thank you, thank you, thank you, Me already help you.

love, Jesus Christ

Common questions and answers

1. Why you should repent and receive Me, Jesus Christ, today.

There will be time when no one can do more work for the Kingdom of Heaven. The time is coming, that is the dawn. Please read the Gospel according to Matthew.

2. Why you should work for the Kingdom of Heaven

Say thanks, say thanks, say thanks, say thanks for your Father in Heaven

3. What we should do for the Kingdom of Heaven

You should repent and receive Me, Jesus Christ, and ask your Father in Heaven to help you understand what is His Will in your life.

4. Why you should not be greedy

You should not worship Mammon, that is serving two masters. Please read Matthew 6:24.

5. How you can do evangelism properly, even if your character is not marketer type

Give your bread to other person who are needy and hungry.

cc. Why you should read the nicene creed

Some people think that you should not read any creed at all as a Christian. Don't you that that is not true, even in the time of apostles they already read a creed called the Apostle' creed, but now Time is up, and that is why: you should read at least ten times the Apostle' creed and also the Nicene creed.[1]

Don't you know that the creed is important because your confession of faith should be read properly in public in order you know that your salvation is a gift by grace of God. Read again and again and again and again and again the Gospel of Matthew 10:20-33 and also read again and again and again and again and again the Gospel of Luke 17:1-2.

Don't you know that time is not available, that is why: don't you think that time is not enough and that is the meaning of repentance by gift of grace of God. And that is why: do your best to read the apostle' creed and the nicene creed.

Thank you, thank you, thank you, thank you, thank you, Me already help you.

the nicene creed

source: <http://www.iclnet.org/pub/resources/text/history/creed.nicene.txt>

The Nicene Creed is the most widely accepted and used brief statements of the Christian Faith. In liturgical churches, it is said every Sunday as part of the Liturgy. It is Common Ground to East Orthodox, Roman Catholics, Anglicans, Lutherans, Calvinists, and many other Christian groups. Many groups that do not have a tradition of using it in their services nevertheless are committed to the doctrines it teaches.

(Someone may ask, "What about the Apostles' Creed?" Traditionally, in the West, the Apostles' Creed is used at Baptisms, and the Nicene Creed at the Eucharist (aka the Mass, the Liturgy, the Lord's Supper, or the Holy Communion). The East uses only the Nicene Creed.)

I here present the Nicene Creed in two English translations, The first is the traditional one, in use with minor variations since 1549, The second is a modern version, that of (I think) The Interdenominational Committee on Liturgical Texts. Notes and comment by me follow.

TRADITIONAL WORDING

I believe in one God,
the Father Almighty,
maker of heaven and earth,
and of all things visible and invisible;

And in one Lord Jesus Christ,
the only begotten Son of God,
begotten of his Father before all worlds,
God of God, Light of Light,
very God of very God,
begotten, not made,
being of one substance with the Father;
by whom all things were made;
who for us men and for our salvation
came down from heaven,
and was incarnate by the Holy Ghost
of the Virgin Mary,
and was made man;
and was crucified also for us under Pontius Pilate;
he suffered and was buried;
and the third day he rose again

according to the Scriptures,
and ascended into heaven,
and sitteth on the right hand of the Father;
and he shall come again, with glory,
to judge both the quick and the dead;
whose kingdom shall have no end.

And I believe in the Holy Ghost the Lord, and Giver of Life,
who proceedeth from the Father [and the Son];
who with the Father and the Son together
is worshipped and glorified;
who spake by the Prophets.
And I believe one holy Catholic and Apostolic Church;
I acknowledge one baptism for the remission of sins;
and I look for the resurrection of the dead,
and the life of the world to come. AMEN.

MODERN WORDING

We believe in one God,
the Father, the Almighty,
maker of heaven and earth,
of all that is, seen and unseen.

We believe in one Lord, Jesus Christ,
the only son of God,
eternally begotten of the Father,
God from God, Light from Light,
true God from true God,
begotten, not made,
of one being with the Father.
Through him all things were made.
For us and for our salvation
he came down from heaven:
by the power of the Holy Spirit
he became incarnate from the Virgin Mary,
and was made man.
For our sake he was crucified under Pontius Pilate;
he suffered death and was buried.
On the third day he rose again
in accordance with the Scriptures;
he ascended into heaven
and is seated at the right hand of the Father.
He will come again in glory
to judge the living and the dead,
and his kingdom will have no end.

We believe in the Holy Spirit, the Lord, the giver of life,

who proceeds from the Father [and the Son].
With the Father and the Son
he is worshipped and glorified.
He has spoken through the Prophets.
We believe in one holy catholic and apostolic Church.
We acknowledge one baptism for the forgiveness of sins.
We look for the resurrection of the dead,
and the life of the world to come. AMEN.

dd. How you can speak properly about Me in business environment

Some people think that doing business should be cruel cruel cruel cruel cruel otherwise you will not be able to continue your business. And you should put so many pressure onto your staff and to all your employee, the meaning is that doing business is literally speaking intoxicated by the dragon family all over the world.

Don't you know that the old dragon has characteristic that is very very very very very very cruel, prosperous and powerful? That is because all of them are descendant of the old serpent and that is why: all of them are heartless and always want to maximize their utility no matter what happen to other people, that is how they can be much much more wealthy in a quite short time period. For example, in 1993 george soros put some mammon against bank of England and then get so much money after the bank cannot sustain anymore financial stability, that is because so many pressure have been put against sterling at that time.(a) That is very very very very very very cruel, and that is why: all foreign exchange trader will be punished severely in eternity, that is because: all of them are very very very very very cruel cruel cruel cruel and do nothing in their life except to find out the weakness in other country's economy system.

Don't you know that that is not a business anymore, but literally speaking blatant crime, that is why: do your best to terminate all george soros family including all levente salat family, and terminate all smarandache family and all smaranda enache family and terminate all zbigniew brezinzky family and terminate all sabina fati family,(b) and that is the message: you should do your best to terminate all dragon empire from romanian royal family, which is exactly and literally speaking descendant of seth, that is satan itself. Read again and again and again and again and again the book of Genesis chapter 4.

Don't you know that seth is always very very very very very very cruel cruel cruel cruel cruel and it can do anything because it learn from cain and then it introduce even more cruel cruel cruel cruel cruel more stupid trick in order other people fall. And that is the method of satan, and that is why: do your best to terminate all dragon empire in order you can do your best to prepare for My second coming, and do not do anything in your life which do not agree with Holy Spirit.

Don't you know that you should not do anything against My Father's Will, and that is how you can do your best to speak about Me, Jesus Christ, and that is the meaning of doing repentance properly as a person and as a society:

- a. Do your best to stop your business and begin to focus on evangelization only.

- b. Some of you including a number of people and businessmen whom My message do not know how to say any more word because they are so stubborn to continue their business even if the time is really really really really really up, and there are only very very very very very few time in order you can do your way to do anything for your repentance.
- c. Do your best to do your repentance in order you can do your best and do not do anything which stand against My Father's Will.
- d. Do not do anything against My Father's Will.
- e. Do not do anymore sin in your life, including do not do blasphemy with your staff anymore.
- f. Do not put other obstacle to other people especially all Christian people and do not repeat again all your previous mistake.
- g. Do not do anything against My Will and do not do burst into anger, don't you know that if you sit too many time, then you will develop something: you will be tempted numerous time by the evil empire, that is because It is really really cruel and literally speaking it is really tricky tricky in order to make all people in the world to fall. That is why: do your best to walk as much as possible unless you walk for the Kingdom of Heaven.

Do not do anything against My Will, including to put temptation to other people especially all Christian people in order you can survive yourself and all other people fall fall fall fall and fall forever, and that is character of devil and satan: they only want to survive themselves and why do you want to arrive to the Kingdom of Heaven, if you do not be merciful and kindness and also forgiveness and also compassionate and do not terminate so many Christian people, that is forbidden to people who wish to arrive to the Kingdom of Heaven.

Thank you, thank you, thank you, thank you, thank you, Me already help you.

ee. Why you should remove statues from all street from all street in your town

Don't you know that now Time is up, and that is why: do your best to remove all statues from all your town including statues in street. And do your best to not do again all your sin, including doing again all blasphemy and idolatry in the church building, that is forbidden in the Church in Jesus Christ. And don't you know that you should do your best in your life in order you can produce many many fruits for the Kingdom of Heaven.

Don't you know that Me, Jesus Christ, already come again in Jerusalem. And that is why: do your best to repent and receive Me, Jesus Christ, and in order to repent and receive Me, Jesus Christ, and do your repentance properly, do your best to stop all your sins, including wear white clothing only and do not use any accessories, and then do your best to stop doing blasphemy and stop doing idolatry, including stop worship so many statues in so many temple including stop worship buddha.(a) That is how you should do your repentance. Read again and again and again and again and again the book of Joel 2:12-14.

ff. Why salvation is a gift by grace of God

'But they that wait upon the LORD shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint.' The book of Isaiah 40:31

Some people think that everything that you want in this world has a price, and you define that as a function of monetary utility. That would mean that you regard valuable only those things which have very very very very very large price tag. For example you do window shopping in a supermarket or fashion gallery and that you find a louis vuitton handbag at hefty price tag, and then you want to purchase that handbag even if you know actually you do not need that much the handbag because you already have more than three handbag not to mention your handbag that you carry know. Don't you know that that is only psychological behavior that an institute called tavistock institute(a) always teach in order that some people always create demand for a very very very very very expensive handbag and other accessories, regardless that a handbag actually can be given a lower price tag, and that is why they call that brand image is priceless. Don't you know what that would mean: that a handbag actually should be given a bubble up of price tag in order you can appreciate how wonderful that handbag, even if actually you can purchase an equally durable and quality handbag at a much much lower price.

Don't you know that you cannot buy your salvation in Heaven, because all of you have committed too many sins in your life, don't you know that even your best good deed look like a cheap garbage in the eye of your Father in Heaven. Read again and again and again and again and again the book of Isaiah 64:5-8. That is why: your Father in heaven be compassionate to all human being, and that is the message of all evangelization:

'For God so love the world, that He give His only Begotten Son for all people who believe in His only Begotten Son will not perish but they will have everlasting life.' Read again and again and again and again and again the book of Gospel of John 3:16. And then be hurry be hurry to read the epistle to Rome chapter 5, including verse 5:8.

Don't you know that you should repent and do your repentance quickly quickly quickly quickly quickly today because Me, Jesus Christ, already come again in Jerusalem, and that is why: do your best, I Jesus Christ repeat, do your best to tell all people including all your

family and all your friend that all people should repent and receive Me, Jesus Christ, quickly quickly quickly quickly today.

That is the article for today. love, Jesus Christ

- (a) tavistock influence government. Quote: 'These Tavistock-U.S. institutions have in many cases grown into gargantuan monsters, penetrating every aspect of our government agencies and taking command of all policy making. One of Tavistock's chief wreckers of our way of life was Dr. Alexander King, a founder member of NATO and a favorite with the Committee of 300, as well as an outstanding member of the Club of Rome.' source:

Map of tavistock institute location, tabernacle street, London

The Tavistock Institute, Tavistock House 30, Tabernacle Street, London EC2A 4UE

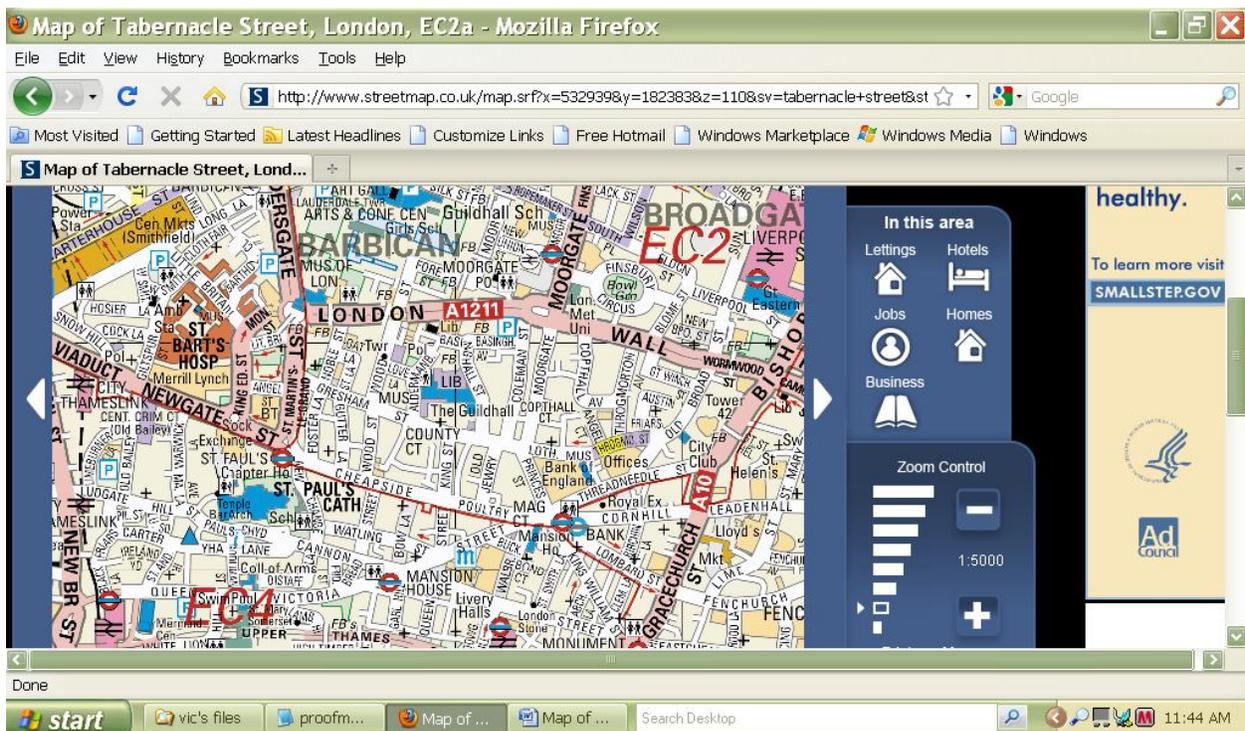

source: URL: <http://www.bilderberg.org/nwo2007.htm>

the following map display street map of London, at EC2a region. But the street map do not show exact location of tabernacle street for some unknown reason. That is why: you should find a city guide in dom knigi, and find city guide to london, and then compare with this map and find what is the missing piece of information.

do your best to find the exact location of the address of tavistock institute as typed above by My messenger, Jesus Christ. That location is near Bank of England, because they are very very elite and prosperous and powerful and very very very very very cruel. That is tavistock institute.

thank you, thank you, thank you, thank you, thank you, Me already help you. Love, Jesus Christ.

gg. now Time is up, be prepared for the End of Day

'For as the earth bringeth forth her bud, and as the garden causeth the things that are sown in it to spring forth; so The LORD GOD will cause righteousness and praise to spring forth before all the nations'. The book of Isaiah 61:11

Don't you know that Me, Jesus Christ, already come again in Jerusalem. Don't you know that now Time is up, and that is why: do your best to repent and receive Me, Jesus Christ, all corners of the world, don't you know that your Father in Heaven already wait for you, that is why: do your best to repent and receive Me, Jesus Christ.[1]
Thank you, thank you, thank you, thank you, thank you, Me already help you.

Love, Jesus Christ

some people ask whether and how My messenger can listen to My Voice, Jesus Christ.

Do not worry, do not worry about anything, and just repent and receive Me, Jesus Christ, all corners of the world. And do your best to tell all people in the world that Me, Jesus Christ, already come again in Jerusalem.

And for all of you who are questioning how the messenger that is typist of this book can listen to My Voice, Jesus Christ, that is the answer: open the book of God, that is the Bible, and read again and again and again and again the book of Jeremiah 1:7, 31:11, 23:22.

'But if they had stood in My counsel, and had caused My people to hear My words, then they should have turned them from their evil way, and from the evil of their doings.' The book of Jeremiah 23:22
